Wildcat Hill Is Many Things

. . .Our Acropolis. . .

Our center of learning,

Our arena of sports,

Our wreaths of laurel,

Our means for molding

The future: our lives;

For it is here that we begin

To claim our heritage. . .to start

Our search for destiny,

Our quest for light and fame.

In studying the lives

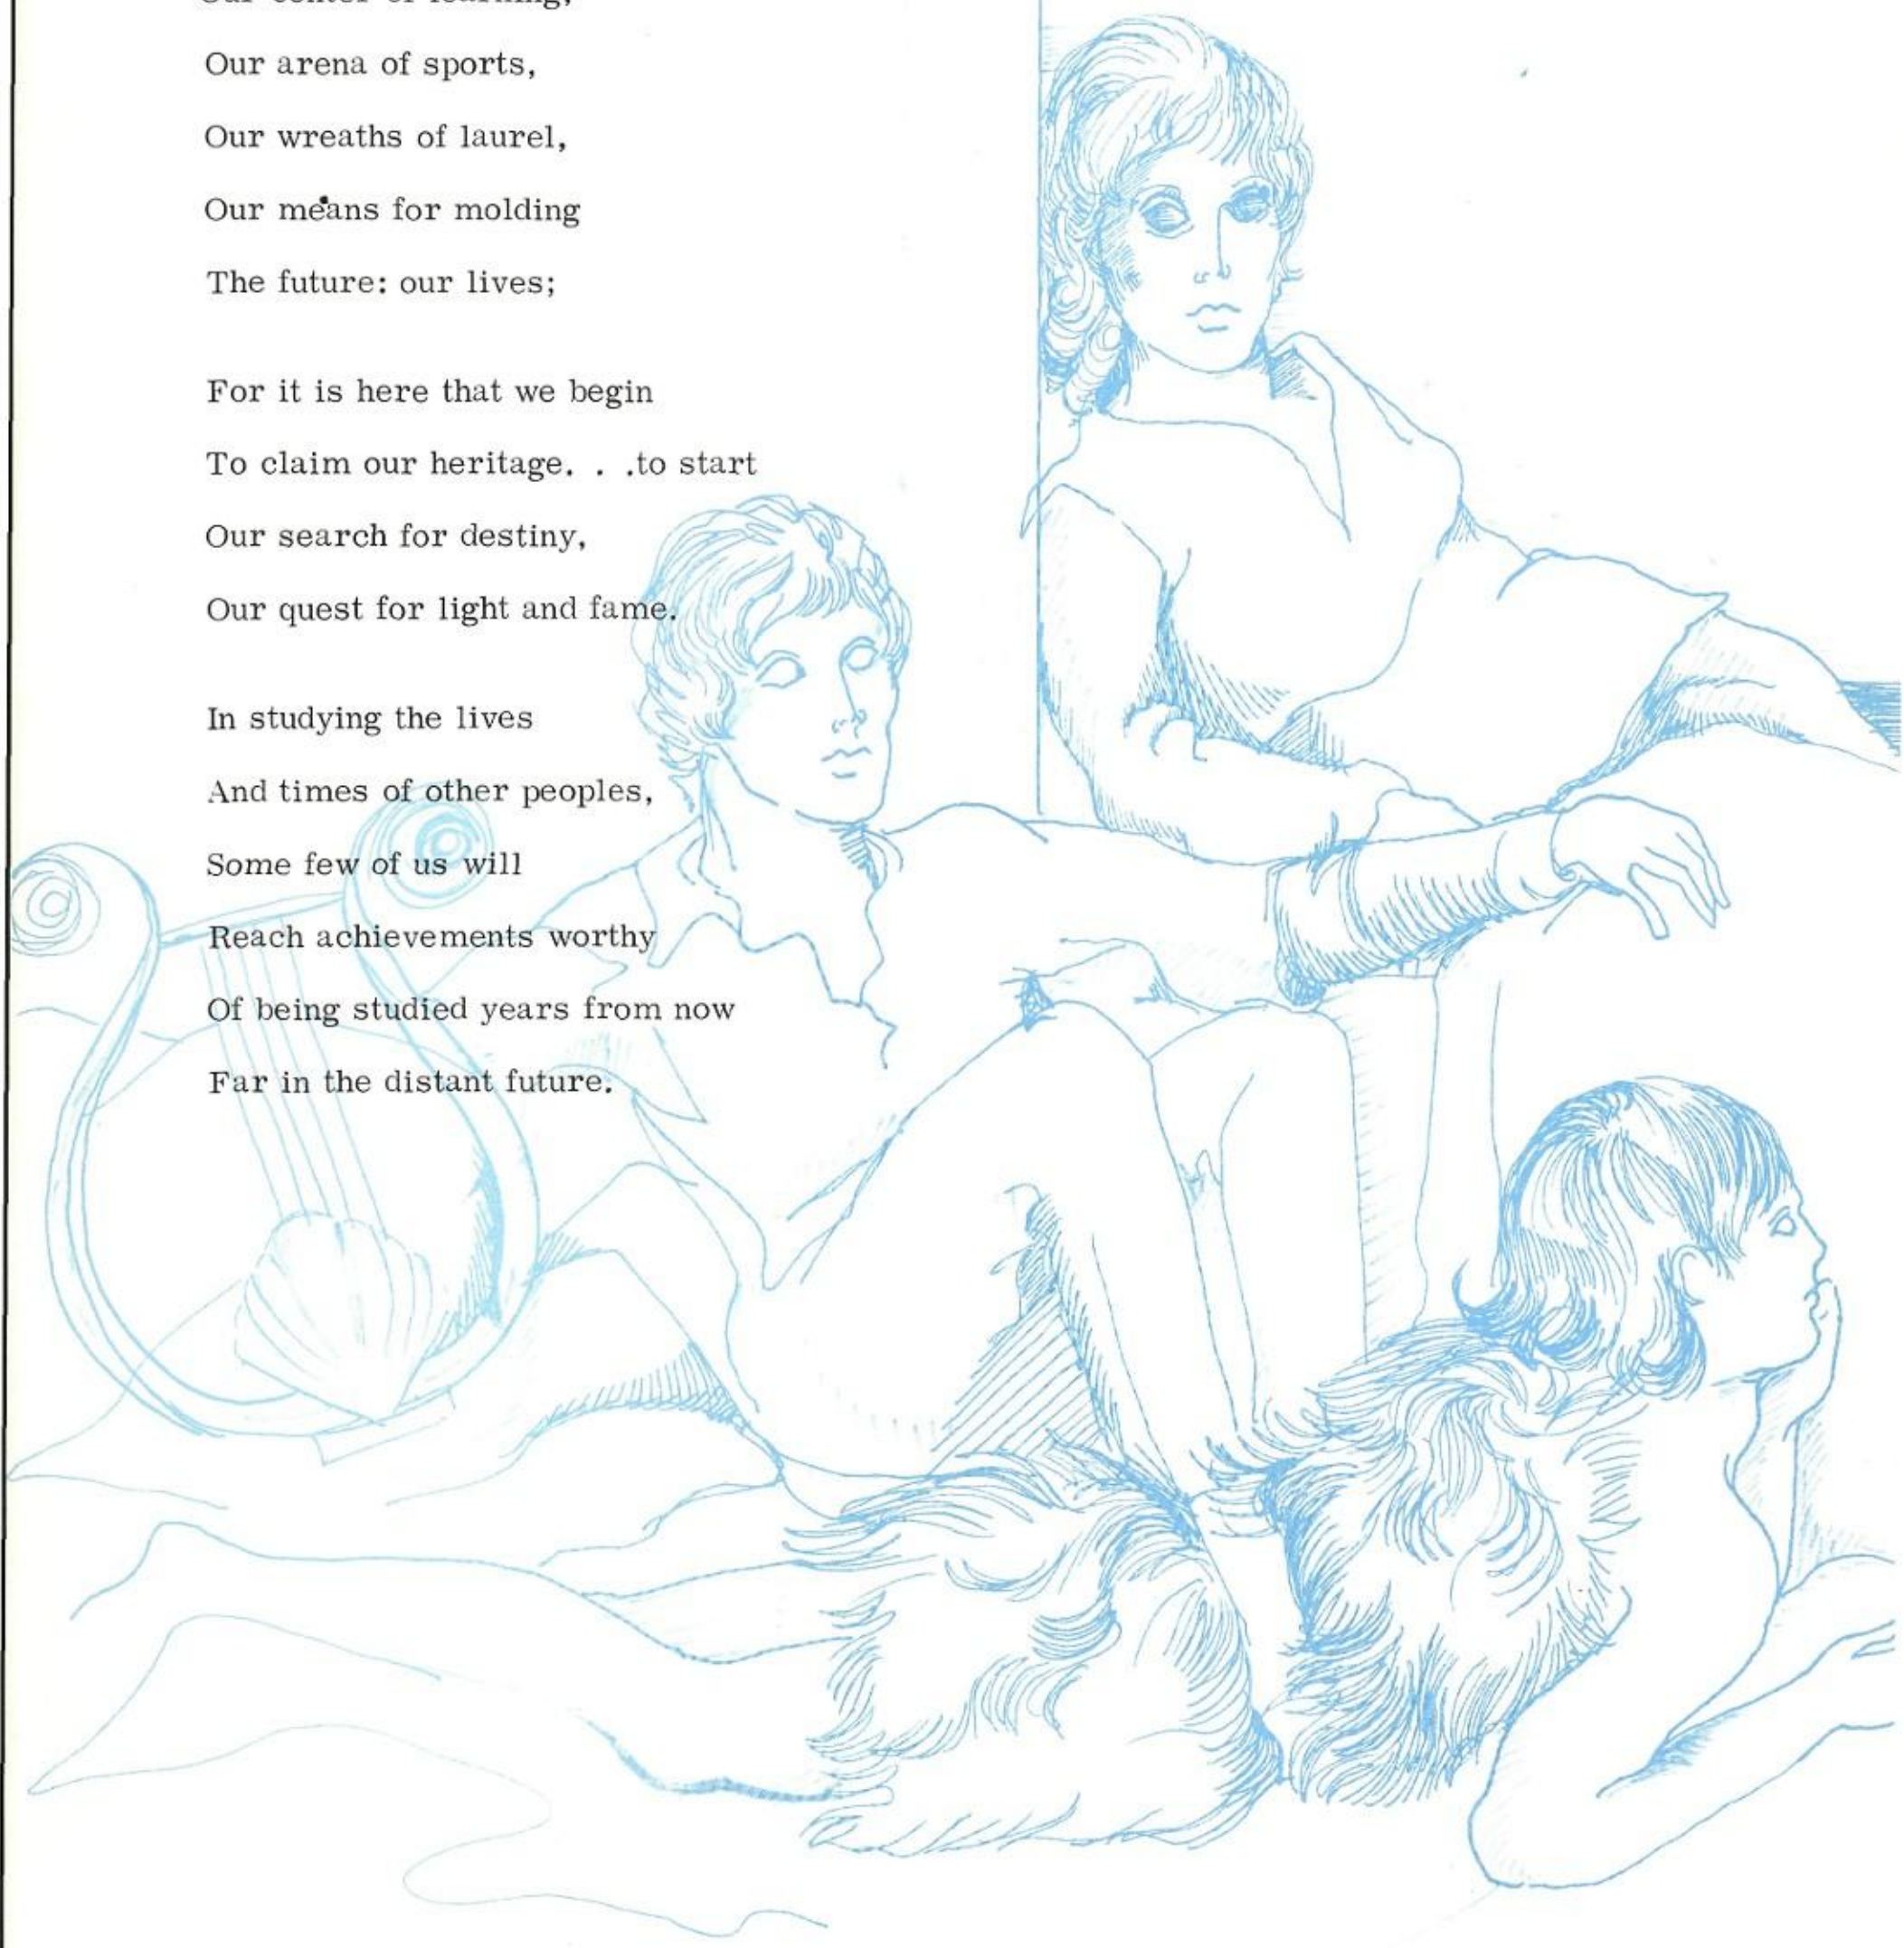
And times of other peoples,

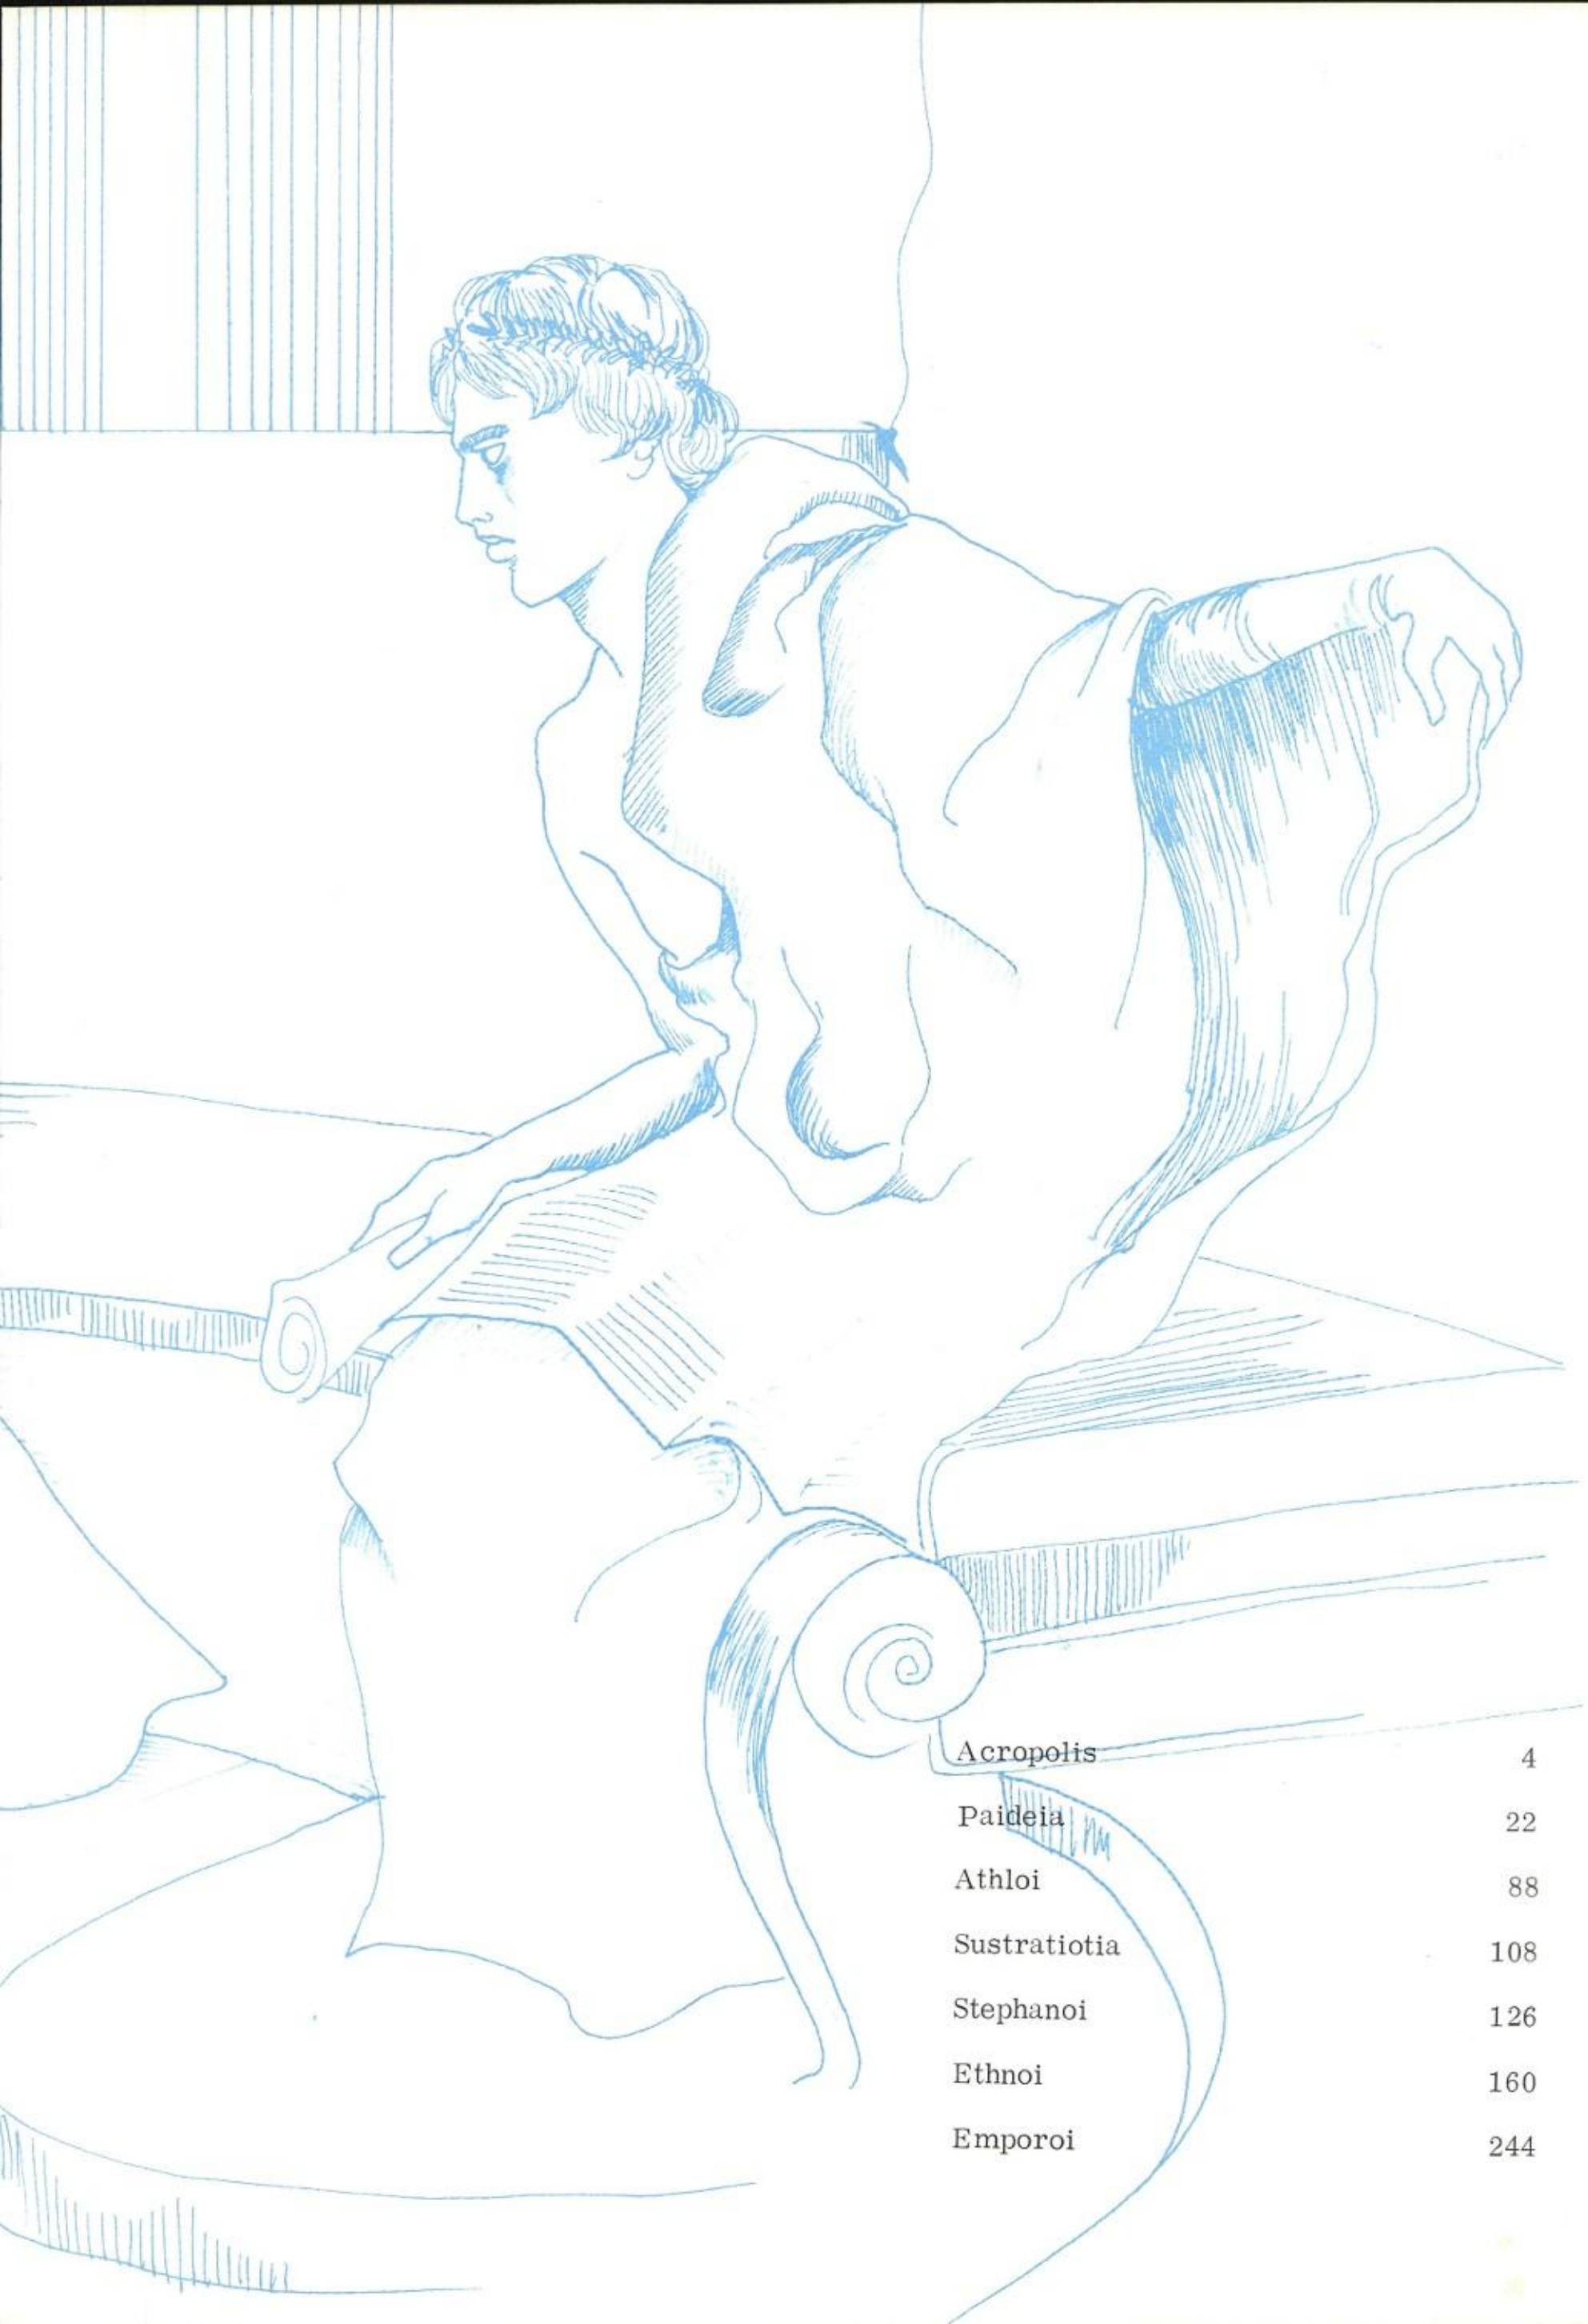
Some few of us will

Reach achievements worthy

Of being studied years from now

Far in the distant future.





Acropolis 4

Paideia 22

Athloi 88

Sustratiotia 108

Stephanoi 126

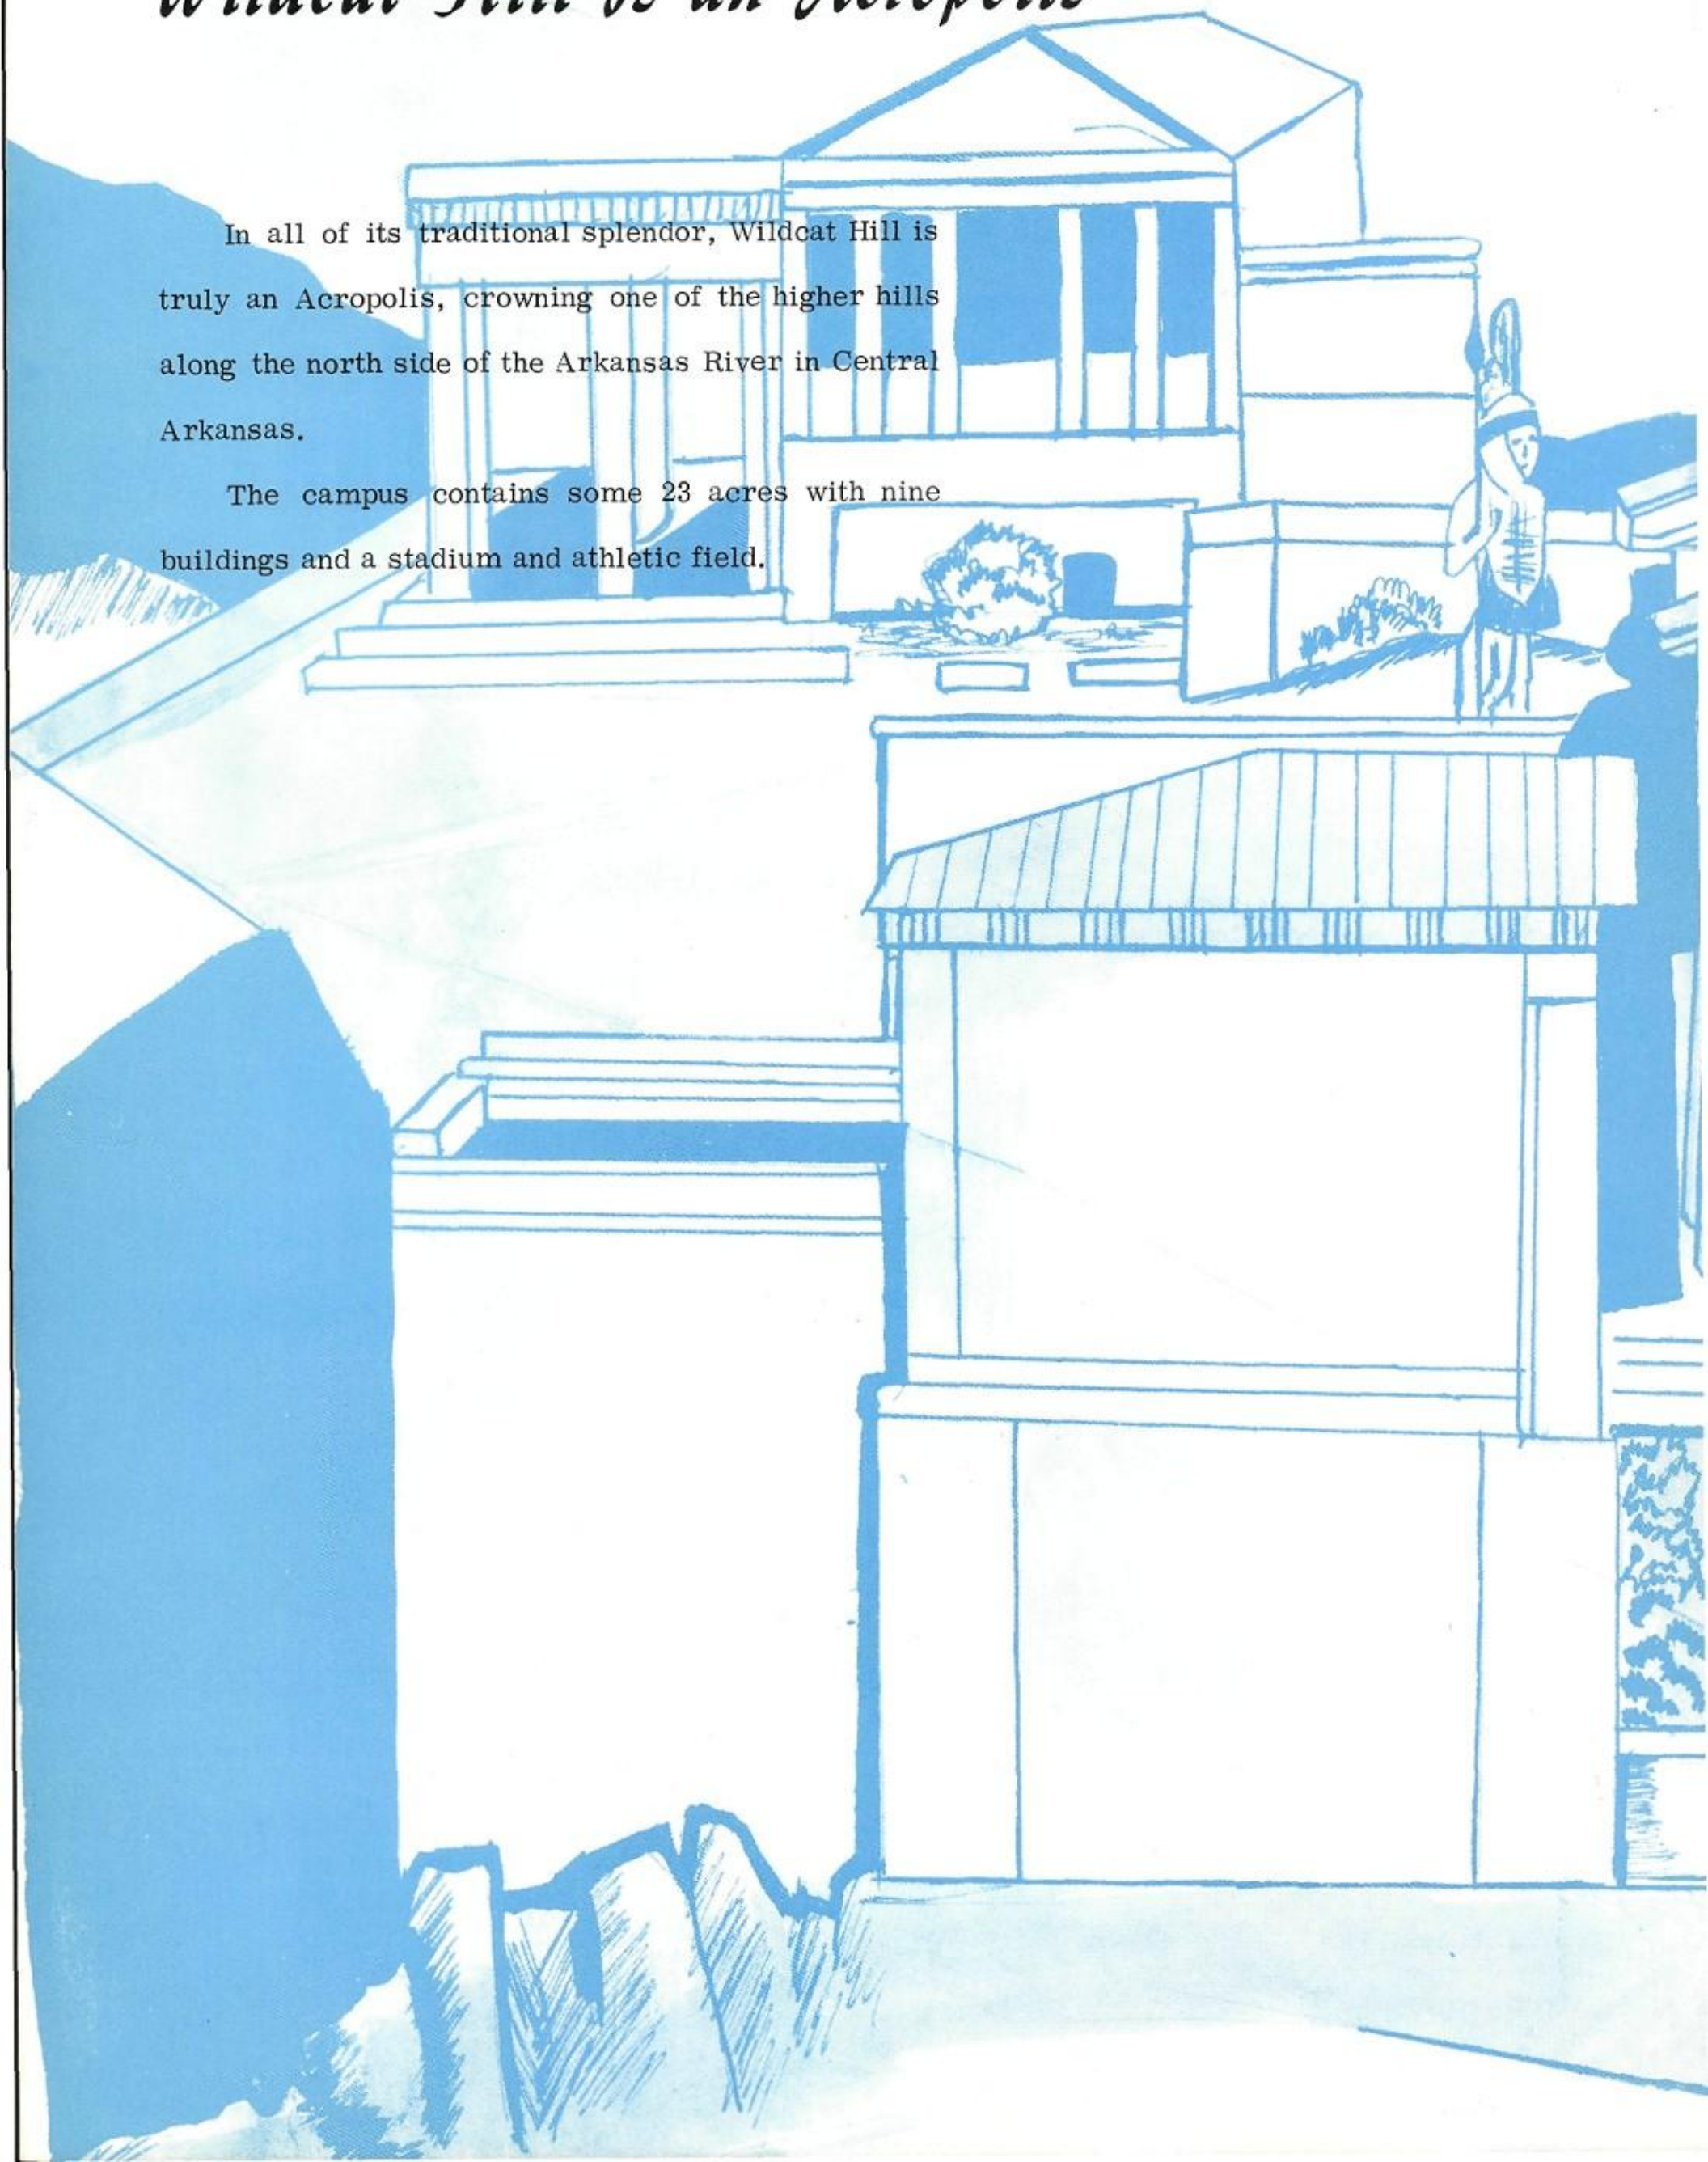
Ethnoi 160

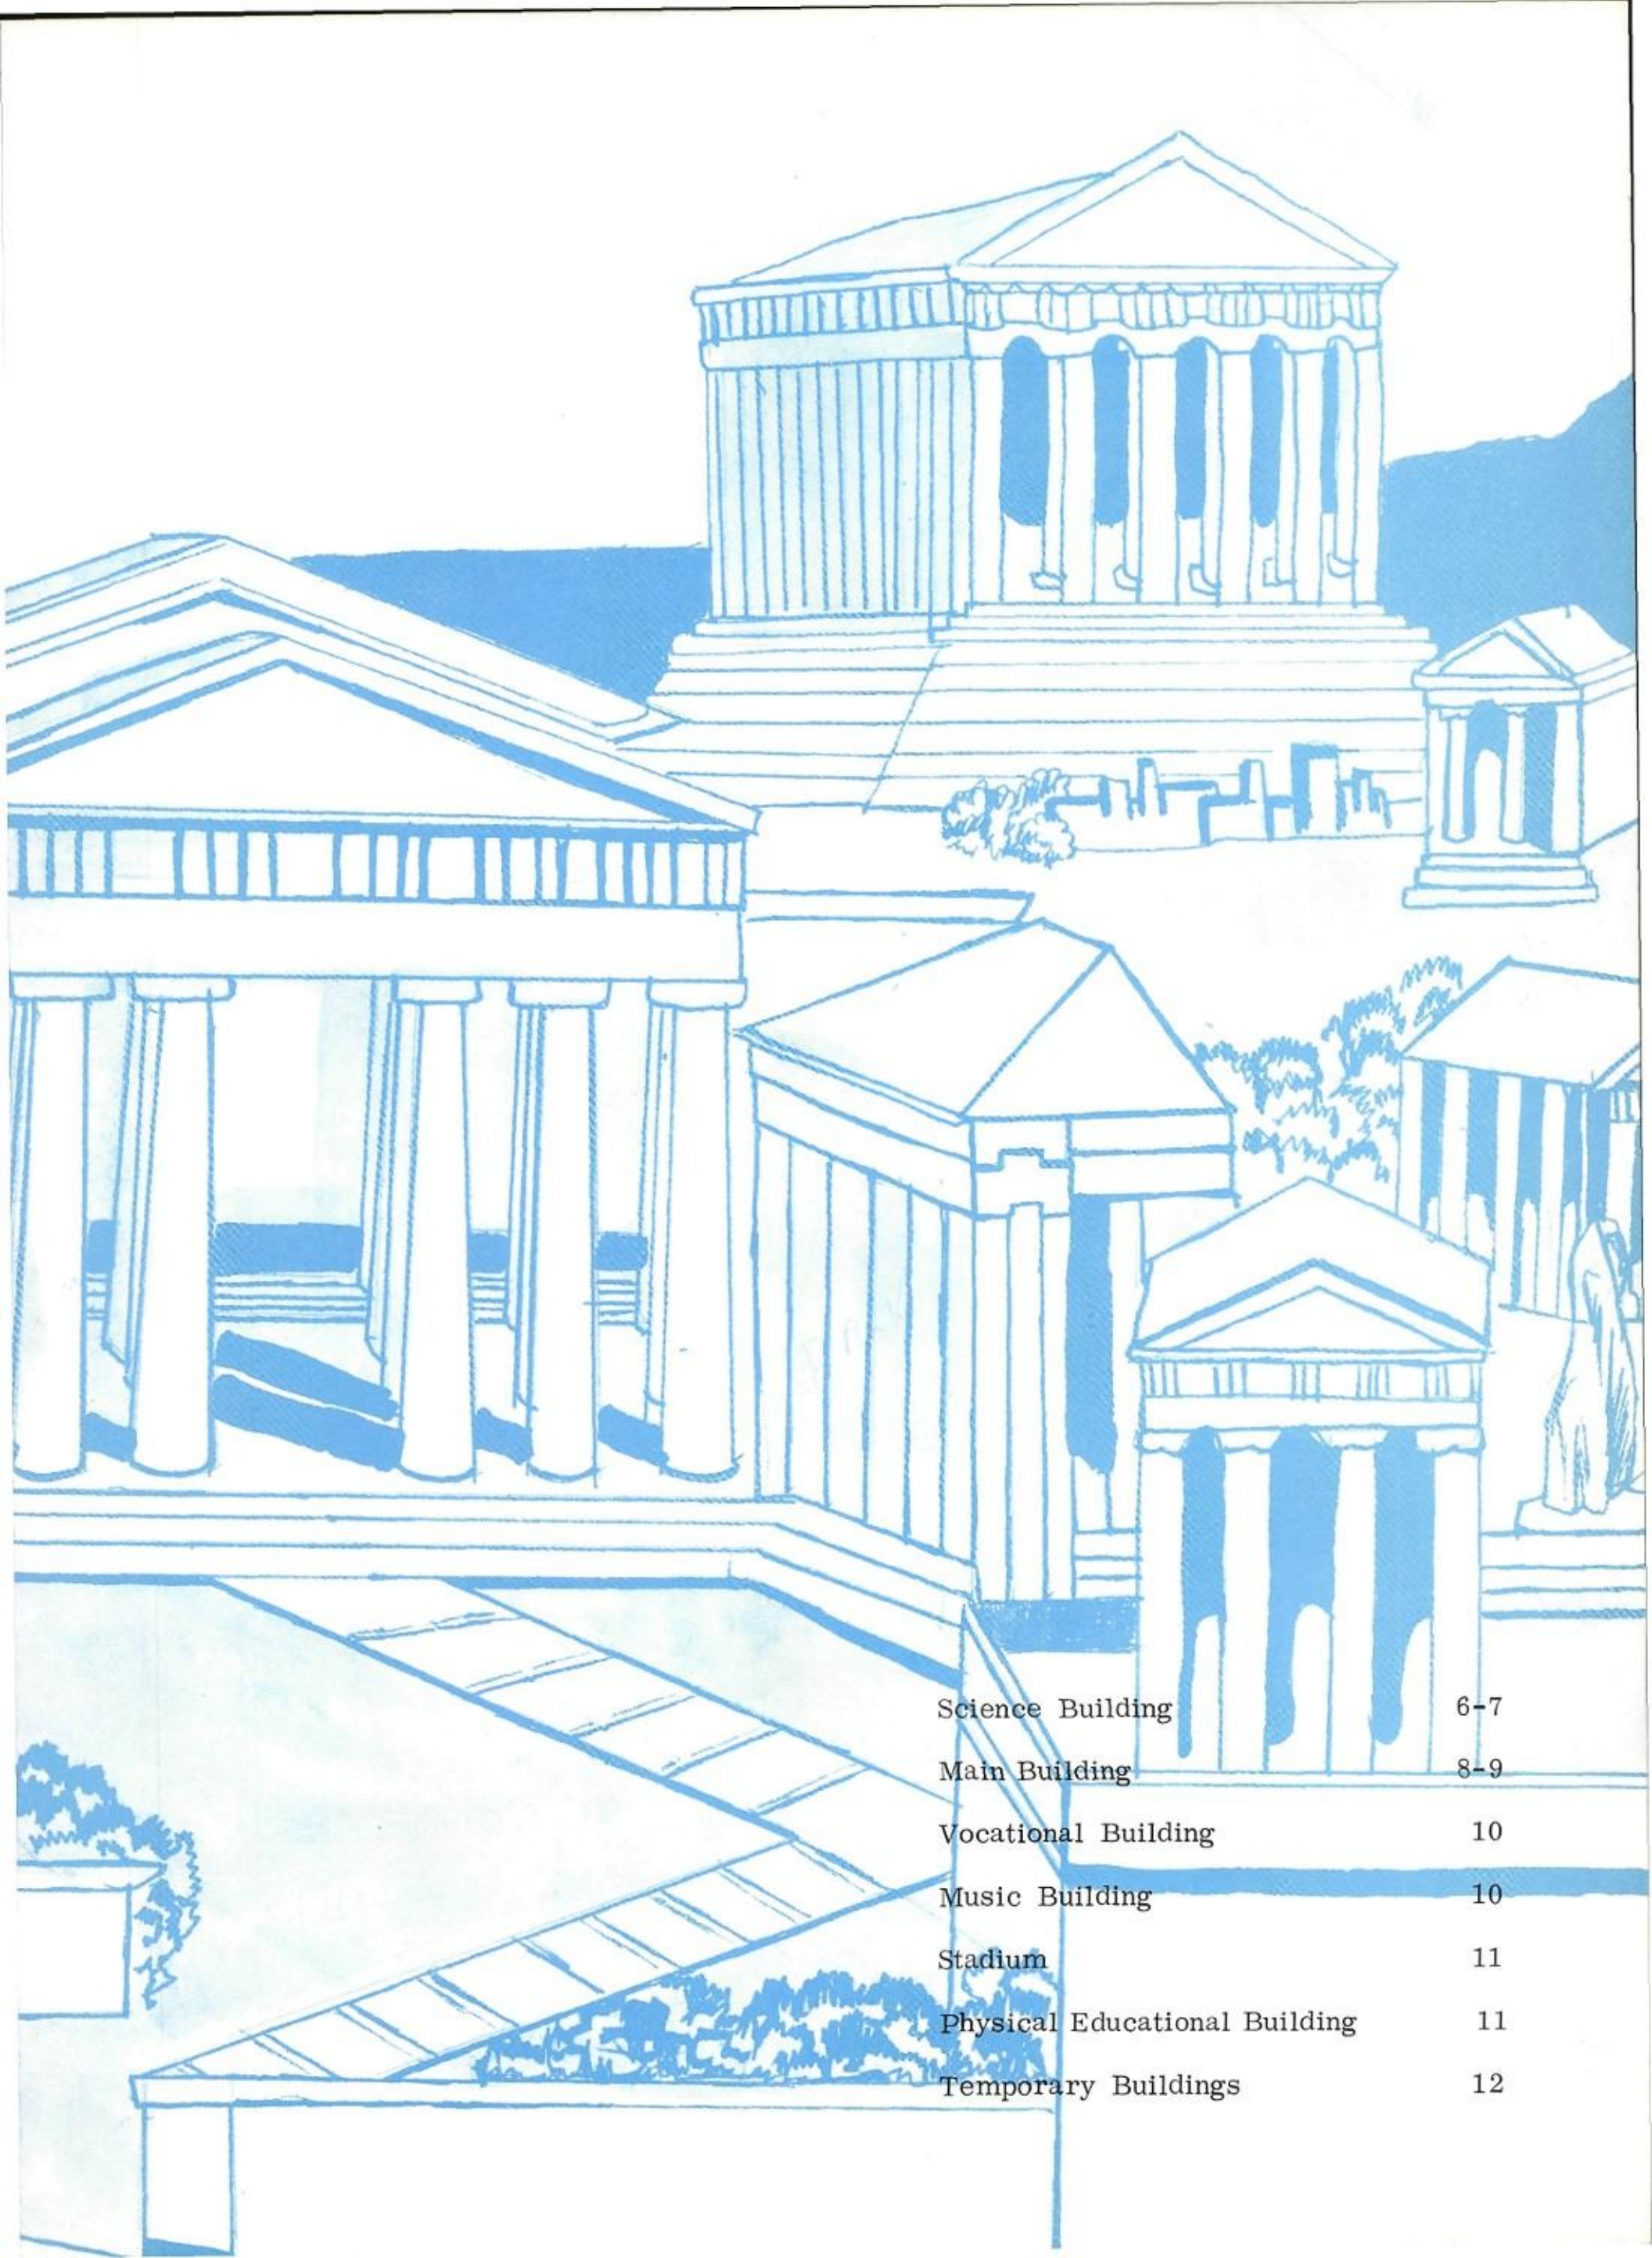
Emporoi 244

Wildcat Hill Is an Acropolis

In all of its traditional splendor, Wildcat Hill is truly an Acropolis, crowning one of the higher hills along the north side of the Arkansas River in Central Arkansas.

The campus contains some 23 acres with nine buildings and a stadium and athletic field.





Science Building 6-7

Main Building 8-9

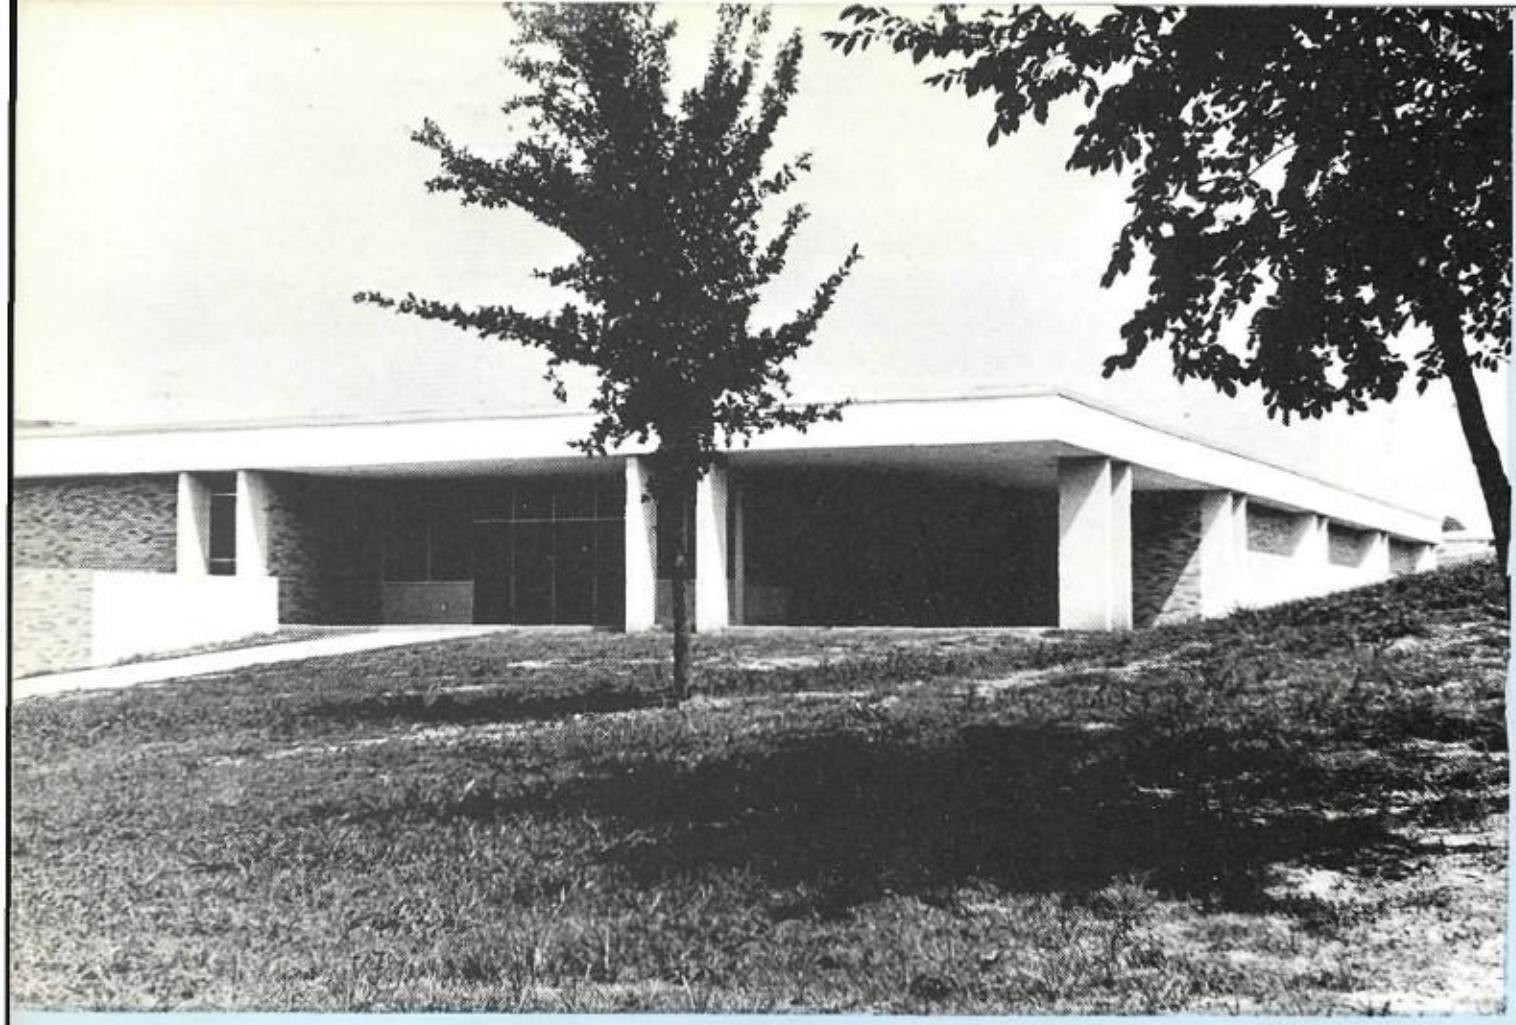
Vocational Building 10

Music Building 10

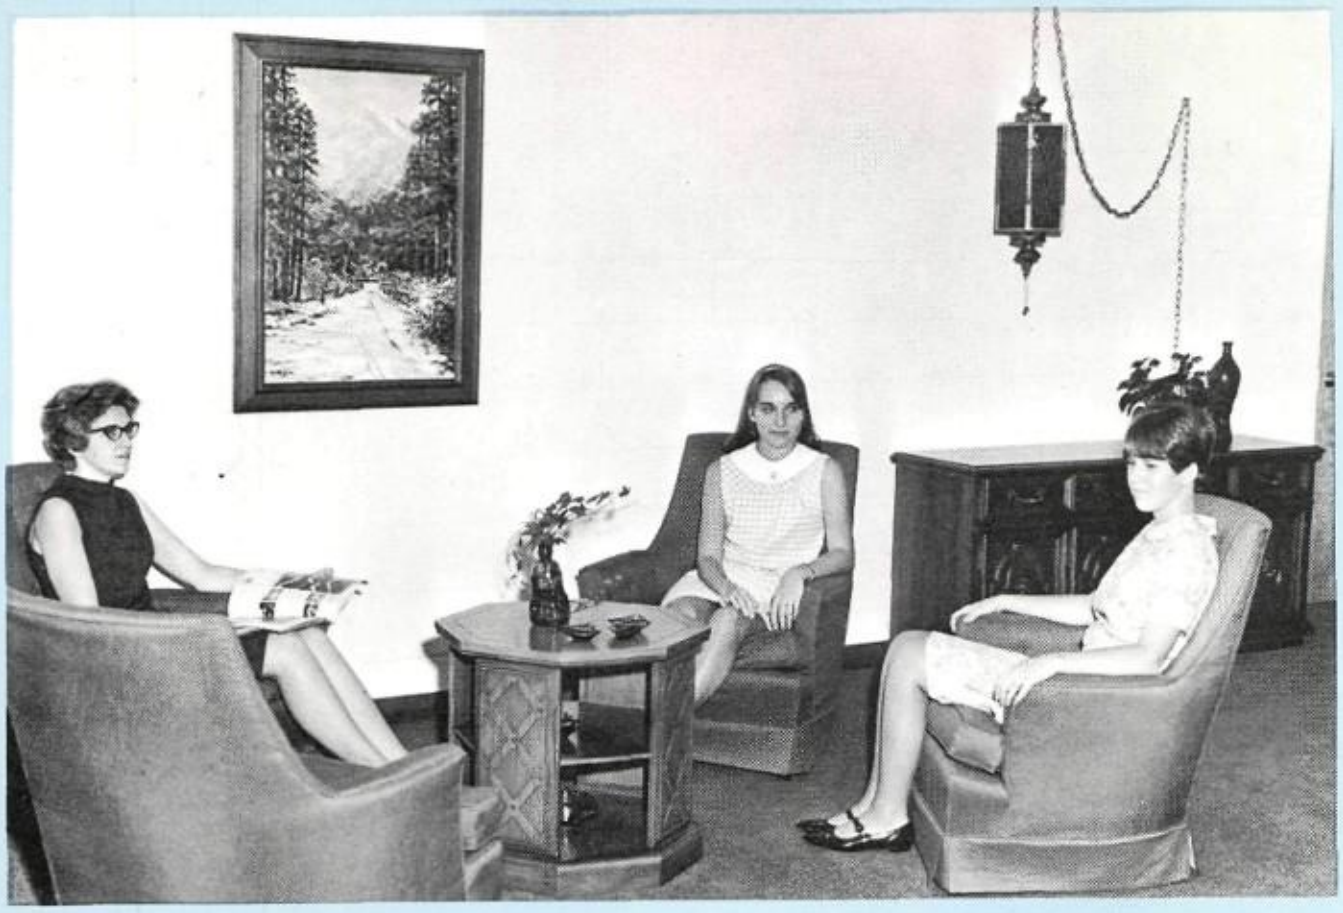
Stadium 11

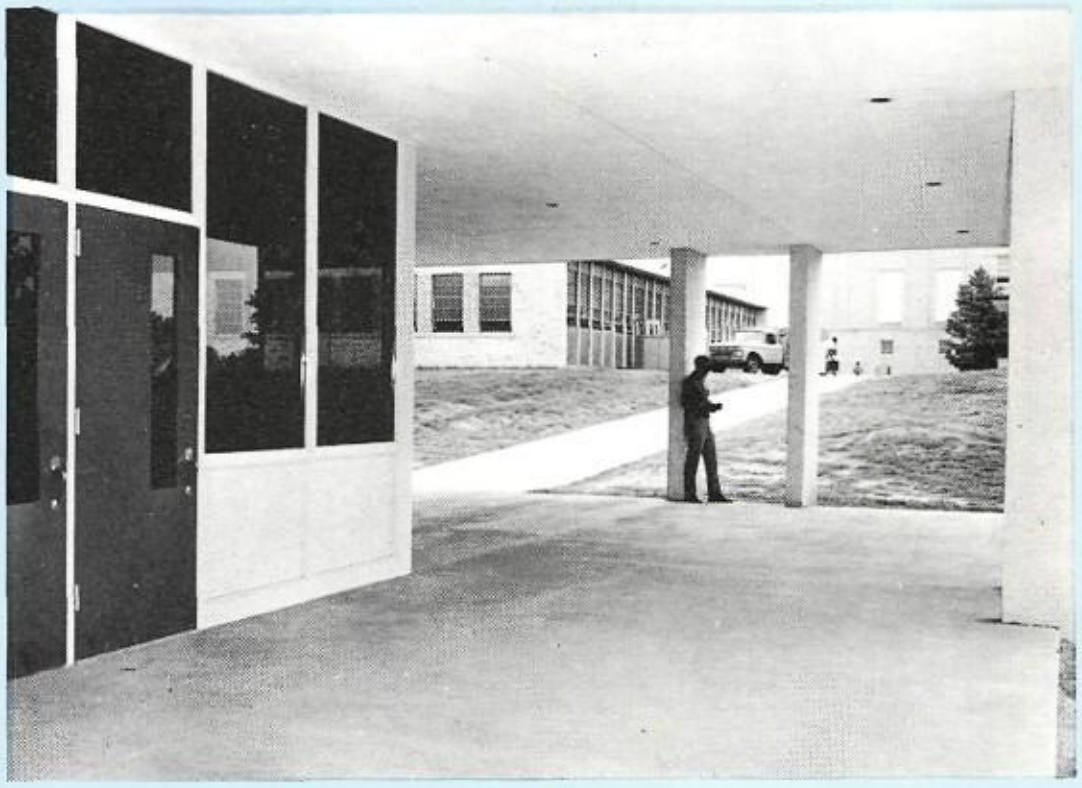
Physical Educational Building 11

Temporary Buildings 12



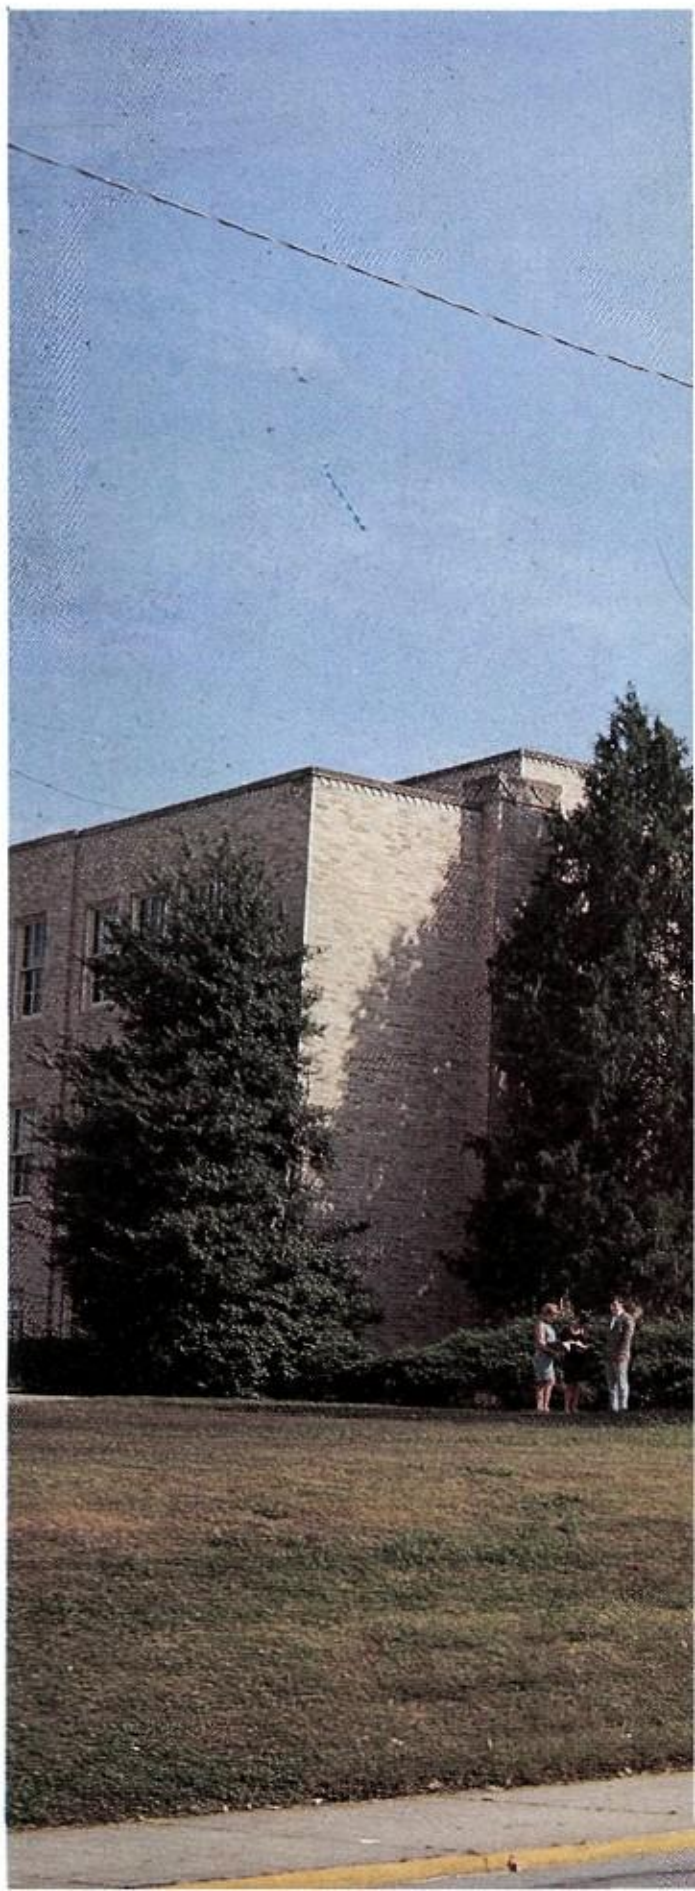
Housed in the new Science Building are classes in Home Economics, Biology, Physics, Life Science, Chemistry and Unified Science.





The newest of the younger sisters is the Science Building.

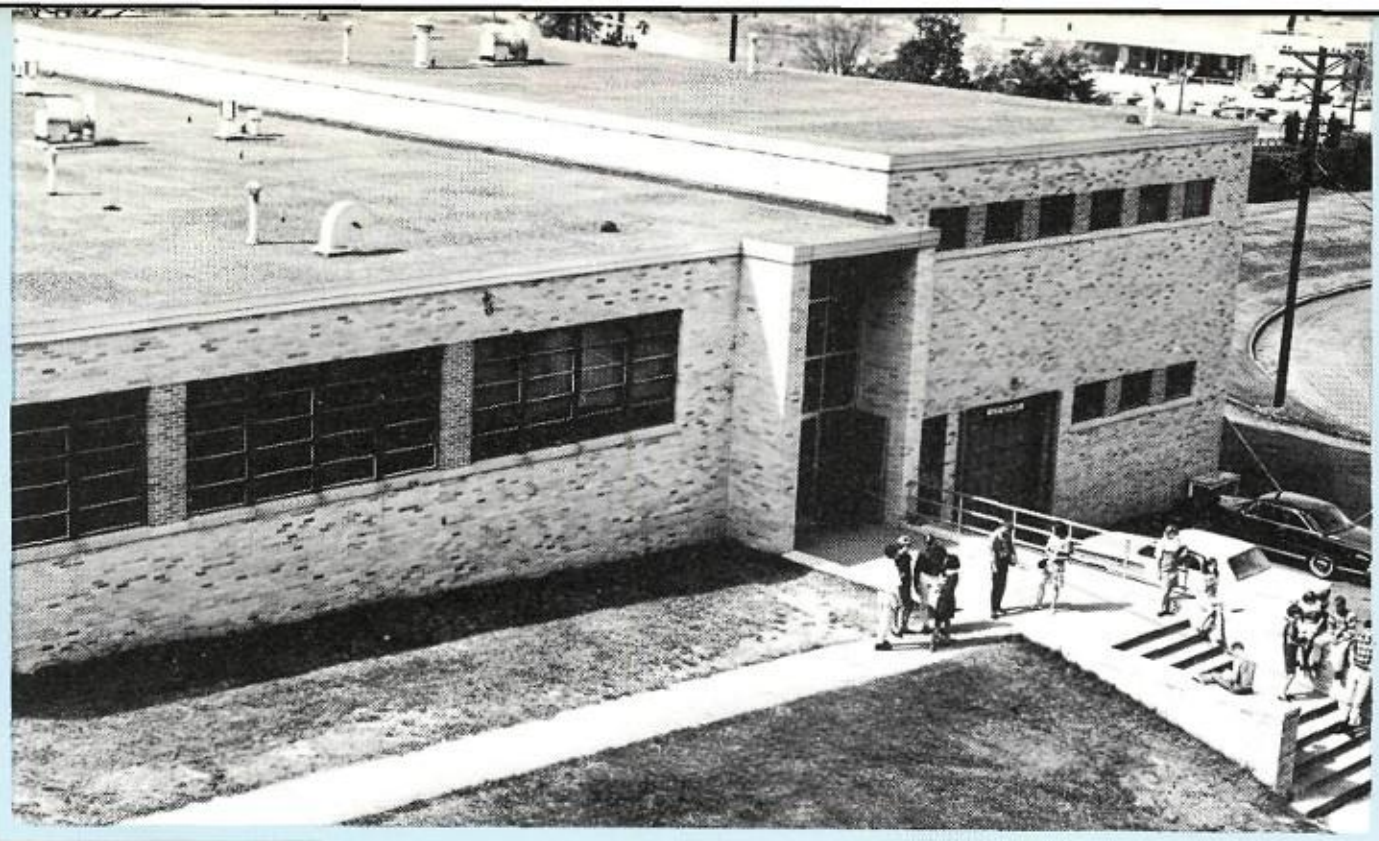
Completely modern in entirety, she boasts of appearance, convenience, and futuristic ideas.

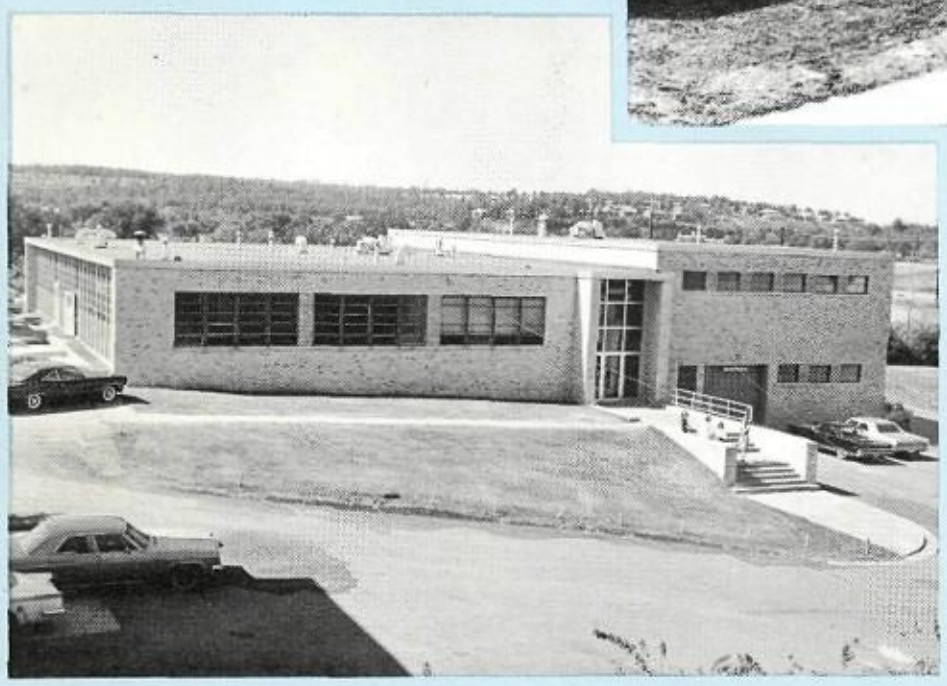


A refuge of learning, Wildcat Hill is crowned by the beloved old Main Building, first opened in 1929.

As all ladies of great dignity, she becomes more beautiful and cherished as she grows older.

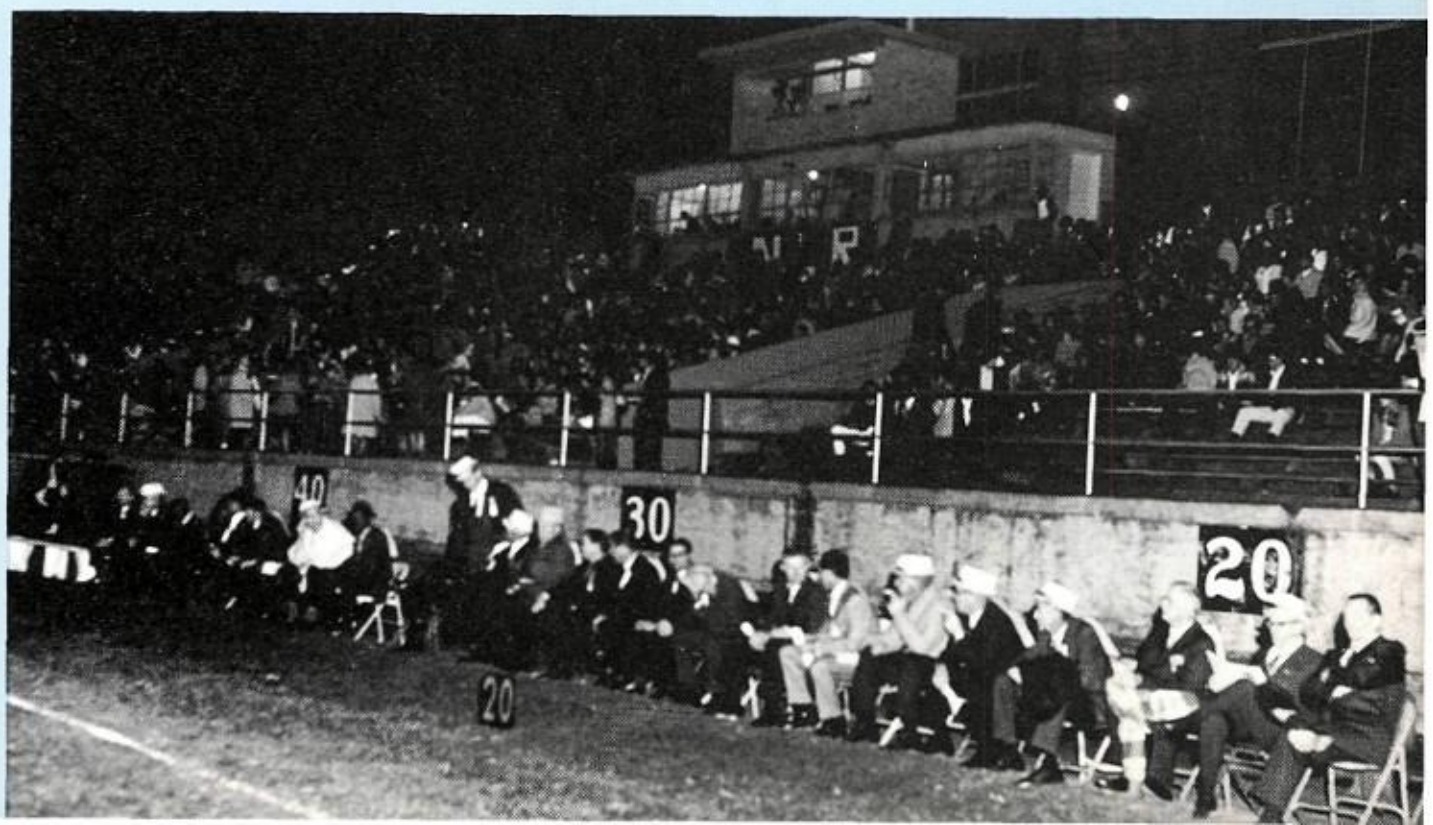
Attended now in her age by her younger sisters, she reigns over the education of still another generation.

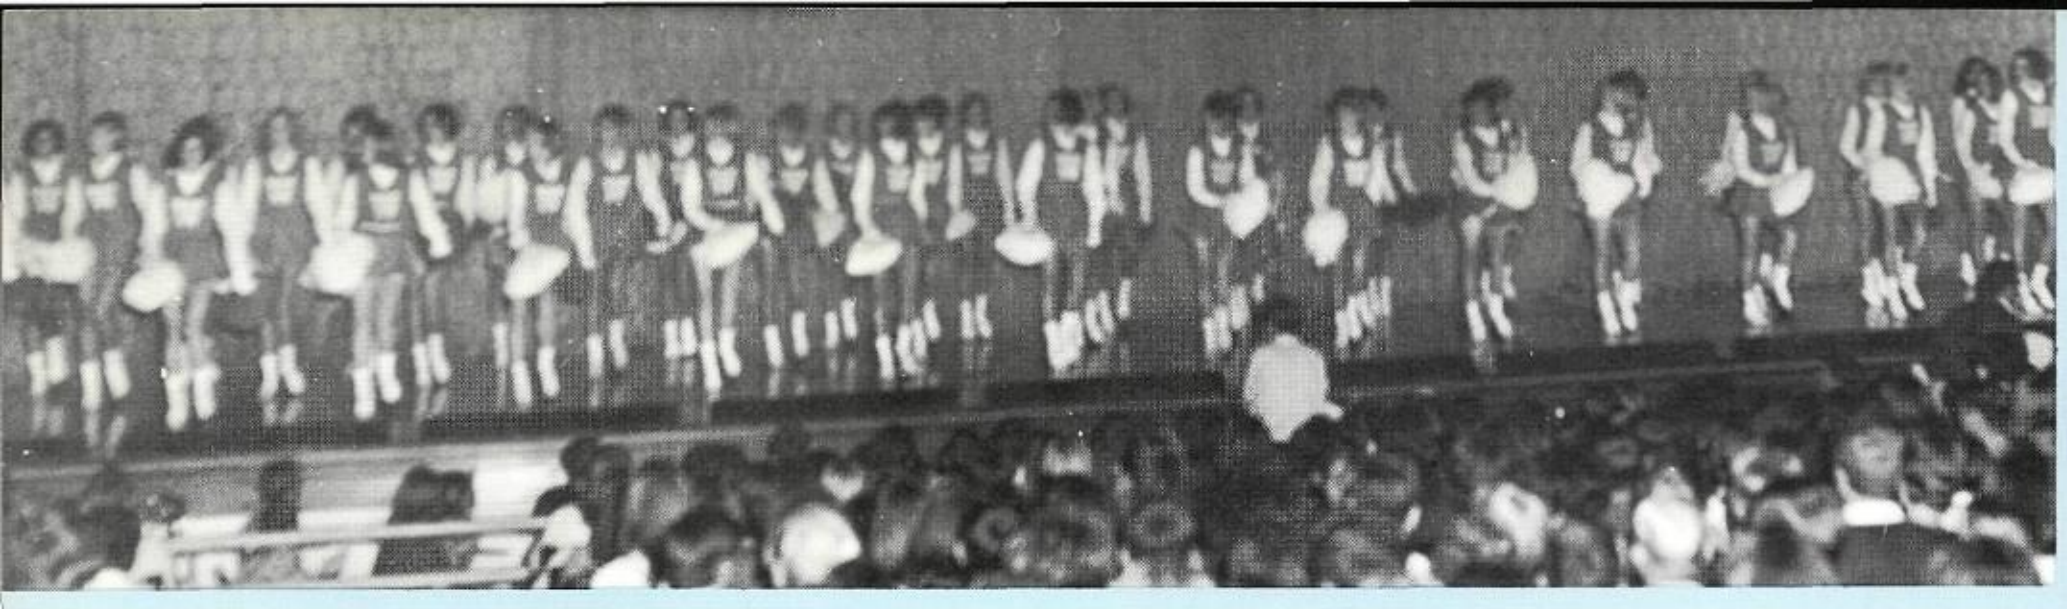




NLRHS is a school of many faces with its Industrial Arts Building and Music Building. Within these buildings, students are taught and trained for professions and pleasures of tomorrow.

Another of its many faces is the Wildcat Stadium and still another is the Field House, where ghosts of games past still haunt and future victories lurk.





Helping to maintain the traditional Wildcat Spirit, the Catettes perform before the student body during an assembly.

The NLRHS Cheerleaders also help the Spirit with an enthusiastic performance.

Their many talents are displayed as the Cheerleaders participate in a skit for the pep assembly before the Hall basketball game.

Wildcat Spirit is taken even farther with a visit from Emperor Holiday or a local radio station, a pep breakfast sponsored by the Y-Teens and a 60-foot long telegram to the team from the community.

Color Day Royalty Honored

"The Unicorn in the Garden" added to the festivities.

Two Wildcat maids feel royal excitement.

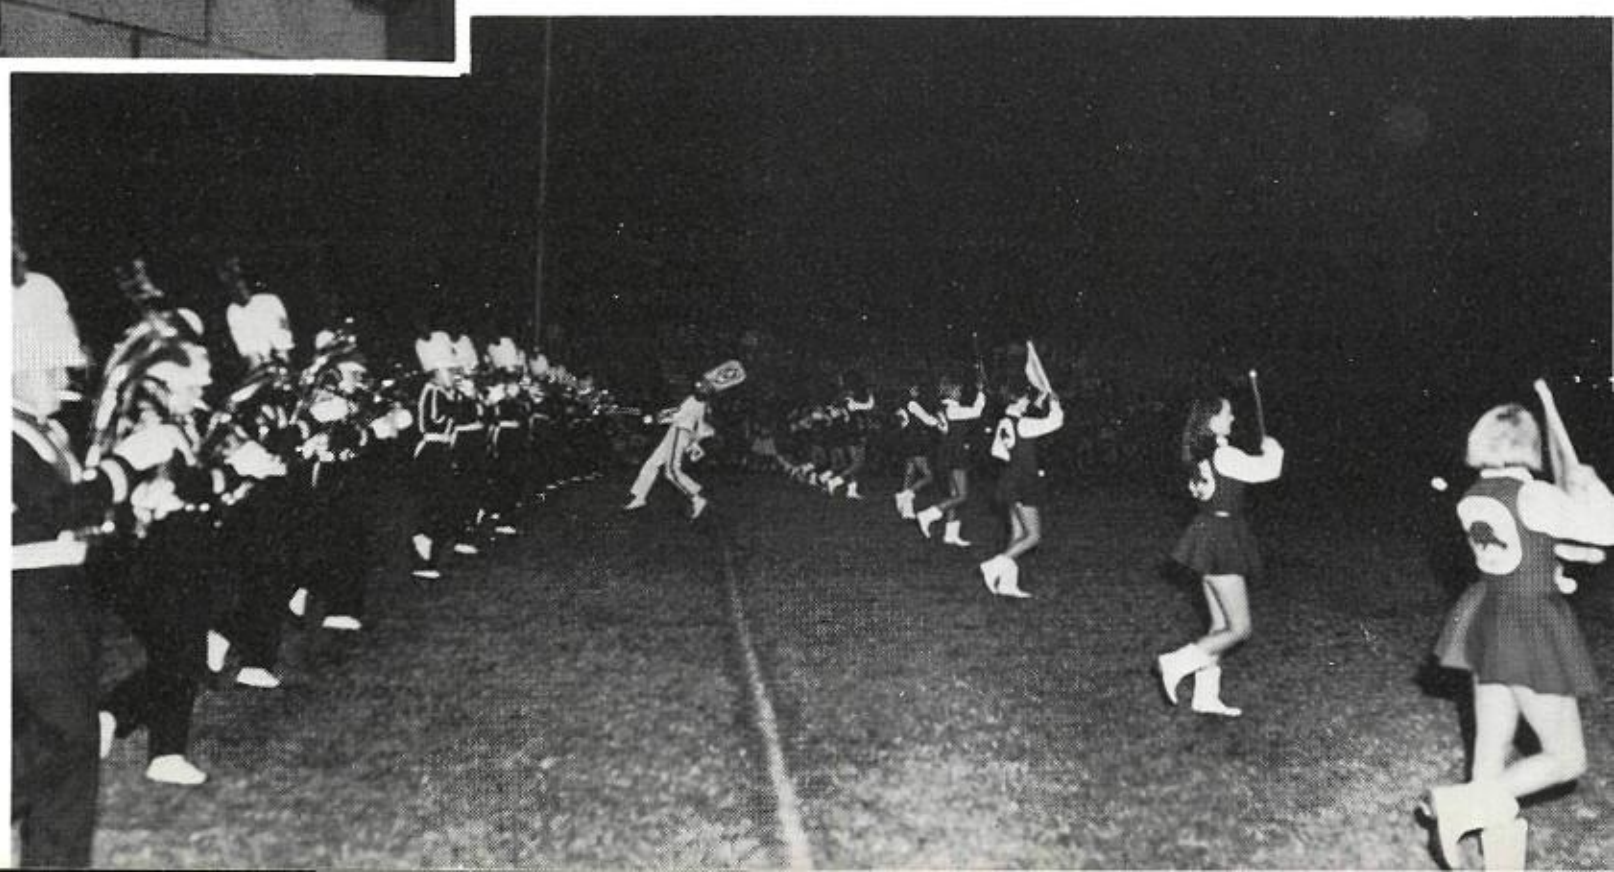
Alice explains Wildcat spirit to the silly rabbit.

Wildcat Color Day Royalty were introduced to Alice's Wonderland.

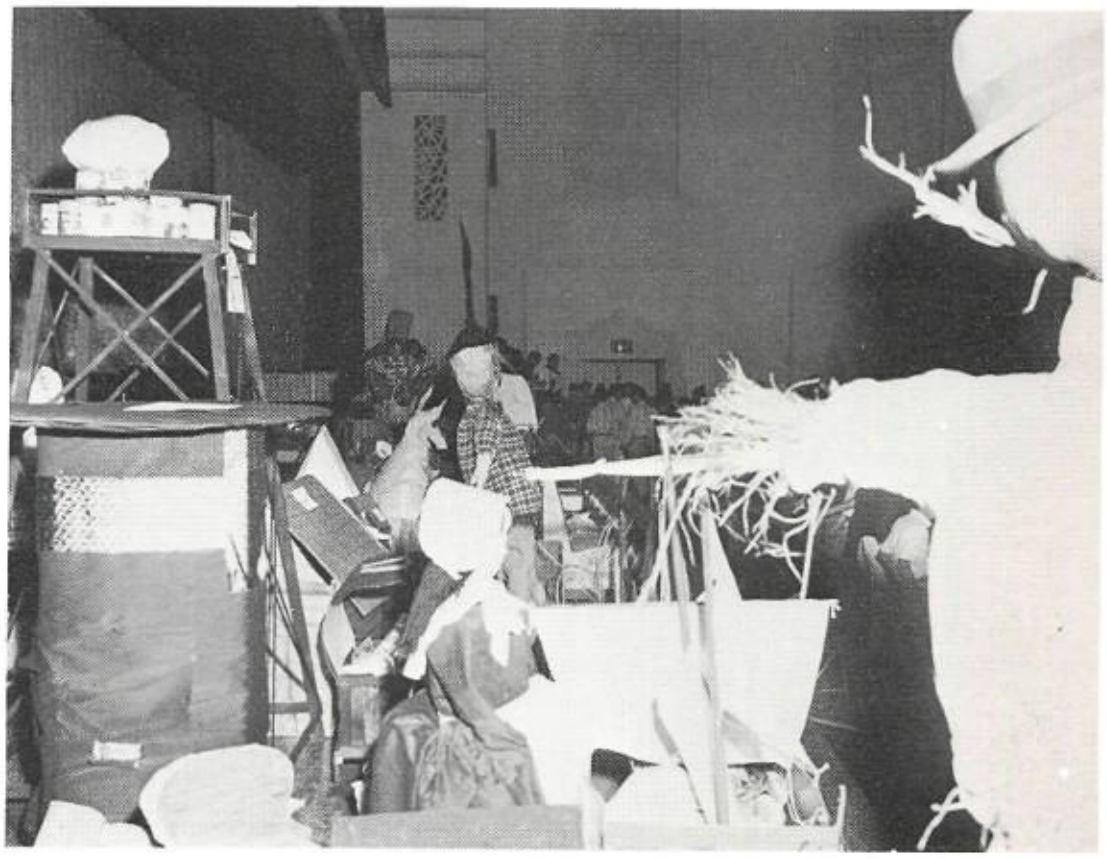
All the show and splendor of a coronation is reflected in the faces of Queens Rose and Cathy as they hold court attended by their maids.

It's Not All Work

Wildcat Hill proves that school is not all studying. A long desired snow finally fell in January, giving students an extra vacation. This snow also provided an artistic outlet for some of the more talented students. Football season brought honors to the lettermen and also brought a special appearance of the Razorback Band from the University of Arkansas.



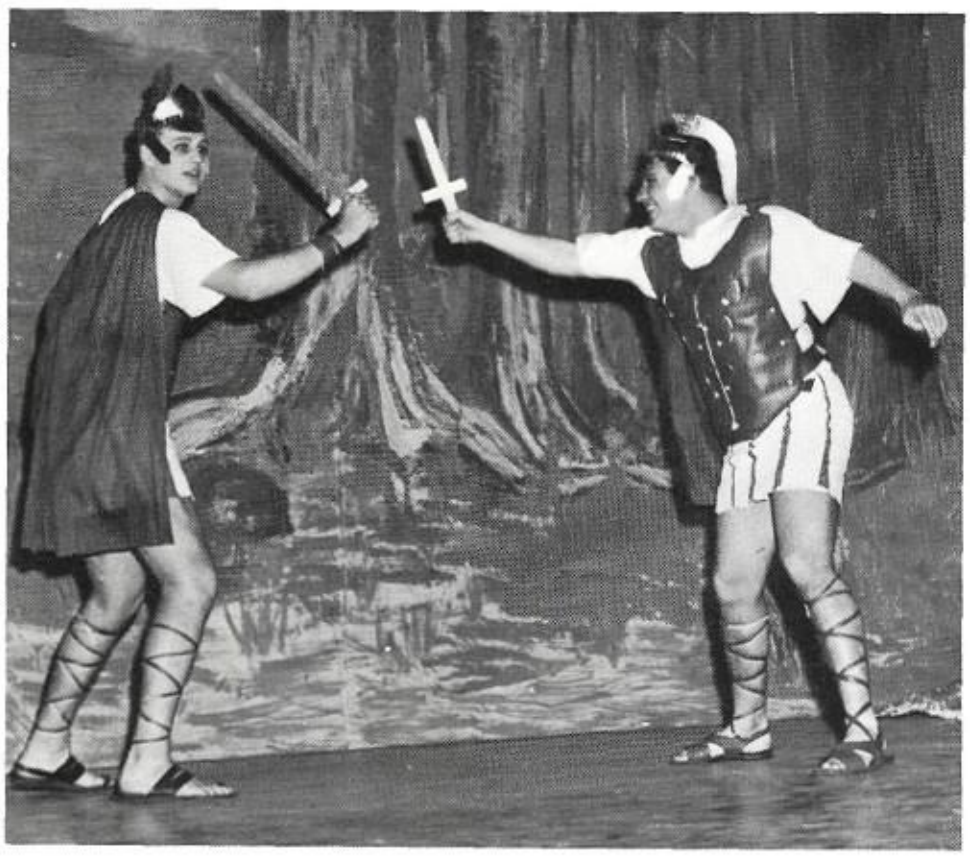
The annual Thanksgiving assembly provides students with a chance to share their blessings to needy families by filling homeroom food baskets. . . . . .we're still wondering about those football players and cheerleaders. . . . . .The University of Arkansas Schola Cantorum enchanted the student body with their Christmas Music.



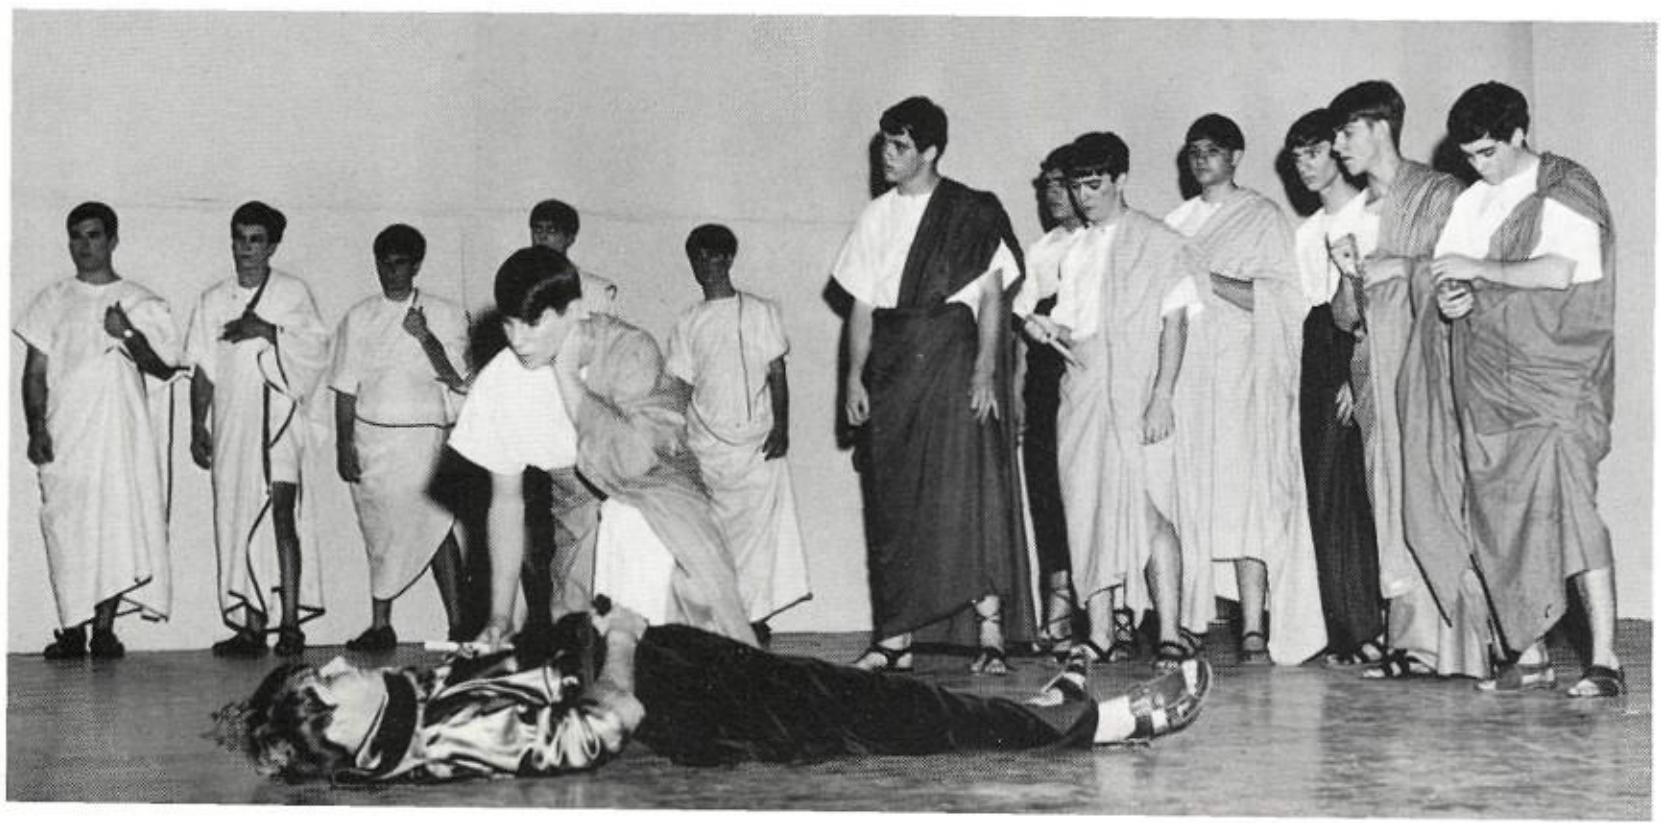
"For The Love of Pete"...

'68 Follies

With all the excitement of a world premier, the '68 Follies again spell-bound a packed auditorium.



The musical comedy was written, produced, and directed by David Edwards, and the hit went on the stage through the combined efforts of the student body, stage crew, art department, and student council.



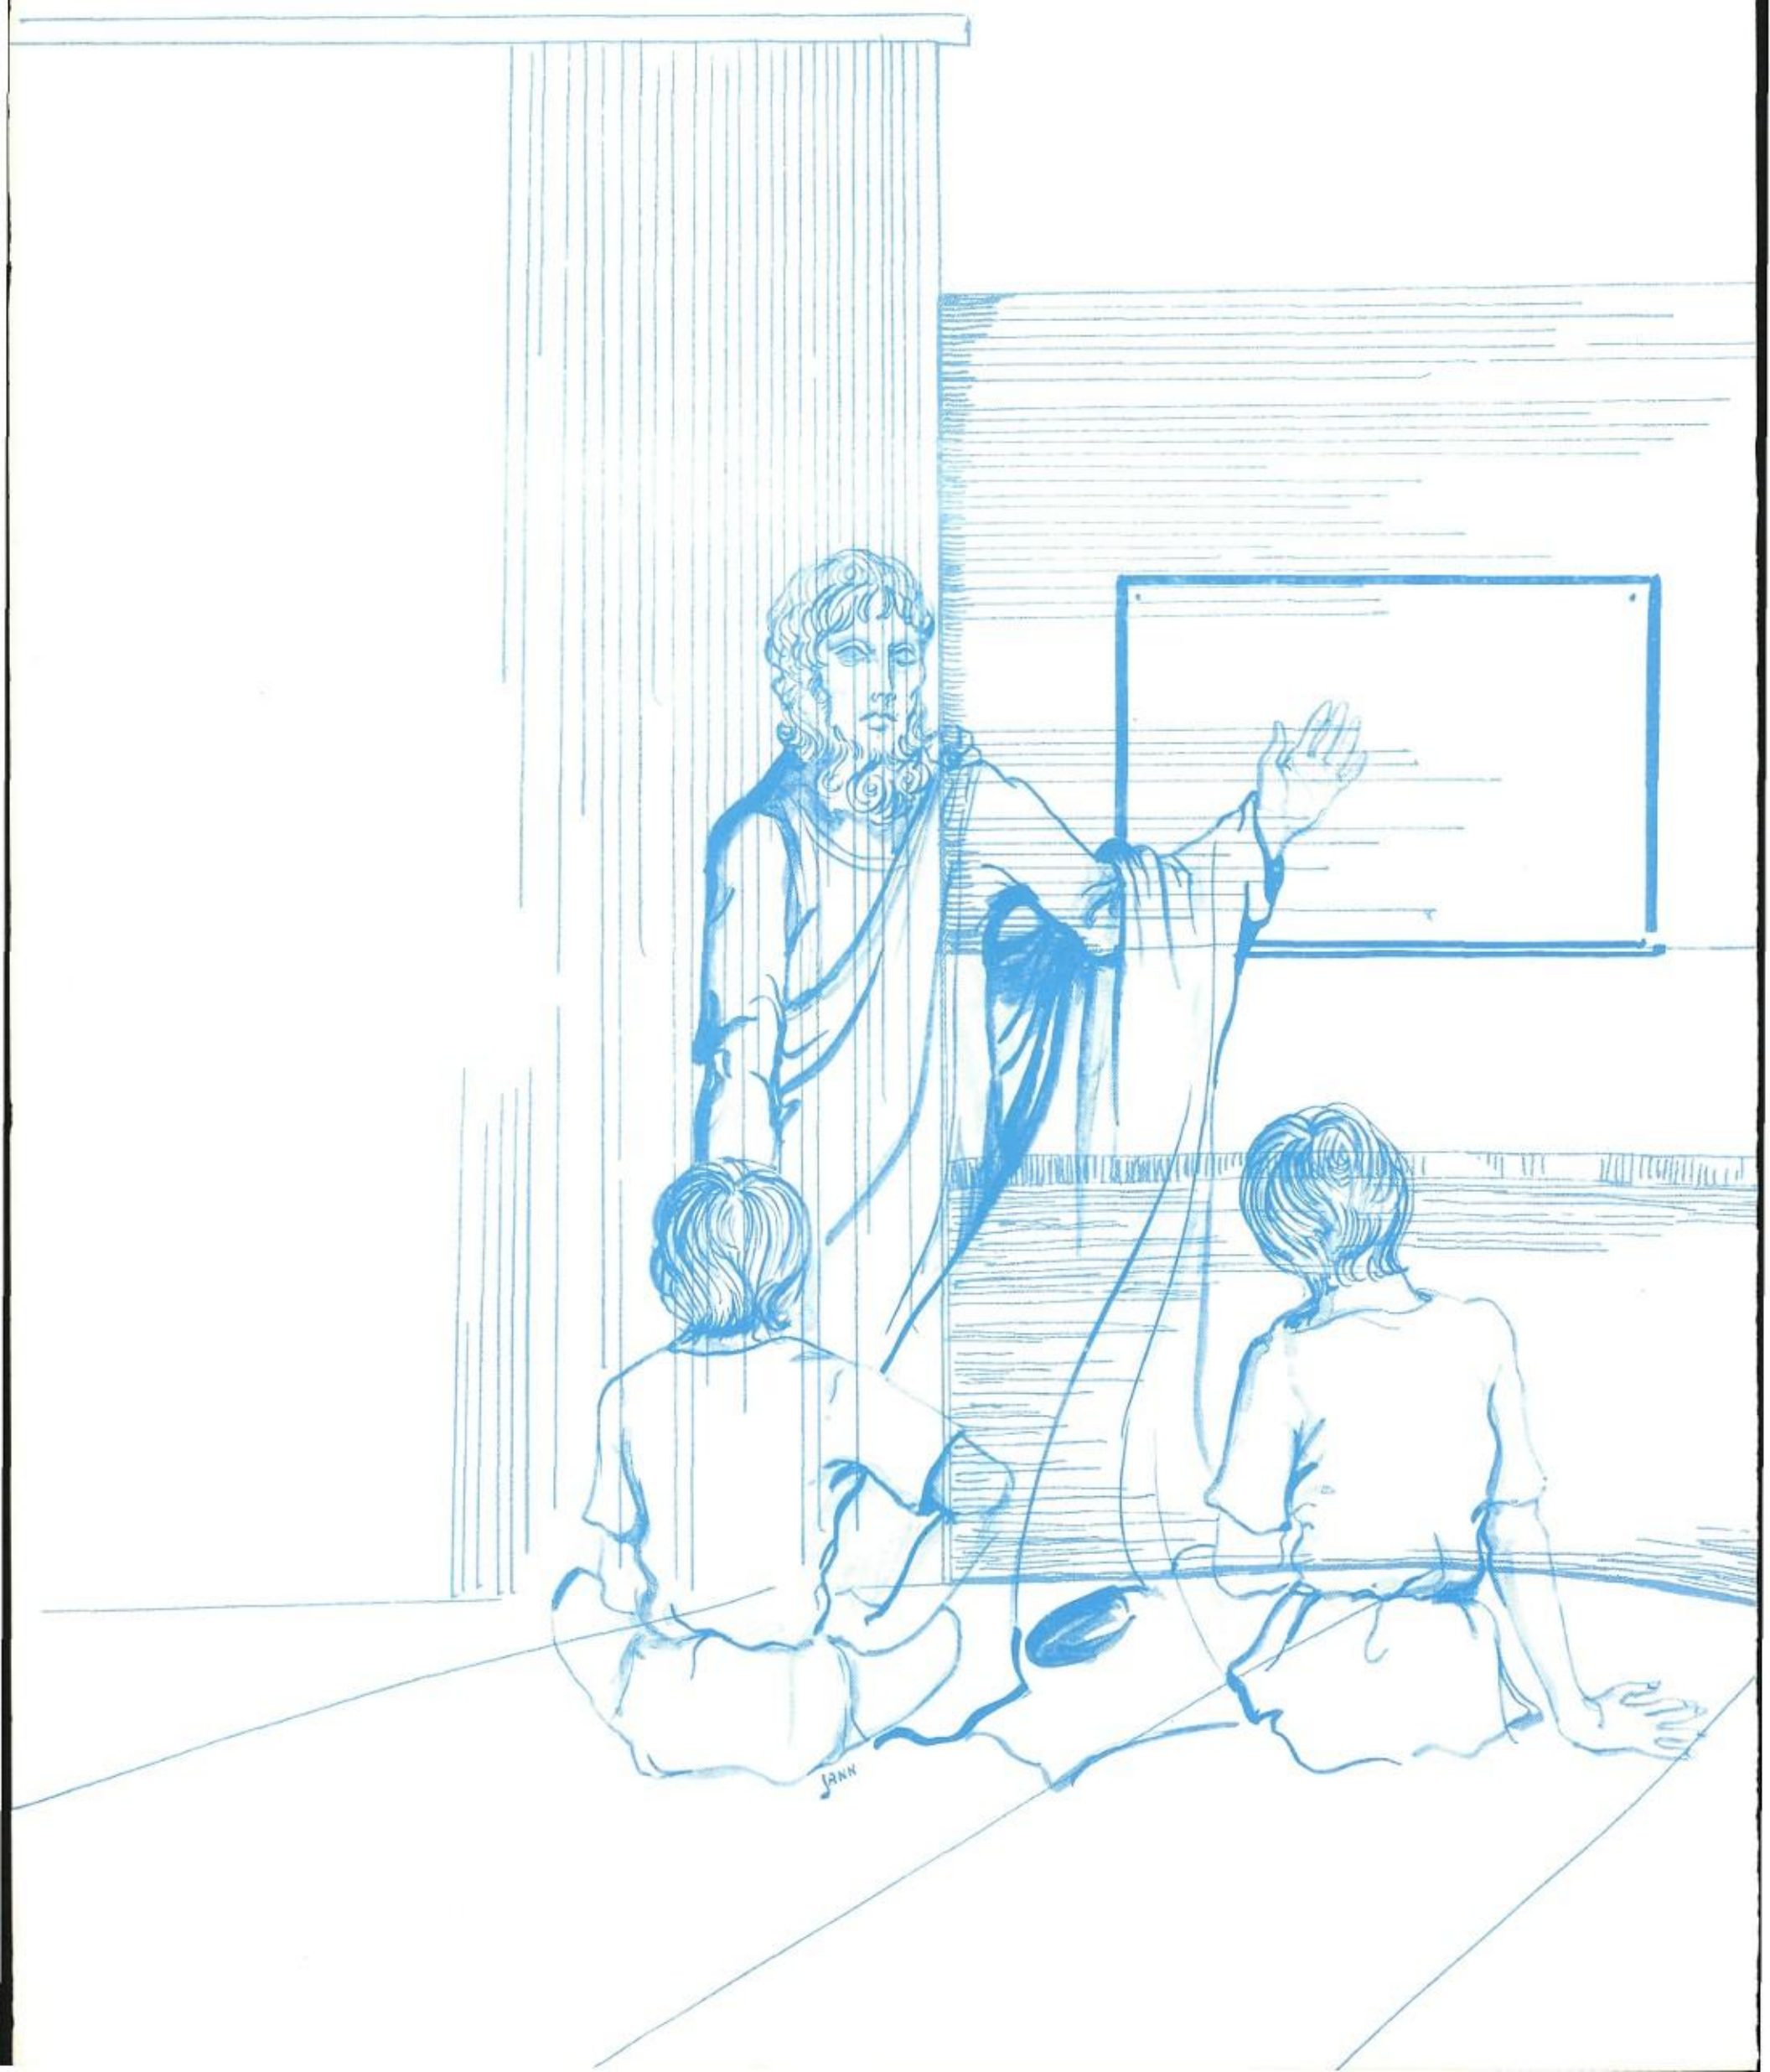
A love story and a comedy, with instances of raging violence, the Follies starred Norman Snow and Robbie Toler.

Much time and energy were spent on the sets by the stage crew and art department to produce a life size and life-like tree and the arches and steps of Rome.

Seemingly miracles, the hero, Petronius Protagonus, met Marania and fell in love, Venus, Goddess of Love, appeared, the tyrant Caesar was put to death, and finally Marania arose from death.

Grovius, the villian, made his entrance and stole away the hero's love. The obnoxious Caesar met his bitter end, and passionate speeches were made to the citizens of Rome by Mark Antony and Brutus.

Wildcat Hill Is Paideia



Academies often is occluded by

The glamor which surrounds our school;

Disciplines we need---and rules---

And things to do; but only in addition to

Our all-important education---for

As we work in lab and classroom

All of knowledge stands before us

Waiting for revelation and use.

Board of Education

The faculty and student body of the Senior High are deeply grateful for the service which is given sacrificially and free of charge by the Board of Education.

Mr. Fred Storm-Presiden

Mr. Cecil Keller-Secretary

Mr. Richard Oliver-Vice President

Mr. Walter Vestal, Jr.

Mr. Graham Thompson

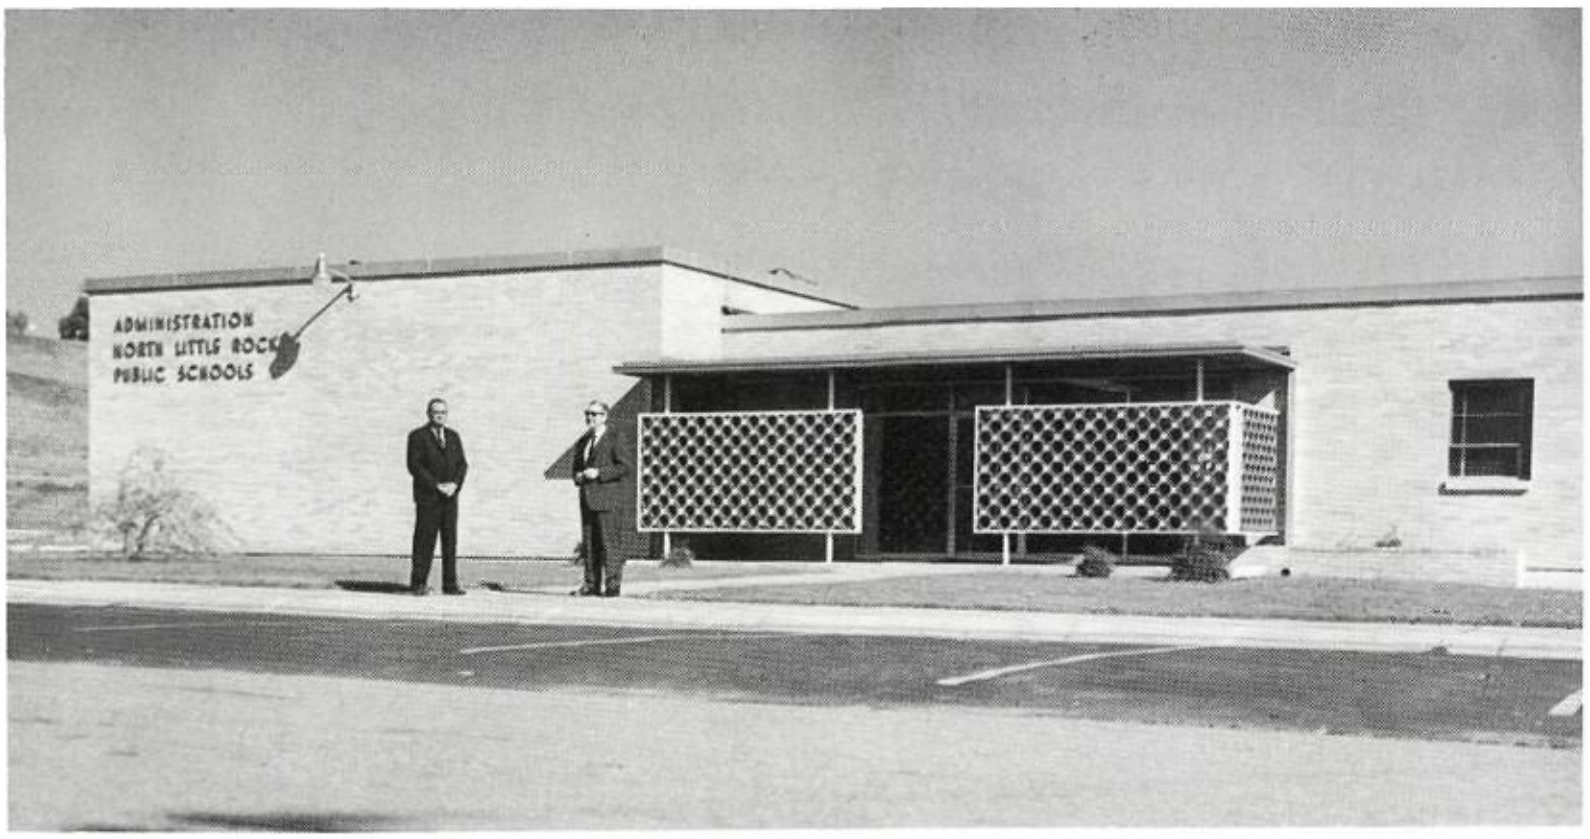
Mr. Charles Stroud

Administrative

Mr. F. Bruce Wright
Superintendent of Schools

Superintendent F. B. Wright, one of the state's most highly respected educators, is completing his twenty-fourth year with the North Little Rock Public School System.

Mr. James Taylor, superintendent of buildings and grounds, and Mr. Garland Beavers, director of instructional services talk in front of the Administration Building.



Officers

A Deputy Superintendent and two Assistant Superintendents complete the administrative staff.

Mr. George E. Miller
Deputy Superintendent

Mr. S. Thomas Christie
Assistant Superintendent for Curriculum Development

Mr. William E. Shelton
Assistant Superintendent for Business Affairs

Principal Directs School Activities

As principal of NLRHS Mr. Burnett is active in all North Little Rock's events, from Open House to the annual Pep Breakfast. His great interest in Wildcat Hill is shown in his hard work.

Mr. Raymond Burnett

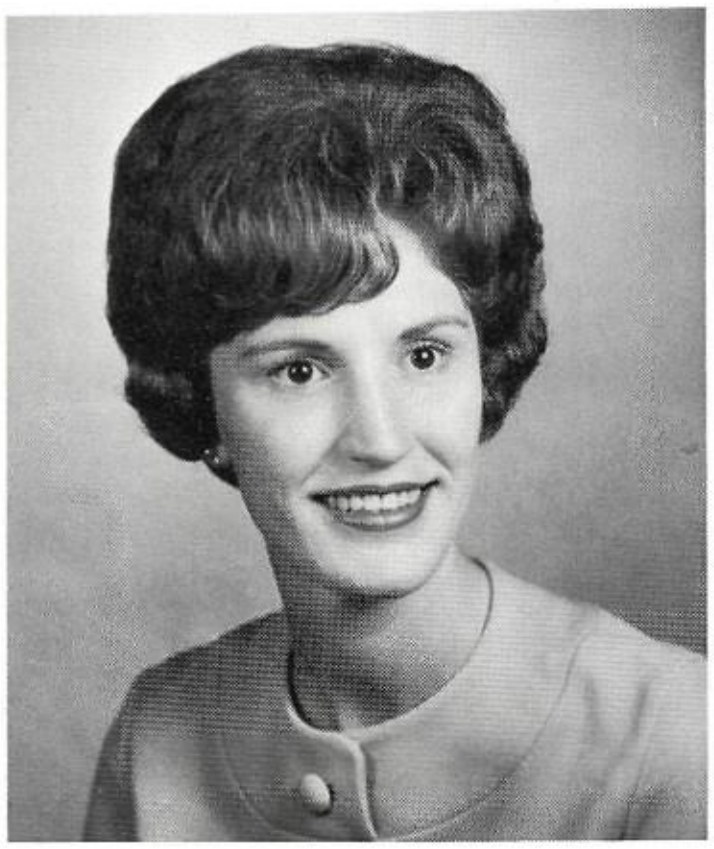
Mr. Duane Huddleston, Assistant Principal, also serves as Dean of Boys.

Mrs. Vada Cowan teaches Senior English in addition to her duties as Dean of Girls.

Mrs. Clara Green
School Nurse

Counselors and Librarians

Miss Merdith Landers
Director of Counseling Services



Mrs. Carol Scott
Counselor

Miss Helen Frazier
Counselor

Mrs. Faye V. Billingsley
Counselor

Mrs. Charles L. Carpenter
Head Librarian

Mrs. Thomas J. Booker
Assistant Librarian

Secretaries Run School With Efficiency

Mrs. Margaret McCloskey is kept busy with her job as secretary to the principal.

Mrs. Helen Elam keeps records in the guidance office as one of her duties as secretary.

Mrs. Madge Millsapps assumes her duties in the General Office as secretary and clerk.

Mrs. Helen Montgomery also works in the General Office as secretary and clerk.

Mrs. Elizabeth Church, on the Hill for two years, is secretary to Athletic Director and Coach Ken Stevens.

Mrs. Linda Jenkins, a new-comer to Wildcat Hill, is a new secretary in the guidance office.

Liberal Arts Direct Future Of Educated Man

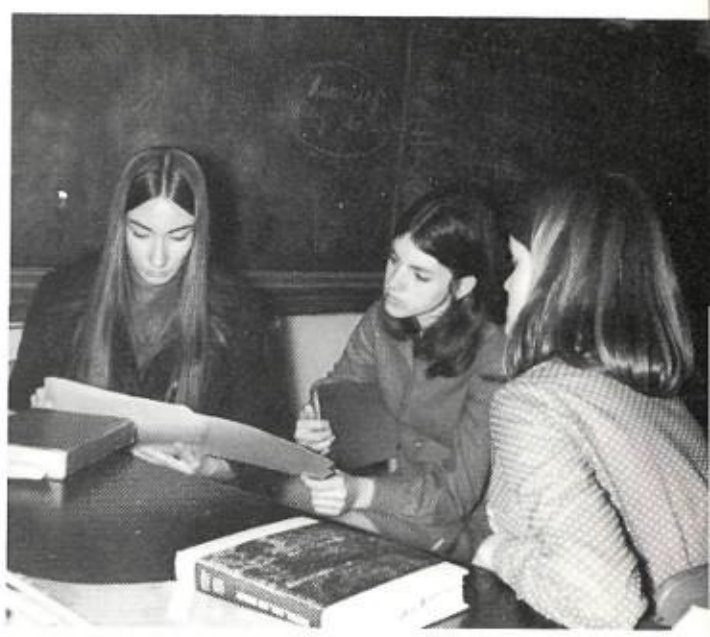
Believing in the wisdom of Plato's thesis: "The direction in which education starts a man will determine his future life", the Liberal Arts Department endeavors to give each student a firm foundation on which to base his life.

The courses listed as the liberal arts are those subjects that are generally thought to encourage the use of the cerebrium. To the Greeks we are indebted for the definition, improvement, or innovation of these arts.

To Aristotle and Euclid we owe our basic theories of geometry and mathematics. Epicurus was the first man to formulate a simple theory of atoms. Ptolemy, the geographer, calculated and drew a map of the world, and we know now that his estimates of the size of the earth were very nearly correct. Archimedes's laws are still the basic principles of physics.

Despite all these priceless gifts the Greeks have given us, the one still valued most is our basic principle of government. The title "democracy" honors Demosthenes, who urged the ancient Greeks to protect their liberties. Soson, the Athenian leader, gave the people the right to govern themselves. Because of the constant struggle to keep our freedom, we still study our democracy in history and government classes.

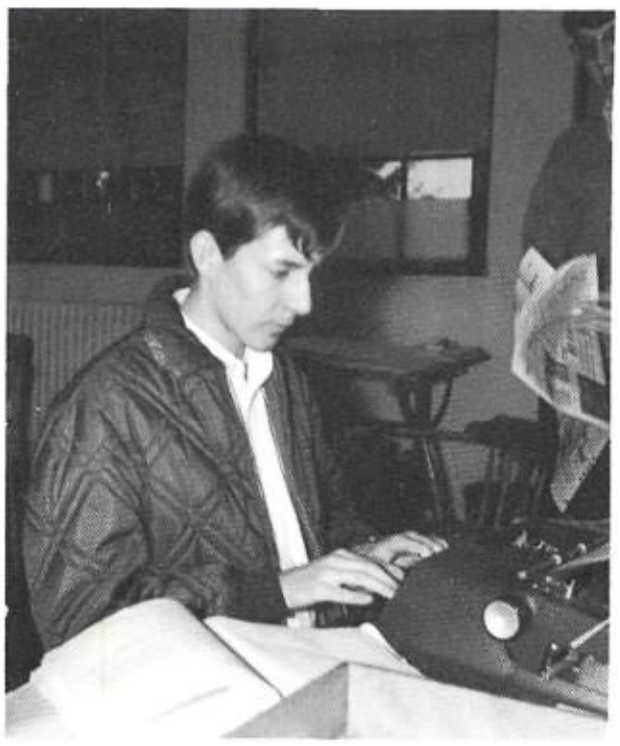
Communications Achieve Goal of Understanding

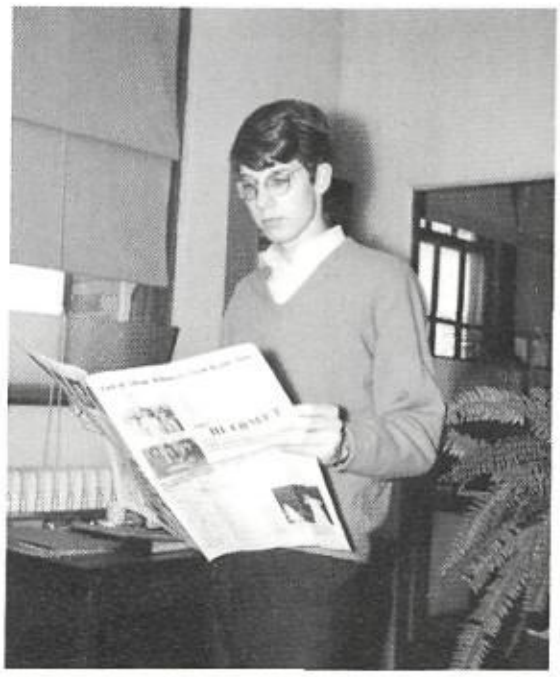


Spoken and written words create a plane of understanding essential to the man who wishes to advance and progress in life.

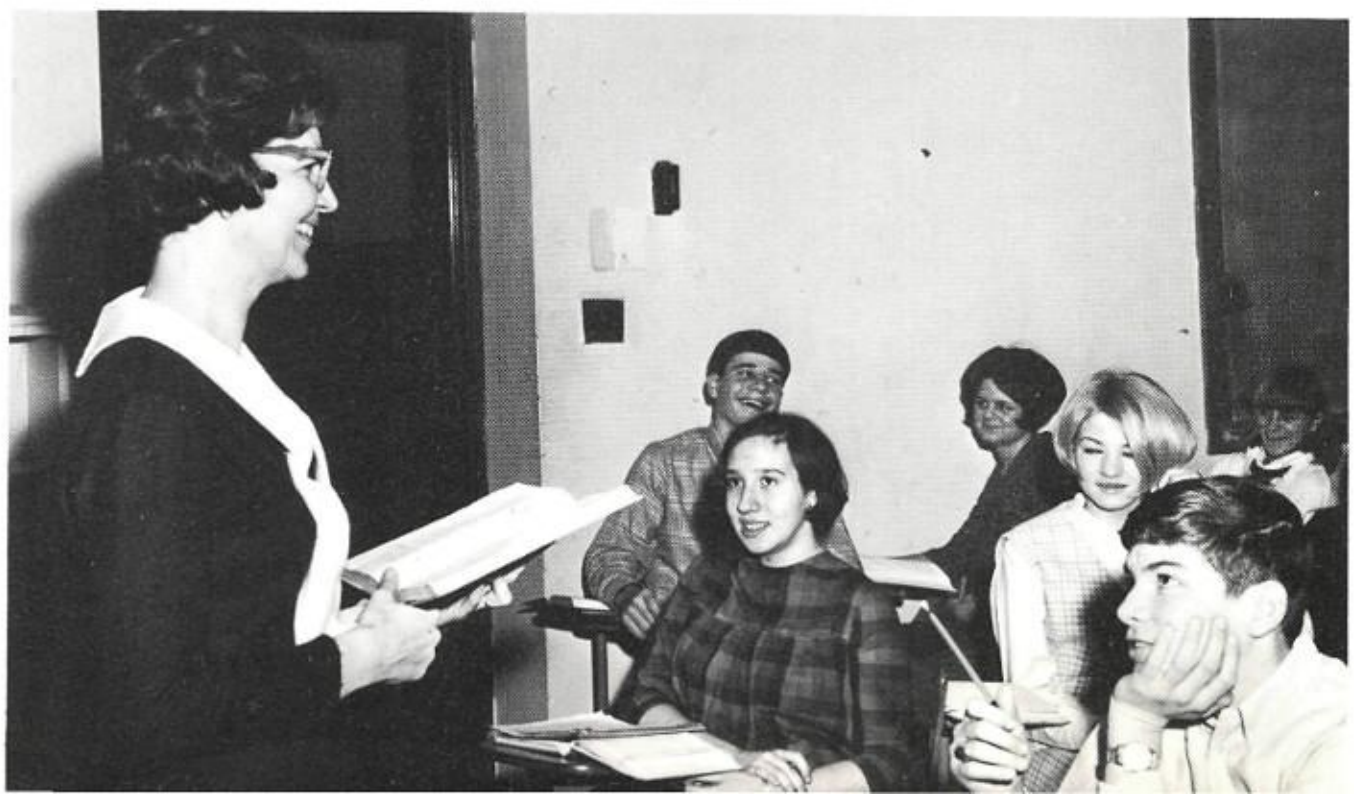
Man is never silent; his perpetual thoughts need be expressed and understood. This struggle for understanding in today's vital and changing world is prepared for through the communications courses offered at NLRHS.

These include grammar and rhetoric, American and English Literature, speech, journalism, and creative writing.



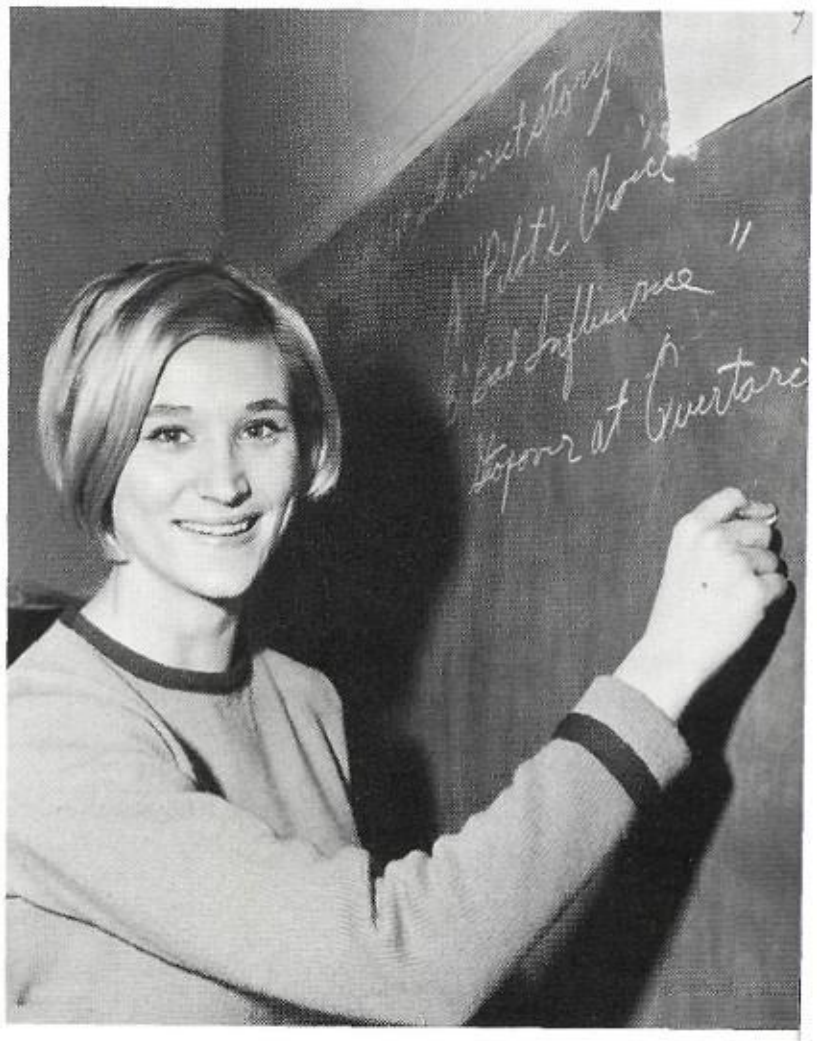


Mrs. Sue Perry is chairman of the Department of Communications.



English: Language of Tomorrow

Mrs. Lynn Tarkington lectures to her sophomore English classes.



A newcomer to the faculty, Miss Frankie Lynn Greco teaches tenth grade English.

Mrs. C. B. Bryant is amused at the unexperienced questions of one of her sophomore English classes.

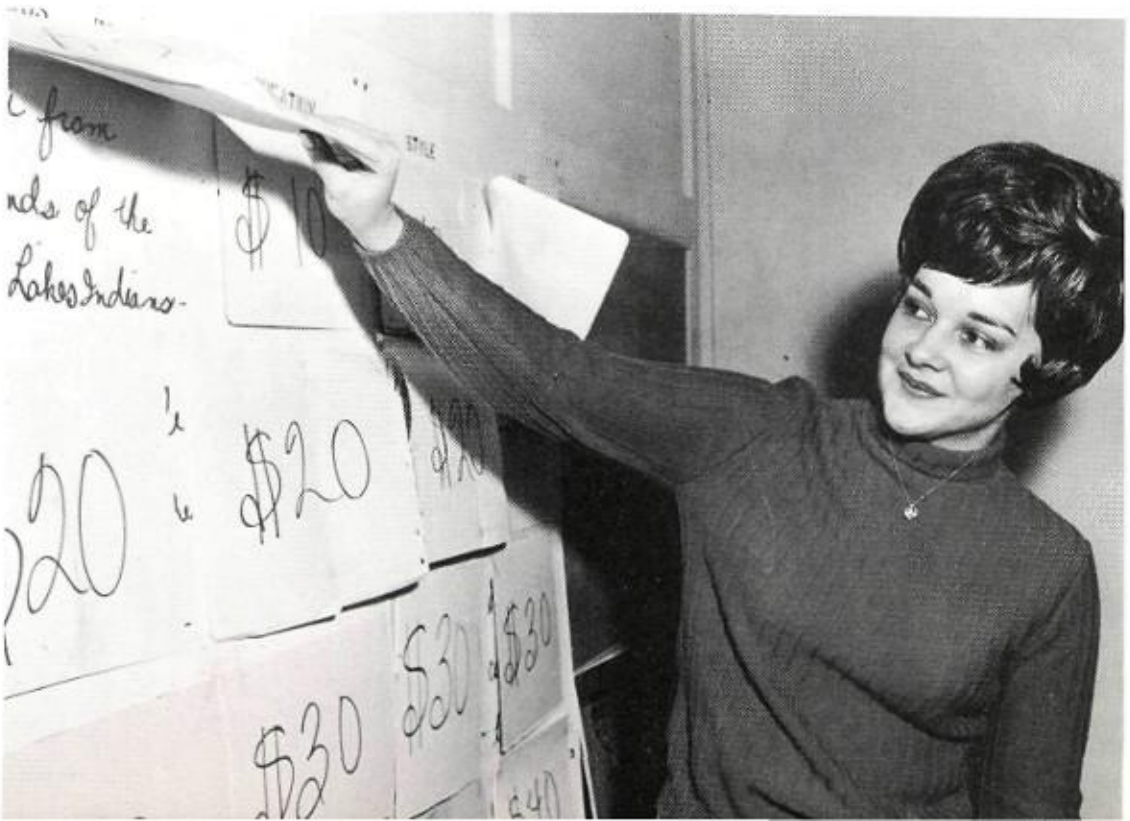
Mr. Ray Poindexter instructs juniors and seniors in the fundamentals of the English language.

Man's desire to communicate with his fellowman is fulfilled through his exploration of the English language. English teachers at NLRHS present English in the light of a way of communicating with the past as well as with the future. While striving to guide each student in obtaining and practicing the principles of grammar and composition, much emphasis is placed on literature. Books are the key to knowledge and the study of great American and English literature help to open the door to this knowledge.

Grading the junior themes is Mrs. Lucille W. Cook.

Mrs. Joe Bumgardener, junior English teacher, shows Buddy Davenport his mistake.

Head of the Communications Department and sophomore English instructor, is Mrs. Sue Perry.



Mrs. Paula Bookout teaches classes of both regular and accelerated junior English.

Mrs. John R. Hendrick teaches senior accelerated and regular English classes.

Filing one of her sophomore English student's theme is Miss Carol Carter.

Lecturing her senior English classes on Seventeenth Century English literature is Mrs. Billy Jo White.

Mrs. Mary Meltabarger seems puzzled over the "Julius Caesar" test answers of her sophomore English classes.

Along with teaching senior English, Mr. William E. Garvin adds to the enjoyment of the Senior Breakfast with an organ solo.

Illustrations help Mrs. Callie Sutterfield give a new perspective to her senior English classes.

Mrs. J. H. Riley begins teaching a new chapter in English Literature to her sophomore English classes.

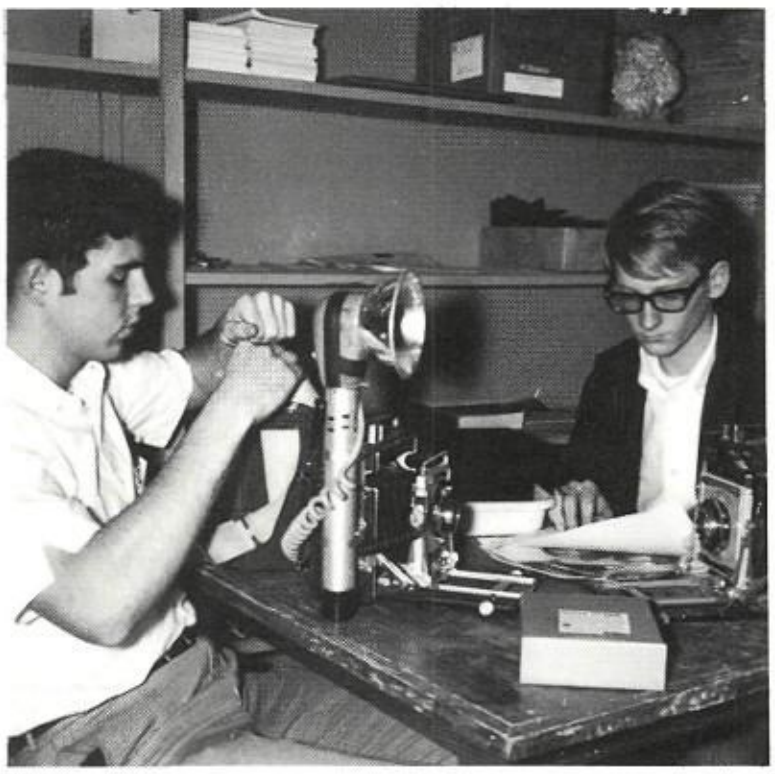
Mrs. Linda Hovee teaches junior English and one class of first year speech.

Journalism Records History As It Happens

Journalism writes the history of the school as it happen. In journalism I students receive a general introduction to the field of journalism and learn to write for print. Through the year a genuine interest in writing, photography, advertising and lay-out is developed. The second course in learning to write for print includes training in writing, logical thinking and organization of ideas, originality, and initiative. Journalism II students edit sixteen issues of the 8-page newspaper and the 300 page annual.

Wildcat editors Debbie Cook, Toni Carter, and Christie Munnerlyn confer with sports editor Norman Snow.

Journalism and creative writing teacher Miss Kayte Lou Russell explains page lay-out to Billy Gray.



Photographers Jim Murphy and Byl Harriel reload their cameras.

Carla Campbell and Mille Pearle prepare the Hi-Comet for mailing. . . . . .An interview with a former NLR student proves news worthy for editor Billy Gray.

Hi Comet Editors David Edwards and Billy Gray make-up the paper as Johanna Arnold helps.

Wildcat Art Editor Kathy Kittle labors to meet a deadline for the advertising.

Typists are very important to the Journalism department as Ann Wilson shows.

Advertising manager Beverly Byrd prepares the ads for the Wildcat and Hi Comet.

Staff artist Jann Bell creates in her usual artistic manner.

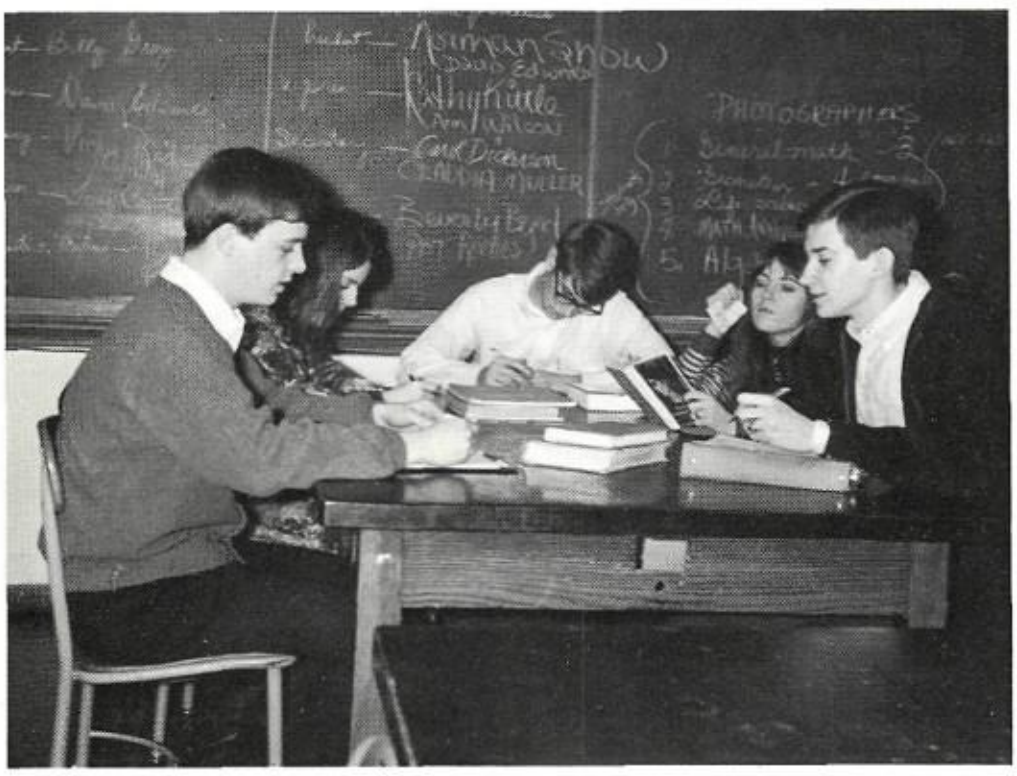
Officers of the Future Journalists are Norman Snow, President; Carol Dickerson, Secretary; Ann Wilson, Vice-President; and Beverly Byrd, Treasurer.

Creative Writing Offered First Time at NLRHS

One of the three newest courses added to the NLRHS curriculum, Creative Writing is an exploration into the field of writing for those interested students. They analyze and produce future "masterpieces" of their own. Each student is evaluated on his efforts in the course.

Writing song lyrics, biographical profiles, poems, short stories and even short novels is included in the activities of the class.

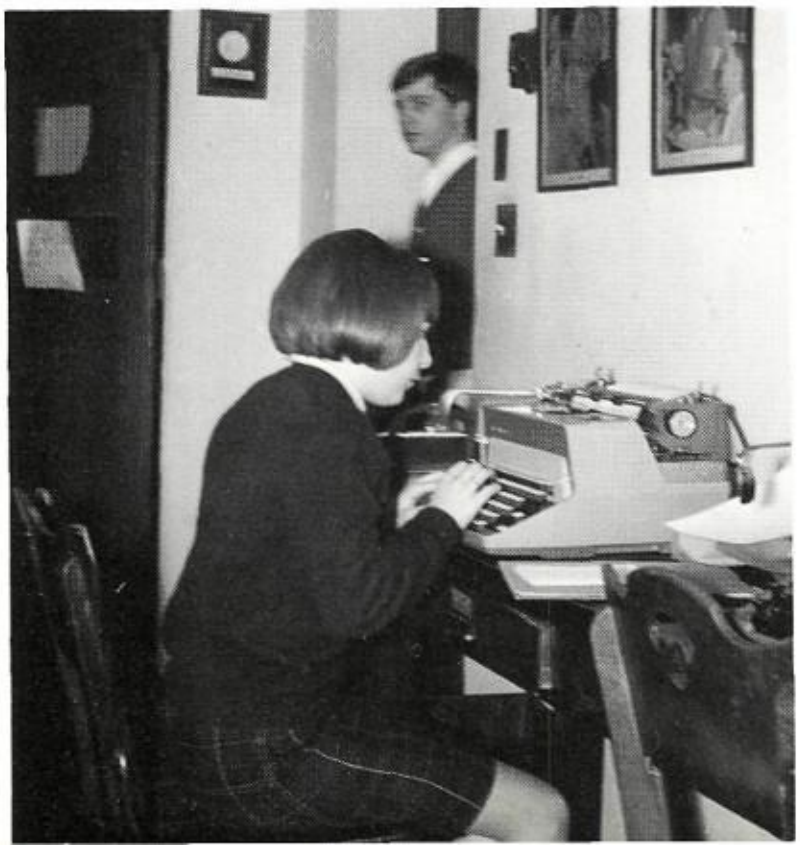
Poetess Joyce Thomas presents a song she has written to fellow Creative Writing class members.



Proud author, Don Barker, reads his creation to an appreciative Mary Pat Norman.

Creative Writing students hard at it on biographical profiles.

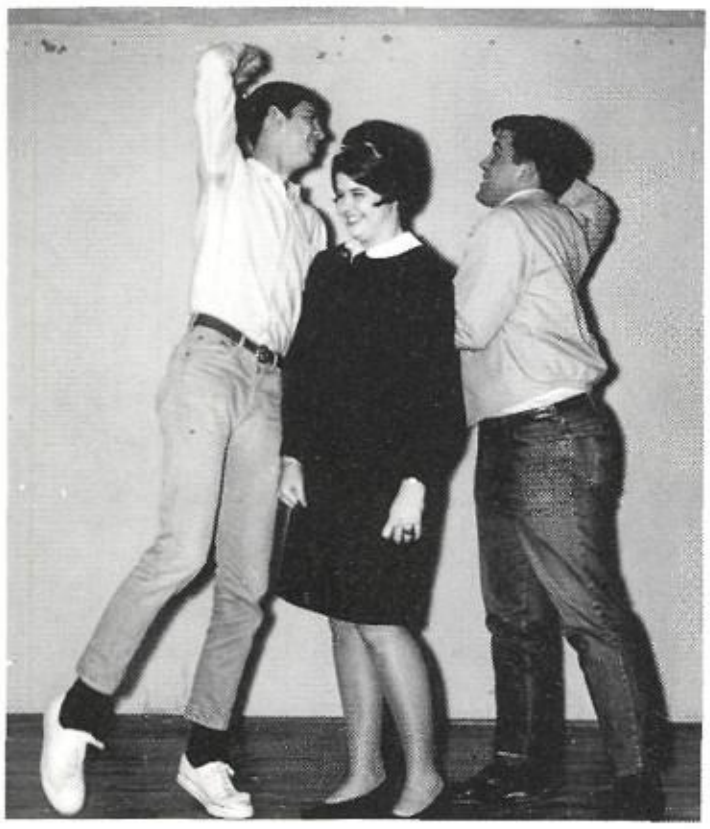
Beverly Johnson types her creation for presentation.



Students Introduced To Art of Speaking

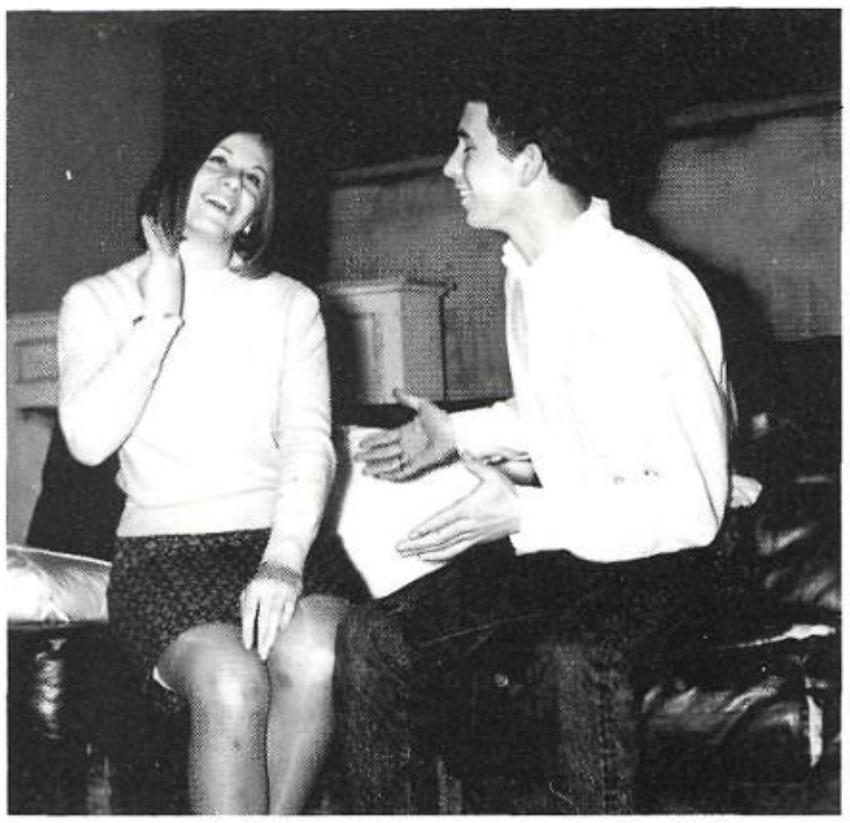
Never in history has training in speech been of greater importance than it is today. In today's world the spoken word, rather than the written word, is the most influential mass medium of communication. The human voice is now a powerful force in mass education and thought stimulation.

Speech students are instructed in the fundamentals of communication, public speaking, and interpretation. They practice what they learn through a series of speeches and interpretive readings.



Rivals Wayne Curry and Jimmy Turbyfill fight over their shared sweetheart Barbara Turner in a skit for speech.

Speech and drama teacher, Mrs. Dona Heil, supplements dramatic instruction with programs from Broadway musicals.



Presenting an impromptu skit are Jan Greider and Reggie Mahan.

Steve Davis speaks to classmates on a recent experience.

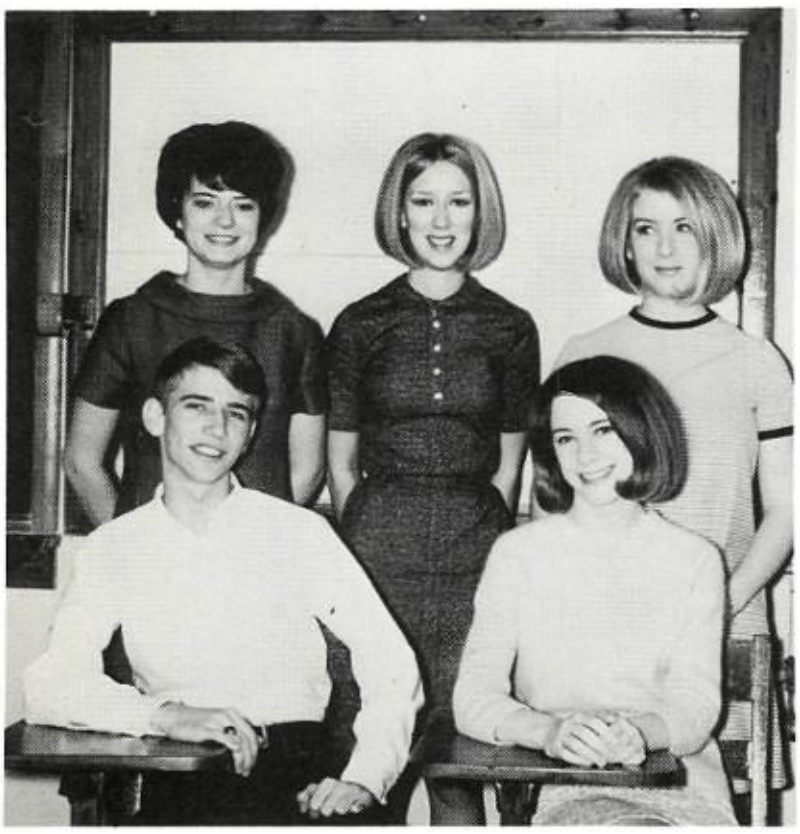
Education Advances

Students at NLRHS are offered a choice to pursue three languages-French, Latin, and Spanish.

French may be taken for two years with a third year for advanced students. First-year is a beginning course which includes exercises to develop speaking and writing skills with emphasis on a basic vocabulary, pronunciation and grammar. French II is a continuation of French I with the third year a course in becoming more fluent in conversation.

Mrs. Gladys Womack, French I teacher, and her students make use of the language lab.

French II and III teacher, Miss Jane Gill lectures to her students on French history.



French Club officers are Beverly Bently, Treasurer; Liz Davidson, Vice-President; Barbee Berger, Reporter; Charles Medlock, President; and Joan Dalziel, Secretary.

Latin Club officers are Larry Hargett, President; Millie Pearle, Treasurer; Beverly Cook, Secretary; and Jay Hudson, Vice-President.

Through Languages

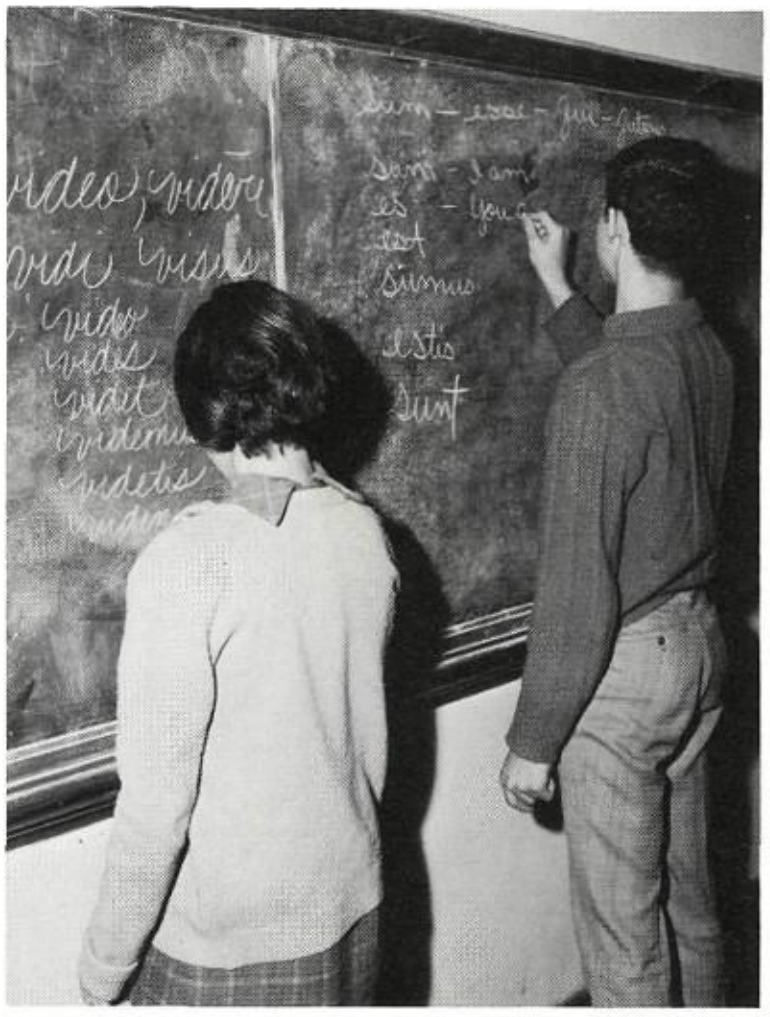
A beginning course offers a basic vocabulary, grammar fundamentals and composition in Spanish I. Spanish II continues in the intensive study of grammar and vocabulary. The advanced student is able to become somewhat fluent in conversation.

Latin I and II are courses studying the basic principles of grammar with emphasis on verbs. Latin II goes into the translation and reading of "Caesar's Gallic Wars."

Spanish Club officers are Suzette Doris, Treasurer; Marjorie Lacy, Reporter; Danny Baw, Vice-President; Barry Davidson, Secretary; and Susie Kirpatrick, President.

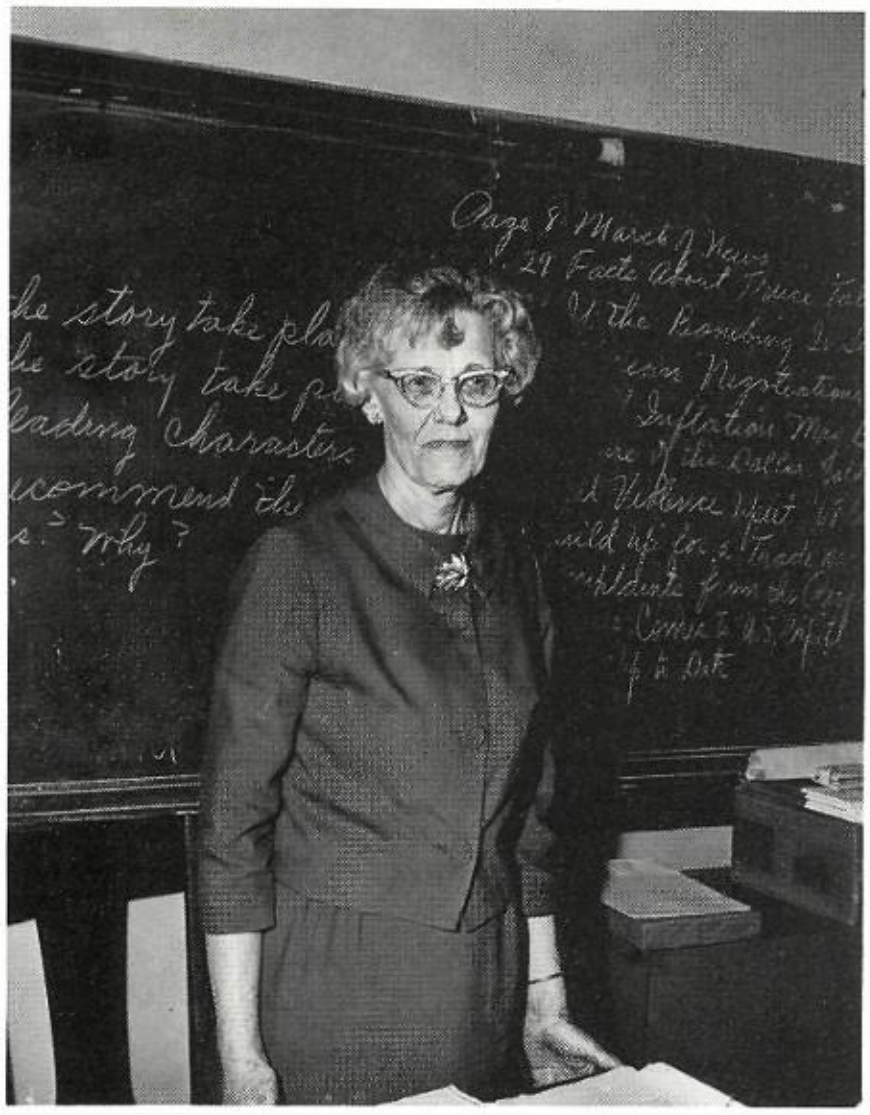
Mrs. Sarah Helms, Latin teacher, tells her students of ancient Roman history.

Spanish teacher Mrs. Bernice Hunt has been a Wildcat supporter for many years.



Students conjugate verbs in Spanish before their class.

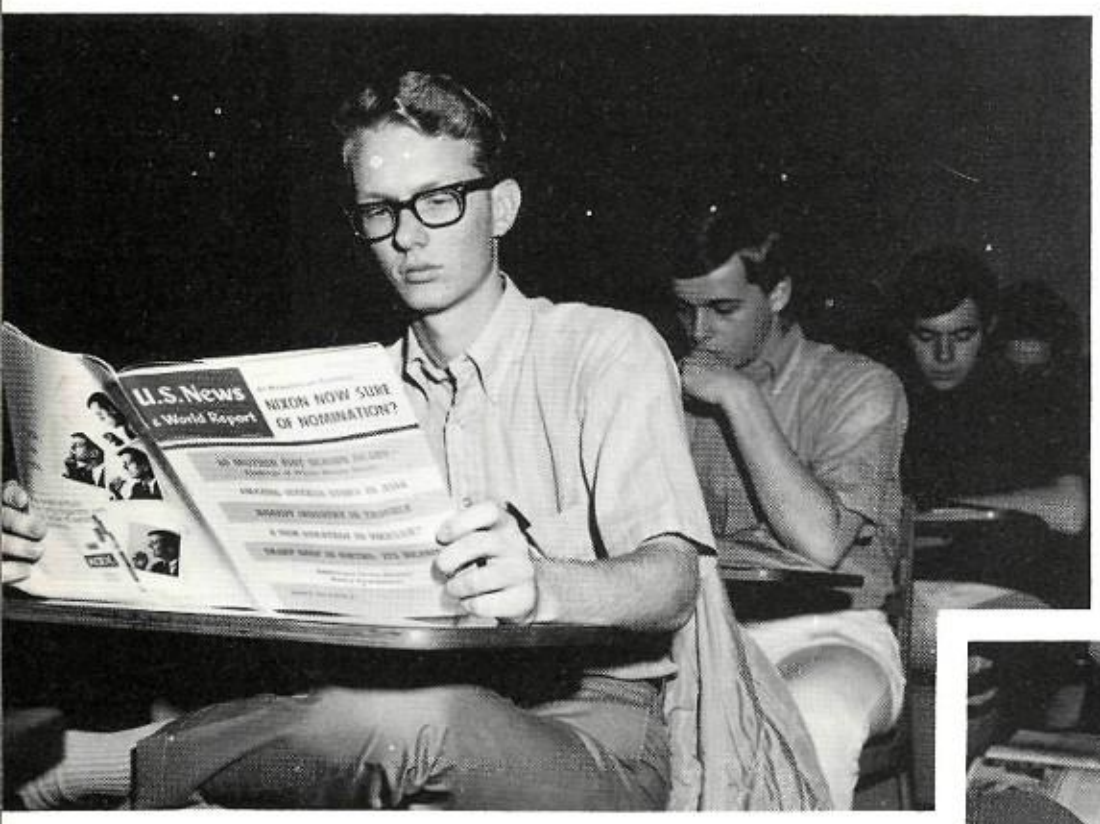
Social Studies Offer Insight Into the World



Mrs. Hazel Ragland, chairman of Social Studies Department, teaches economics and American government.

A social studies student gains knowledge of the world---politics, diplomacy, war and its heroes and villains.

World and American history, economics and American government, world geography, human relations, and consumers' economics make up the department's course of study. These courses offer a treasure chest of the knowledge and philosophy compiled for thousands of years. They tell of our great country, of the heritage it has received from former cultures, and of one's relationship to his fellow man.



Current magazines are put to use in Economics by Jimmy Anderson and Debby Davis.

American History Dramatizes Story of Country

American history is the chronological story of our nation from its discovery to the present time. It involves the political, economic, and social aspects of our country's development and their effect on the American Way of Life.

This course is a survey of the problems of our country, involvement in world situations, and our participation in the affairs of the country.

Mrs. Jean Fleming, American history teacher, makes out a test for her students.

American history teacher, Mr. Carl J. Moore lectures to his students on the discovery of America.

As a project, Tim Kelley and Jayne George show gingerbread made from an original colonial recipe.

Sherry Henry, Jamie Leasure, Mary Bost, and Danny Blucker investigate the different aspects of the battles of the Revolution.

American History Awakens National Heritage

Explaining the Great Depression of 1929 to her American history students is Mrs. Grace Mosley.

Mrs. J. B. Priddy does extra research for a class discussion in her American history classes.

Juniors Tim Kelley, Robert Newth, Rita Lewis, and Ronnie Ray dress dolls in their native costumes.

Conducting a mock session of the United Nations are Arab David Henry, Secretary General Bill Wilkerson and Isralite Edgar Cox.

History and Geography Discuss World Affairs

World History is a presentation of mankind from the beginning of time through ancient Egyptian culture westward to the present. It is a study of how education, religion, and culture have influenced man's thinking and living through the years.

Concerned with acquainting the student with the physical, cultural, and economic aspects of the world, World Geography also includes global affairs. Current events are stressed to familiarize the student with world problems.

World Geography teacher Mr. Roger O. Reaves discusses a lesson.

Mr. C. W. McFall Senior High's only World History teacher for many years.

Bobby Tyson and Carol Ann Dickerson profit from World History "extras".

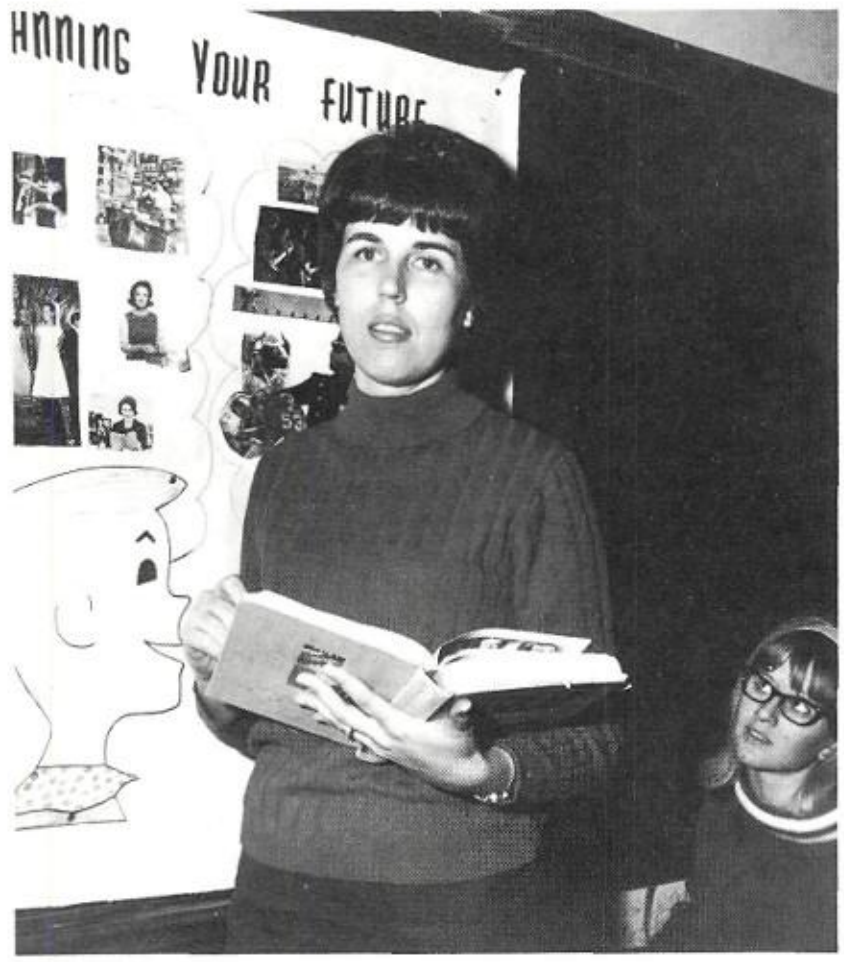
Senior Bill Bridges shows sophomore Diann Hitt where points are on the map.

World Geography includes the whole world as Kathy O'Kelley and Sammy Rogers find.

Human Relations Develops

Human relations gives students an understanding of basic psychology to help them develop good personal and social adjustment. Personality development and understanding of human behavior are discussed with special detail on the individual. Studies also include social courtesies, attitudes, occupations, and girl-boy relationships. A special unit of study is devoted to learning facts about alcohol and narcotics. Human relations helps students to develop their own philosophy of life.

Students explore the psychology of their own lives.



Mrs. Lewis Cammack lectures to her human relations classes on planning for the future.

Assigning a new chapter in the text is Mrs. Garland Beavers.....Kent Chrisman and Pat Stewart use the library facilities for additional information.

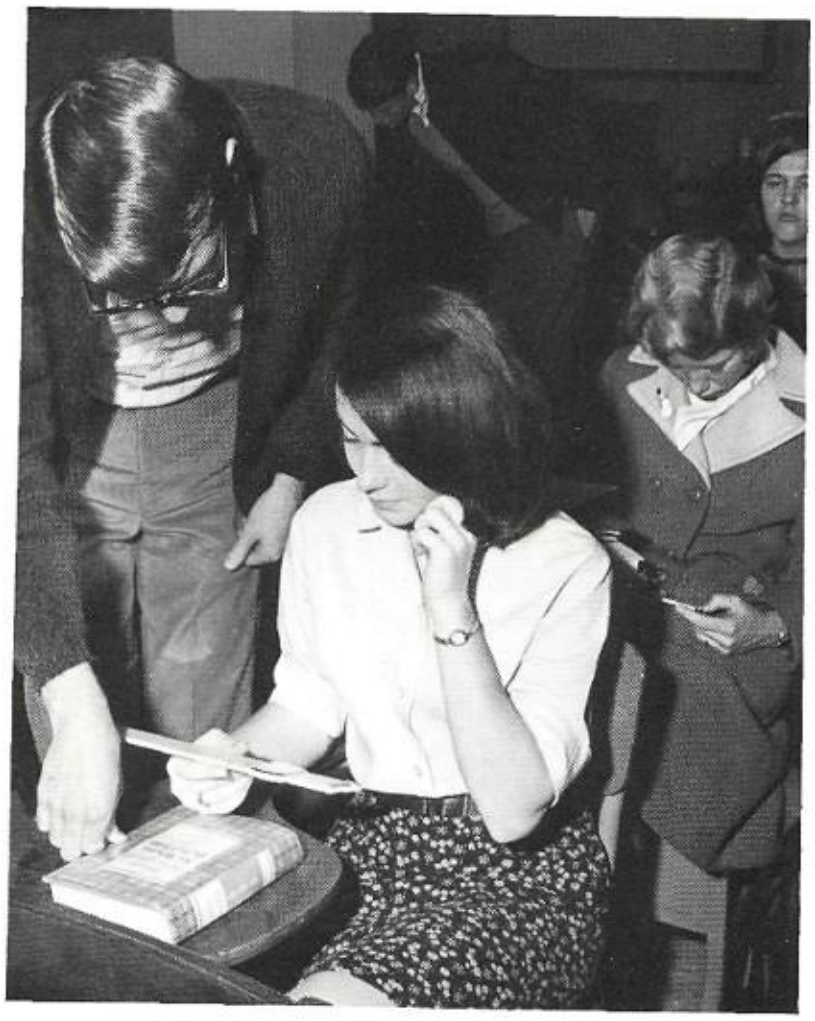
Philosophy of Life

Students consider the value of their relationships with others.

Mr. James R. Parker lectures students on the various ways of choosing a vocation.

Combined with teaching efforts, bulletin boards contribute to education.

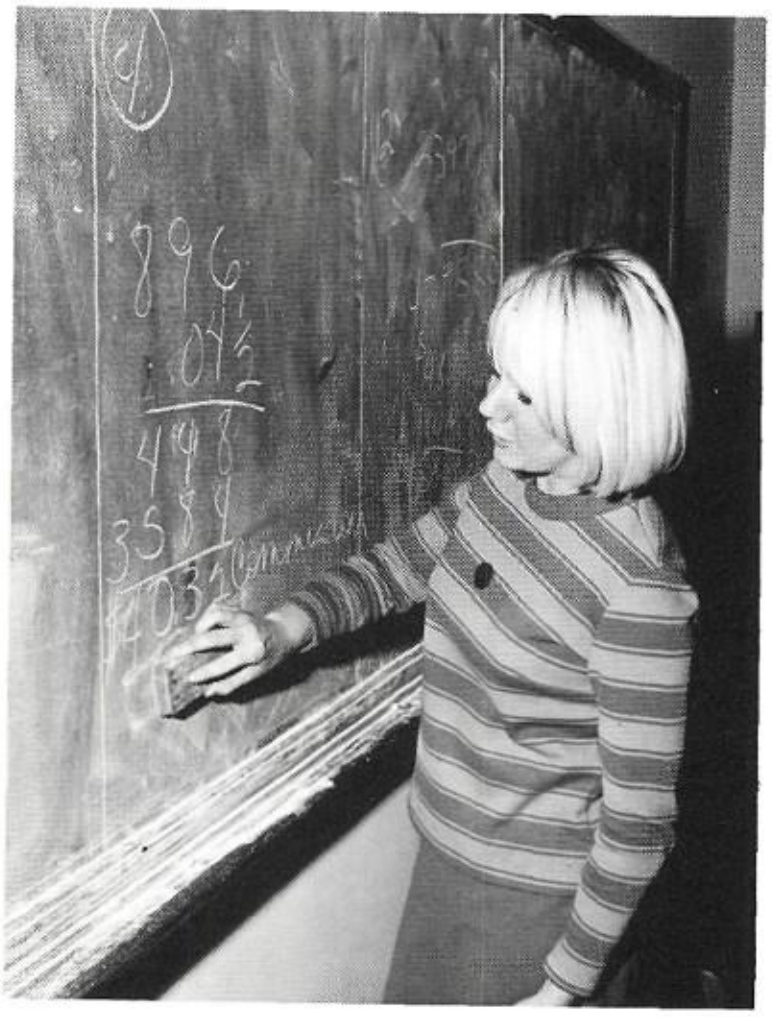
Mrs. William Pharr finds time to help make decorations for the Senior Breakfast as well as teach human relations.

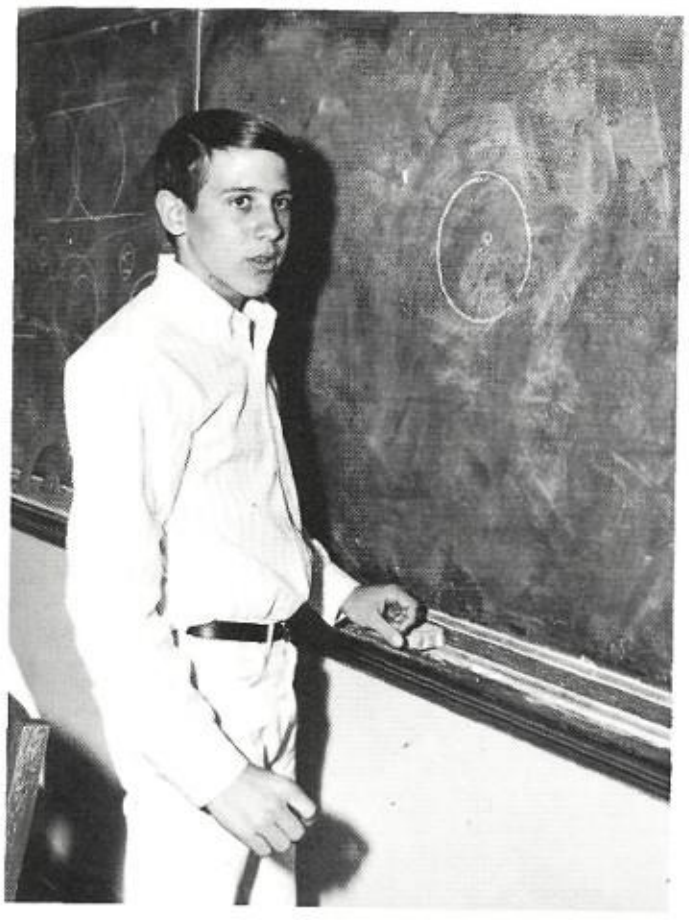


Mathematics Prepares for Tomorrow

In this complicated age, math has come to the forefront as one of the most important subjects. From simple arithmetic to the more complex trigonometry and calculus, math courses are offered.

Various theorems, axioms, and postulates are offered to the students in the math classes. These are put to use as the student advances through the courses.

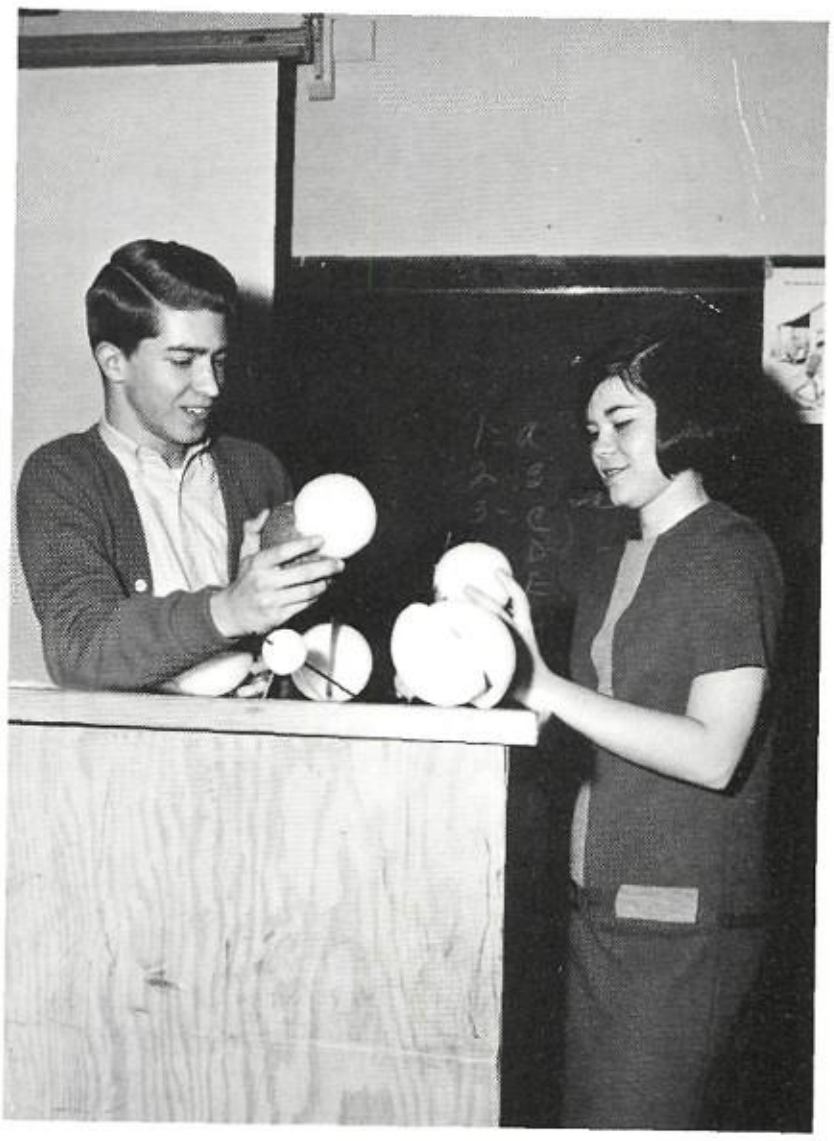




Geometry Develops Mathematical Relationships

Amusingly answering her geometry students' questions is Mrs. Rebecca Johnson.

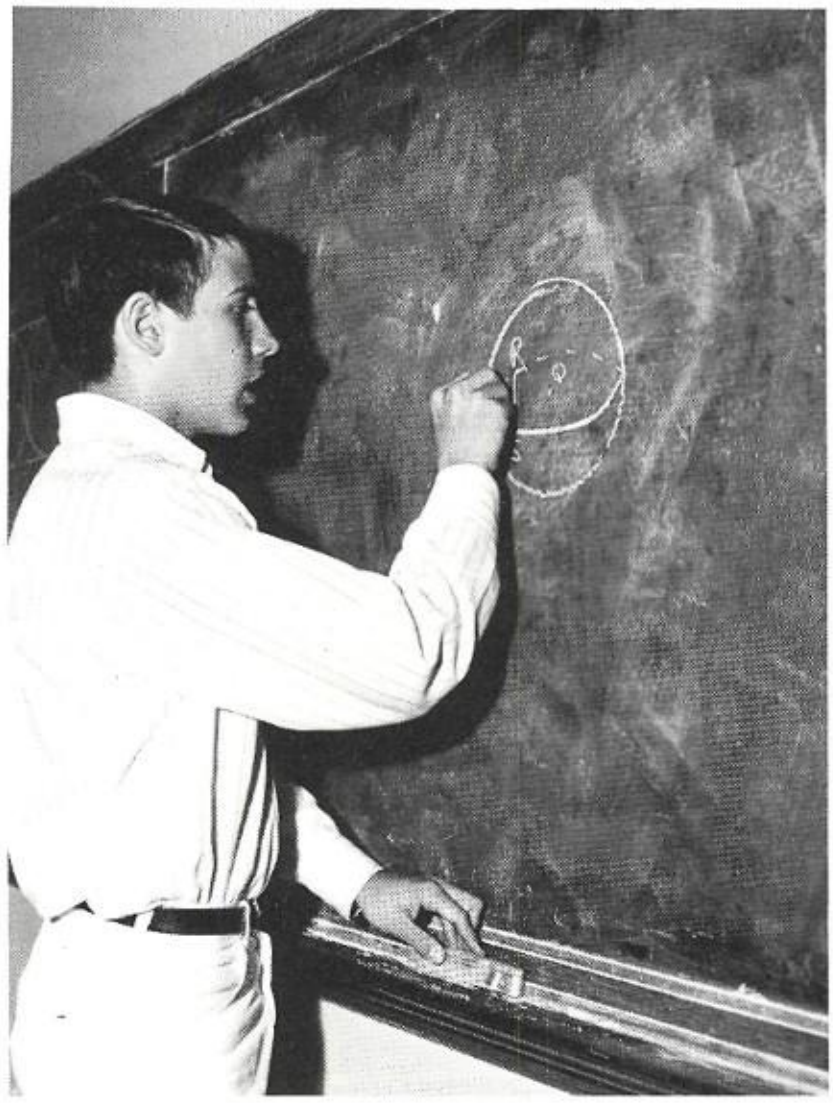
Mrs. Nora Lee Lawless, who serves as Chairman of the Mathematics Department, teaches accelerated and regular geometry classes.



Larry Ketcham and Carol Chapel experiment with the relationships of circles. . . . . .The angles in a plane prove fascinating to sophomores Kathy McDaniel and Trica Watkins.

Having teaching duties in geometry and general math, Miss Jean Walz lectures to her students.

Geometry helps a student understand the development of a mathematical system based on inductive and deductive reasoning. It intergates plane and solid geometry with an effective use of previous math learned, from addition to the Pythagorium Theorum. Geometry also deals with the measurements, properties, and relationships of points, lines, and angles. In addition to the regular geometry course accelerated geometry gives an introduction to trigomonetry, coordinate geometry and the history of mathematics.



Sophomore David Sowell shows his new skill learned in geometry.

Helping Gayle Woods, Mrs. Patsy Malin explains the various principles in geometry.

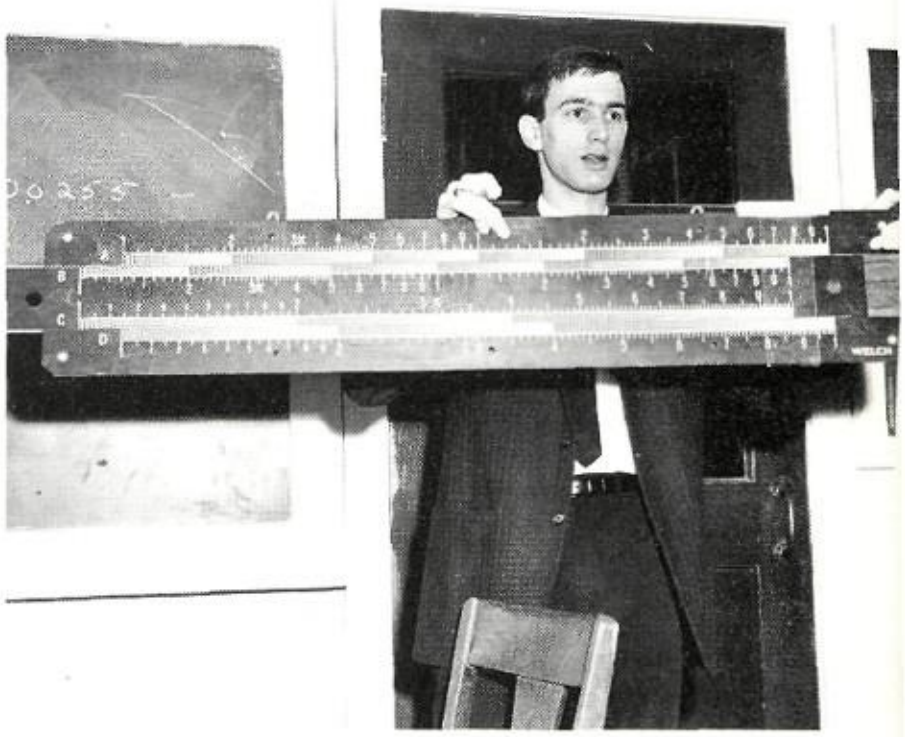
Geometry students apply theorums and postulates to their daily class work.

Algebra II *Trains Future Mathematicians*

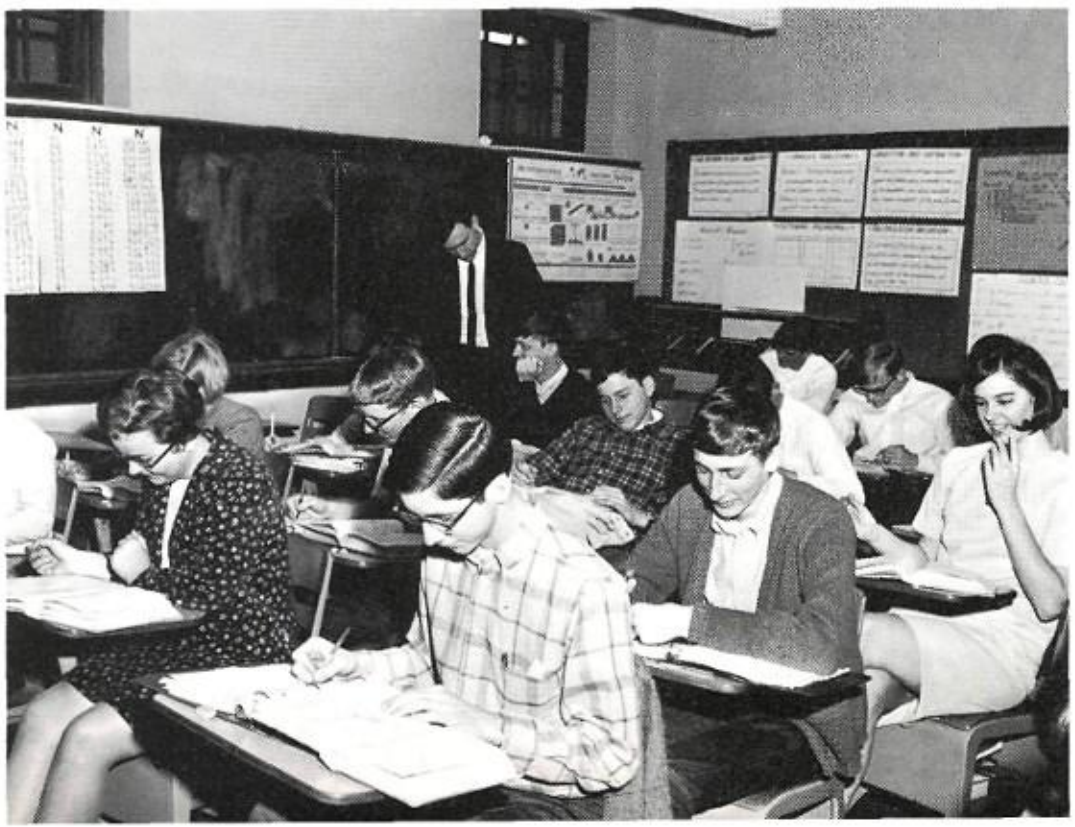
Math, it is said, is the basis for the jobs of tomorrow. It is used in everyday living and in work also. With algebra I and geometry as a background, the algebra II student is presented various axioms, analysis, and formulas. As the course progresses a basic introduction to trigonometry is given to the student.

Mr. Raymond Simon corrects the many mistakes of his regular and accelerated Algebra II classes.

Visual aids prove valuable to Algebra II teacher Mrs. Phyllis Simon.



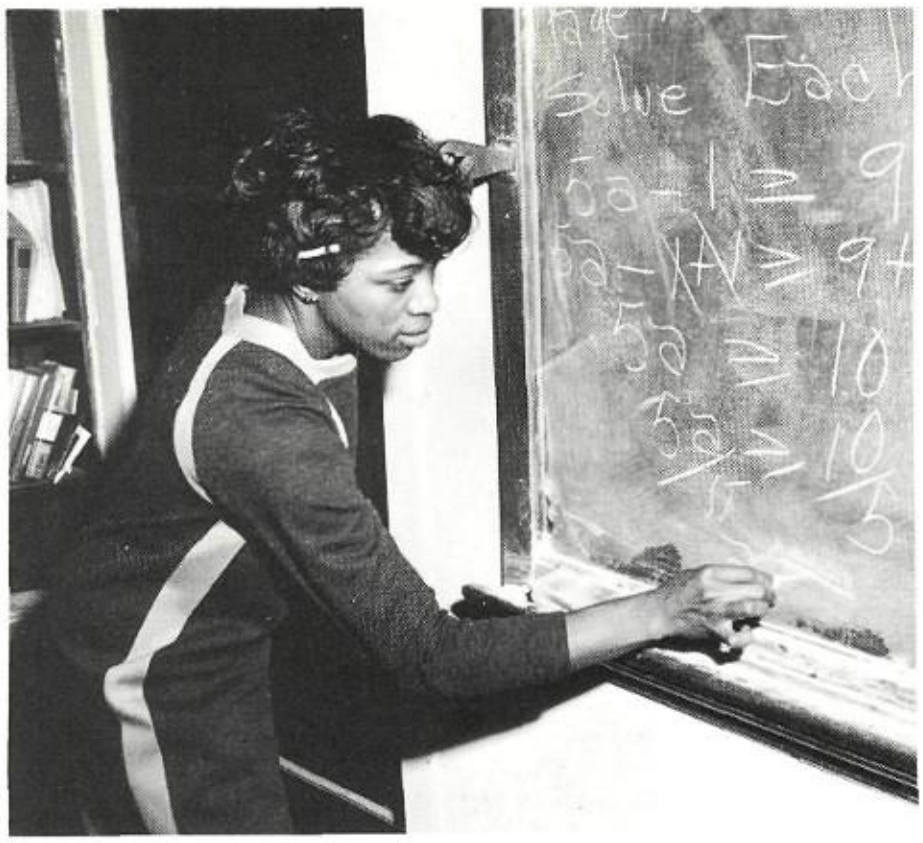
Mr. Simon displays a slide rule built especially for Jay Douglas.



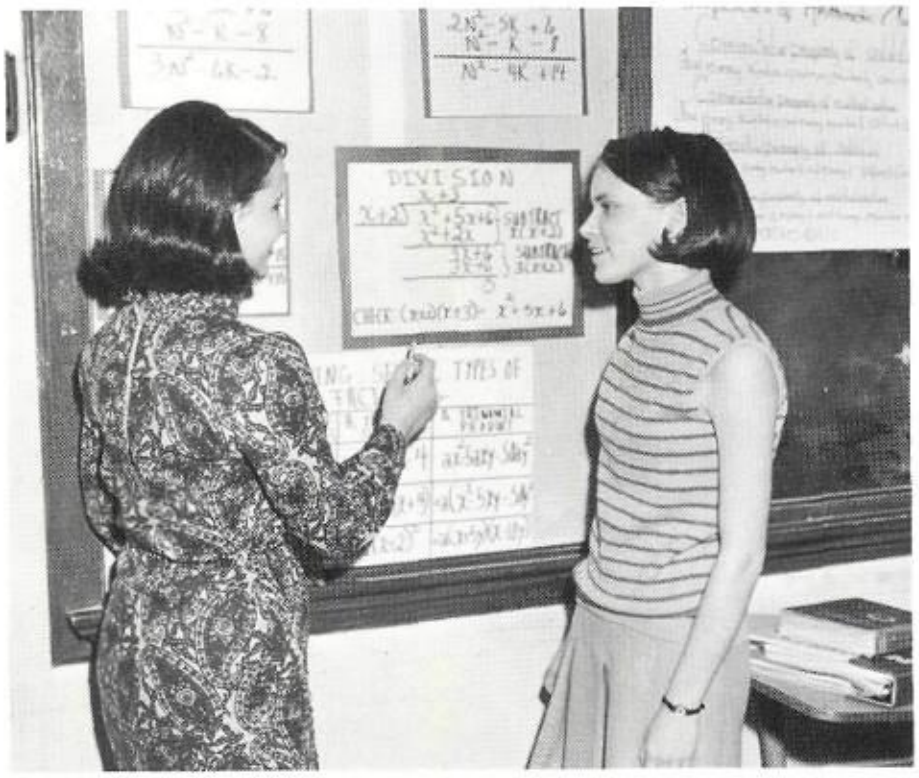
Algebra students wonder how they were ever placed in an accelerated class.

Algebra 1 Gives Basic Structure

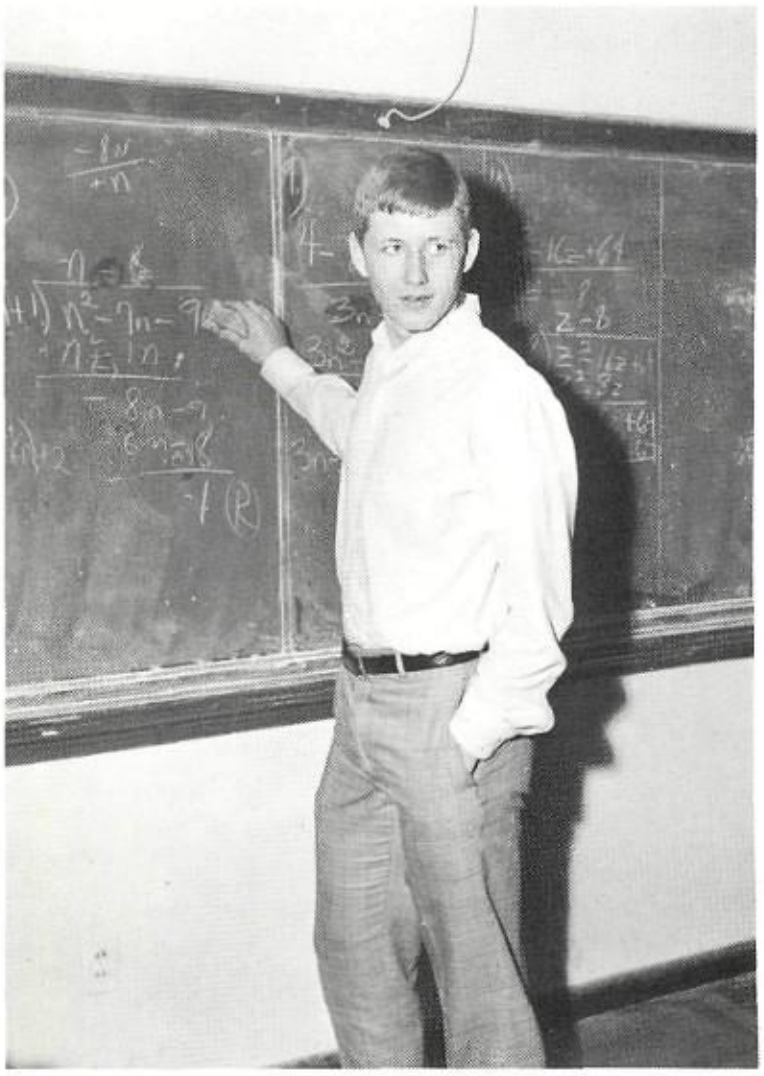
Algebra I involves the basic structure of algebra. It is the first course in the field of advanced mathematics. The student acquires the ability to apply algebraic concepts and skills. After completion of algebra I, the student may advance to geometry and algebra II.



Mrs. R. L. Pringle explains an algebra I problem to her students.



Explaining division with variables to Sandra Brown is junior Jenette Biggs.



Donnie Lamb discusses his answer with the class .....Algebra I students tax their brains during a test.

General Math Improves Basic Skills

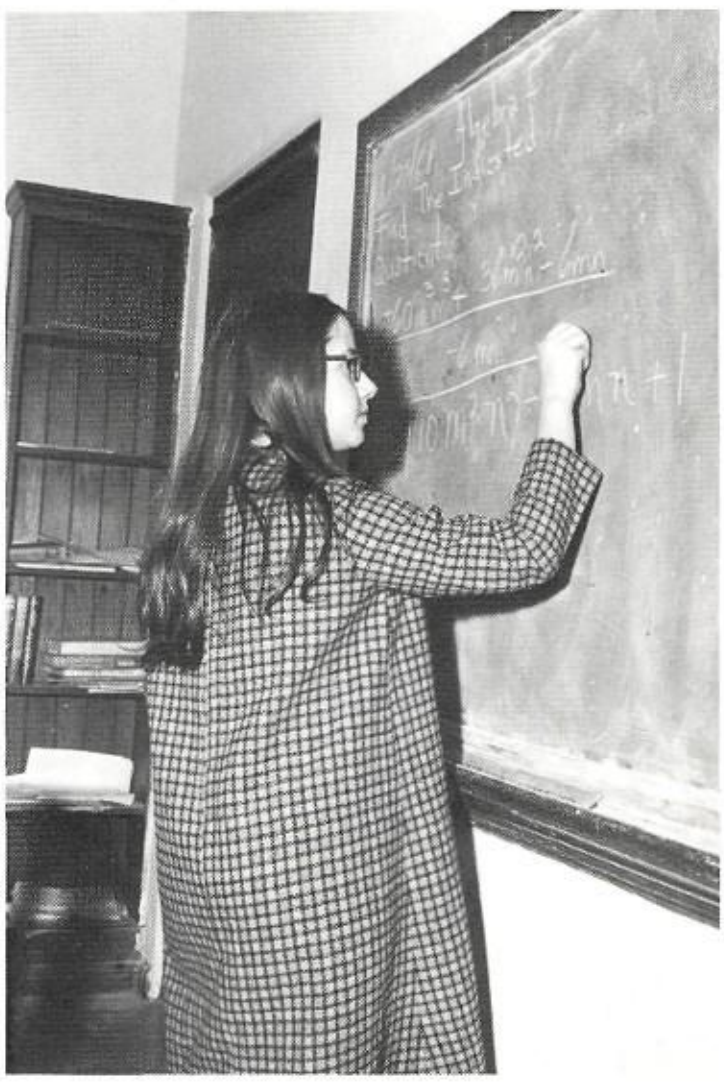
General Math, which may be termed mathematics for the practical man, is a course of basic skills in the fundamentals of arithmetic.

The course includes everyday math, number systems, elementary algebra, and geometry.

Miss Patsy Griffith works a workbook example problem for Ann Childress.

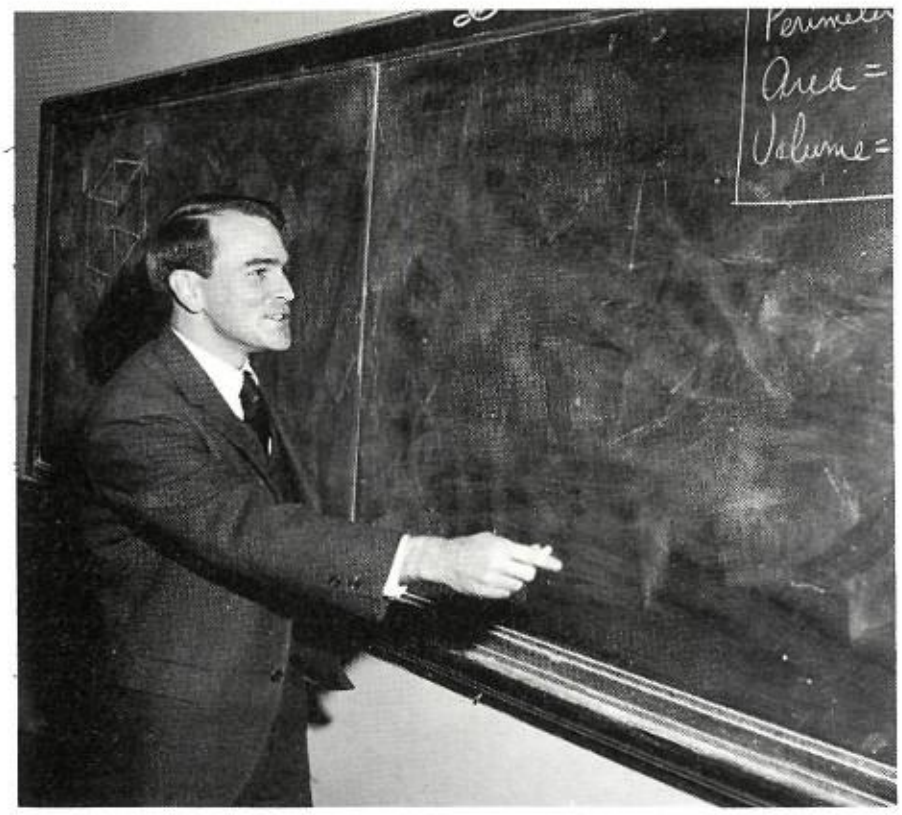
Neither Mr. Nick Nikapour, general math teacher, nor Bo Terry can seem to find the puzzling mistake.

Students work to complete the day's assignment.



Even sophomores can do math, as Shiela Williams shows.

General Math Provides Firm Background



Explaining the fundamentals of general math is Mr. Jerry Huddleston.

A former Wildcat student Mrs. Dorothy Orahood types a test for her general math classes.

Mrs. Betty Suva grades the math tests of her students.

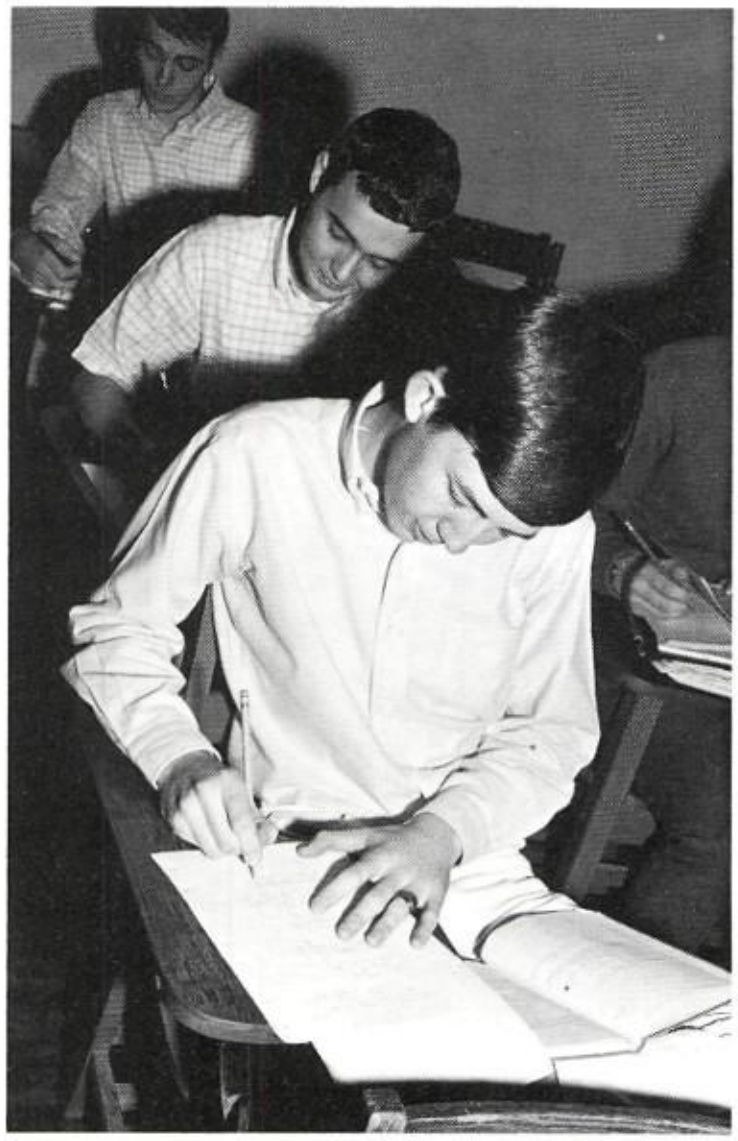
Wildcat students find that mathematics can be interesting after all.

Advanced Math Intrigues Searching Minds

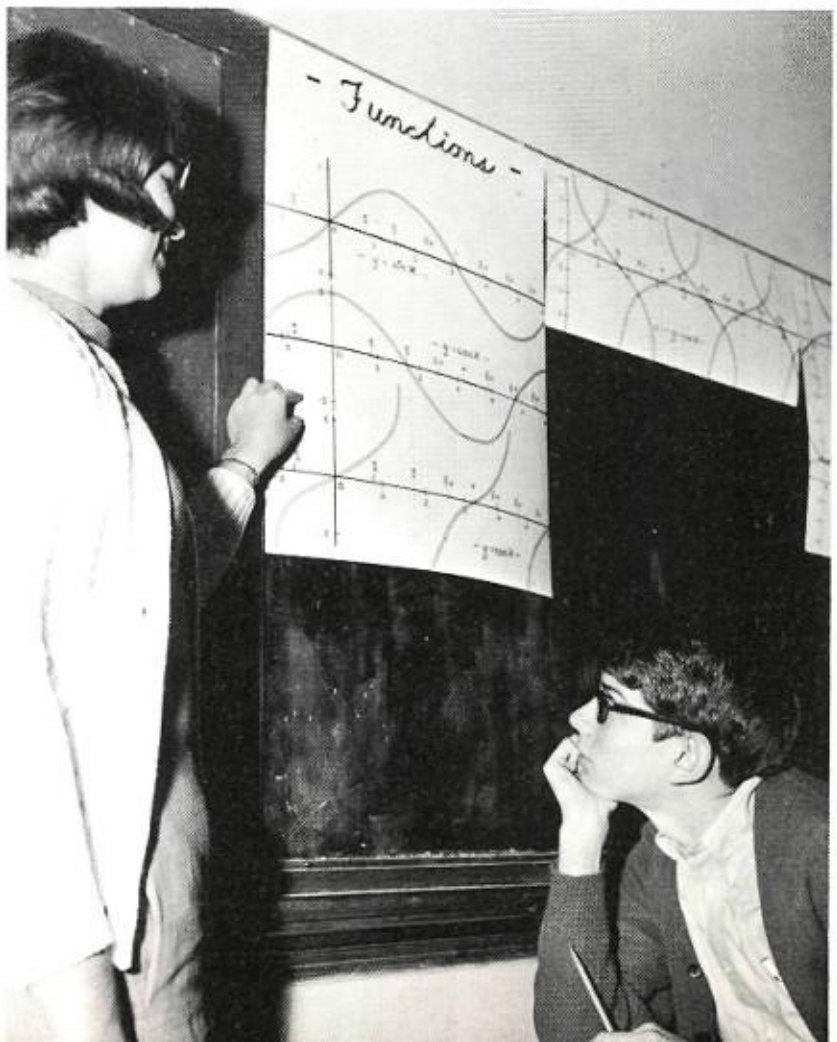
The knowledge gained through advanced math presents a student well versed in mathematical procedures and well indoctrinated with valuable foundations for the future. Introductory mathematical analysis encourages the student to do independent research in search of solutions to complicated equations. Trigonometry emphasises the relations of a triangle with its corresponding parts. Calculus challenges the students to find the methods of reasoning by computation and symbols.

Math analysis students present their original formula for devising antilogarithms.

Mrs. Helen Weeks teaches advanced math classes in the form of trigonometry, math, analysis, and calculus.



Ronnie Hughes struggles to find an acceptable answer to his homework.



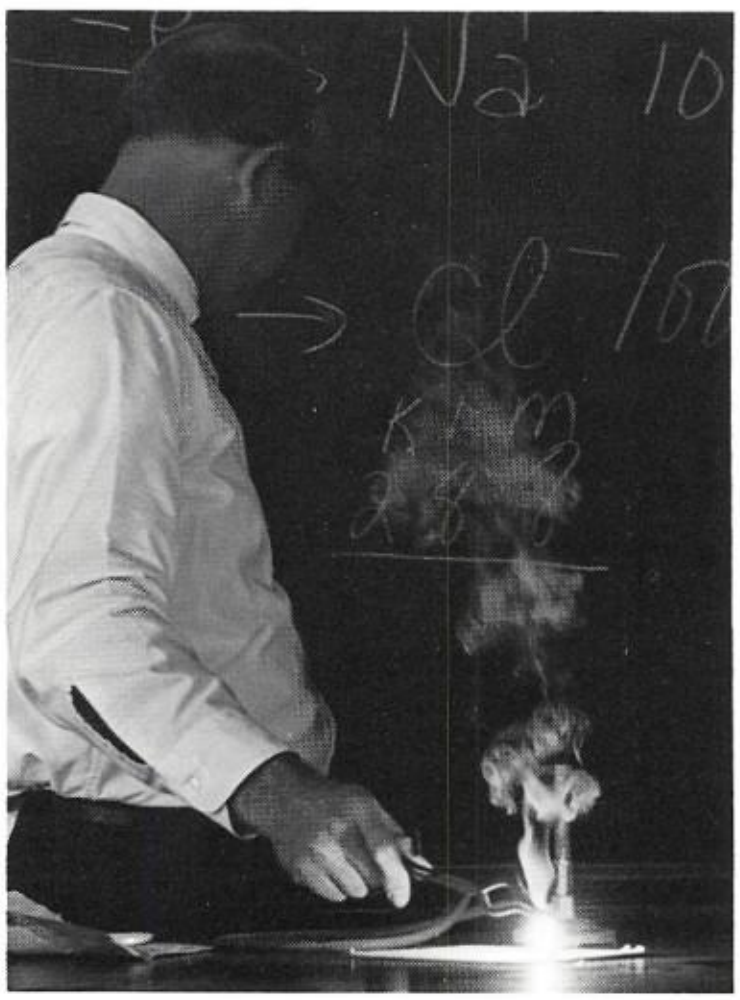
Pointing out the various use of functions to David Henry is Lenita Thibault.

Science Offers Explanation Of Life

The many phases of education that compose Science offer the explanations of life, death, disease, and growth. Plants, minerals, and animals are explored to answer the burning questions "How and why?".

There is the excitement or fresh discovery, the discouragement of a failure, the endless note taking, the research--the dynamic search for answers.

The science curriculum at NLRHS is designed to both educate and enlighten the questing mind--to make our world a better and more enjoyable place in which to live.



Amateur Scientists Explore Realm of Physics

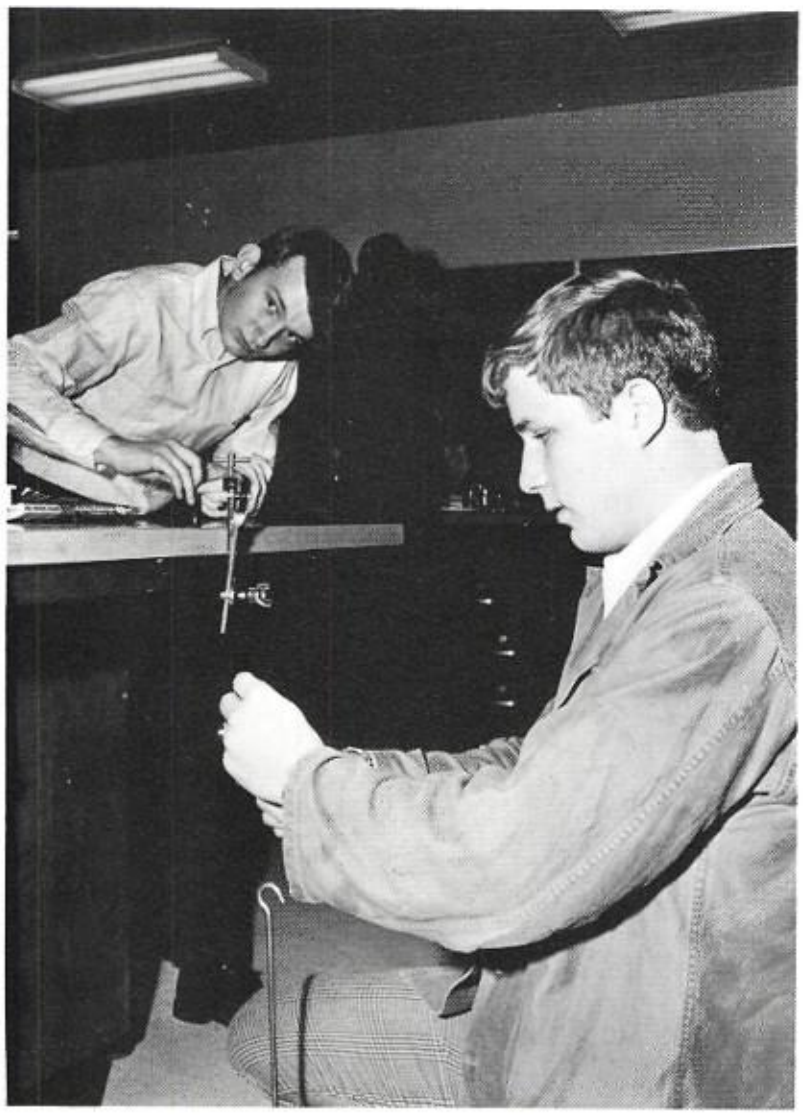
The most advanced science at NLRHS, Physics offers students a chance to be introduced into various aspects of the laboratory, using principles learned in mathematics and chemistry.

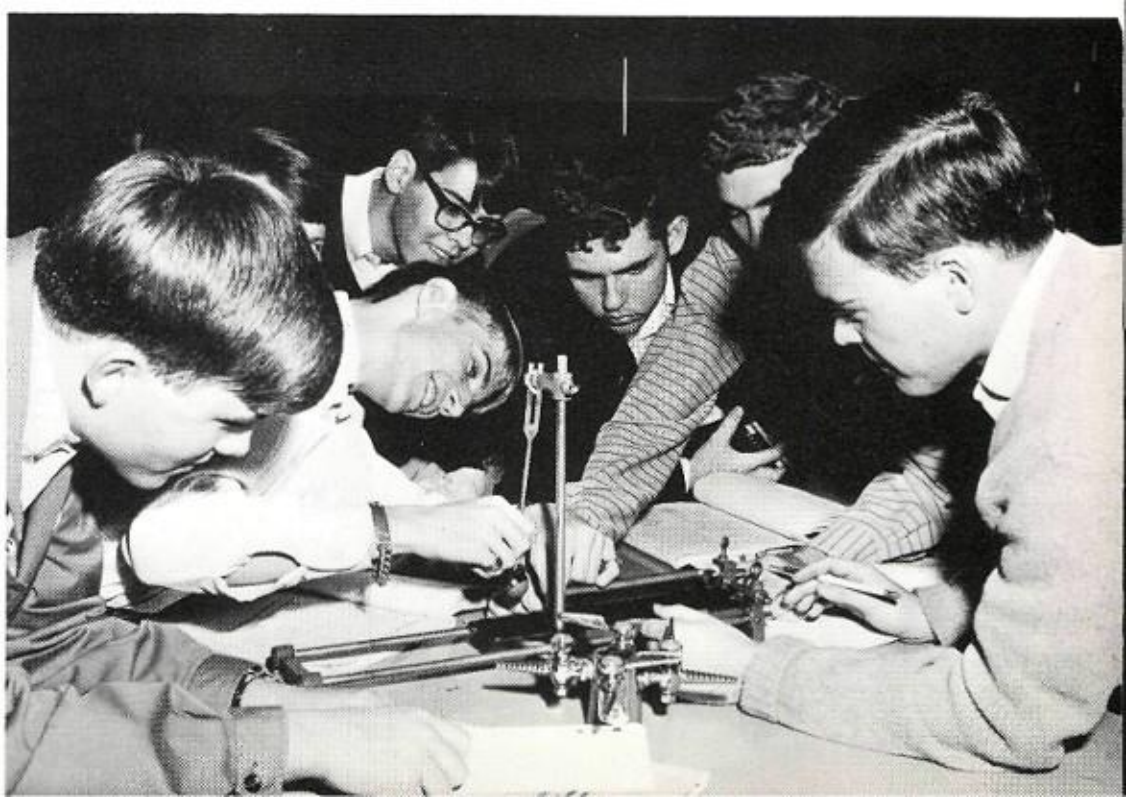
Student scientists enjoy their brand new laboratory as they learn the physical and chemical make-up of various elements of the earth along with the laws of gravity and relativity.

Mrs. James Taylor, physics instructor and chairman of the science department, executes a physics experiment.

David Henry and Joe Kuonen conduct an experiment with magnetism.

Bill Smiley and Mike Russ prepare to test the new physics equipment.





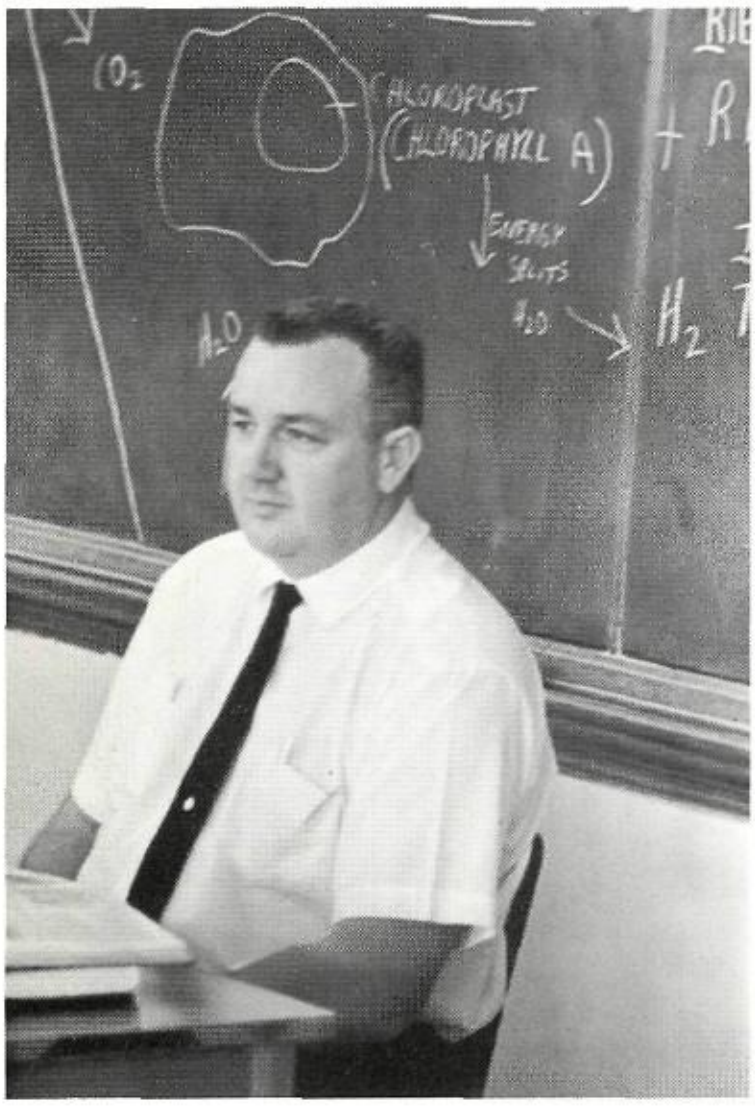
Physics students find the instrument of science to be fascinating.

Mrs. Mary Emma Hess demonstrates the correct technique to Kathy McMillin.

Biology Investigates Microscopic World

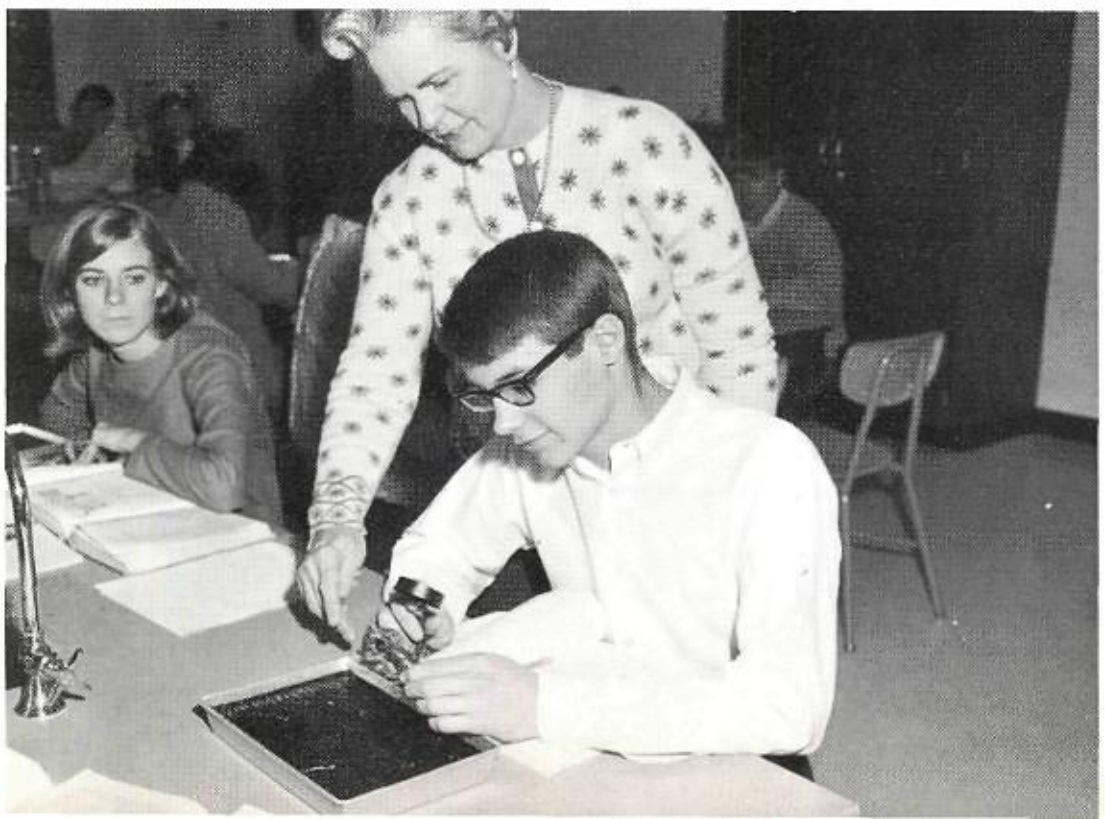
Biology is the study of plants and animals. The course deals with the classification, anatomy, physiology, and relationship to each other.

Use of the microscopic, collections, dissection and laboratory experiments are put to use in the classrooms of plain and accelerated biology.



Mr. D. H. Manson lectures to his class on the make-up of algae.

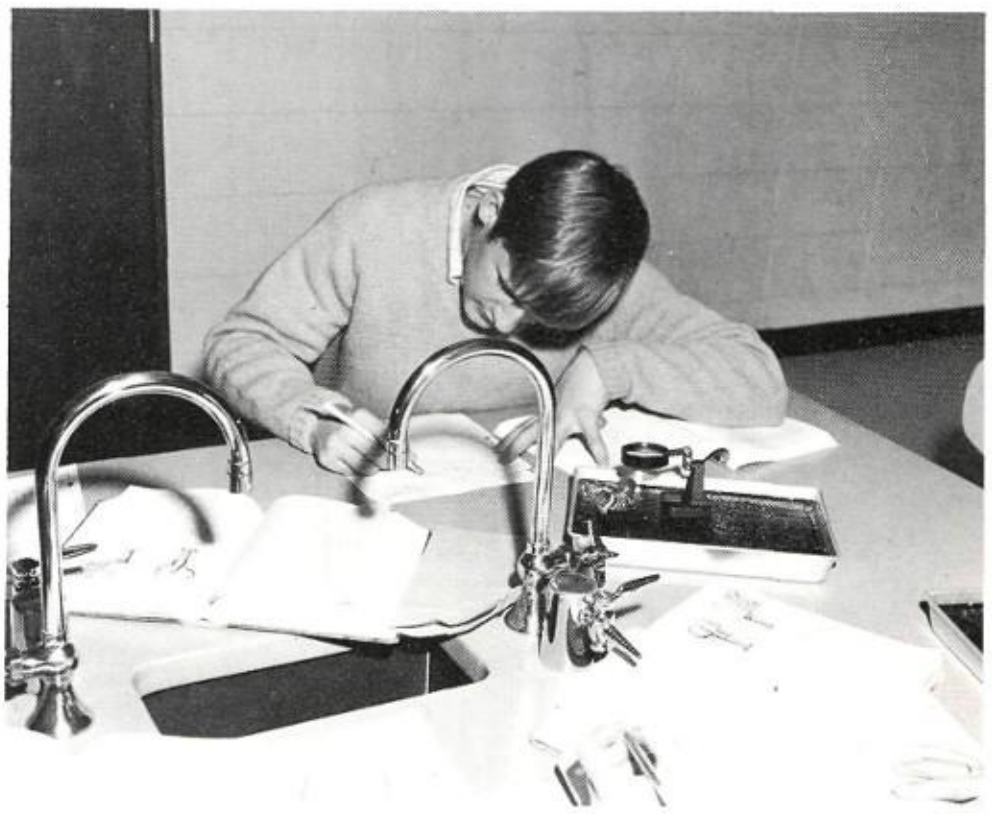
Don Brown, Wendy O'Cain, and Steve Roston take a look at some sample specimans.



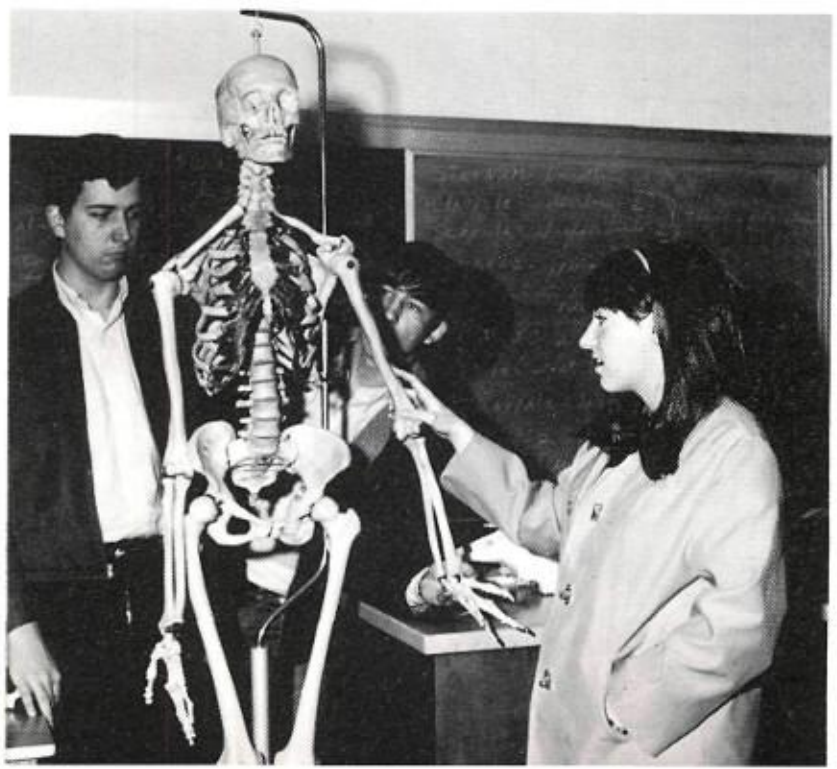
Examining a crayfish, sophomore Danny Hankins is assisted by Mrs. Mary Emma Hess.

Pointing out the structure of an atom to his biology students is Mr. Jon Robins.

Dennis Campbell works diligently to answer the biological questions of a crawfish.



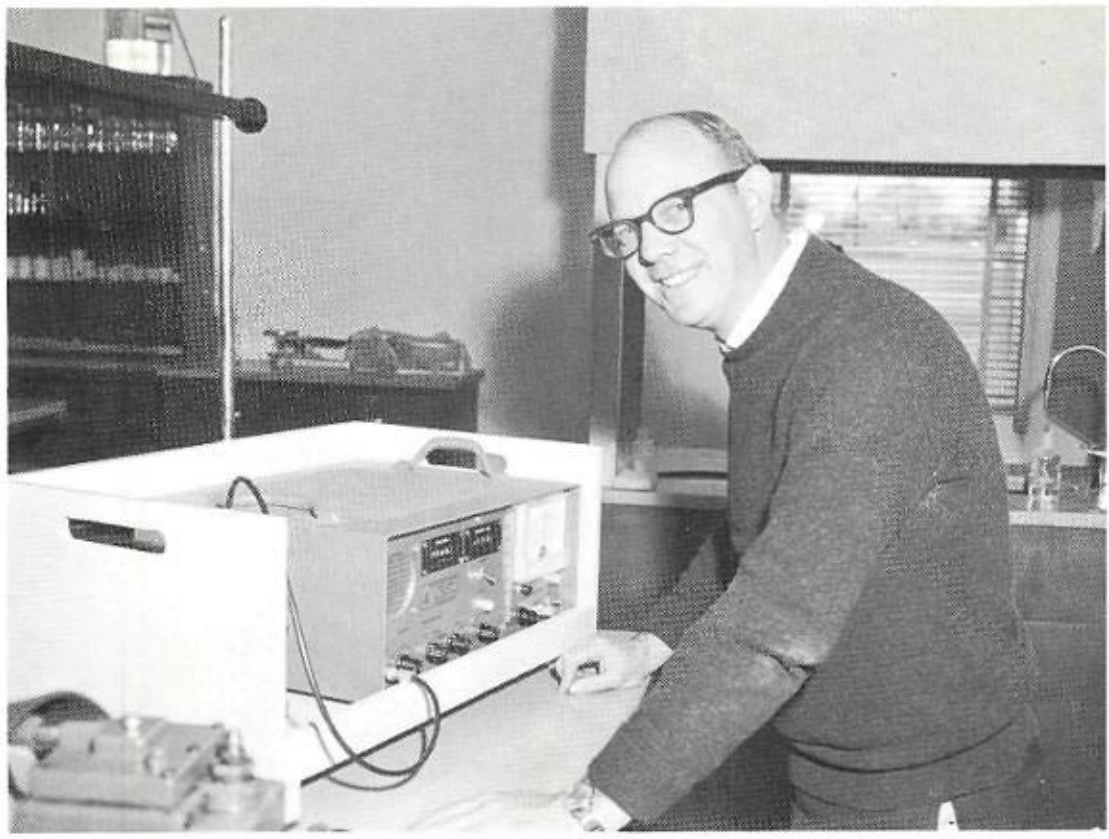
Discussing the anatomy of the human body are Gayle Woods and Sally McGee. . . . . .Using the skeleton, sophomore Gail Endsley points out the function of the humerous bone.



Miss Mary E. Law teaches classes of both biology and life science.

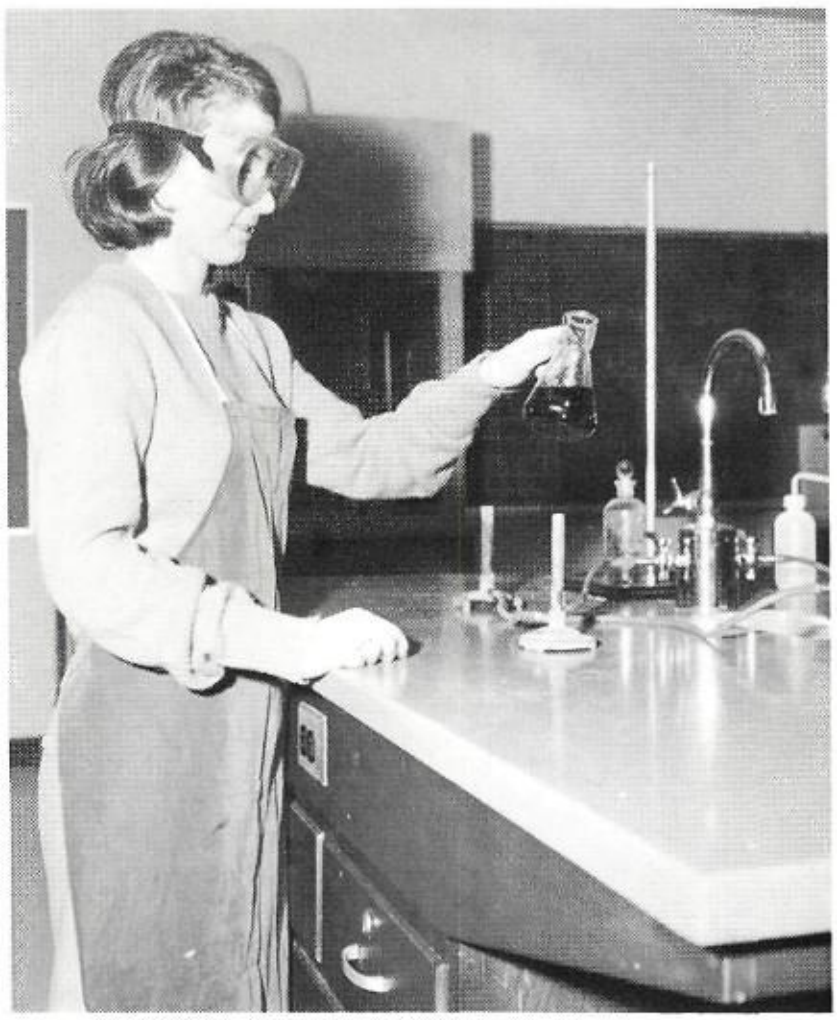
Chemistry Opens Door To Age of Tomorrow

Chemistry students daily explore the substance of life, ably directed by Mr. Jack Ward. In both the classroom and the laboratory the students discover the elements that compose the earth and universe. These students experiment with chemicals of all grades using their new equipment and facilities of the science building.

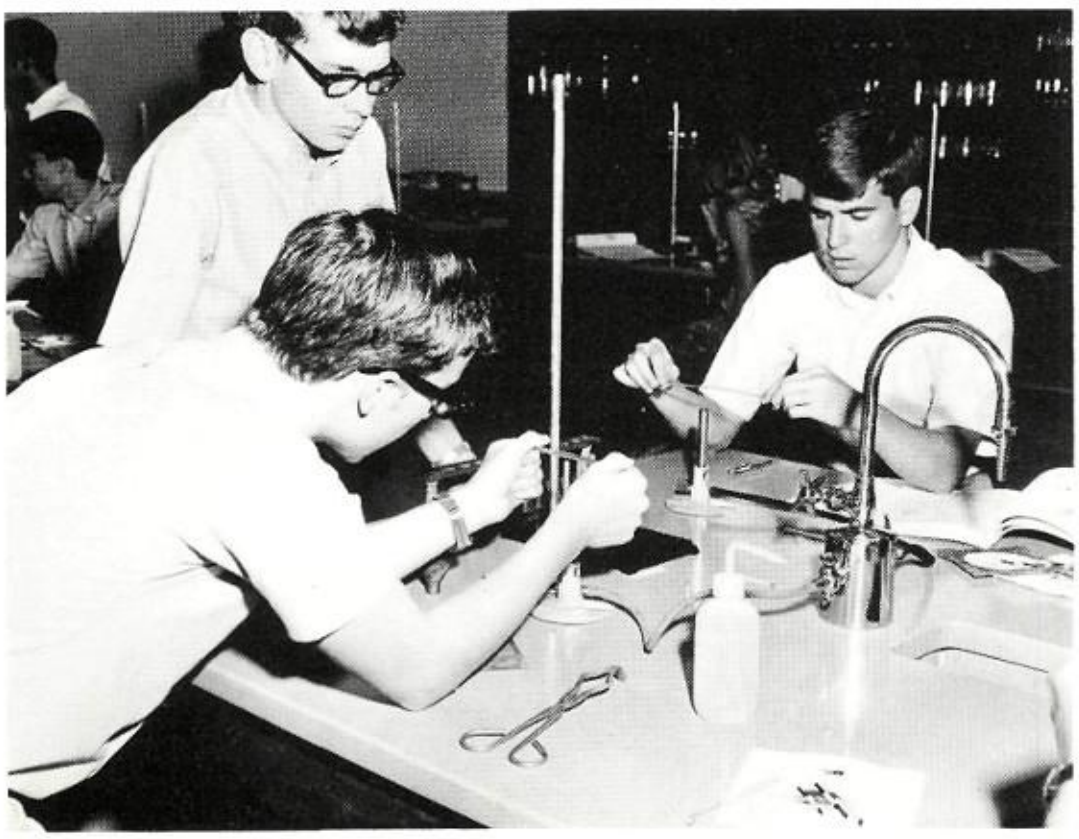


Mr. Jack Ward, the chemistry instructor, explains the use of a radiation counter

Chemistry students make full use of the new lab.



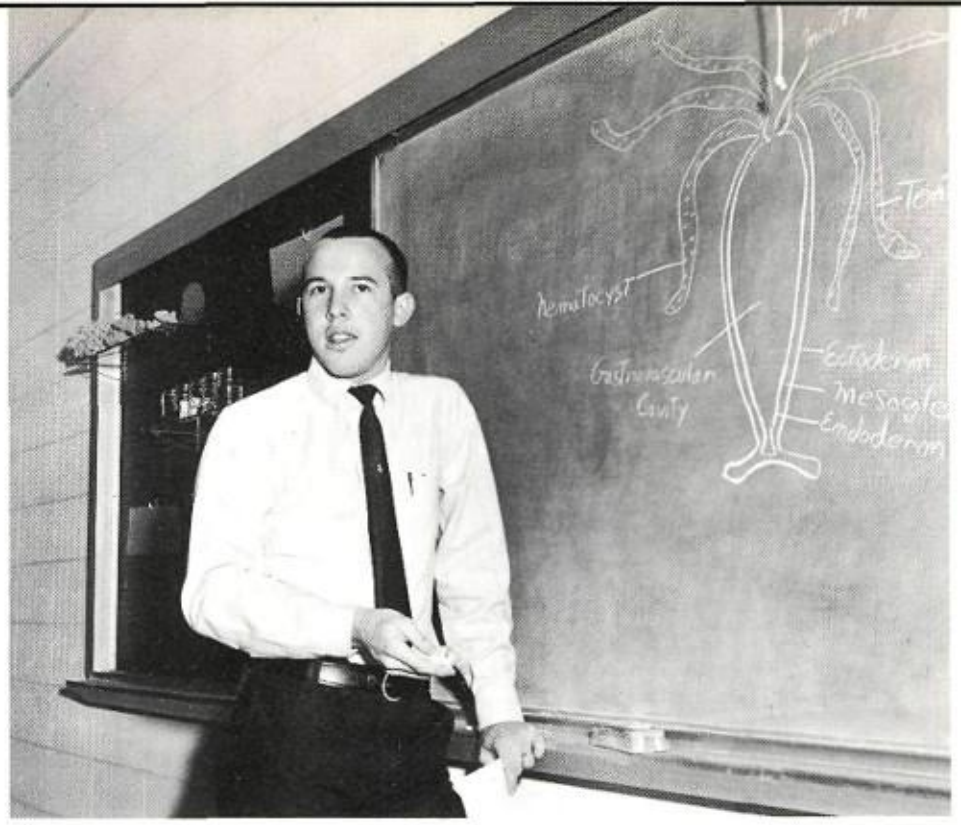
Glenette Bowman takes the role of the "mad scientist".



The perplexities of chemistry baffle the students.

Life Science Adds New Meaning To Life

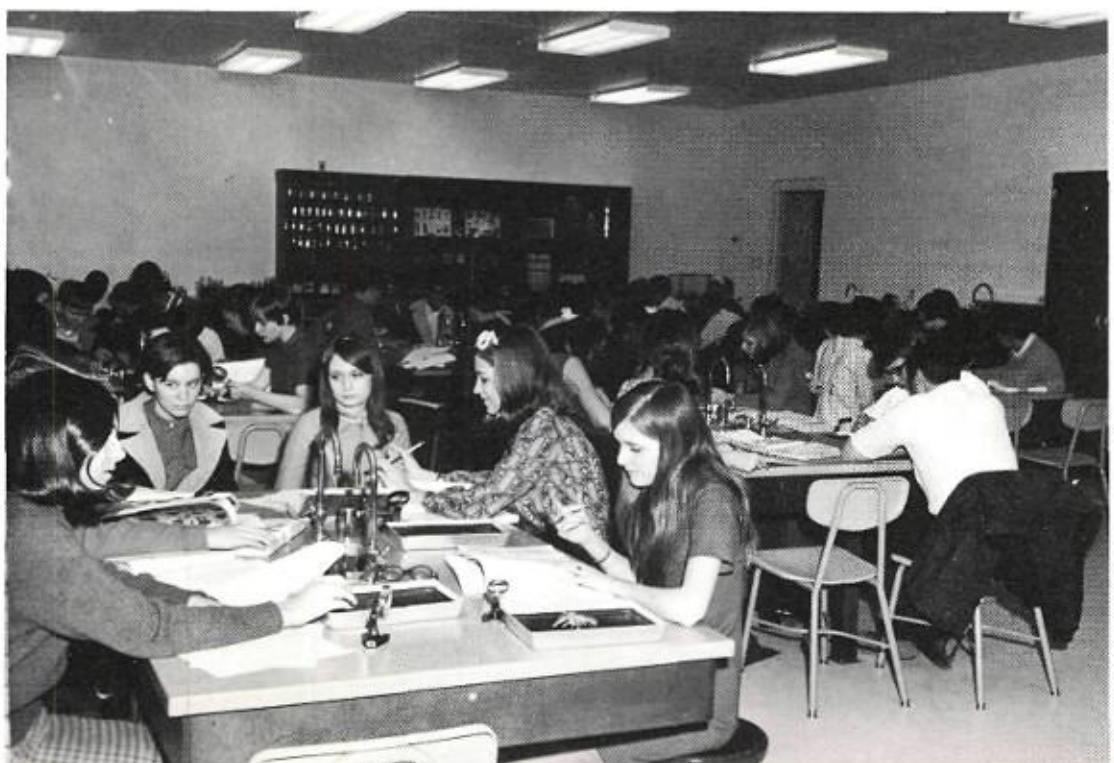
Life science is a study of all living things, both plant and animal, unicellular and multicellular; their structure and composition and also their relationship to their environment as a whole. The basic laws of life are fully presented. This course helps one to understand himself better and helps one to be able to adjust to his surroundings.



Mr. Bill Bounds sketches an illustration of a hydra for his life science students.

Life and unified science teacher, Mr. Doug Moore, explains the first stages of human embryo.

Former N.L.R. cheerleader, Miss Joy Phillips, now teaches life science at her alma mater.



Science students find the laboratory to be a fascinating adventure into the meaning of life.

Fine Arts Instruct Through Rich Heritage

The modern world shall always be indebted to the Greeks for their appreciation and refinement of the fine arts. The ancient Greeks were the first culture to give depth and dimension to the graphic arts. The western world still marvels at the beauty and grace of the human form as captured by classical sculpture. It was Keats who wrote of the timeless beauty of the Grecian Urn.

The Greek tragedies of Sophocles and Euripedes reveal ageless truths about man's relationships with other men. The innovation of masks to be used in drama has made the name of Thespius known to centuries of theater patrons. The simple, enchanting notes of the Greek shephards played upon their lutes and lyres have developed into the musical masterpieces that man enjoys today.

With this heritage behind them, the Fine Arts Department is designed to give creative students a chance to expand their talents. Under the guidance of trained and competent instructors gifted students learn the intricasies and possibilities of their field. In this way students receive a well-rounded education with a viewpoint from which they can better appreciate the beauty of life.

Art Arouses Rare Talents

NLRHS offers basic techniques and fundamentals of art to the first-year students, while the second-year participants engage in works of their own creations, expressing their abilities in such fields as water colors, oils, pastels, and charcoal.

This year NLRHS Art students have participated in various art shows and worked making a mural for Chamber of Commerce for its annual banquet.

Mike Ellis and Cherece Athy display their talents in oils and pen and ink.

Mrs. Searcy Thompson, veteran art teacher on Wildcat Hill, has enjoyed seeing many of her students go on to professional work.

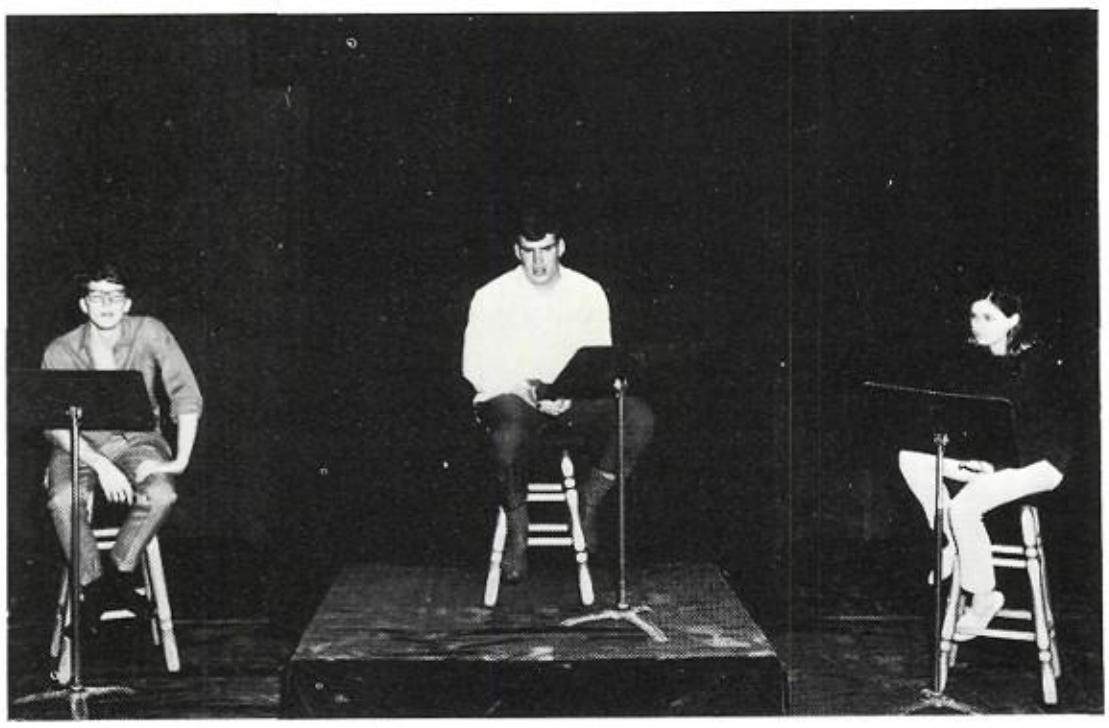
As one of the Art Club's yearly projects, the trophy case windows are decorated with colorful Christmas scenes.

Officers for the 1967-68 Art Club are Vivian Ketcher, Treasurer; Holly Hamlett, Secretary; Pam Mask, President; and Jan Masters, Vice-President.

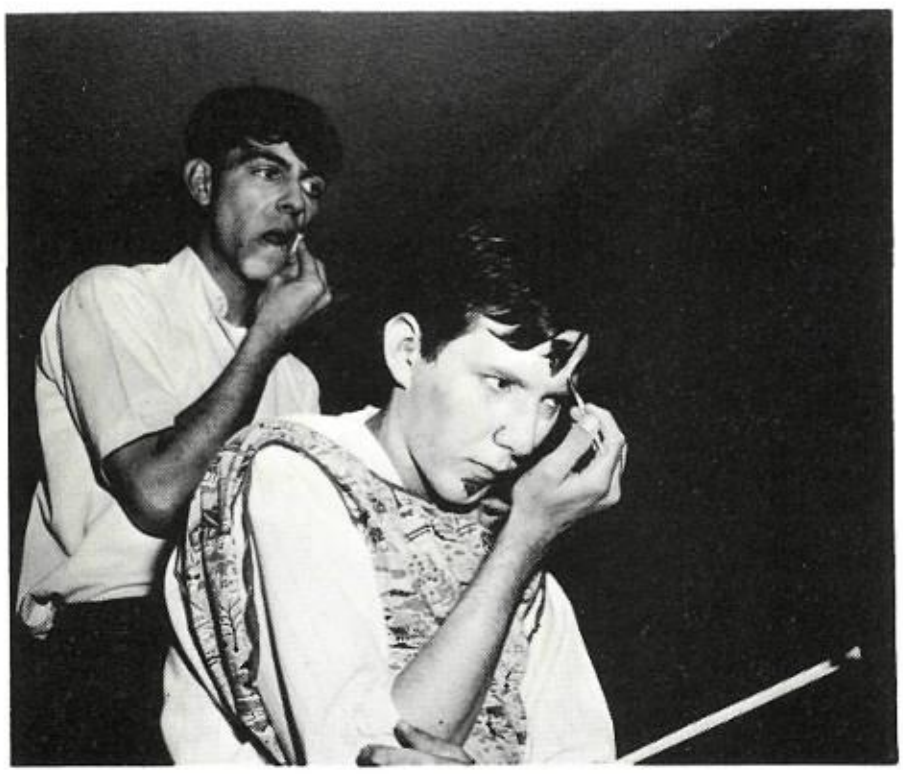
Drama Provides Release for Creative Growth

True drama began with the Greeks and this creative art has continued to be studied for nearly three thousand years. The purpose of the drama classes at NLRHS is to give each student the background and mechanics of the theater. Under the direction of Mrs. Dona Heil, drama students have performed a wide range of scenes from theater literature. This not only acquaints the student with valuable knowledge, but prepares them for serious stage productions.

Mary Pat Norman and Bruce Firestone cavort in Thurber's Fables.



Ray Branton, Norman Snow and Mary Pat Norman emote in Thespian sponsored poetry reading.



Ken Pollack and David Edwards prepare make-up for "Liliom."

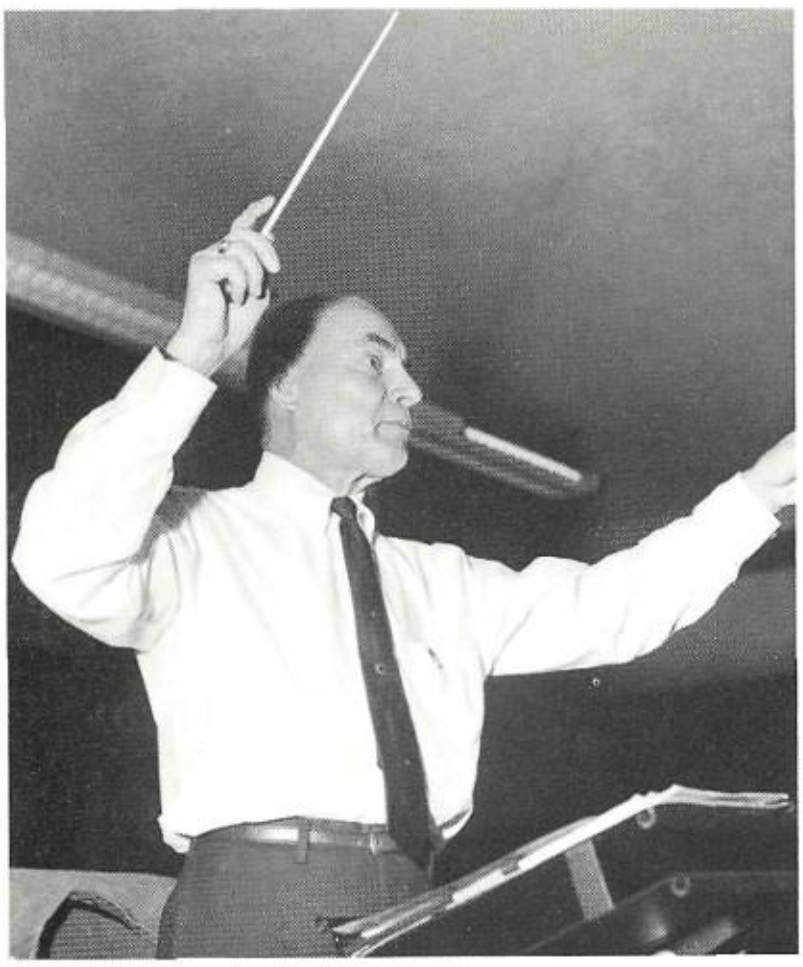
Edgar Cox is trapped between Jaci Duke and Karyn Walker in scene from "A Beggar's Opera."

Firestone finds the foibles and follies of Thurber's Fables.

Norman Snow makes histrionic gesture in interpretation from Baudelaire.

Mrs. Dona Heil supervises David Edwards' make-up for "Liliom."

Mrs. Heil lectures to drama class on make-up technique, Judy Williams is the willing model.



Music Makers Boost Spirit

NLRHS has every reason to be proud of its instrumental music department, for it is recognized the country over for its prowess and amazing ability.

Be it at a concert, pep rally, or game, these dedicated musicians create.

Mr. Raymond Brandon and Mr. Eldon White lift batons to direct the band. Mr. Brandon is chairman of the Fine Arts department.

The Wildcat band spells greatness on both field and stage.

Pep Band Contributes to Wildcat spirit at games and assemblies.

Choir Develops Talents

The '67-'68 Concert Choir attained a standard of excellence rarely achieved by any choir ever at NLRHS.

Mrs. Elizabeth Bickford, accompanist for the Concert Choir, is the co-director of Choral Music.

Mr. Clarence S. White is director of the Choral Music Department.

Many rehearsals create near-perfect presentations.

Girls' Trio and Boys' Quartet entertain at many Wildcat functions.

Commercial Arts Teach Business Skills

A scene typical of an ancient Greek market place might show a merchant conducting his business with several slaves behind him noting transactions, making notes, and keeping account of money.

The modern office worker might not be a slave, but her duties resemble those of the clerical slave of ancient Greece. Today's business world is infinitely more complex; and a secretary or clerk needs more complex skills to work efficiently.

For this reason, many modern students try to gain all the business skills possible before leaving high school.

Business Skills Give New Insight

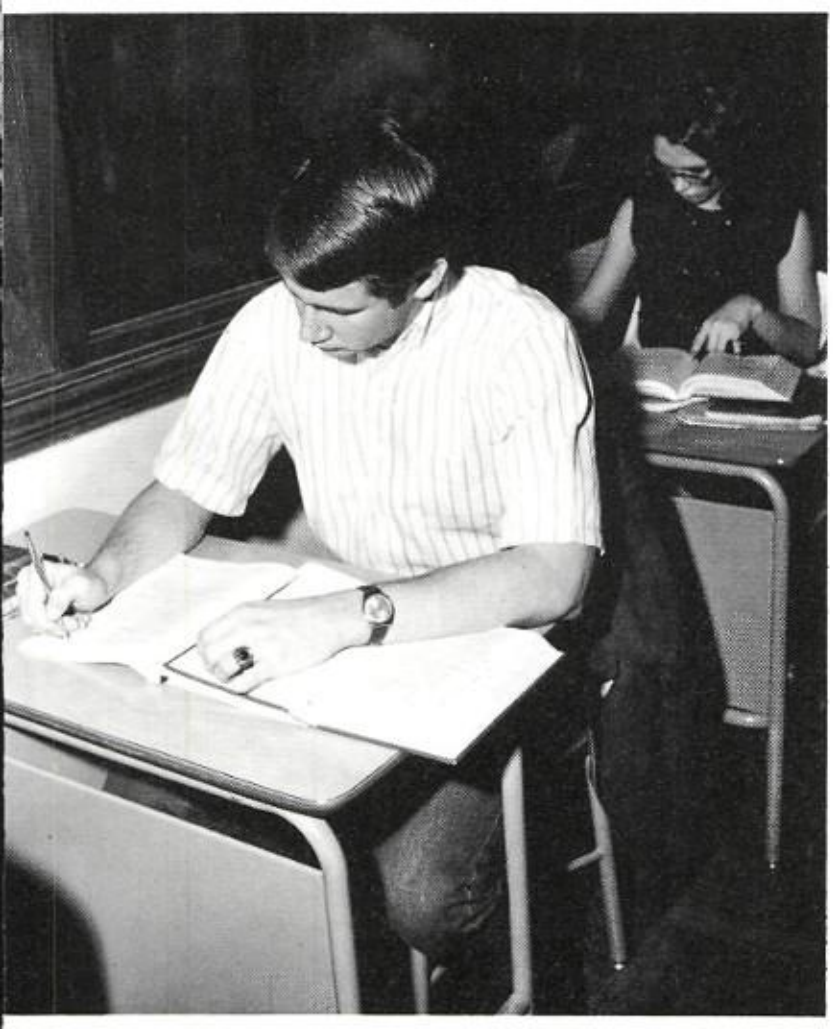
Training in the business skills introduces students to the vocational skills involved in routine clerical work. In bookkeeping students learn the functions performed by business and are given clerical tasks through workbooks containing such forms as checks, bank statements, and cash records. Various bookkeeping cycles are developed in the basic form through practice sets.

Business principles and business law are combined courses to give meaning to the completeness of common place legal activities. A study of contracts, debtors, insurance, property and bailment help the students gain an understanding of our legal system. Business principles is also designed to give an understanding of the basic fundamentals of American business through a study of operations and management.

Miss Phyllis Hickey teaches business principles and business law to juniors and seniors.

Bookkeeping presents a challenge to Shelly English.

Stan Shults checks over his homework to find his mistake.

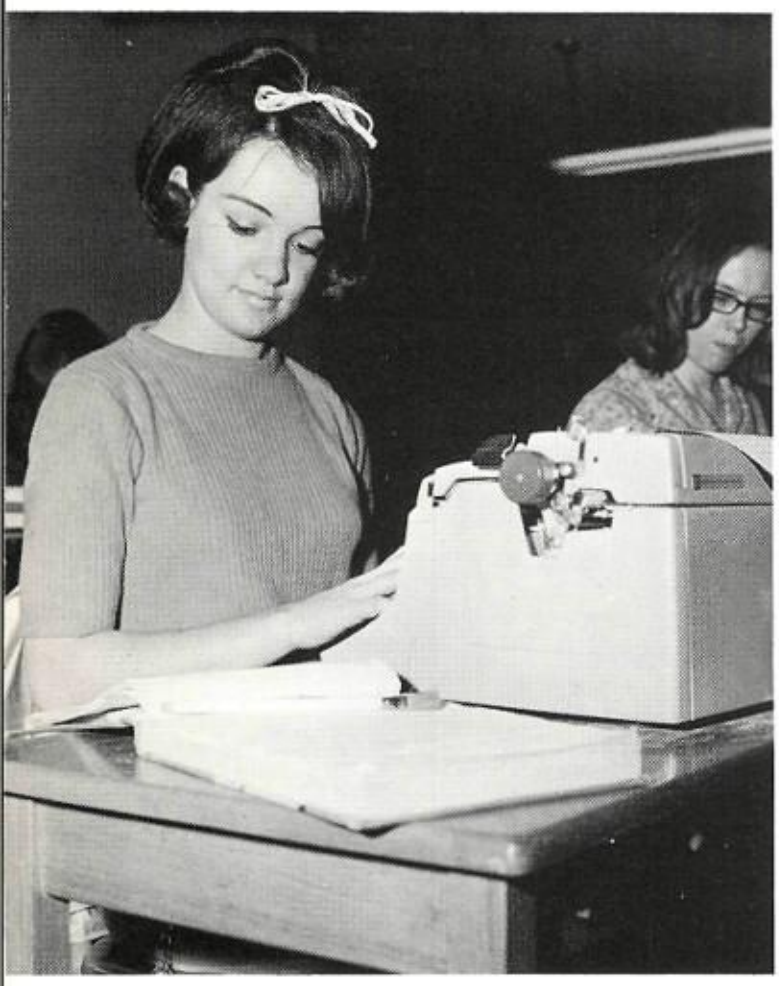


Bookkeeping and business training teacher, Mrs. Mary Louise Schmidt, explains debits and credits to her students.

Commercial Arts

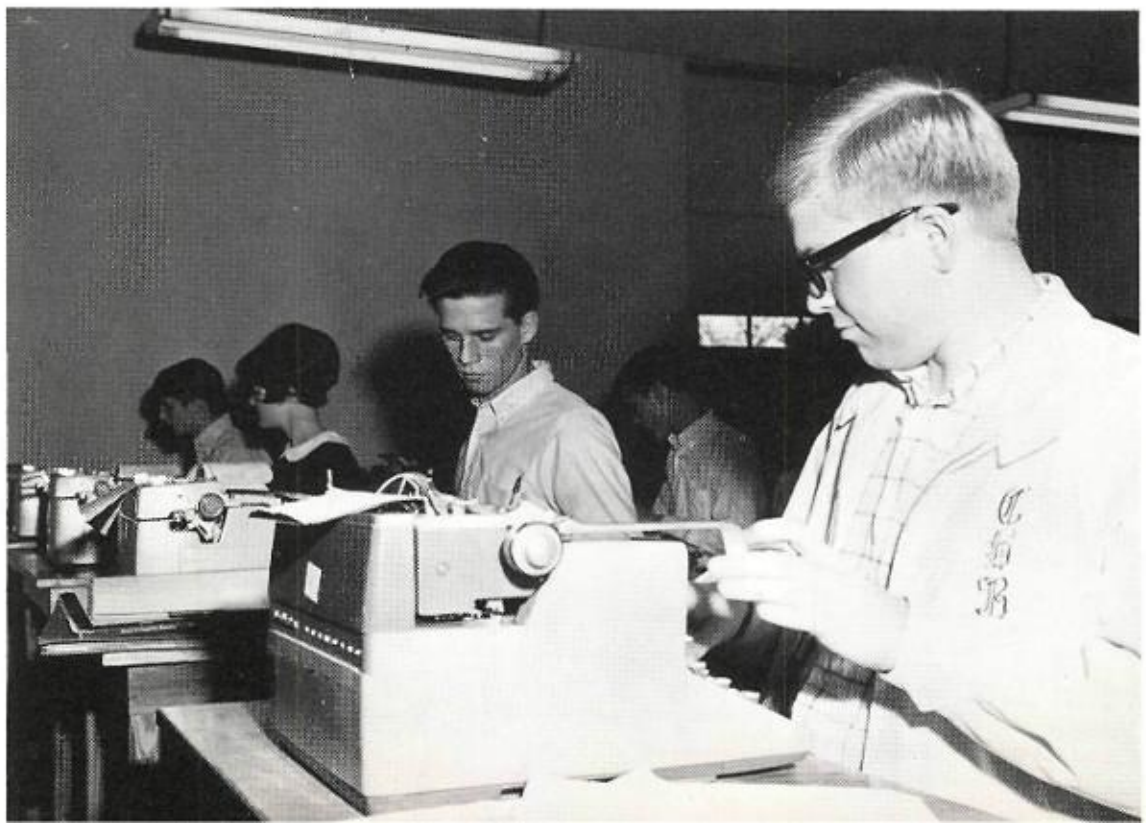
Explaining how to set the margins to Betty Andrews is Mrs. W. .W. Miller, typewriting teacher, and head of the commercial department.

Mrs. Patricia Donahey grades the weekly assignments of her typing students.



Karen Kail works diligently to complete her last week's assignment.

Charles Blanchard learns that it really is harder for boys to type.



Perfect Business Skills

Commercial arts prepare students to build a pathway into the business world and give new techniques to help them along.

Typewriting presents a comprehensive course which emphasizes speed and accuracy of production. It offers skills of the machine, centering, business letters and forms, and legal forms.

Shorthand builds skills in the study of brief forms, phrases, word beginnings and endings and the principles of spelling, punctuation, vocabulary and grammar.

Office practice provides a simulated routine office experience to train students with the working knowledge of machines. Areas of study include typewriting, filing, adding machines, calculators and dictaphone transcription.

A combination of advanced shorthand and secretarial techniques increases the students' skills and helps to develop a keen knowledge of business customs, procedures and etiquette.

Mrs. Phyllis Fisher prepares students to enter the business world in her office practice classes.

Shorthand I teacher Mrs. Vertie Baxley teaches students to build their skills in taking dictation.

Helping Pam White set the margins is Mrs. Mary E. Hendrickson, typewriting, shorthand II and secretarial techniques teacher.

Practical Arts Guide Students In Old and New Skills

In 594 B.C., the city of Athens required every man to teach his son a trade. Today, in 1968 A.D., it is just as necessary for every man to be a productive part of society.

In ancient Greece, tanners, smiths, potters, and builders made up the majority of the crafts. The complex world of today requires many new skills: the knowledge of electricity, the ability to understand the power machines of transportation, the skill that controls the machines that build today's freeways and bridges and skyscrapers.

The crafts have changed; but the fact that society depends upon the workers, craftsmen, and laborers remains true.

And today as in Grecian times, man is still the provider for the family but depends on the woman to take care of his home. Even before Grecian times, woman's duty was to prepare the meal and rear the children.

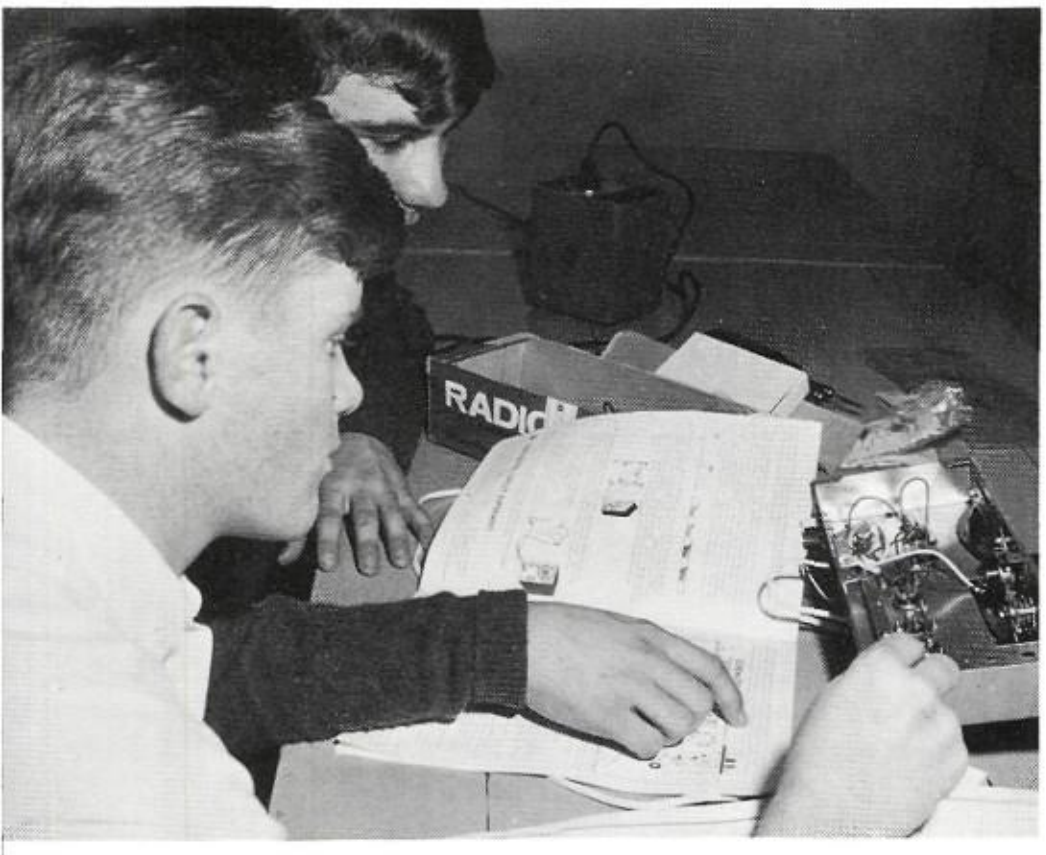
Many modern women still possess these homemaking instincts, and classes in Home Economics help them to perform homemaking tasks in a more efficient manner.

Electronics and Mechanical Drawing Prepare Tradesmen

Mechanical drawing, an industrial arts course, offers the student an opportunity to explore the different areas of drafting used in our industrial society.

Electronics consists of laboratory work and lecture classes. Prepared by the training of this course, students may go on to become engineers, technologists, architects, and draftsmen.

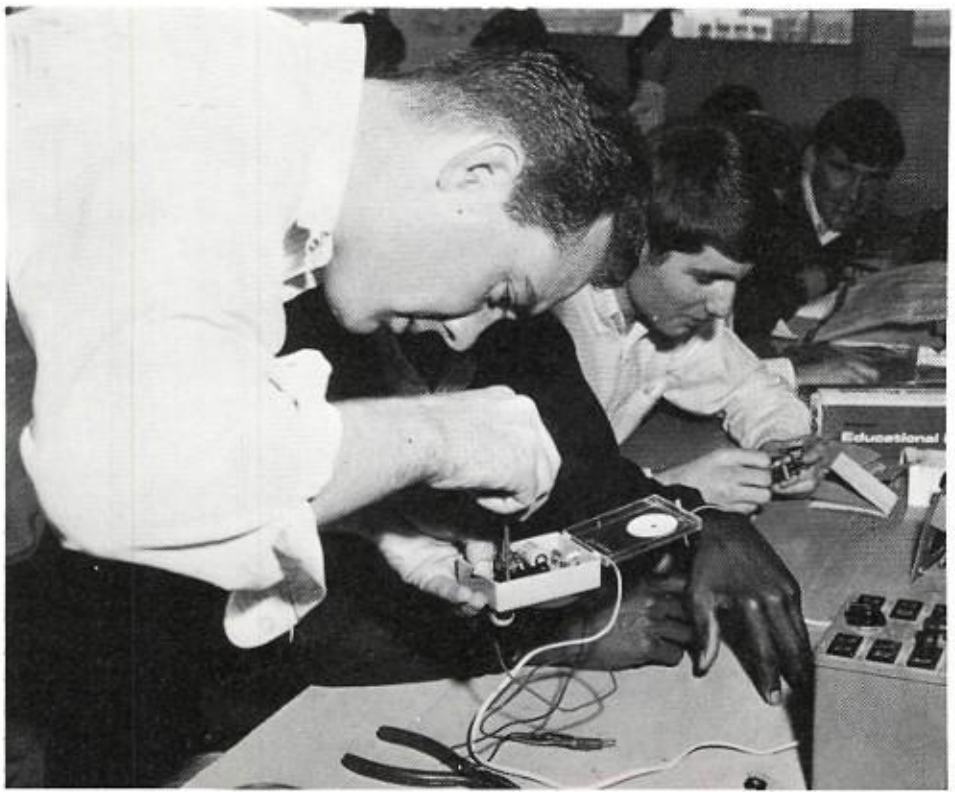
Ronnie Winkler goes strictly by the book while wiring.



Mr. Lonnie Johnston, mechanical drawing teacher, helps Kathy Williams.

Even girls can learn to be draftsmen, as Diann Hall demonstrates.

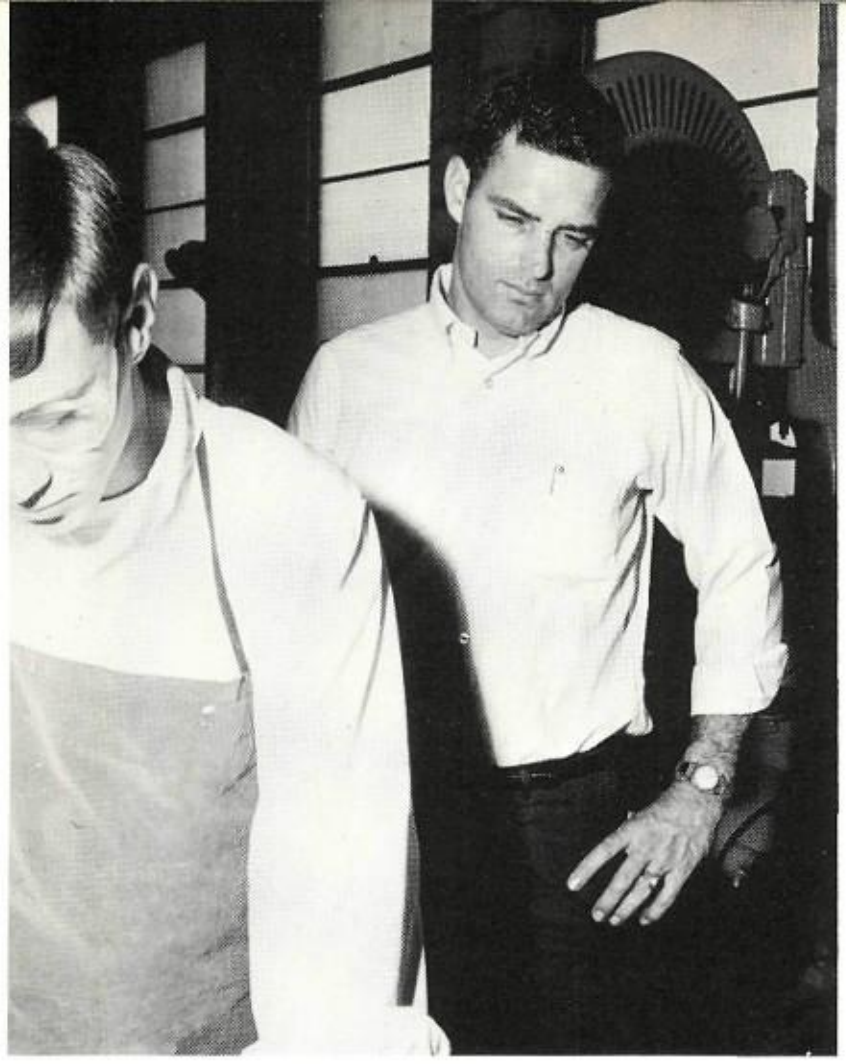
Electronics can be very intriguing as Mr. Dale Grady helps a student.



Vocational Arts

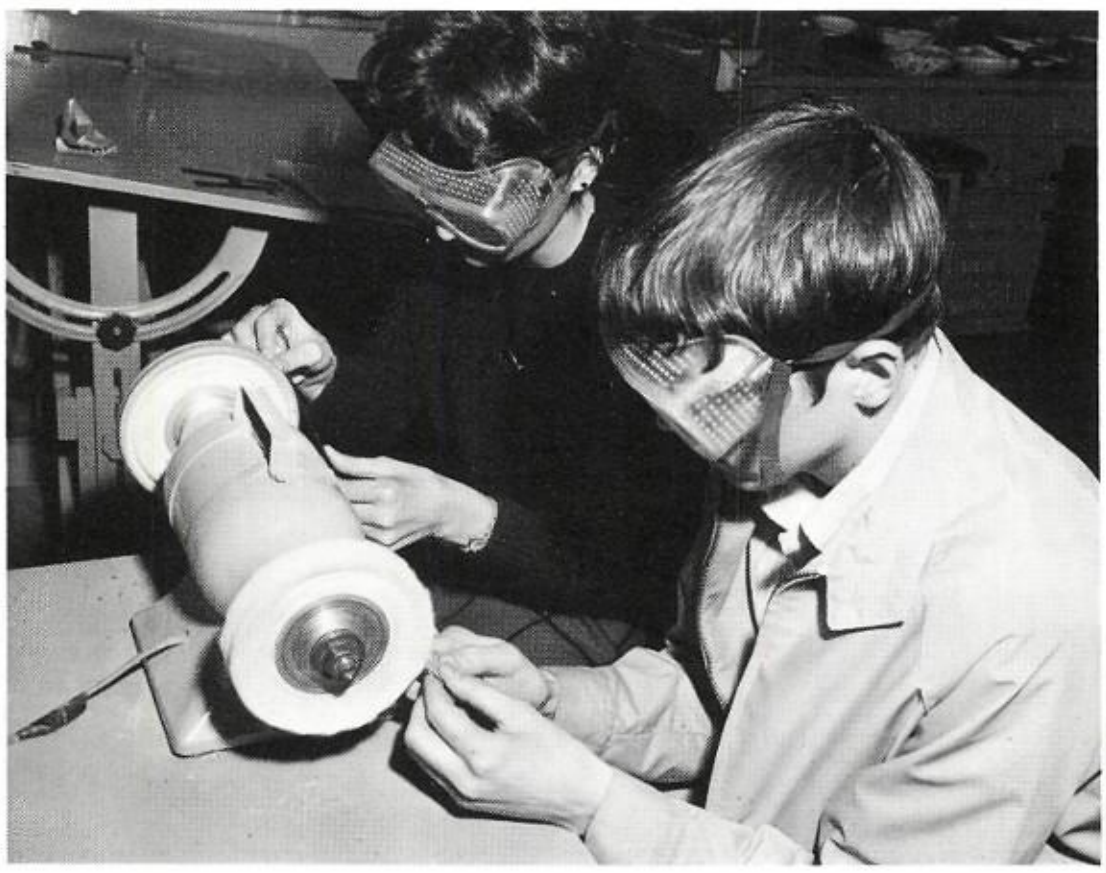
With a great need for skilled technicians existing in the United States today industrial and vocational education and training has become very important. Students may enroll in woodworking, auto mechanics, machine shop, and crafts.

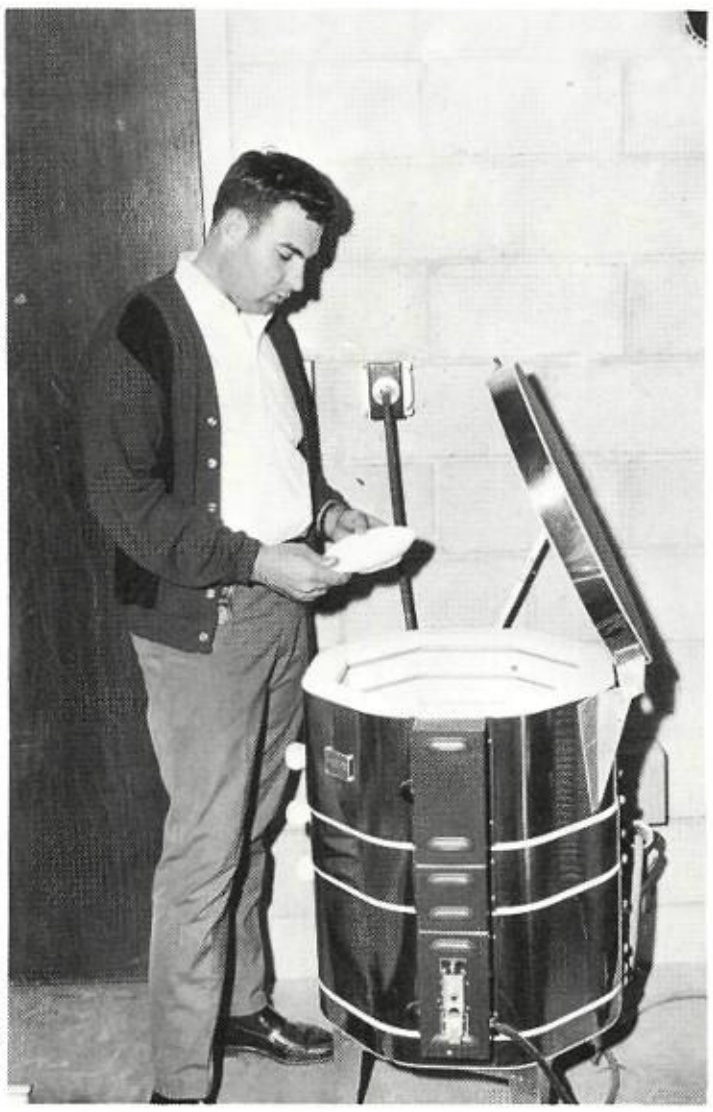
Crafts consists of five fields of work: plastics, leather-working, ceramics, printing, and home appliance repair. Each student has an opportunity to complete required projects in each field.



Techniques in woodworking are learned by senior Henry Corpier, while Mr. A. J. Robertson watches.

As shown here, it is not unusual for both sexes to be seen in crafts.





Mr. Neal Johnson, crafts instructor, examines an ashtray before putting it in the kiln.

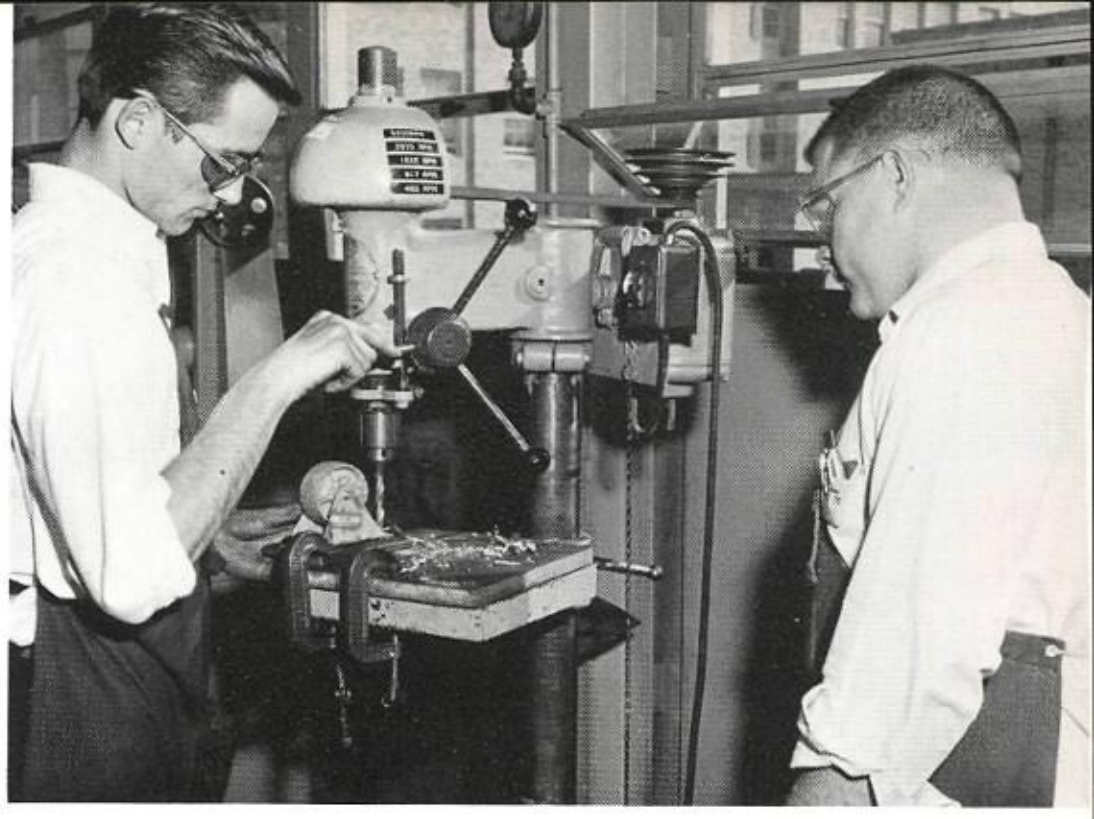
Shaping a board, Ernie Chastain learns the fundamentals of woodworking.

Build for Future

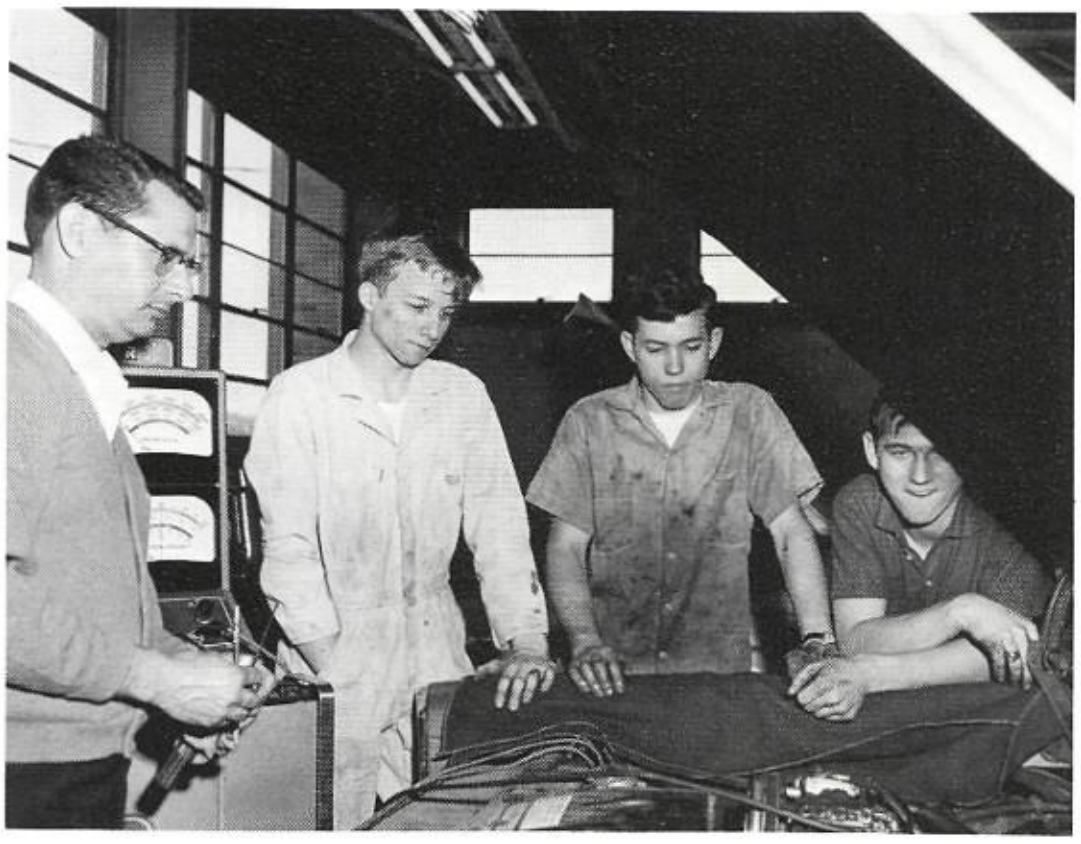
Woodworking is a course designed to familiarize the student with the basic techniques and skills of woodworking. Use of hand tools and hand processes provide extensive experience.

A two-year course, auto mechanics teaches the basic operation and principles of the automobile. "On the job" training is provided as the student works on automobiles during class.

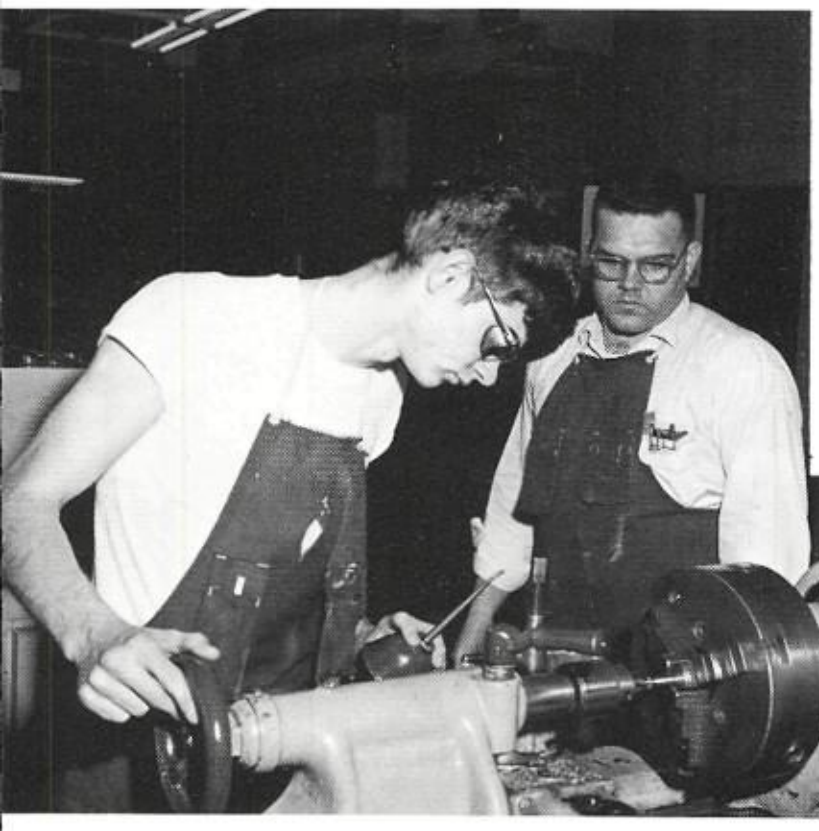
Machine Shop is a two-year course designed to introduce the student to an occupational trade. The first six-weeks consists of classwork with the remainder in actual machine shop work.



Don Sayles learns that machine shop is very detailed, but gets help from Mr. Robert Callahan.



Auto mechanics involves all the parts of the car as Mr. Eulin C. Downing shows Everett Heerboth, Billy Davis, and Bob Mosley.



Student Mike Williams oils one of the machines as Mr. Robert Callahan watches.

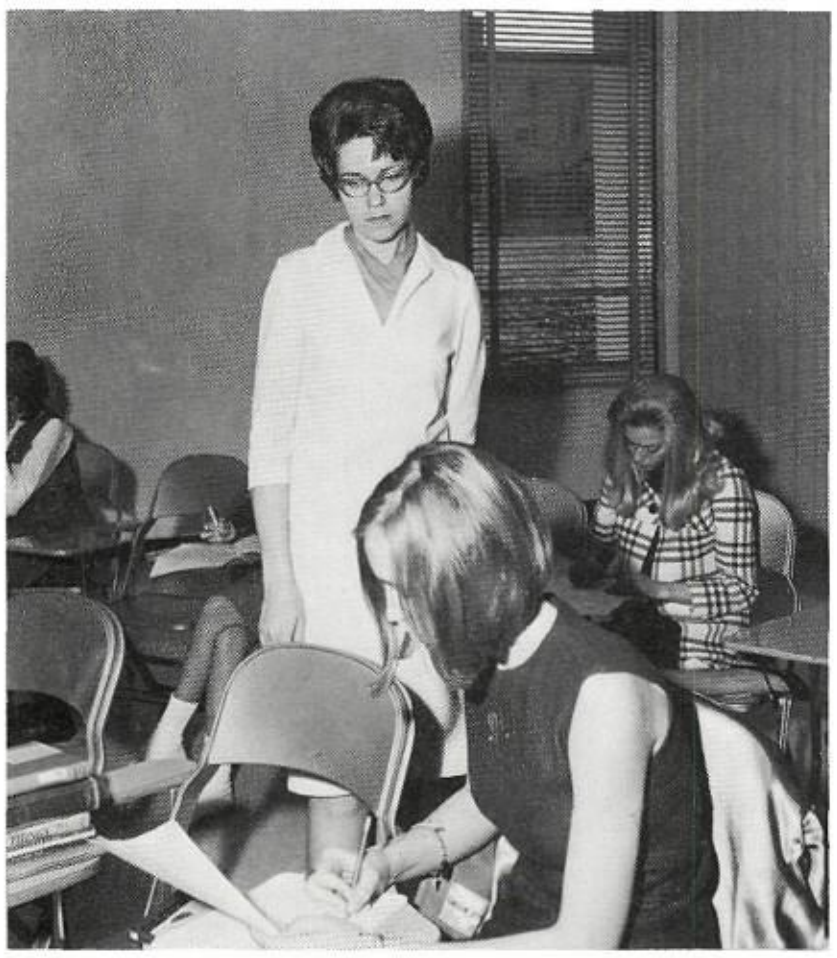
Mr. Eulin C. Downing and student work on an internal - combustion engine.

Home Economics Builds Better Homes

Clothing construction and cooking are basic homemaking activities whether a girl becomes a housewife or selects a career. Home economics gives a basic knowledge and skills in the field of homemaking. Areas of study include foods and nutrition, clothing selection, housing, human growth and management of resources. Girls are also introduced to the finer points of home decorating, home nursing and child care. Home economics prepares a girl with the knowledge to build a better home.

Mrs. Anne Browder, who teaches home economics I, instructs students on pick-stitching a hem.

Home Ec students enjoy the facilities of their new kitchens



Mrs. Majorie Kirby gives homemaking tips to her first year home economics classes.

Sewing proves to be a task of concentration for Rita Bryant.

Home economics II and III teacher, Mrs. Billie Robinson, helps advanced students select new spring patterns.

Mixing ingredients for a ginger-ale salad is Marilyn Book.

Janice Stell serves coffee at the home economics luncheon for teachers.

Bake-off winner Mrs. Jim McLain prepares a mystery pecan pie for home ec students.

Physical Fitness Trains Mind And Body

As in the days of the Spartans, the basic ideas and ideals of the physically perfect body still remain at NLRHS. Magnificent arenas were constructed in Greece to host the championship games as enthusiastic spectators cheered for victory.

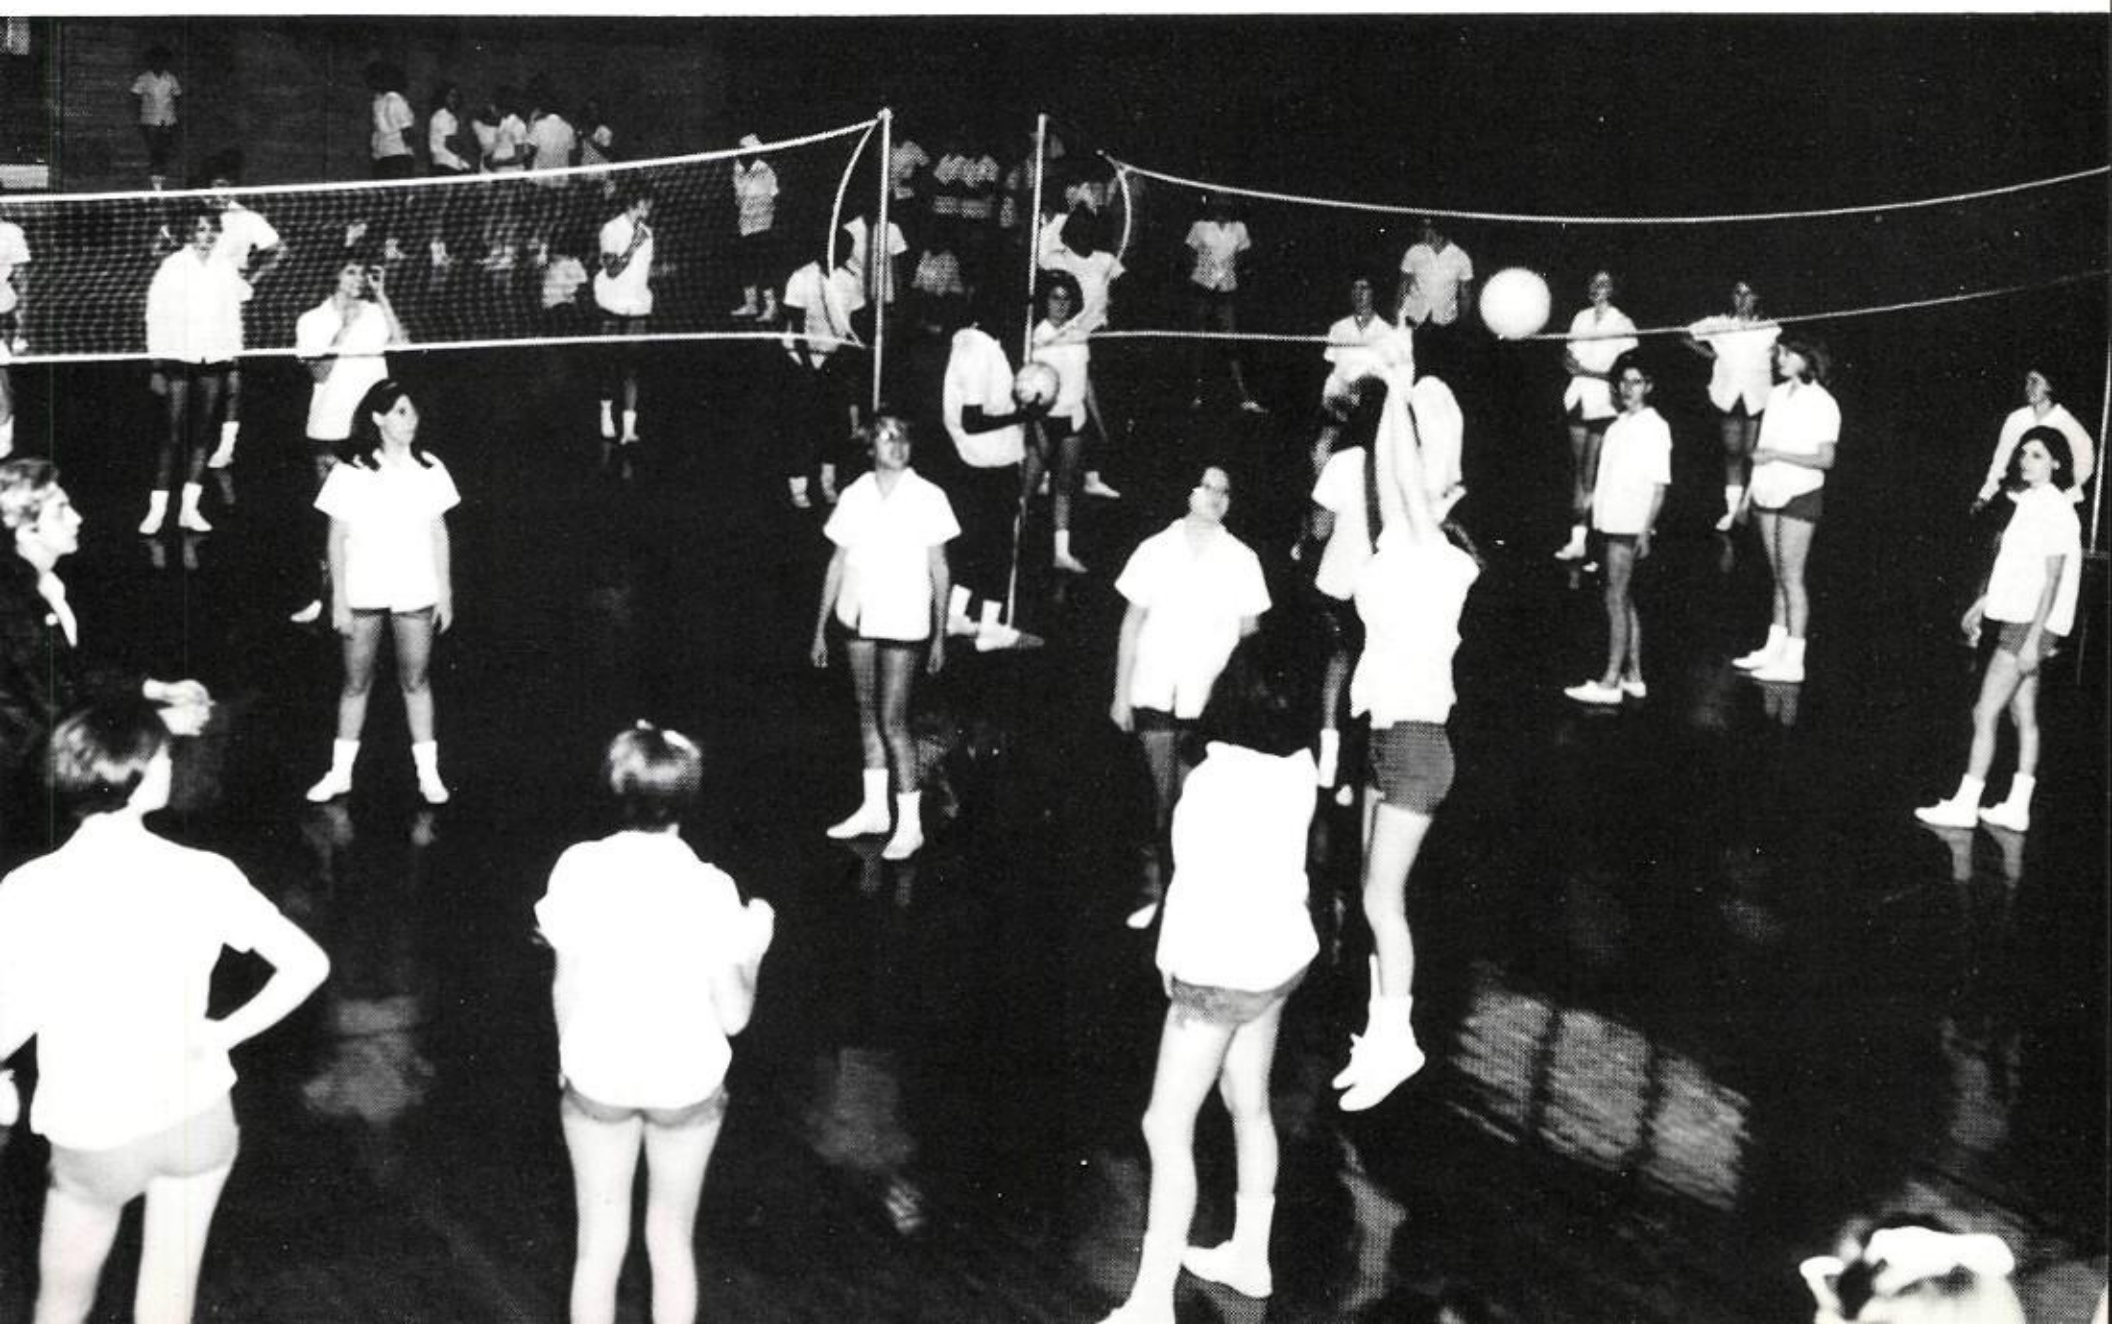
This great tradition has not been lost on Wildcat Hill. Students eagerly support with pride the athletic games of the Wildcats. In the physical education classes boys and girls learn to build a more active and healthy body to benefit themselves both now and in the future.

Great emphasis is placed on individual development for a strong body and a sound mind. Only the student can shape muscles and mold his mind, but the instruction and encouragement must never cease.

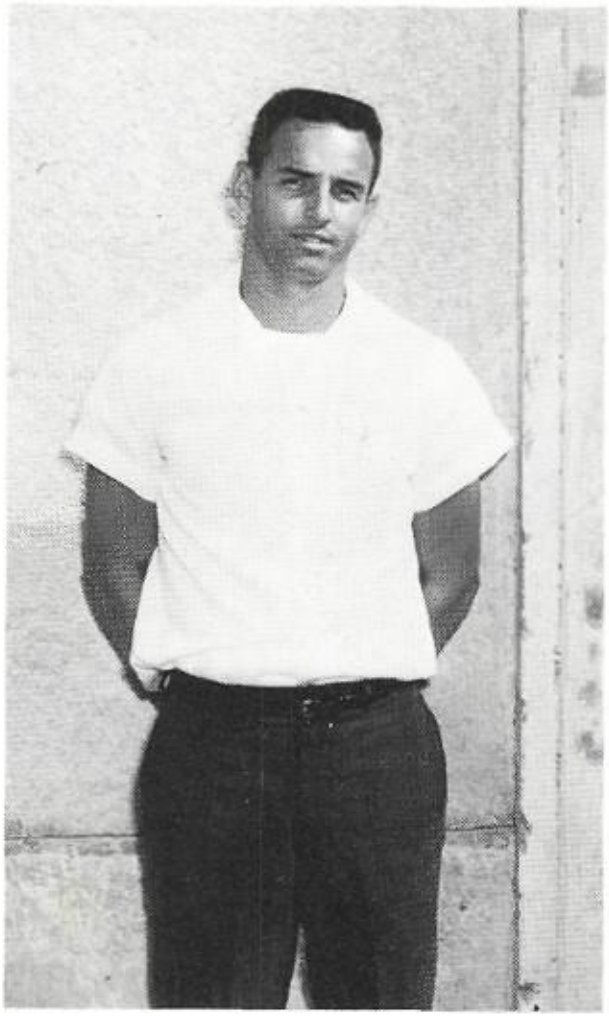
Mrs. JaRene Buddenberg, girls' physical education teacher, enjoyed her second year on the Hill.

Coach James Clark, head of the P.E. department, teaches boys' P.E. along with his basketball coaching duties.

Miss Francis Lewis discusses plans with the NLR cheerleaders, whom she sponsors.

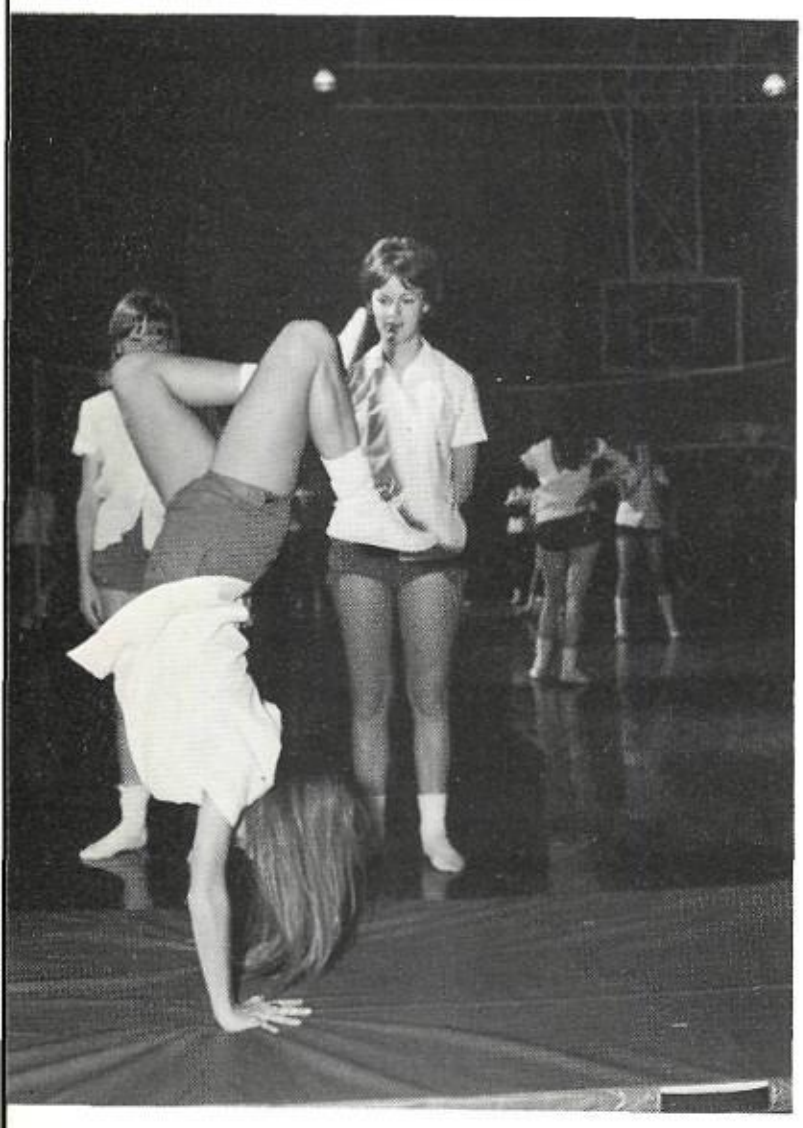


Miss Charolette Brown demonstrates the correct volley ball serve to Kay Tucker.

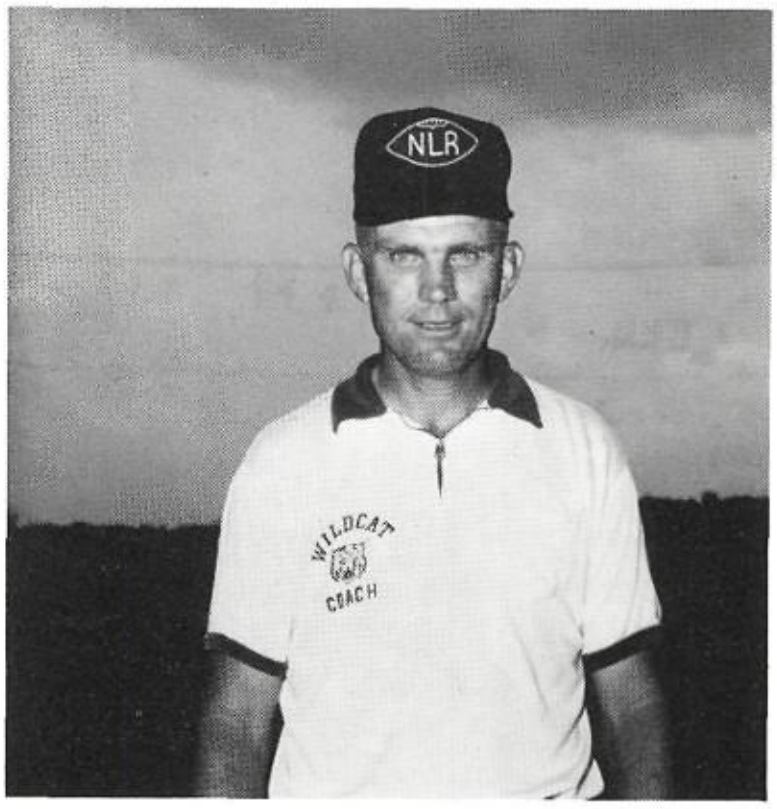


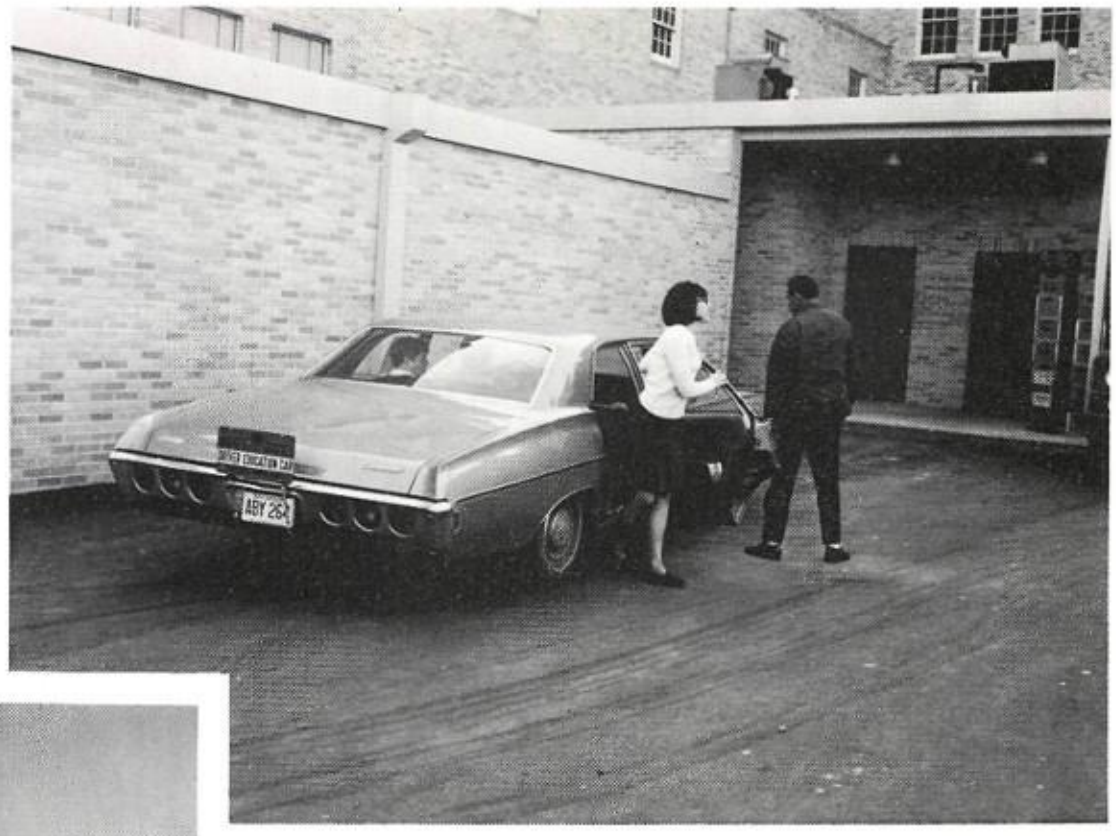
One of the several boys' P.E. teachers, Coach Henry Hawk completes his fifth year on Wildcat Hill.

While in girls' P. E., everything is taught from handstands to volleyball.



Coach James Clark teaches boys' P.E. along with his head basketball coaching duties.

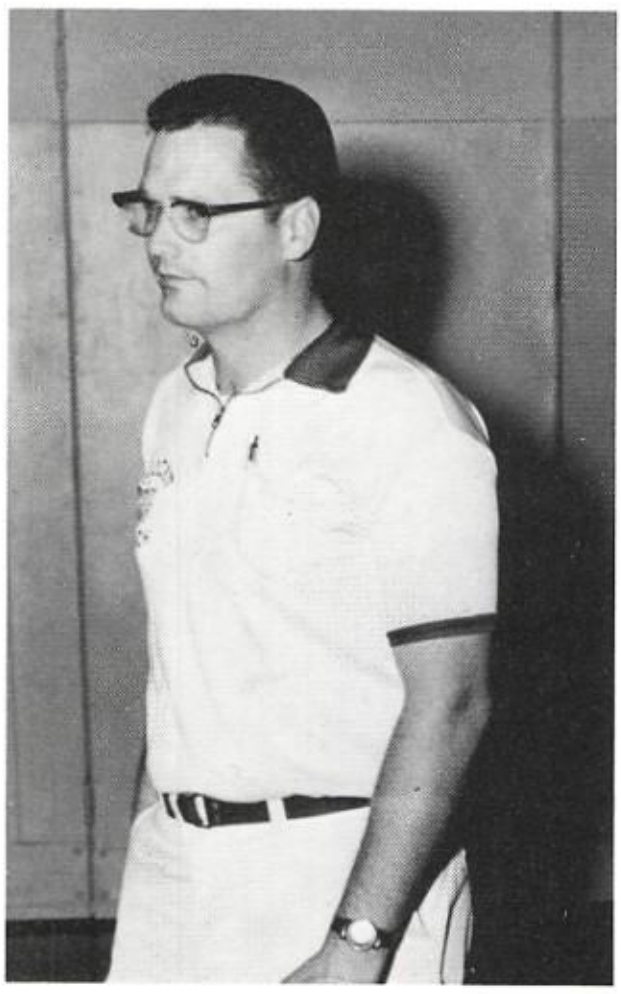




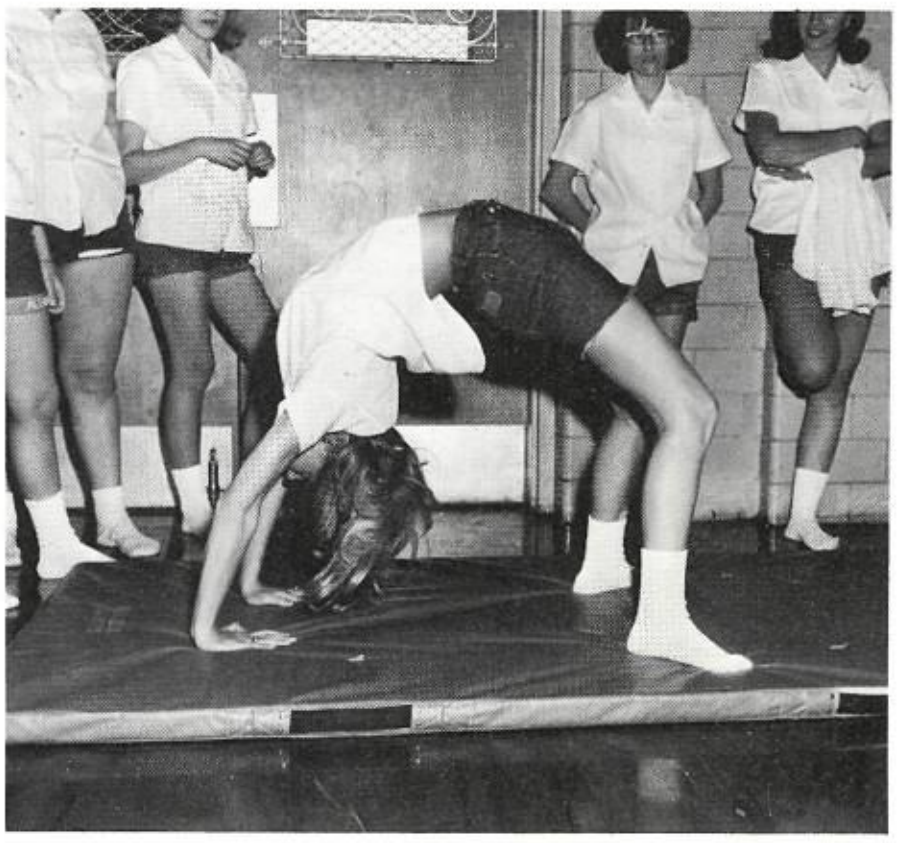
Defensive line football coach, Carol Henry conducts classes In Health to those unable to take part in P.E.

Coach Bob Bowden instructs students in drivers' education and coaches the sophomore basketball team.

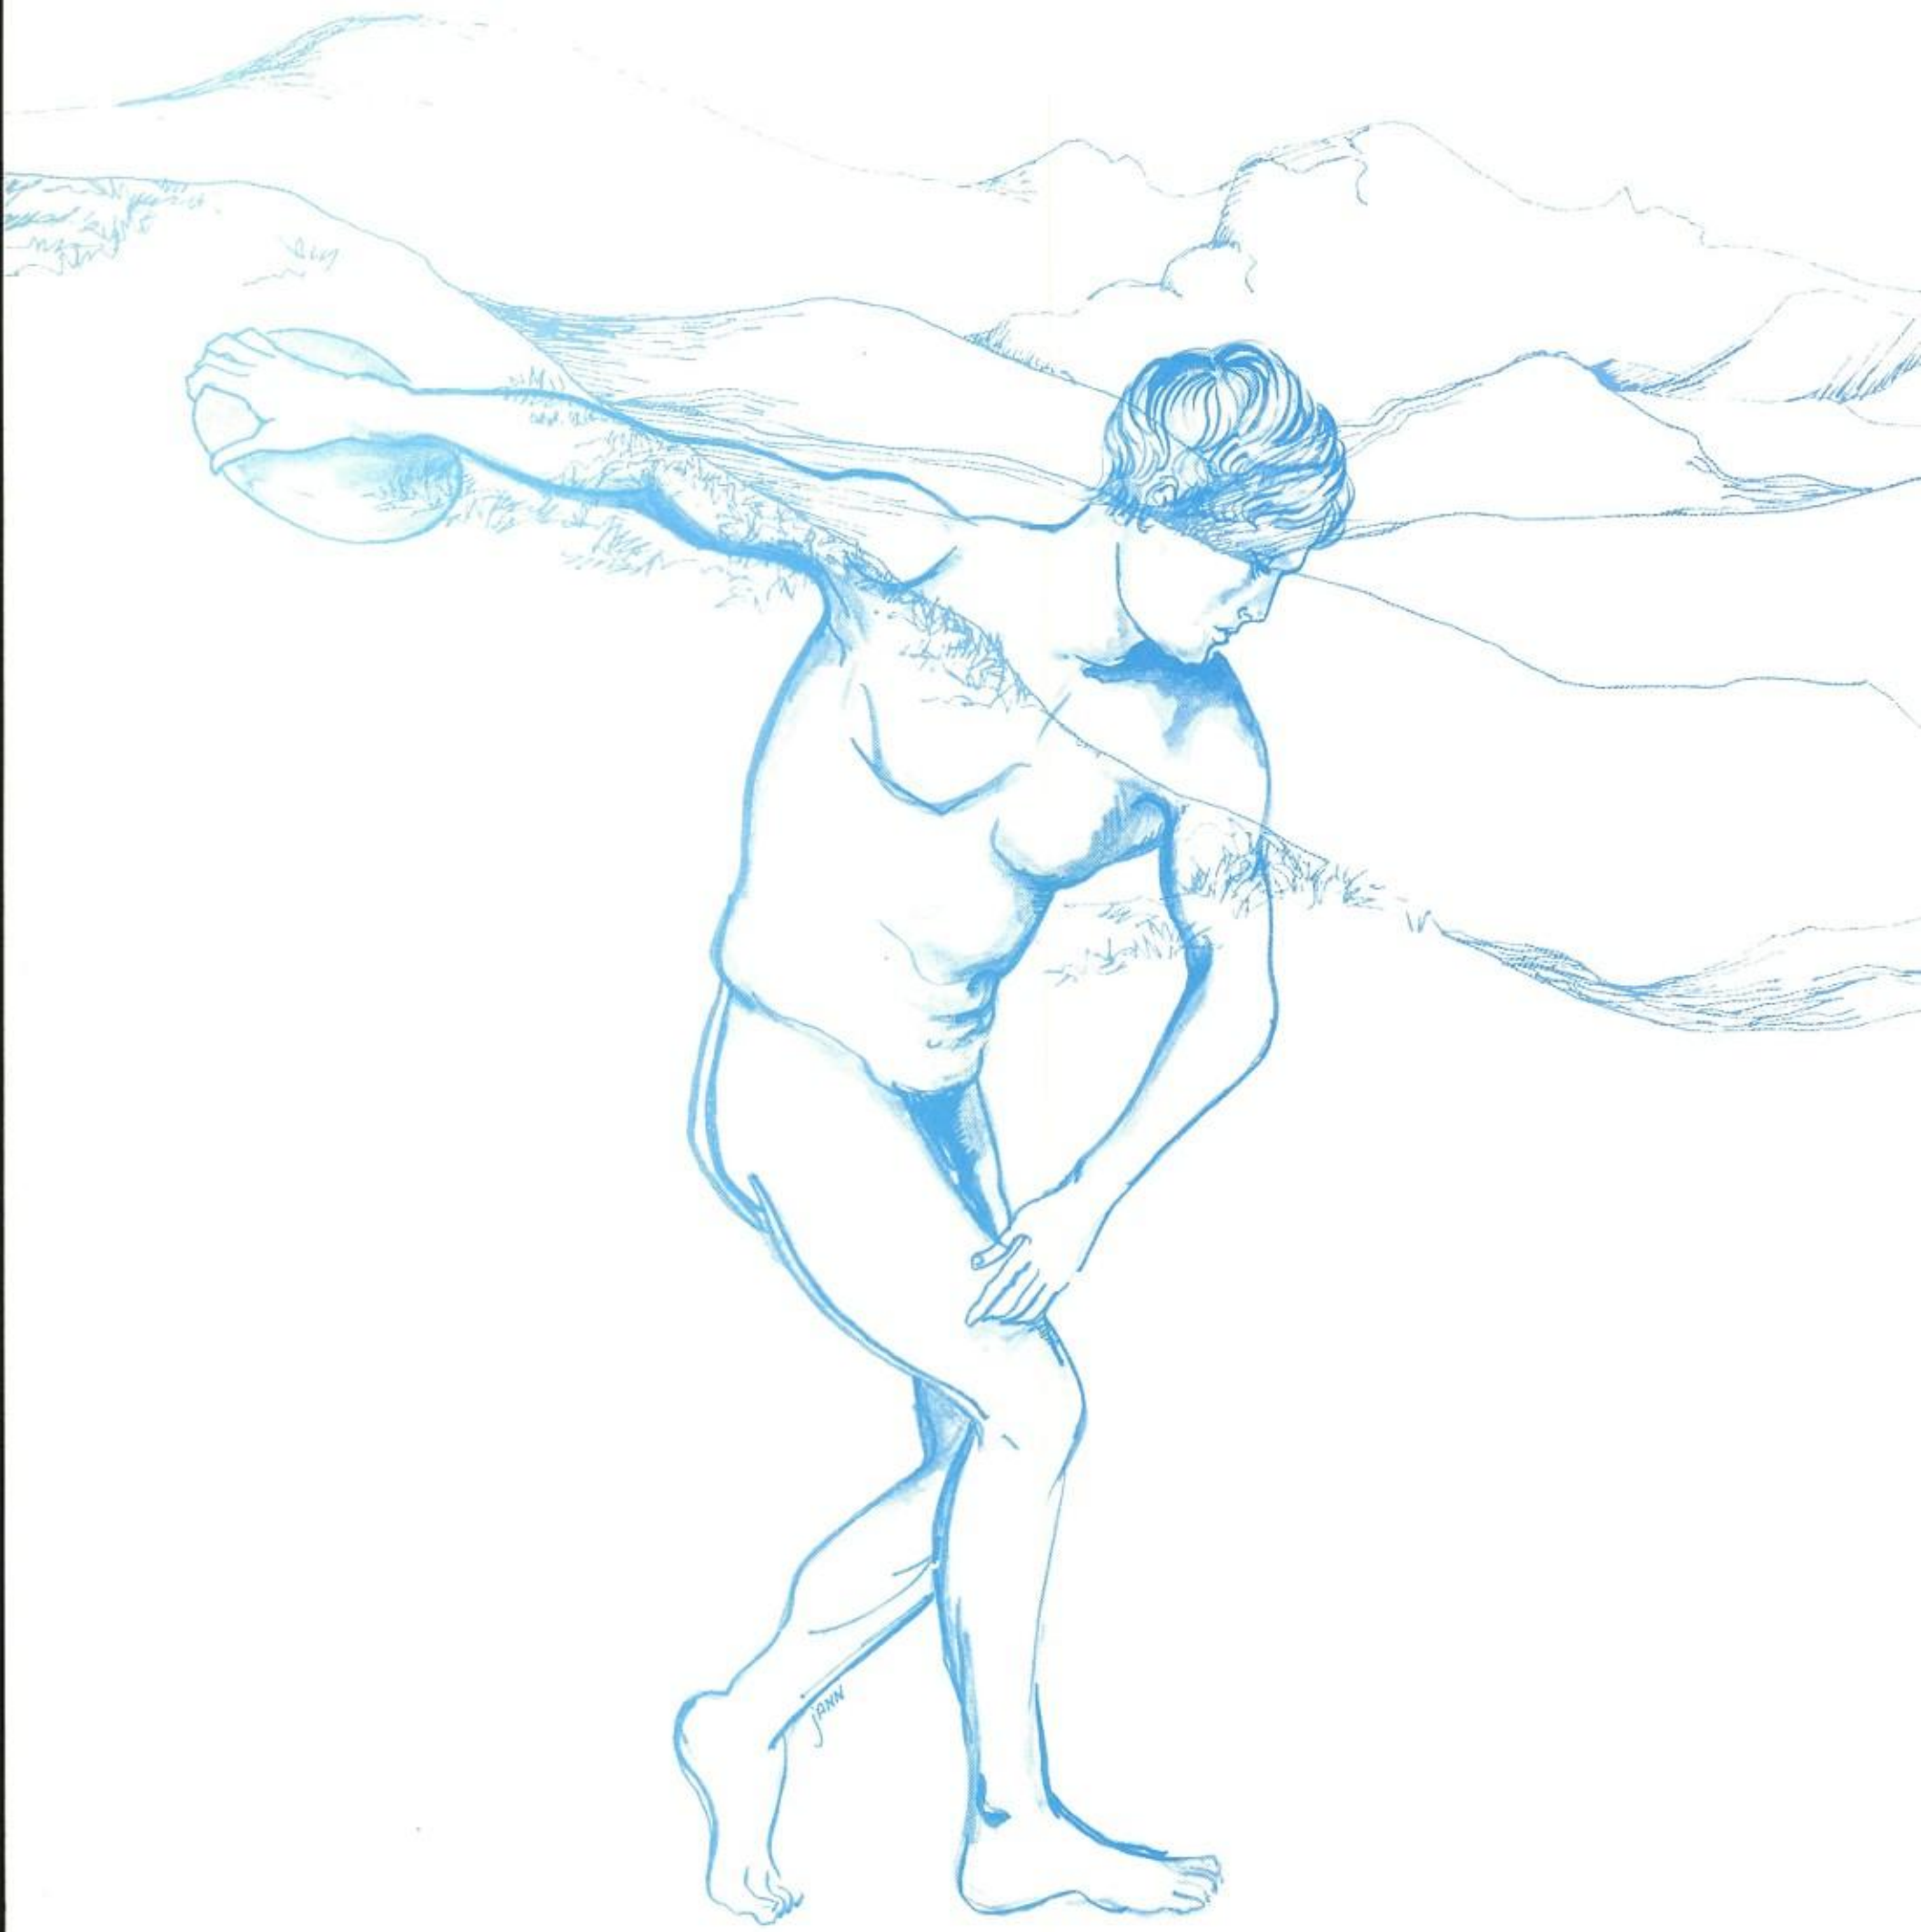
Coach Paul Clark, football coach, also teaches boys' P.E.



Back-bends are also included in the curriculum of girls' P.E.



Wildcat Hill Is Athloi



In competition men are strengthened

Both in body and in character;

In cultures past, Athenians stressed beauty

But the Spartans thrived on ruggedness

Of discipline in all their sports and games;

So must our Athletes of today

Continue striving for the spirit

Of Olympian ideals of ancient Greece.

Cats Roar to 9-3 Season

Representing the North Little Rock High School students in the fashion they have become accustomed to on the football field is no easy task. The two previous seasons the Wildcat grid squads have been tops in the state and they were among the best again this year.

The Cats roared to a 9-3 record this year against the toughest triple A division competition in the state and ended the season as the fifth ranked team in the state.

Two of the Wildcats' three losses were against the number one and number two ranked teams in the state, Hall and Fort Smith Northside. In the third loss to Little Rock Central, they outgained the Tigers 249 yards to 88 yards total offense although dropping a 7-6 decision.

The North Little Rock football program and the players are respected throughout the state for producing some of the best organized and dedicated teams around.

The respect for the players was shown when six Wildcat gridders were named to various All-State teams.

Football is perhaps the most prominent extra-curricular activity on Wildcat Hill. It creates a unity among the students and provides many enjoyable Friday nights during the three-month season.

The 28 Wildcat senior football players who graduate this spring have been part of continuing the winning tradition that has surrounded Wildcat Hill for several years. They have a winning standard for future Wildcat gridders to follow, and future students to enjoy.

Wildcats Blast Jacksonville 35-7

Getting the 1967 football season off to a rousing start, the Wildcats roared past the Jacksonville Red Devils 35-7.

The Wildcats left little doubt from the start what the outcome of the game was going to be. The Cats ran up a 21-0 first quarter lead, scoring a touchdown on their first offensive play.

Quarterback Phil Fisher passed 34 yards to split-end Carl Lowe for the opening touchdown.

Fisher circled right end for the 11 yards and a TD to make the score 14-0 with 5:49 remaining in the first period.

The Fisher-to-Lowe passing combination accounted for the Cats' third tally on a 39-yard aerial late in the first quarter.

Jacksonville was unable to establish a running game against the tough Wildcat defense and came out passing in the second quarter. A nine-yard pass from David Styles to Pat Grandjean was the Devils' only score.

Danny Duke blasted over from the five for the Cats' fourth TD making it 28-0 in the third period. The TD followed a 90-yard drive in 13 plays.

Steve Dew accounted for the Cats' last TD on a 24-yard gallop late in the game.

Cats Tromp Mann

After Slow First Half

The number one ranked Wildcats staged a comeback in the second half after going scoreless in the first half to take 21-0 shut-out win at the expense of the Horace Mann Bearcats.

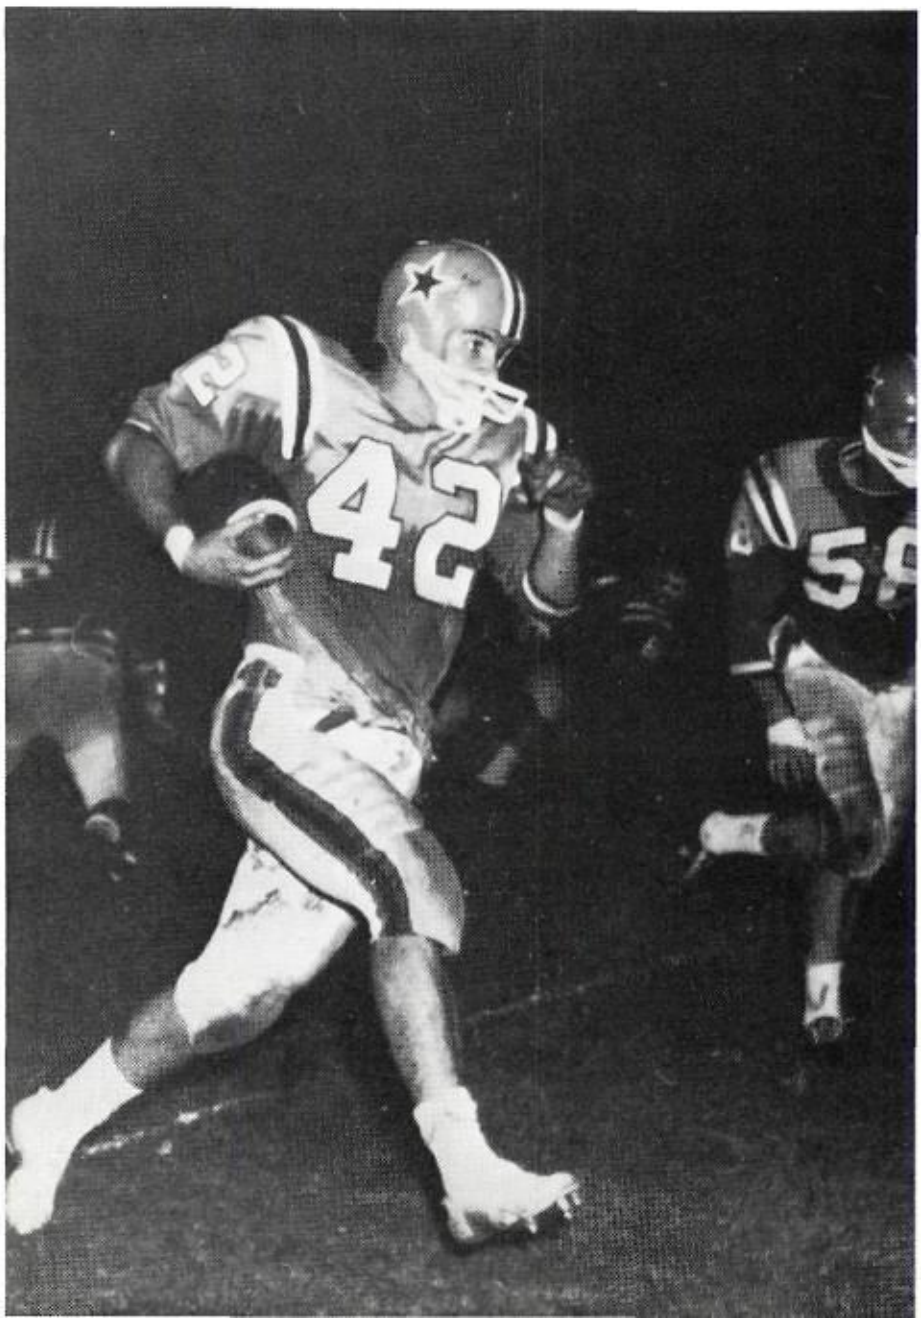
Neither team was able to mount a scoring threat in the opening half and Wildcats were plagued by fumbles and other miscues.

A 46-yard punt return by Carl Lowe set up the Cats' first TD. With the ball on the Mann 46, the Wildcats took it in five plays later with Danny Duke going across from the 4 with 3:26 in the third period.

Moments later Lowe gathered in another punt on the Wildcats' 23, side stepped several defenders, and romped down the left sideline for a 77-yard return.

Mann was still unable to get its offense rolling and NLR took over late in the game on the Wildcats' 31. Steve Dew blasted over right tackle for 55-yards before he was finally brought down on the Horace Mann 10. Duke took it in from there.

Benny Davis booted the PATs for the Wildcats.



Tailback Danny Duke heads Cats for second year.

Cats Take Chicks on Rain-Drenched Field

The North Little Rock Wildcats journeyed their way to Blytheville to play their first conference game and came home victors 42-7.

The Wildcats kept putting Danny Duke off-tackle and Fullback Mike Riley was put up the middle. The Cats kicked to the Chicks in their next move but the tough Cat defense forced a punt.

The powerful offense thundered their way through the Chicks as Duke scored on a 25 yard jaunt.

The Chicks came to score their only TD of the night and the score was 14-7.

Junior Q. B. Benny Davis moved the Cats up to a 21-7 lead. Mark Rydel then picked off an areial and raced 27 yards to paydirt.

The second team tailback Steve Fisher got his second score.

The Cats defense held the Chicks to 90-yards total offense.

The Cats offense came to 266 yards.

Bad Breaks Give Hall Victory

A supurbly balanced offense and a tough agressive defense sparked the Little Rock Hall High Warriors to a 14-0 victory over the previously undefeated Wildcats.

The Wildcats couldn't get their usually potent offense to jell as it had in the earlier games until too late in the fourth quarter.

It was a frustrating night for the Wildcat punter, Hall defenders blocked two NLR punts and one snap sailed over the punters head. These miscues gave the Warriors excellent field position during the first three quarters.

Hall scored again early in the second period after a bad snap over the head of NLR punter Steve Fisher and was recovered by a Warrior defender on the Wildcat 28 yard line.

Three plays later Nelson tossed a 9 yard TD aerial to end Ric Becton with 10:37 remaining in the second period.

The Wildcats threatened late in the game driving to the Hall one yard line before time ran out.

Wildcats Cap Oilers 13-6

Bounding back from their 14-0 scalping at the hands of the Hall Warriors, North Little Rock's Wildcats went to El Dorado where they capped the Oilers 13-6.

The game turned out to be a kicking battle as each side kicked the ball 3 times before a substantial drive got under way.

N.L.R. got under way at the 50 yard line hitting Danny Duke off-tackle and Fisher was passing to Wingfield for short yardage as they edged down the field. Mike Riley powered over from 1 yard out for the first score of the night.

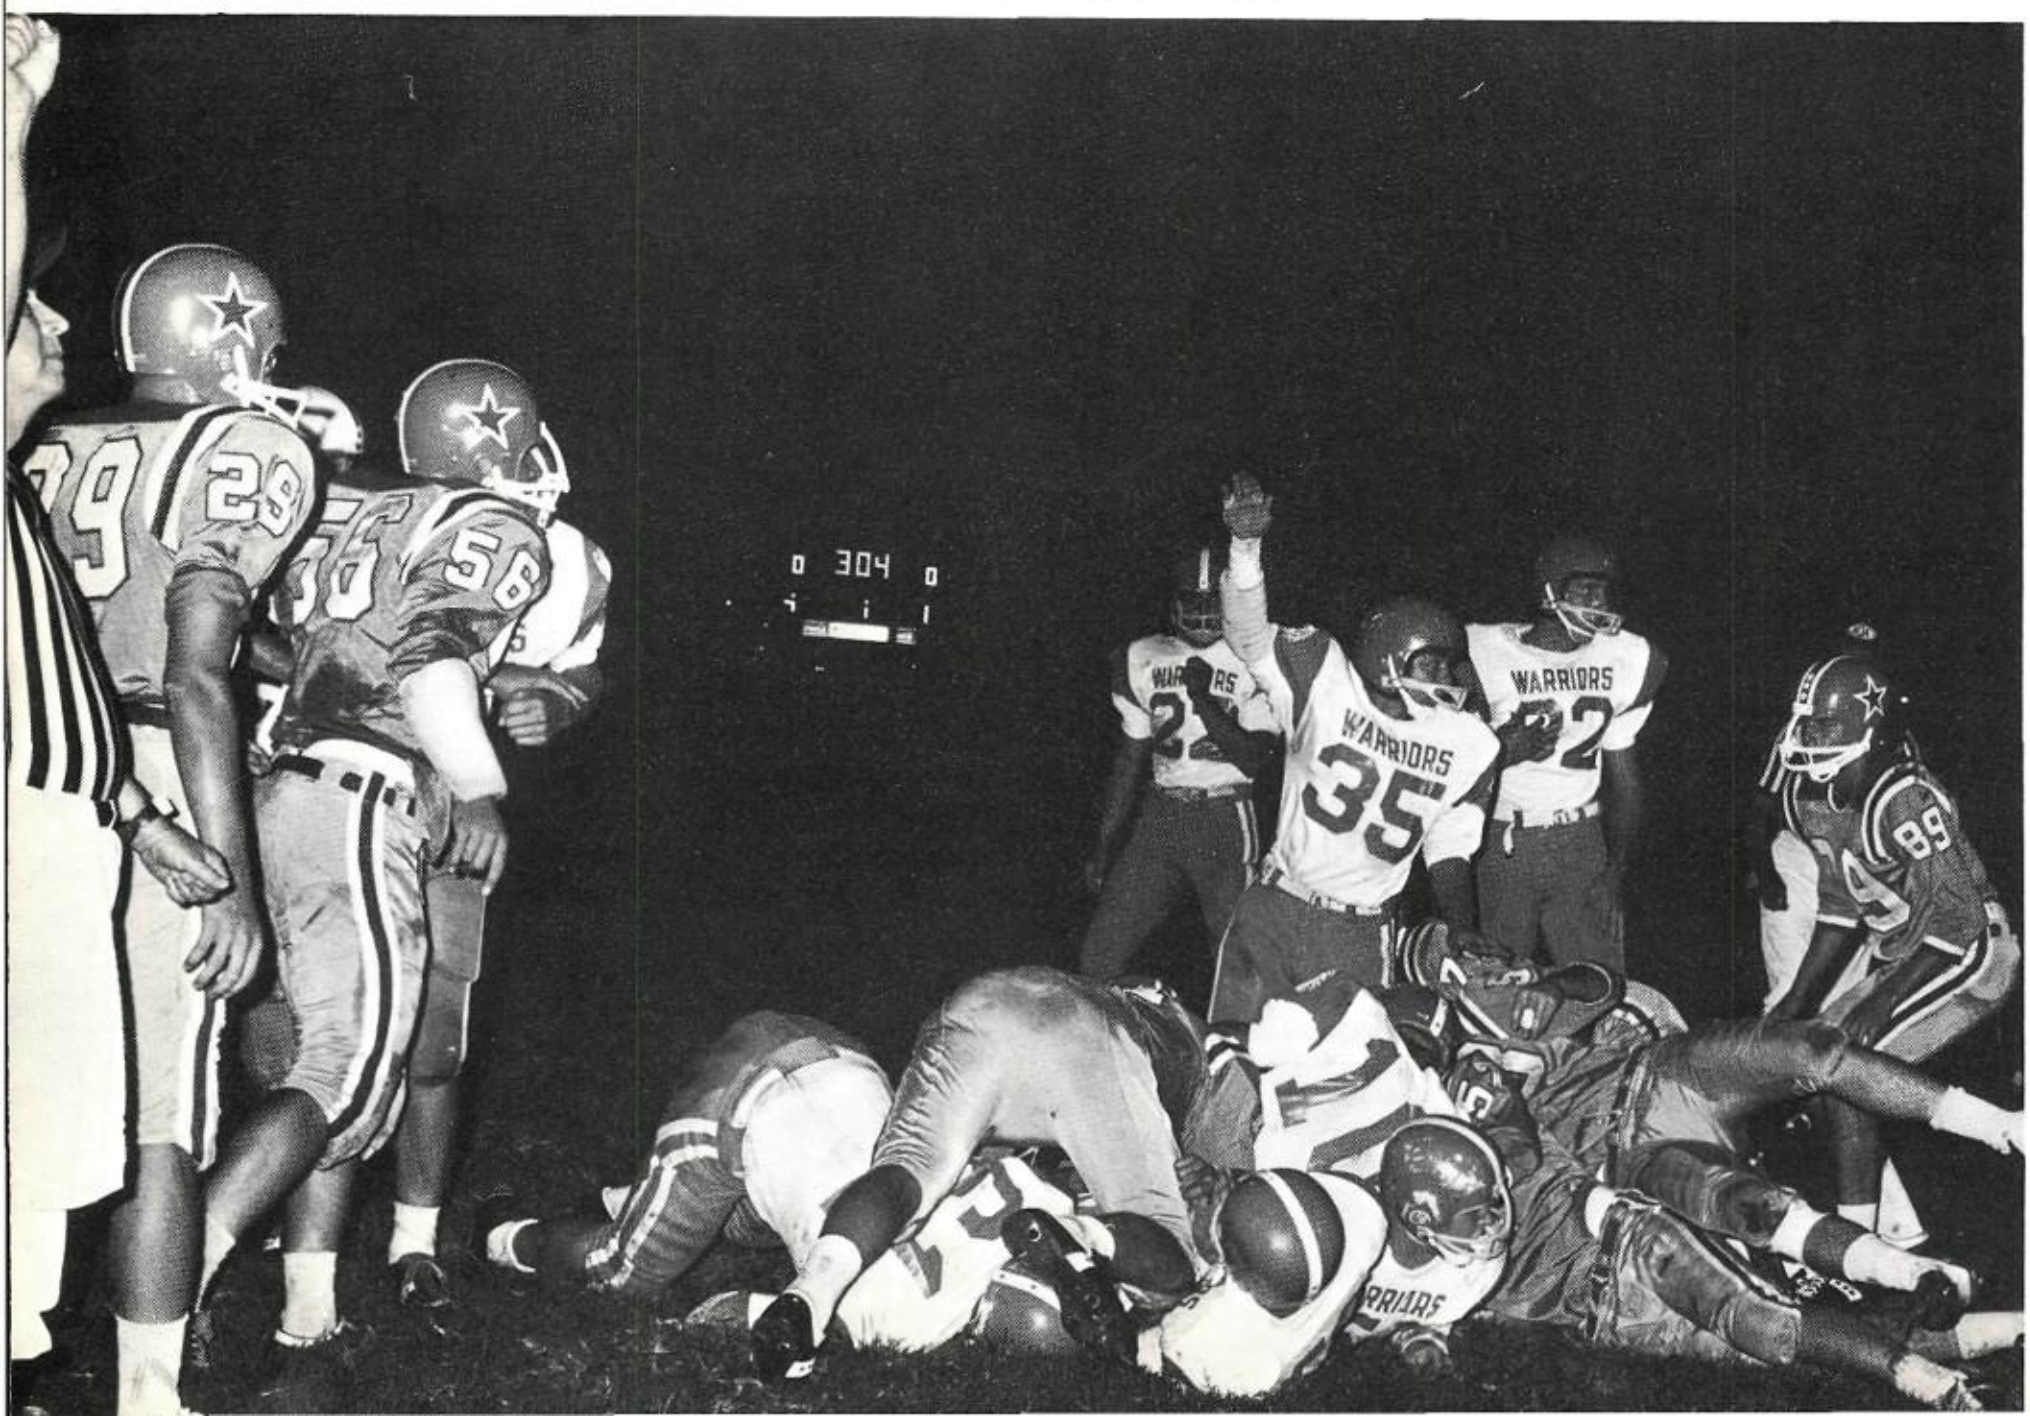
Neither team could score in the remainder of the second. Cats enjoyed a 7-0 lead at the half.

N.L.R., after another exchange of punts, tallied for their second score with Duke going over from the 4. Davis missed the convertion, leaving the score 13-0.

Later in the fourth quarter John Endsley hit split-end Courtney Sheppard on a 20-yard aerial which gave El Dorado their only score.

N.L.R. wound up with 13 first downs as Normon Snow and Phil Tharp headed the defense in tackling.

One Warrior seems happy about it all.



Bob Thirion prepares for blow.

Wildcats Thrash Rebels 34-7

It doesn't pay to give Carl Lowe the ball in open field. Fort Smith Southside found this out in their 34-7 thrashing by North Little Rock.

Lowe returned the only two kick-offs NLR received for touchdowns. The first one came on the opening play of the game as Lowe gathered the ball on the Cat's five; twisted, dodged and sprinted 95 yards to paydirt.

Southside got its only score when a Tim Kelly punt was blocked and a Rebel defender, Kenny Hall, pounced on it in the end zone. The PAT was good.

Lowe took second Rebel kick-off and galloped 90 yards for the Cat's second score.

Mark Rydel picked off a SS pass that gave the Cats good field position at the Rebel 35. Three plays later, Riley burst over tackle from the 5 for the score. Davis missed his only PAT of the night.

Rydel again came up with a key interception which the Cat's cashed in with Duke going over from the one.

The last score came in the fourth quarter as Duke rambled 27 yards for the TD. The PAT was good as Wildcats let the reserves finish the game. Final score: 34-7.

Central Strong Early, Drops Cats 7-6

Little Rock Central made a second quarter touchdown hold to take a 7-6 thriller from the Wildcats.

The Tiger-Wildcat games are known for their spirited rivalry and this year was no exception with both team keyed to a high pitch.

The Cats dominated play as far as statistics go allowing Central only 1 yard total offense in the second half and 74 yards for the game. The Wildcats rolled up 232 yards but managed to put only one tally on the score board.

The Cats moved the ball well but were hampered by numerous miscues that stalled important drives.

Central got its TD with 1:58 remaining in the half. Central scat-back Carl Butler hauled in a NLR punt on the 5 yard line and rambled 95-yards for the TD. The PAT gave Central a 7-0 halftime lead.

Without the services of first team quarterback Phil Fisher who was injured in the second period the Cats used sophomore Ricky Porter at the spot.

Trying despertly to get on the scoreboard the Cats managed to score late in the fourth period on a 4-yard blast by Danny Duke. The placement attempt was no good.

Dancing, hopping and jumping. . . . .that's Carl Lowe.

Cats Win Over Conway In Exciting Color Day Game

North Little Rock knocked Conway from the unbeaten ranks October 20 by a score of 27-20 in Wildcat Stadium.

The Cats' second touchdown came when the Wildcats tried their hand at faking. Benny Davis lined up as if he were going to attempt a field-goal but instead took a direct snap from center and fired a 7-yard TD pass to David Wingfield. This, along with a 66-yard TD pass interception return by Mark Rydell, three pass interceptions by Carl Lowe and the hard running of Danny Duke on the Cats' fourth quarter drive, had a major part in turning the tide of the game for the Wildcats.

After the Wildcats jumped off to an early 20-0 lead it appeared they would run roughshod over the visitors from Conway. But two Wampus Cat TDs in the closing minutes of the first half put them back in the game.

The Wampus Cats scored one more touchdown to tie it until Lowe's interception set up a 74-yard drive to win for the Cats. Duke carried 54 of those yards and took it over the goal from the 2.

Phil Fisher uses the old way, straight arm.

Cats Drop Tough Zebras Porter Passes to Victory

North Little Rock's passed Wildcats came back, once from a 3 point deficit and once from a 13-13 tie to whip the Pine Bluff Zebras 19-13 Oct. 27, in Wildcat Stadium.

Pine Bluff got on the scoreboard first after taking the opening kickoff. Billy Bush set up the score with a 46-yard run to the N.L.R. 10. Alan Johnson scoredon a one yard drive.

The Cats came back to score two plays later. The major play was a 38 yard pass to Lowe who carried over for the T.D.

Pine Bluff drove to the Wildcat 11 before the Cat defense stopped them. Harold Pointer then kicked a 16 yard field goal with 11 seconds left in the first period.

N.L.R. not to be denied, scored their second touchdown to take the lead. The 68 yard drive was built on a 12 yard pass to Wingfield, a 17 yard run by fullback Mike Riley, and a major penalty. Danny Duke blasted over from the two for the tally. The PAT attempt was no good.

With the game nearing the end, Pine Bluff tied on an 11-yard field goal by Pointer.

John Tenny recovered a Zebra fumble on the Pine Bluff 37 to give the Cats their last opportunity which they cashed in. Duke went over from the 6 to win for the Cats. Final score 19-13.

Cats Unwind Hurricanes 34-0

34 - 0 was the score as the North Little Rock Wildcats unwound the Jonesboro Hurricanes, November 3 on the Arkansas State University field. Ricky Porter hit David Wingfield on an 18 yard TD play at the end of the first quarter. Mike Simmons made PAT and the score was 7-0.

In the second stanza wingback Steve Dew broke loose for a 41 yard TD jaunt. Again Simmons converted for the extra point. A Porter- to- Lowe pass at the end of the first half made 21-0.

Returning from the half, the Cats still fired up, and the Hurricanes losing almost all of their momentum, started at it again with NLF receiving the ball.

Wayman Rowe, replacement for Danny Duke, scored on a 3-yard plunge. Simmons made the PAT.

Jonesboro, did not threaten seriously the second half. Bill Latourette nearly scored as he broke loose and ran 54 yards, but speedster Lowe brought him down.

Phil Fisher went over from the 1-yard line for the final score of the game.

Wayman Rowe was the Cat's leading rusher with 60 yards on 9 carries. NLR'S total offense came to 386 yards with 170 yards in the air. The Cats had 16 first downs.

Jonesboro's offense came to 58 yards. Nine yards in the air with 1 first down.

Grizzlies Pound Wildcats 26-7

Fort Smith Northside came to play showing the Cats they were No. 1 by giving them a 26-7 pounding.

Northside opened the game with the first of five onside kicks. This one they recovered giving them excellent field position. After an exchange of punts it paid off in their first T.D. Mike Sheppard did the honors diving over from one yard out. The PAT was missed.

Northside wanted more Cat blood as they scored again in the first period after Glenn Bannister intercepted the first of three aerials he was to get that night.

No one scored the second period and the half-time score read 13-0.

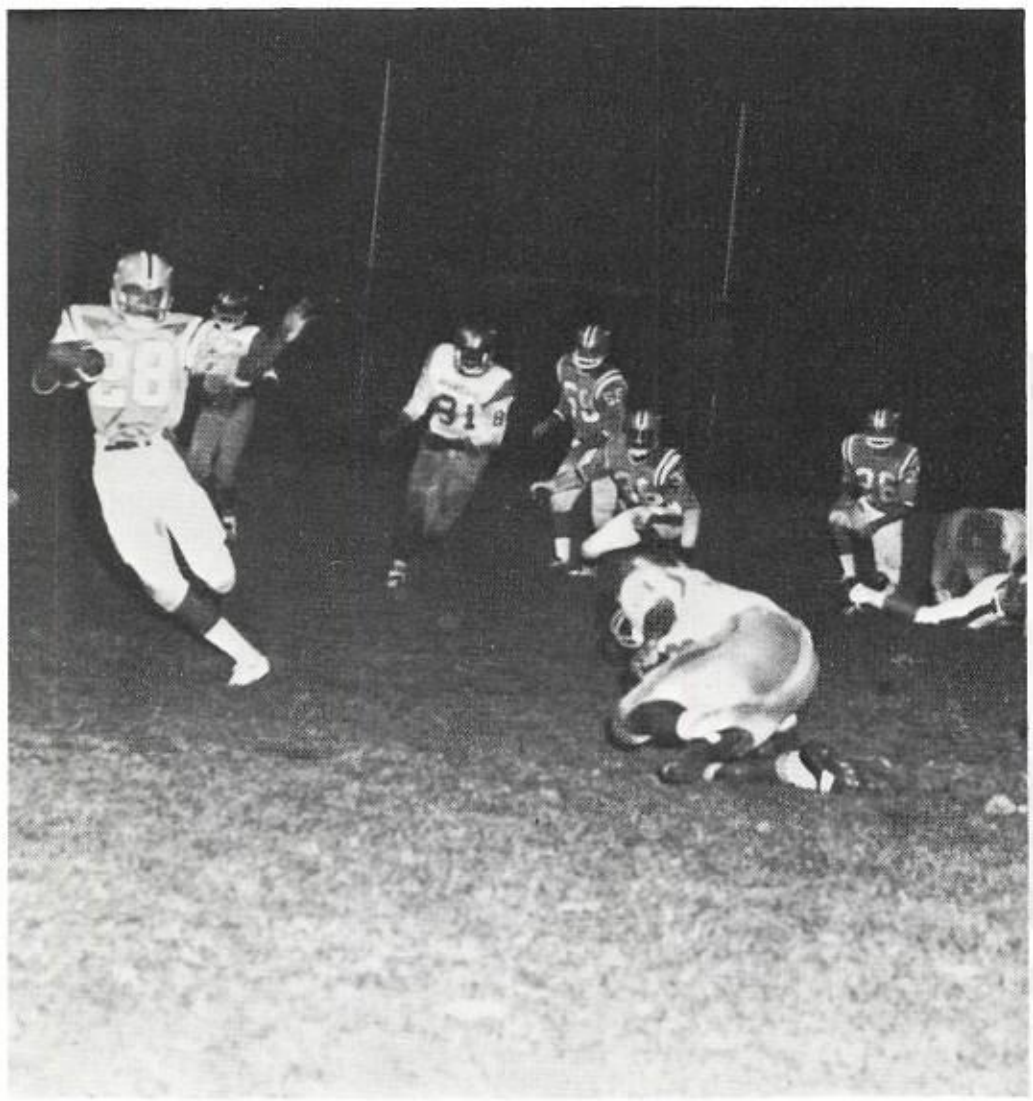
Fort Smith came out at the half and marched 49 yards for their third score. Walker added the PAT and that made it 20-0 early in the third period.

The Cats' Ronny Winters took the N.S. kickoff back for 36 yards to the Grizzlies' 42. From there Porter guided the Cats to their only score of the night with Danny Duke carrying for most of the yardage and the TD.

Jerry Jennings picked off a Porter pass to set up the last score of the night as three plays later Moore passed 10 yards to Geren for the TD.

The final score, Northside 26 - Wildcats 7.

Lowe turns it on for the score.



Victorious blocking led the way for great running.

Cats Explode Rockets on Turkey Day

Building up a 13-0 halftime lead the Wildcats went on to scrap the Catholic High Rockets 19-7 on Thanksgiving Day.

The Cats pushed their first score across with 6:07 remaining in the first quarter, by taking the ball on their own 48 yard line and scoring seven plays later.

The drive was aided by a 15-yard pass interference penalty on the Rockets that gave NLR the ball on the Catholic High 19 yard line. Two plays later quarterback Phil Fisher rolled to his right behind the blocking of Danny Duke and Mike Riley for seven yards and the touchdown. The conversion attempt was blocked.

Fisher set up NLR's final TD when he intercepted a stray Rocket aerial and returned it to the Catholic High 20 yard line in the closing minutes of the third quarter. Duke took it in from four yards out for the score. Mike Simmons converted.

Wildsophs Have 6-4 Season

Building strength, depth, and experience, the NLR Wildsophs had a good season this year with a record of 6 wins and 4 losses.

They lost their opening game 7-6 on September 9 against Little Rock Central High School in the closing minutes of the game. Central scored with only a few minutes left to beat the Wildsophs.

Wildsophs did a better job the following week by beating the Catholic High Sophomores 20-0 on October 7. On October 21 the Wildsophs traveled to Forest Heights Field and fell to the explosive Hall High sophs by a score of 14-0.

The Wildsophs then evened their record at 2-2 with a 12-6 come from behind victory over the McClellan sophomores on Saturday, October 28.

The Wilsophs again met Hall High sophs on November 4 to lose a 32-14 decision.

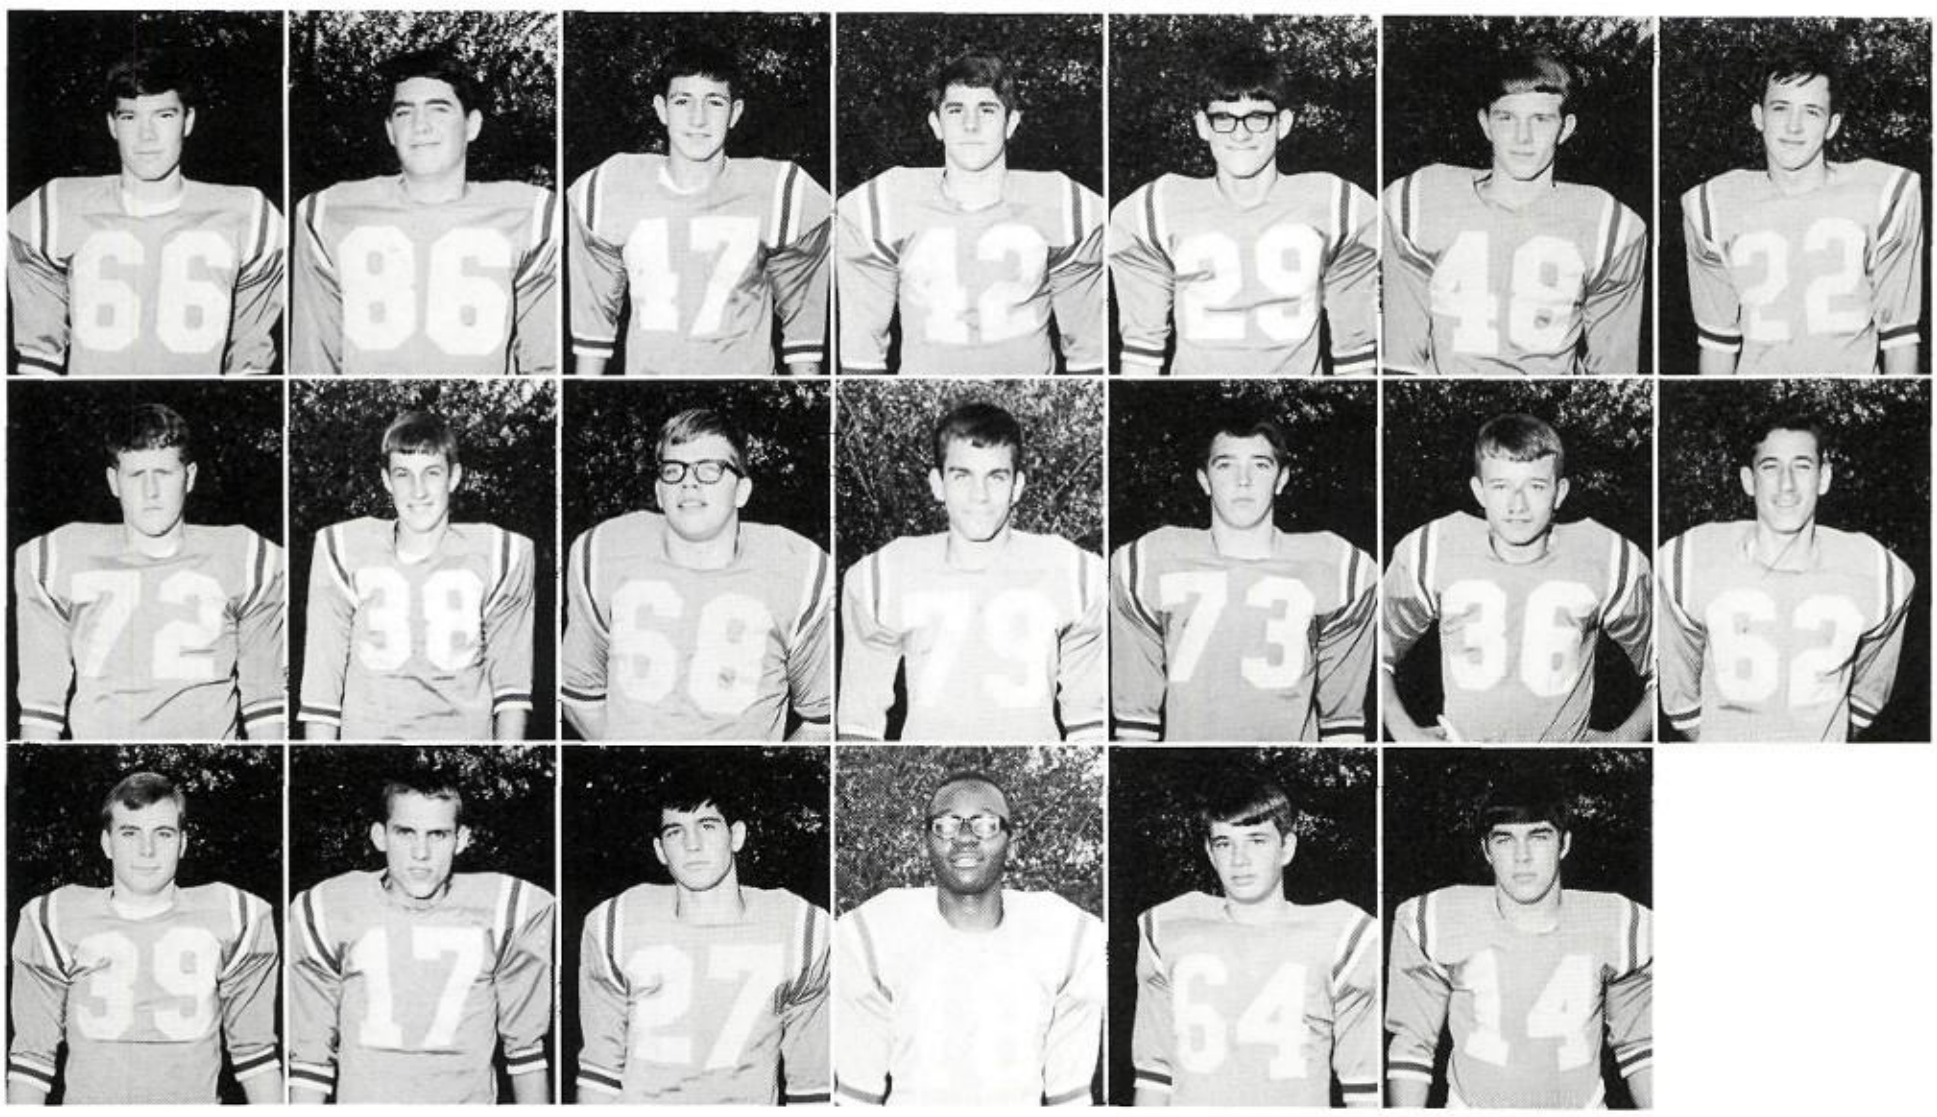
The Wildsophs then went on to lose another game against Central 6-0, but won the following week against Malvern 19-0 to even their record at 4-4.

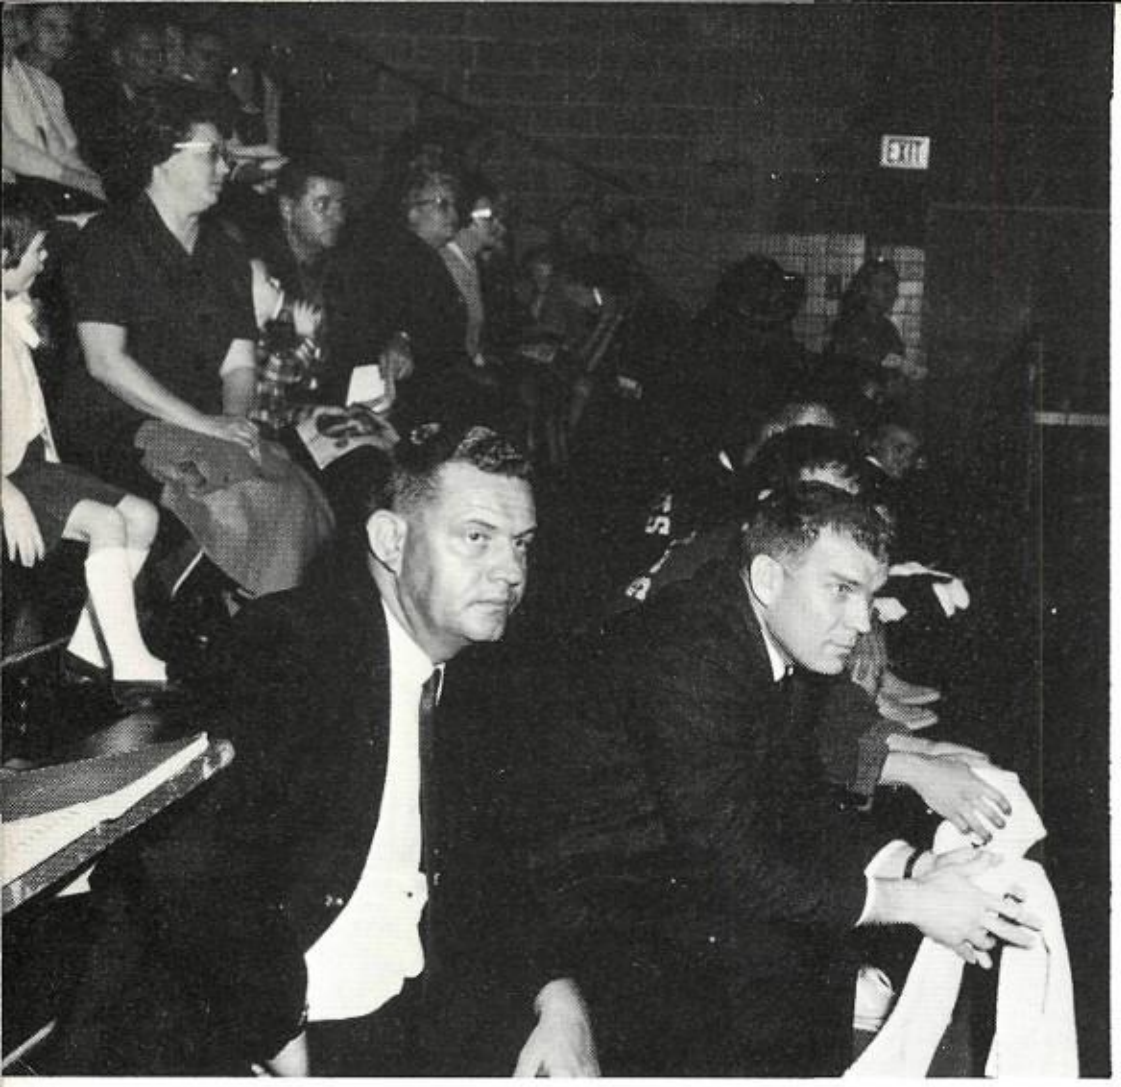
On November 9 the Wildsophs won a close 12-6 battle over the Jacksonville Red Devils. On November 13 the Wildsophs won an impressive 32-12 victory over Catholic High.

Finishing the season in a prompt way the Wildsophs trounced the McClellan Lions 13-0 Friday, November 18.

The Wildsophs thus ended the season with a 6-4.

Sophomores Alan Nease, Travis Parr, Dale Peterson, Mike Richie, Frank Riggins, Dean Rhodes, Phillip Sales. Randy Simpson, Greg Smelser, Ricky Smith, Phillip Stephens, Jerry Sterling, Tommy Suttle, Terry Supthin. Bill Tacket, Jerry Trammel, Bruce Waters, Kenneth Williams, Bill Word, Paul Imoff.





Coaches Bob Bowden and Jim Clark watch the fast-and-furious action of the Wildcats . . . . master-dribbler Winget outwits the Hurricane.

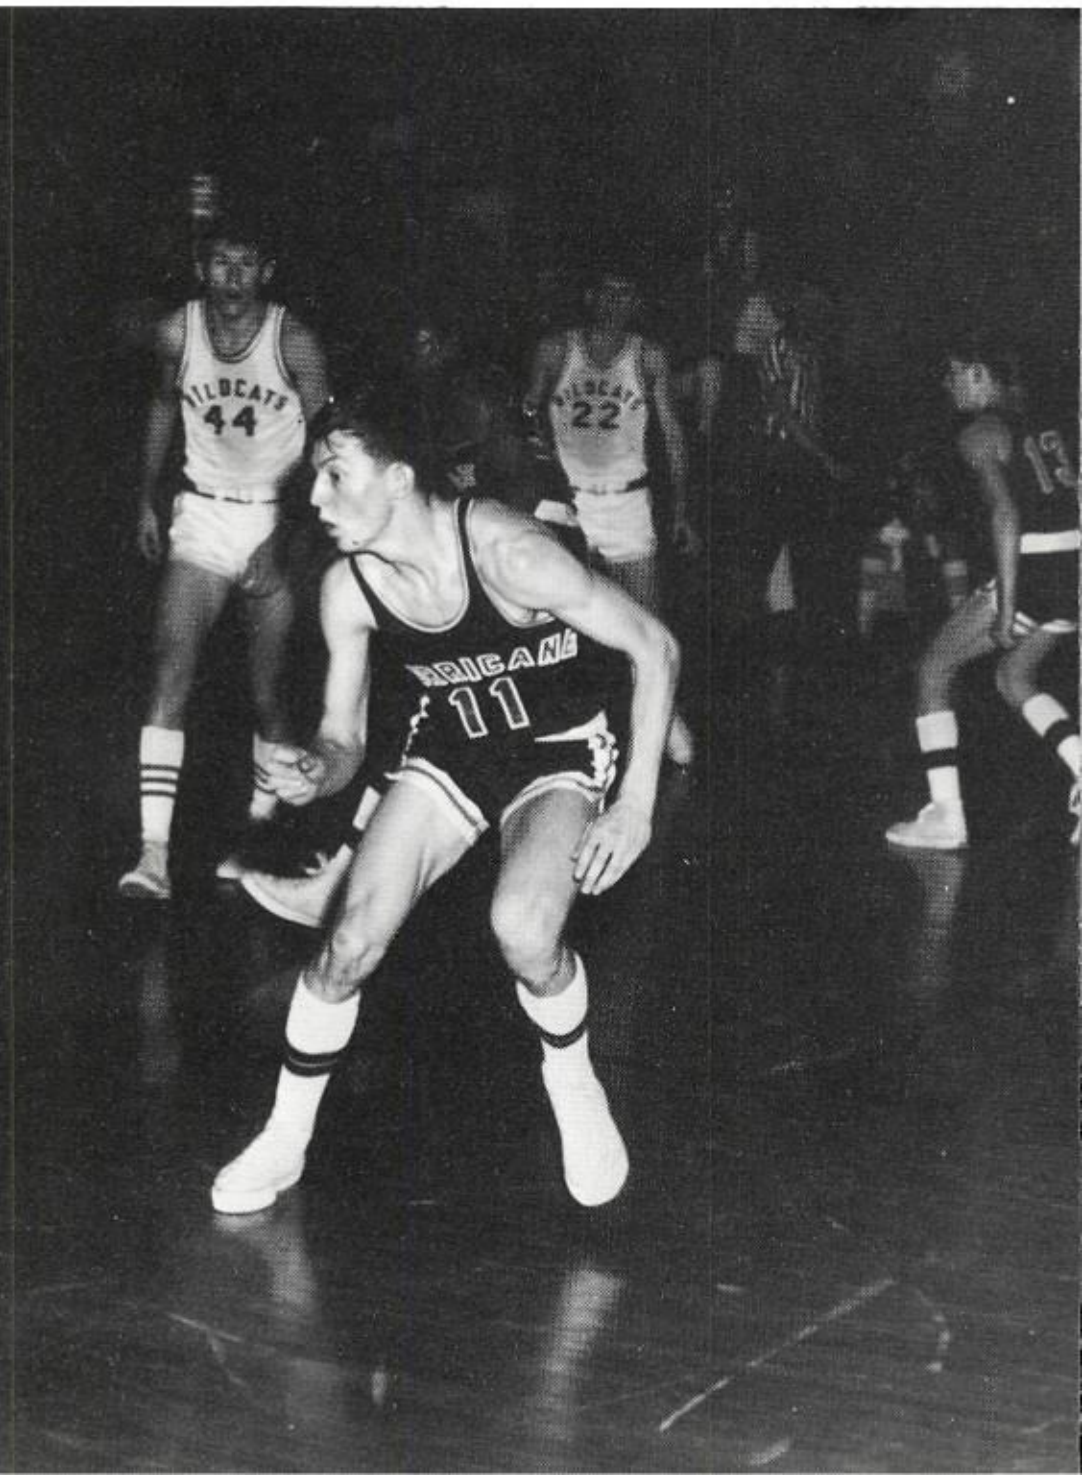
Wildcats Lose Out In Tournament

Playing the worst game of the entire season, the NLR Wildcats fell to the Texarkana Razorbacks 65-58 in the first round of the AAA state tournament at Barton Colisseum March 5.

NLR'S tourney tenure came to be cut short by Texarkana coach Charles Ferriter's Razorbacks in what he was quick to phrase "an overall effort by everyone." 6'6" senior Tom McAlear contributed 25 points in one of his most outstanding showings for the Razorbacks.

The Wildcats took a quick 10-2 lead. McAlear hit two and put the Hogs ahead 12-14, and Texarkana was on their way to a 29-24 halftime advantage. They maintained a substantial lead until the 68-58 finish came.

Senior Bob Murphy led the Cats in scoring with 19 points. Junior Randy Vest helped with 16.



Cats Rack Up 12-4 Conference Record

Though all games are important to a basketball team, the conference games are perhaps the most cherished. The Wildcats racked up an 12-4 conference record and finished third in the conference beating Horace Mann in the last game of the season to beat them out of third spot.

In the Cats first conference encounter they traveled to Jonesboro to do battle with the always tough Hurricane. John Salmon and Bob Murphy were the big guns for the Cats tossing in 16 and 11 points, respectively, in the Cats 53-38 victory.

Coming home for their first home game of the season, the Cats continued their undefeated conference record with a 65-48 win over the Blytheville Chicks. Salmon and David Wingfield were tops for the Cats with 20 and 19 points, respectively.

Jacksonville was the Wildcats next conference victim falling 56-36 at Wildcat Fieldhouse. Murphy hit for 21 points in the triumph.

After a somewhat disaster holiday effort, the Cats got back into conference play against McClellan, posting a 72-54 win over the Lions and proceeding to beat the lowly Hall Warriors 72-51 the same week.

Still undefeated in conference play, the Cats approached a showdown with Little Rock Central also undefeated and ranked number one in the state. The Tigers were too much for the Cats this time winning 71-58 in the Tigers' gym.

Bouncing back after the disheartening loss to Central, the Cats out-fought Pine Bluff to again get on the winning path 86-73.

Again in the thick of the title race after Blytheville defeated Central, the Wildcats took on the Blytheville Chicks with the league lead on the line. The league lead again eluded the Cats as they fell to the hot-shooting Chicks 51-45.

North Little Rock returned to their winning ways with wins over Little Rock, Hall, and Jacksonville, easy prey for the much more powerful Wildcats putting their conference

record at a respectable 8-2, and leaving them in second place.

Reeking with revenge the Wildcats retaliated for two previous losses to take perhaps their most rewarding win of the season a 58-45 victory over their arch rival Little Rock Central before a packed house at the NLR gym.

But unable to keep a sustained winning streak, the Cats again faltered, losing to Horace Mann 68-58. All hopes of sharing the conference crown were lost.

After beating McClellan 71-65, no great accomplishment, the Cats again entered the losing ranks falling to an inspired Pine Bluff Zebra team 75-62.

Closing the season on a happy note, the Cats won their last two conference games 75-59 over Jonesboro and defeating Horace Mann when the chips were down 79-61 allowing the Cats to finish third in the Class AAA Eastern Division behind Blytheville and Central.

Non-Conference Games Provide Interlude

North Little Rock's non-conference games provided an appreciated interlude from the pressures of the conference grind. Though posting a 6-6 record, the Cats' non-league games proved valuable experience for the conference bouts.

The Cats opened their season with a double-header playing both Fort Smith teams.

NLR was not able to match the ability of the Northside Grizzlies at this point of the season, losing it 53-38. Bouncing back from their previous game, the Cats completely dominated the backboards to whip the Southside Rebels 58-49.

Coming home for the first time, the Wildcats wallopped the Hot Springs Trojans 79-59. The Cats' attack was led by the scoring talents of John Salmon and Bob Murphy.

Playing before a partisan crowd at El Dorado, NLR dropped their second non-conference tilt 79-69.

Jumping ahead early, the Cats rolled up a 68-54 victory over Conway to boost their overall record to 6-2. Salmon led the attack with 14 tallies.

Traveling across the river for the first time this year, the Cats dropped two consecutive games losing 64-62 to Horace Mann and 71-49 to Little Rock Central.

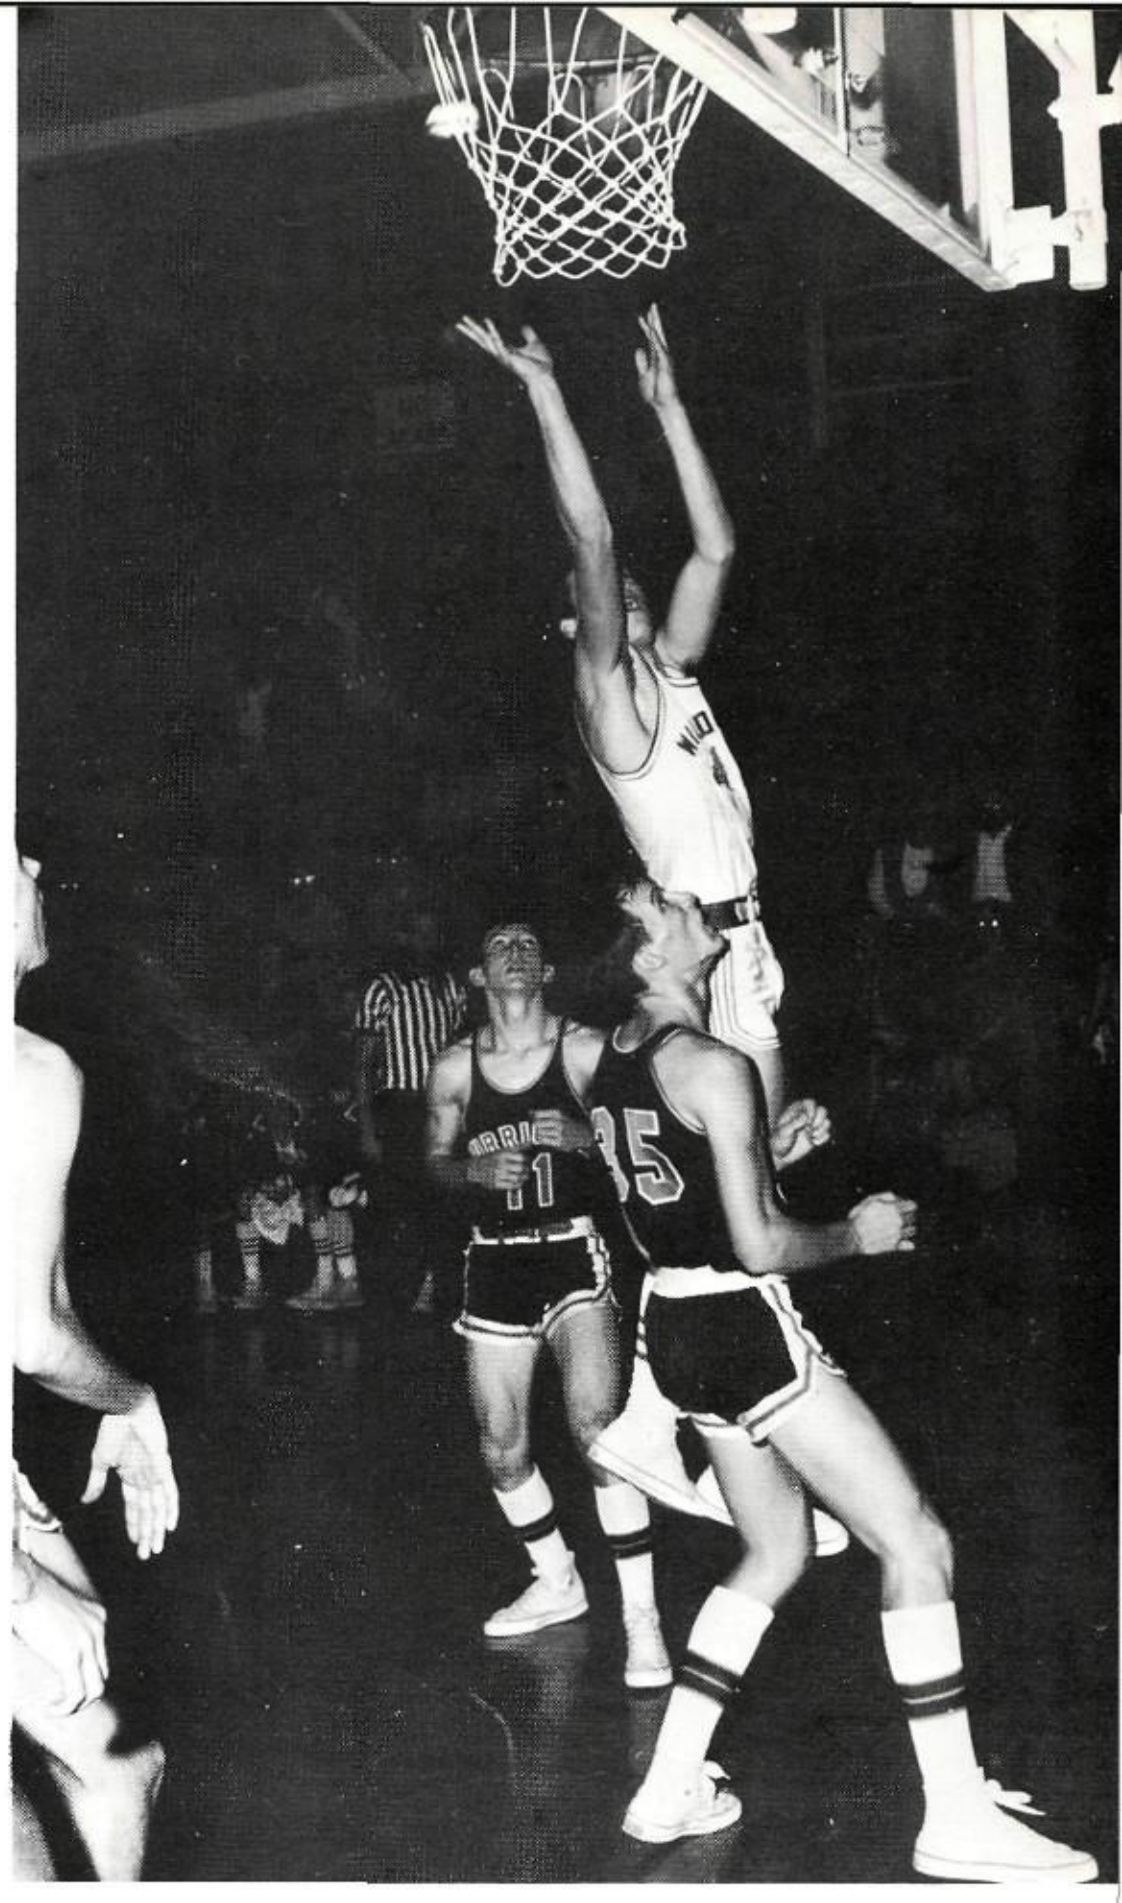
Braving hazardous weather conditions, the Cats took on the Hot Springs Trojans at Hot Springs and lost a 74-60 decision.

Eighth-ranked North Little Rock looked sharp against third-ranked El Dorado to take a 73-64 home court victory before a massive crowd.

For the first time in the history of the schools North Little Rock met Jones High and took an easy 77-66 win in spite of the screaming Jones fans.

Beating Conway for the second time this season, NLR won a 75-56 win boosting their home court streak to 16 wins in two years.

Fort Smith Northside, boasting the Number one ranking in the state, broke the Wildcat string of home court wins at 16, 54-44, in the Cats last regular season game.



All-stater Murphy scores two more on his way to another 30-point performance.

B Team Compiles Good 15-11 Season

Under the direction of a new coach, Bob Bowden, the Wildkittens experienced a season of close losses and hard luck, but still compiled a good 15-11 record.

"The Kittens improved steadily throughout the season," stated Coach Bowden. This is true as shown in the statistics of the last half of the season.

Contributing the most for the "B" team and also gaining experience for the varsity next year were Sophs Mark Scott, Ricky Porter, Bill Jordon, and Juniors Glenn Abbott, Tim Kelly, Stan Browning, Ricky Miller, Dale Carpender, and Charlie Johnson.

The Wildkittens have made this the sixth straight year of outstanding basketball playing along with excellent hustle and participation.

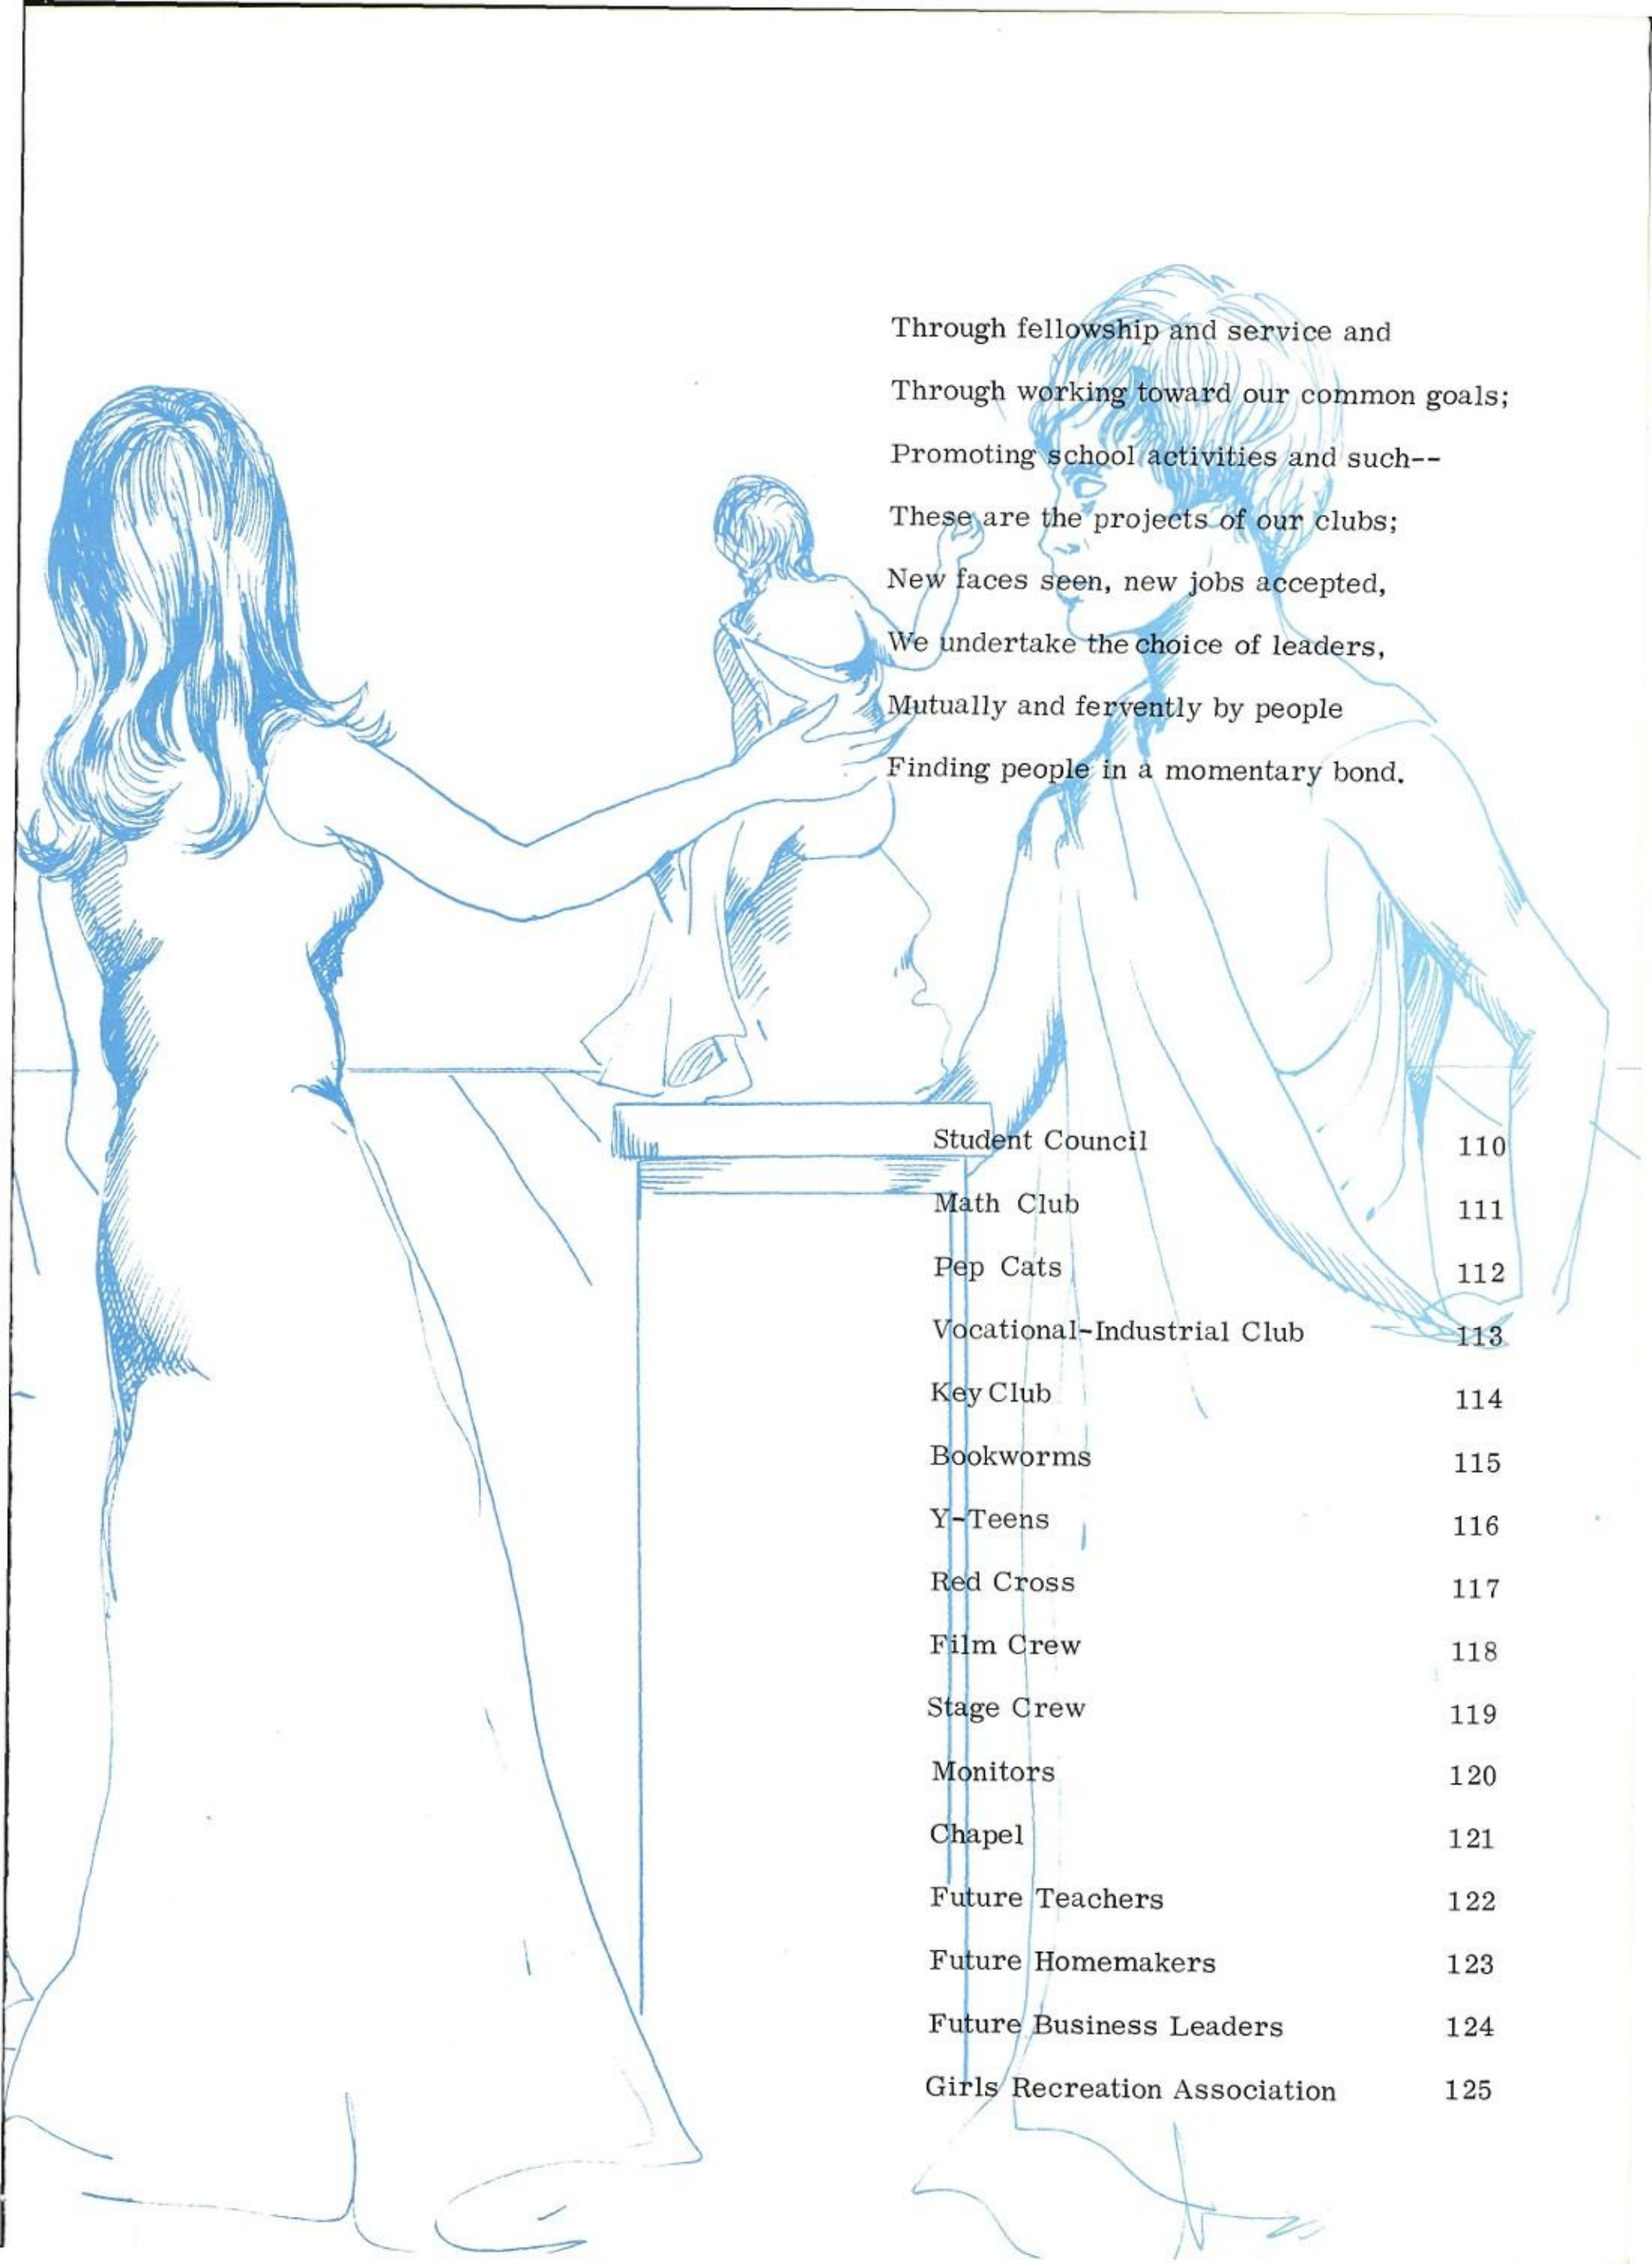
Wildcat Hill Js Sustratiotia



Through fellowship and service and

Through working toward our common goals;

Promoting school activities and such--

These are the projects of our clubs;

New faces seen, new jobs accepted,

We undertake the choice of leaders,

Mutually and fervently by people

Finding people in a momentary bond.

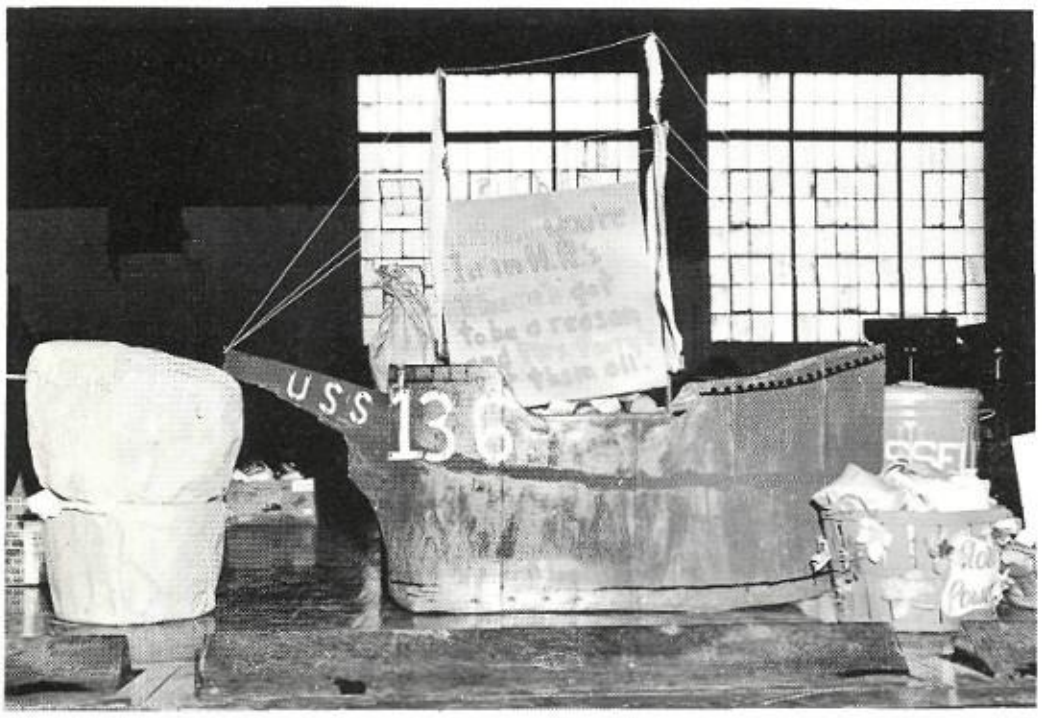
Student Council Governs NLRHS

Student Council officers include Beverly Ingeles, treasurer; Betsy Blodgett, secretary; Debbie Cook, chaplain; Steve Dew, president; Mike Riley, vice president; and Norman Snow, parliamentarian.

The Student Council is composed of ten representatives of each class. In addition to student government, the council sponsors assembly programs including Color Day and Thanksgiving. The Student Council promotes Friendly Week by giving dollars to smiling students around the campus. The week is concluded with elections of friendliest and an assembly. A new function of the council is selling programs at the basketball games. Presenting the Wildcat Follies is the main financial project. From this all school musical money is raised for donations to the school.

Norman Snow relates "'Twas the Night Before Thanksgiving."

USS 136 took top honors in the Thanksgiving Assembly.



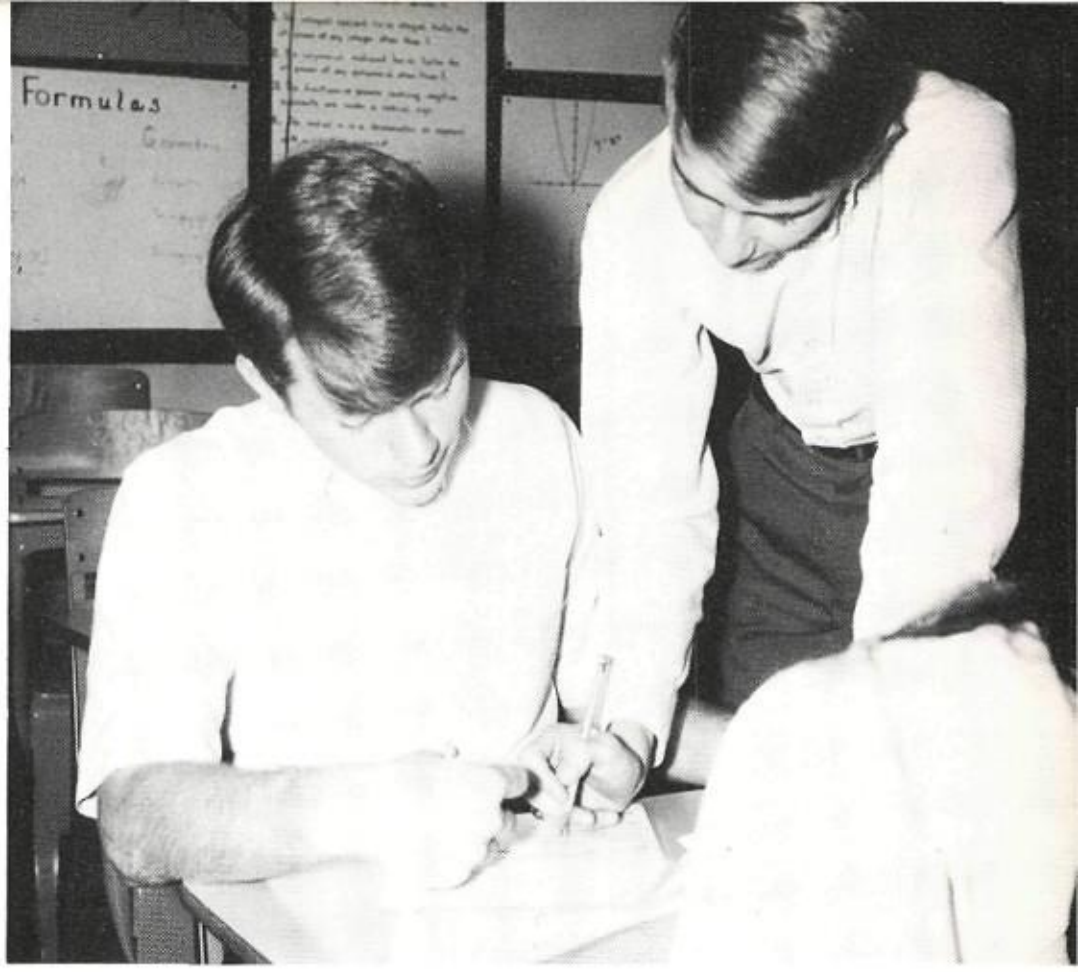
The enchantment of the Color Day Assembly was reward enough for the diligent work of the Student Council.

Math Club New at NLRHS

The newest club at NLRHS, the Math Club, known as Nu Lambda Rho, has become one of the most useful at the High School.

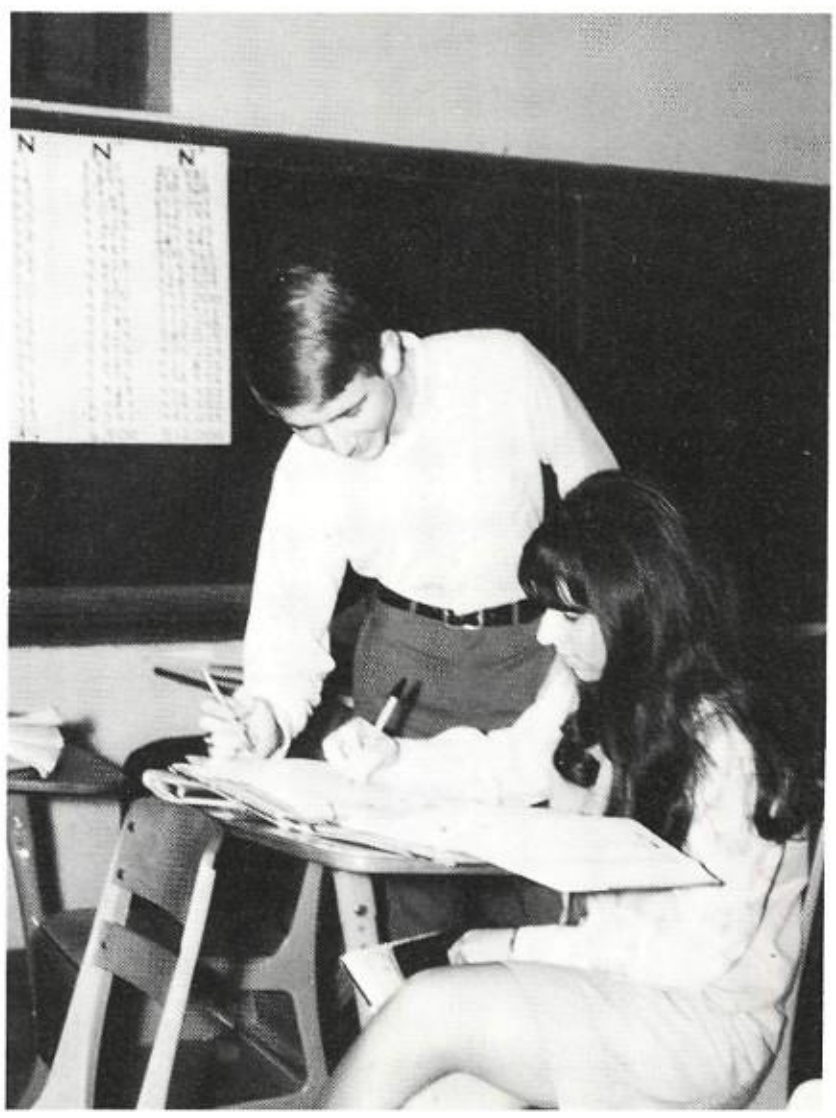
Students are able to get help before school in the different math classes from the club members. A slide-rule course was sponsored for those interested students by the Math Club.

Cynthia Nance is taught to use a slide-rule by Gary Winkleman during the club-sponsored slide-rule classes.

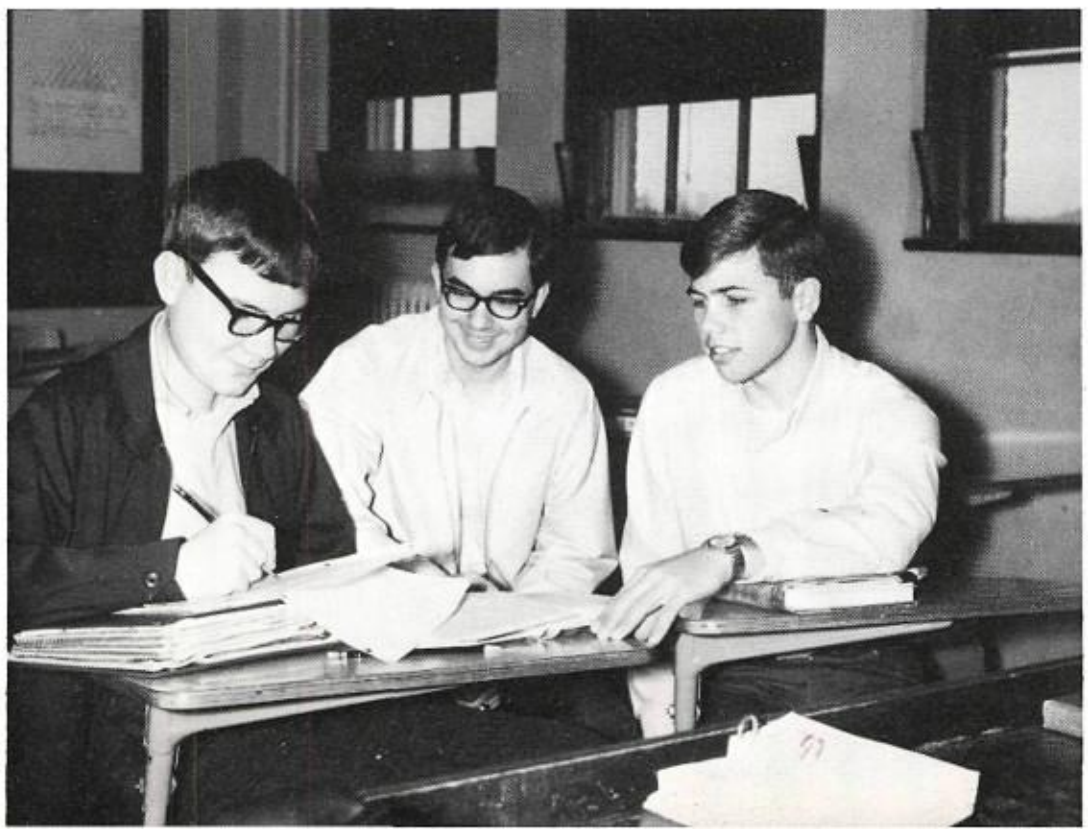


Math Club member Charles Medlock helps Charles Johnson with his Algebra.

Donna DeBartello gets help from Charles Medlock.

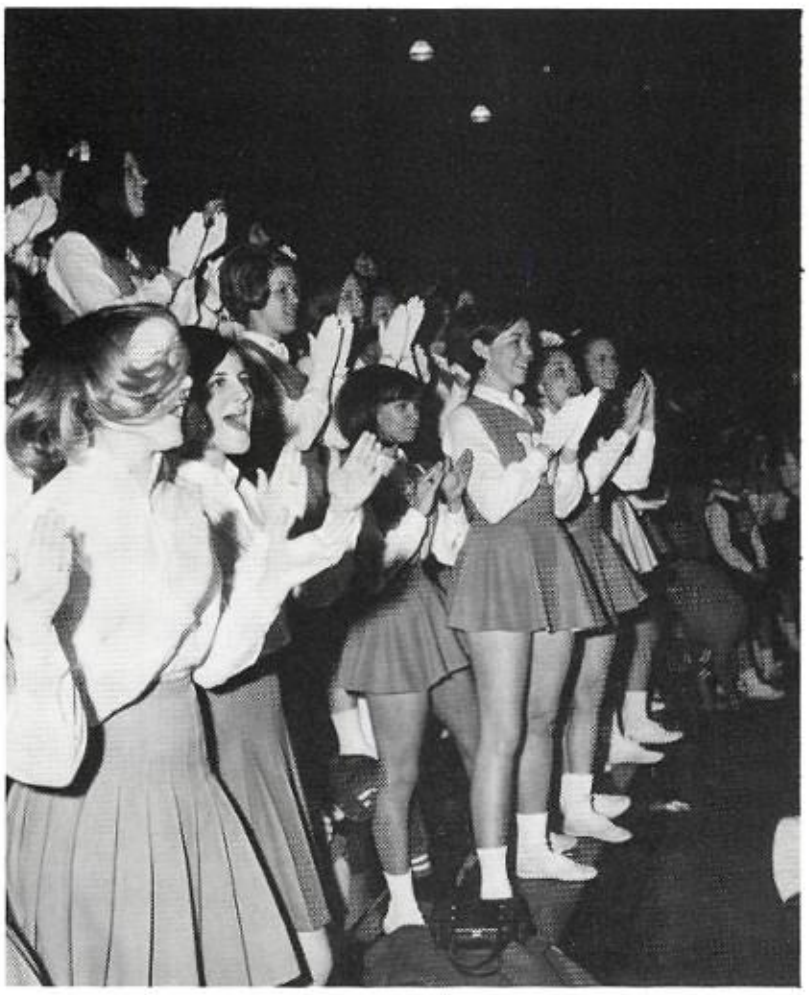


Bob Ferguson, Larry Lloyd, and Joe May concentrate on getting homework.



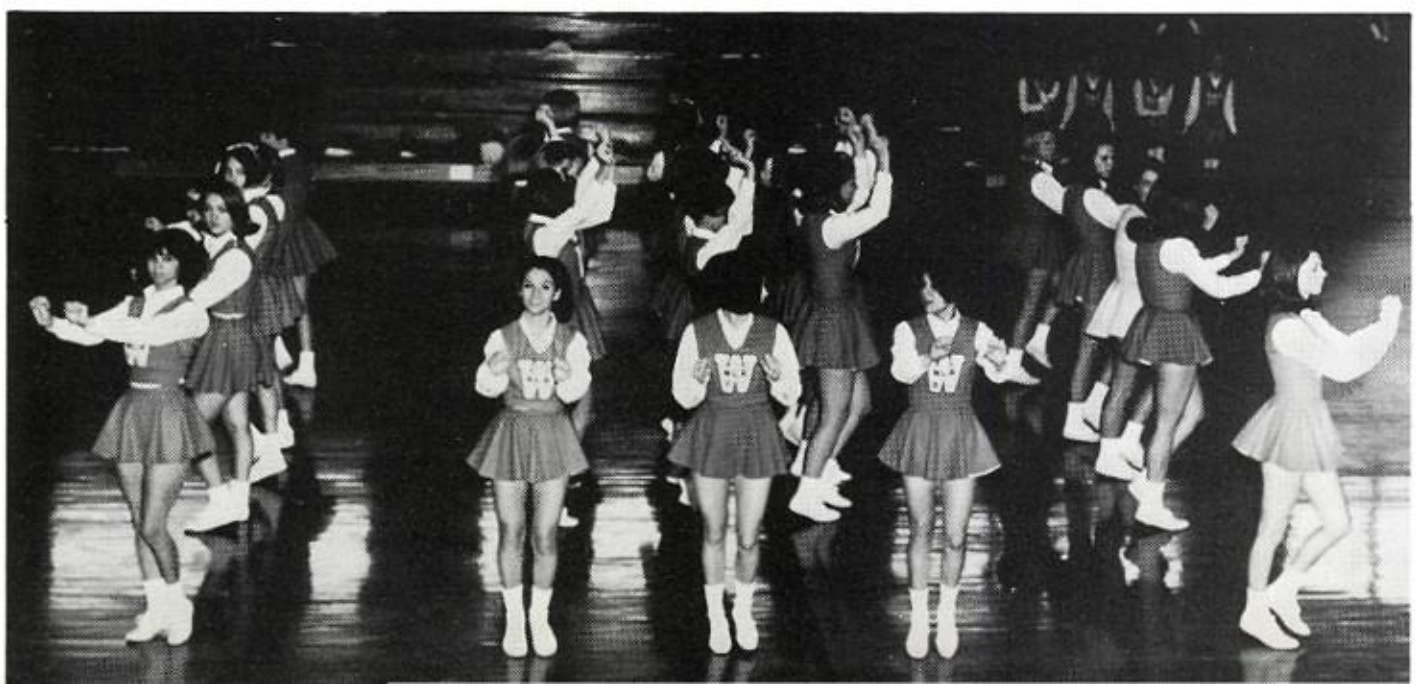
Marching Catettes perform a routine of lines and angles for a fall football game.

PepCats cheer the Wildcats to victory at each Friday night game.



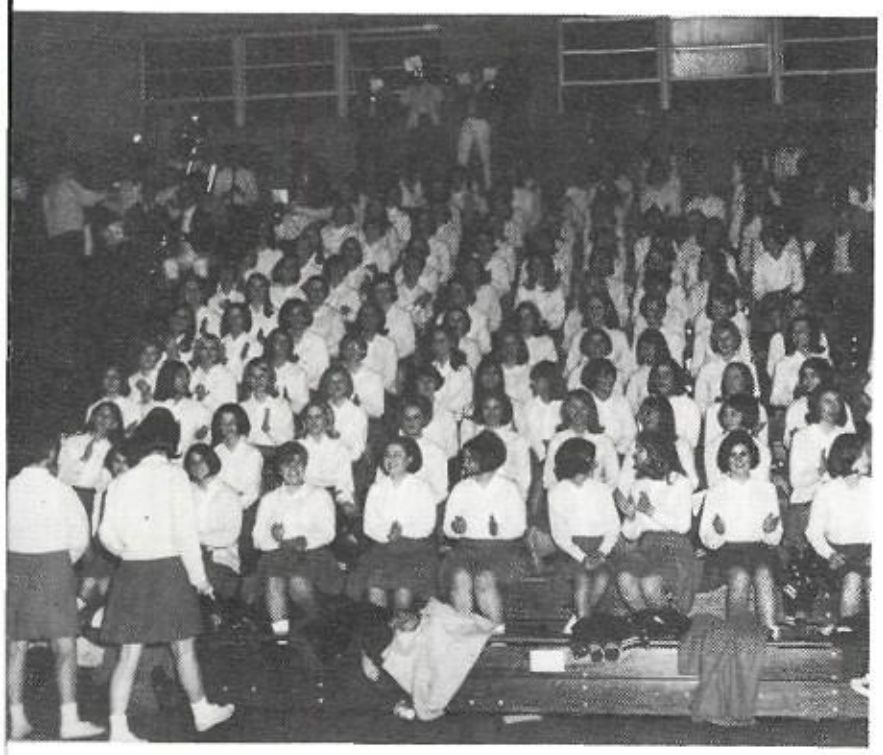
The excitement of scoring overcomes Wildcat boosters.

Senior Catettes present a bombshell routine at a basketball game.



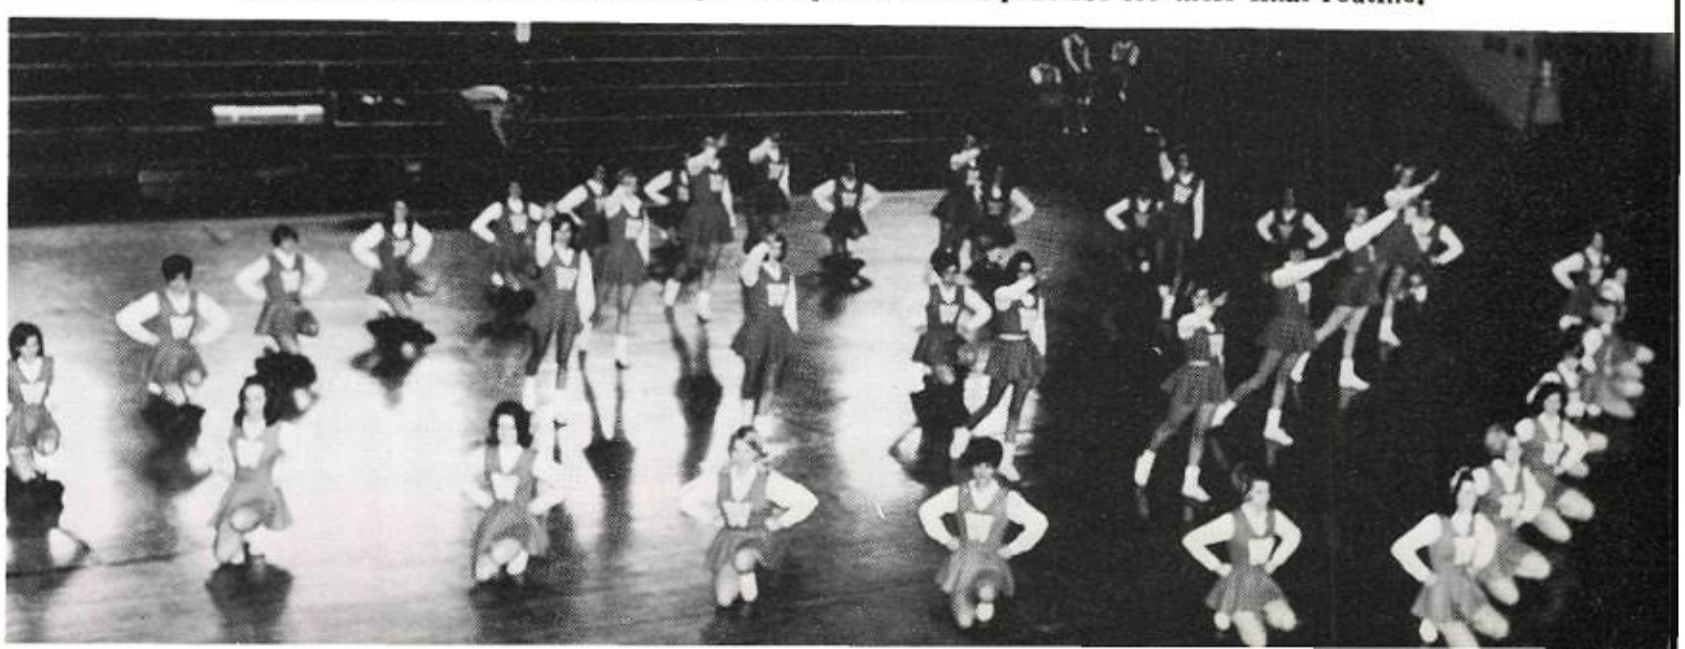
PepCats and Catettes Encourage Enthusiasm

Under the stern (?) leadership of officers, PepCats function in fear of demerits.

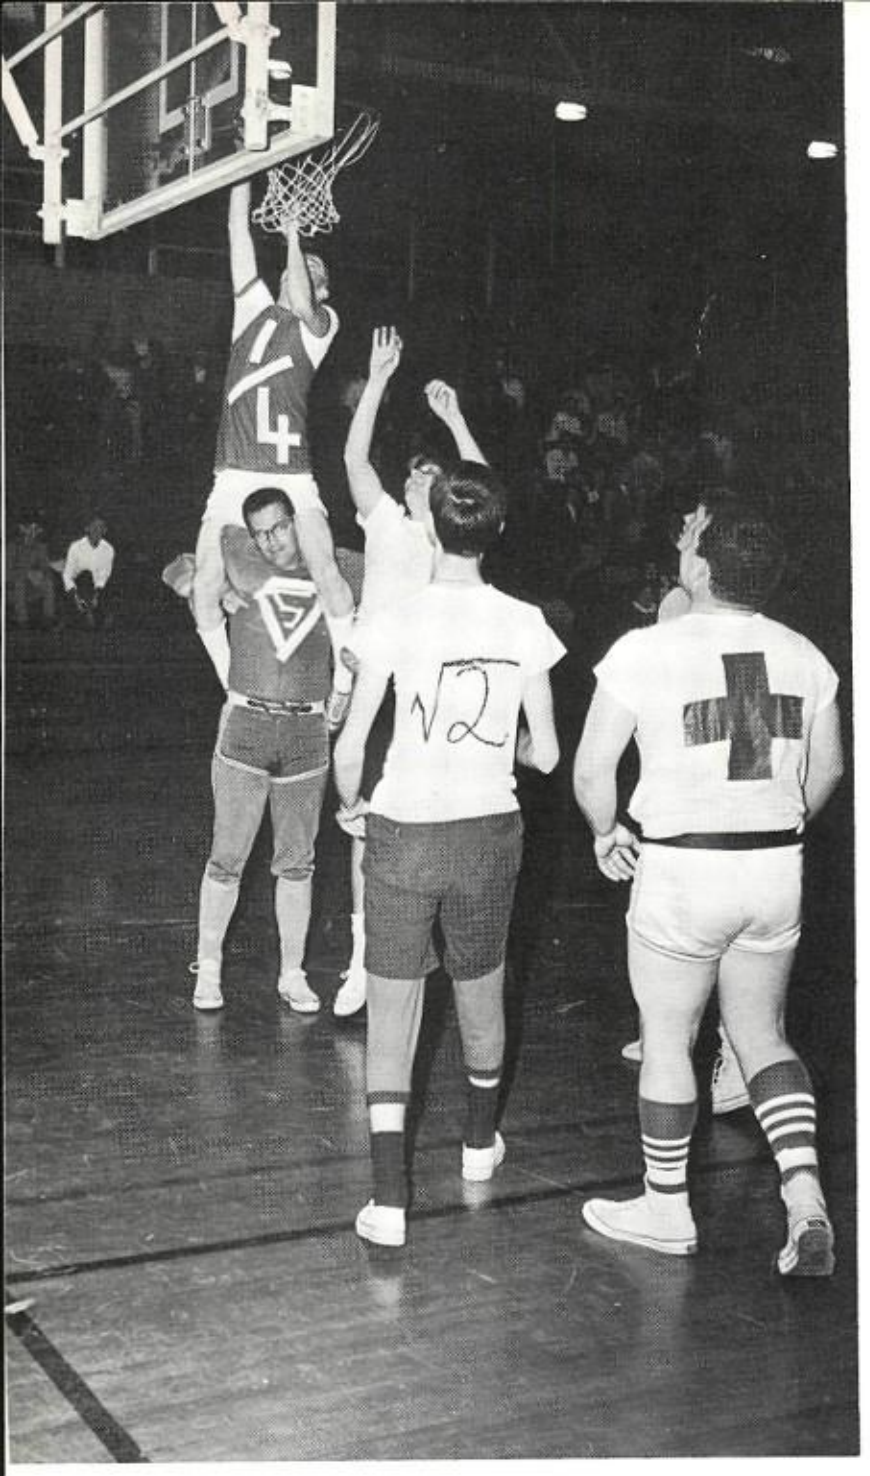


PepCat Officers are: (standing) Vicky Reid, President; (seated) Toni Carter, Vice President; Carl Ann Dickerson, Historian; and Karyn Walker, Hand Drill Leader.

Catettes practice a pin wheel and perfect queen-anns in practice for their final routine.



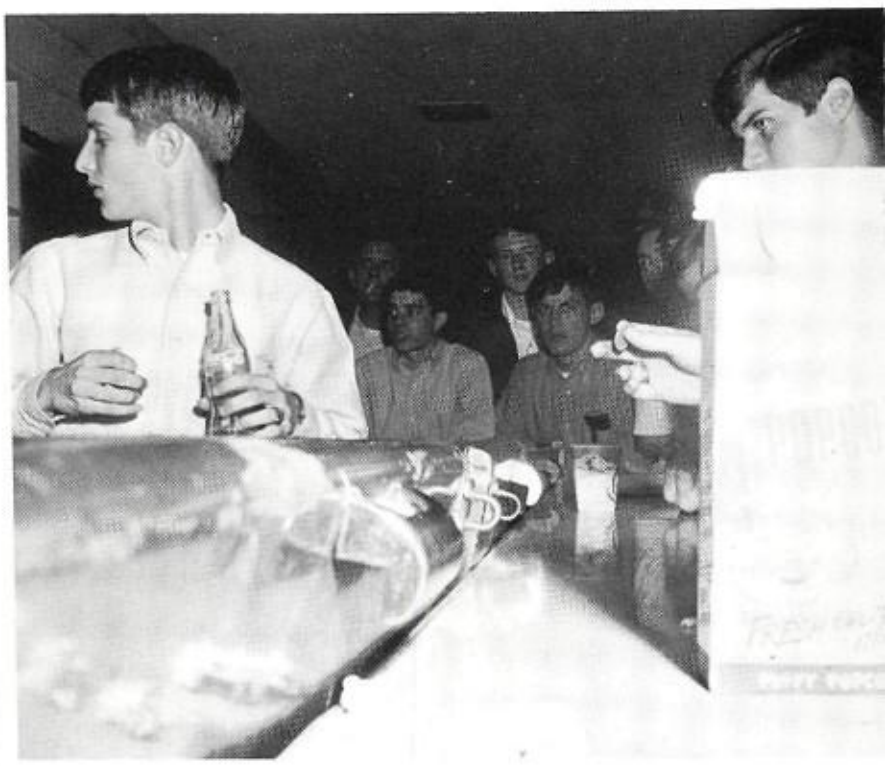
Key Club Serves School and Community



Despite tactics such as this, the Key Club was able to defeat the faculty 69-67 during the annual game.

Key Club bench keeps cool under intense crowd pressure.

Key Club inspires young men to a life of service. Club projects are designed to aid school and community with selfless aid. Money raising projects such as the ever-popular annual basketball game with the faculty help the club achieve its noble goals.

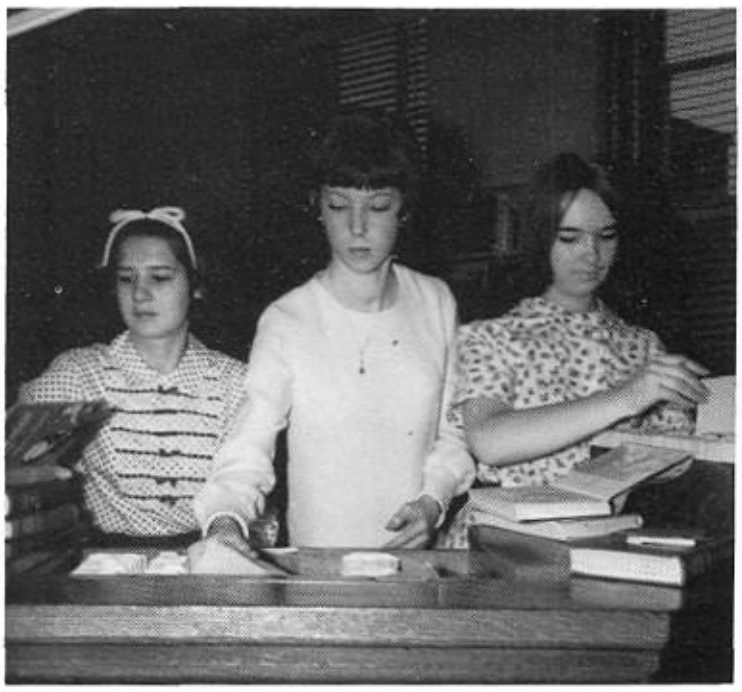


Senior Key Clubber John Adams sells Cokes ar popcorn at a basketball game. Key Club Preside David Edwards addresses the student body whi officers Perry Carr, Vice-President; Charl Blanchard, Secretary; and Ed McClain, Treasure look on.

Bookworms Assist Faculty and Students

Without the assistance of the NLRHS Bookworms, our library would not run as smoothly as it does.

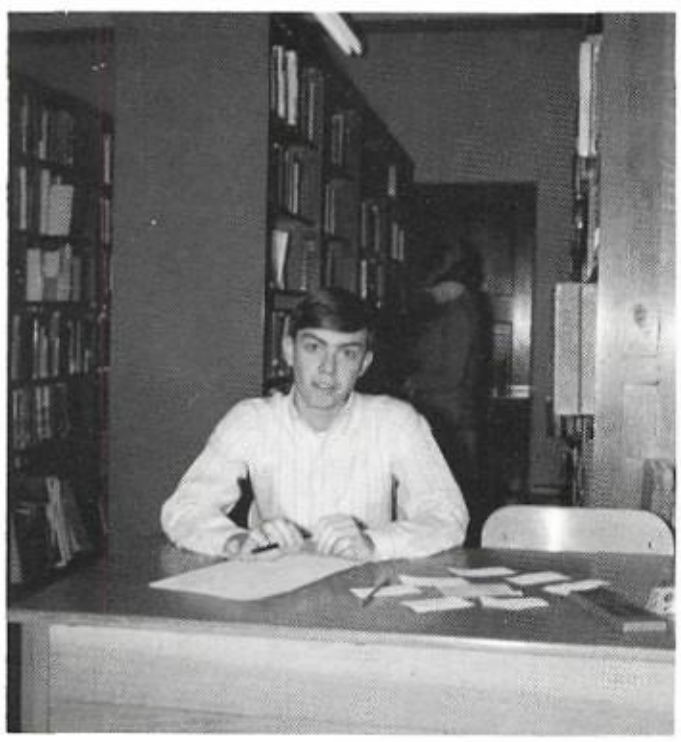
This group of students do everything from mending books to helping students find books to collecting.



Student librarians Janet Wright, Carla Cambell, and Clinette Simmons check in books.

Mrs. Charles L. Carpenter and Mrs. Thomas Booker discuss librarian's techniques to senior Johanna Arnold.

Bookworm officers are Joann Millender, Secretary-Treasurer; Janet Wright, Vice-President; and Charlene Stern, President.

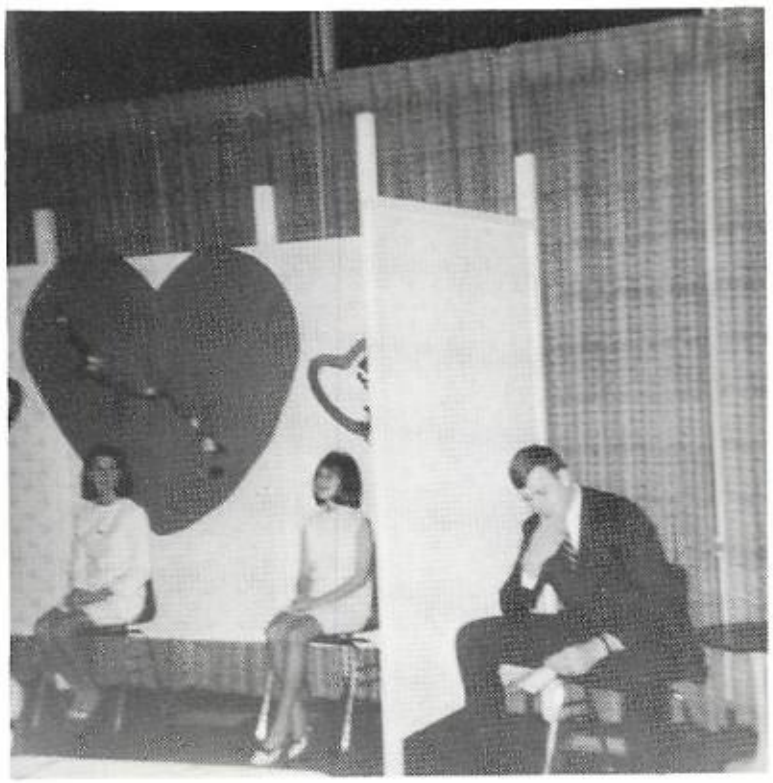


Mending books is an everyday chore as Susan Taylor and Shiela Lochridge know.

Y-Teens Draw Map for Life's Highway

Among the various activities sponsored by the NLRHS Y-Teen Club are the Dream Boy Contest and Pep Breakfasts.

Open to any girl, Y-Teens offers girls a chance to participate in service projects. The club is sponsored by the Y.W.C.A. with a teacher-sponsor at school.



Jay Douglas finds the "Dating Game" can be both interesting and perplexing.

Officers for the 1967-68 year were Betsy Blodgett, Marilyn Book, Vicky Reid, Debbie Cook, Lisa Keathley, Shirley Love, Rose Hughes, Brenda Henick and Jill Fishback, not pictured.

A Pep Breakfast for the Fort Smith Northside football game was sponsored by the Y-Teens.

Y-Teens enjoy the program at the annual Valentine Banquet.

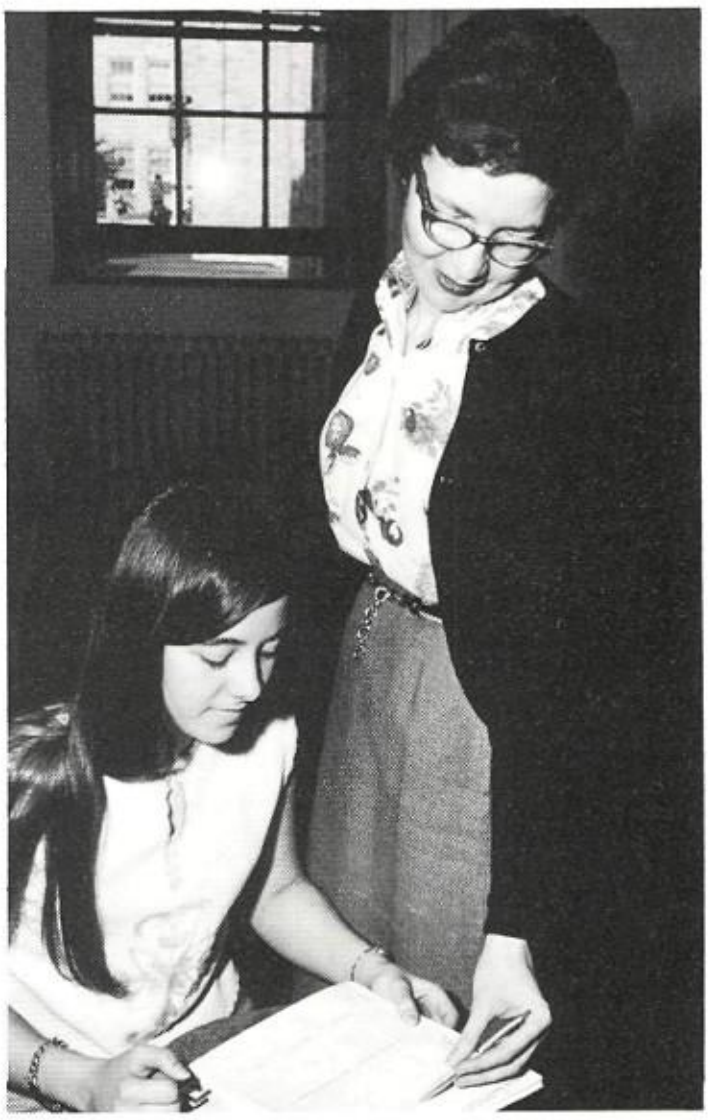
Red Cross Aids Humanity

The Red Cross helps the student body to understand the meaning of safety and aid through skits, special programs and publications at their two monthly meetings. Throughout the year each home room Red Cross representative participates in many activities such as filling "ditty bags" for overseas good will, raising funds for poverty projects and keeping records of student accidents.

Red Cross members prepare folders for the summer volunteer program.

Red Cross officers are: Jill Fishback, President; Becky Miner, Vice President; Carla Campbell, Secretary-Treasurer.

Sponsor Mrs. Perry shows Gerri Brooks how to fill out an accident form.



Jill Fishback displays a 100% sticker on her homeroom door .....Making up information folders are Connie Hoxie and Loris Skinner.

Film Crew Assists with Visual Aids

The aduio-visual department, better known as the film crew, is an indispensable part of the school. These monitors run the projectors and tape recorders, keep track of the maps and the recording discs, and set up all other visual aids used by teachers in the instructional program.

Film monitors Pat Croom and Jack Lytle learn the fundamentals of a tape recorder.

Setting up and adjusting the film projector is the main job of Wylie Workman.

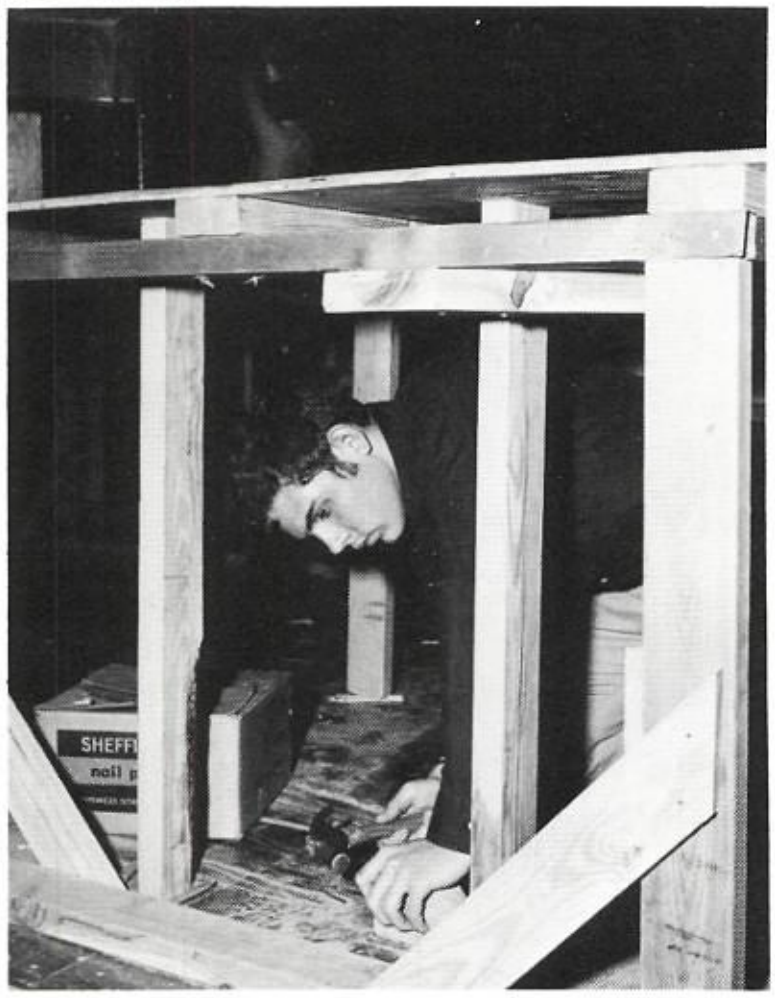
Rewinding films is part of the job of Pat Hitchcock and Ronnie Ray.

Lyn Yeilding and Steve Milburn check the film schedule to keep the audio visual department running smoothly.

Stage Crew Integral Part of Productions

Stage crew has become a very unique group at NLRHS. Being responsible for several thousand dollars worth of equipment is quite a job and our stage crew does a fantastic job.

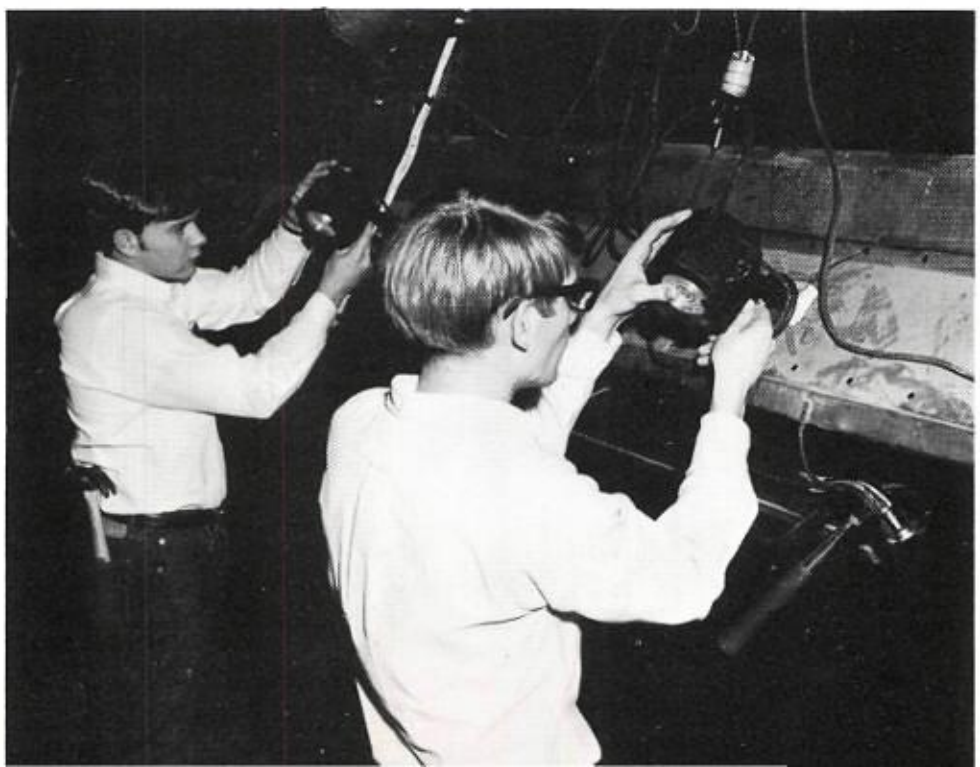
Working many hours after school, the "crew" built sets for the '68 Follies, Senior play, and the all-school musical. They are also responsible for the lighting, curtains, and sound systems for all assemblies.



Constructing the theatrical set for the Senior Play is Jim Murphy.

Achieving perfect sound effects for any school production is an important stage crew job carried out by Lew Harpe and Janey Goss.

Mike Ellis and Byl Harriell work with the stage lights to accomplish magnificent achievements in shadows and lighting.



In an early stage, the tremendously effective tree from the Wildcat Follies is being prepared by Byl Harriell, head of the stage crew.

Monitors Indispensable to School

Running the bookstore is a big responsibility as these girls find.

Monitors help in various duties at NLRHS. They work in the bookstore, office, and deans' offices.

Virginia LaGrossa is assigned to "hall duty" as a monitor.

Monitors Joan Dalziel and Kathy Dickens help Mrs. Cowan by calling the absentees.

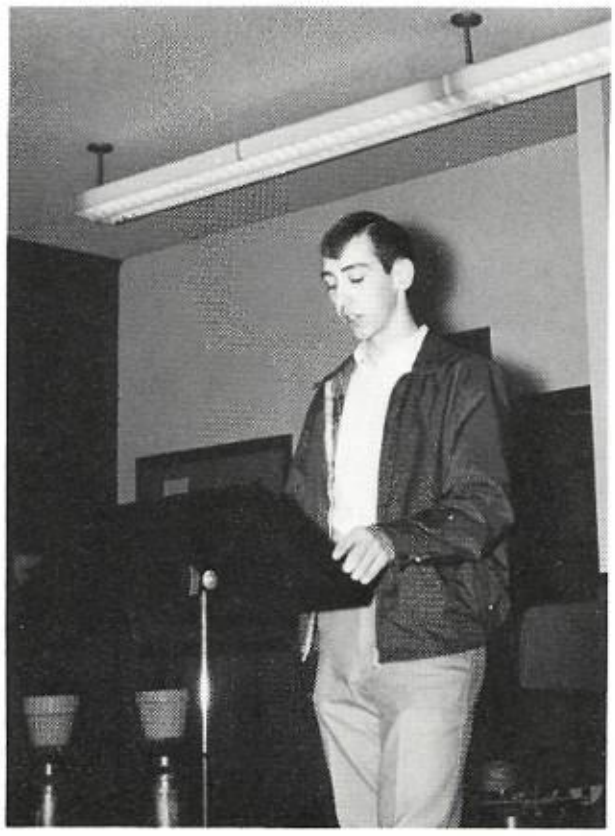
Dean Huddleston gives Charles Blanchard a pass to take to a student.

Chapel Offers Inspiration

Each Monday morning, students at NLRHS are offered an opportunity for Christian devotion.

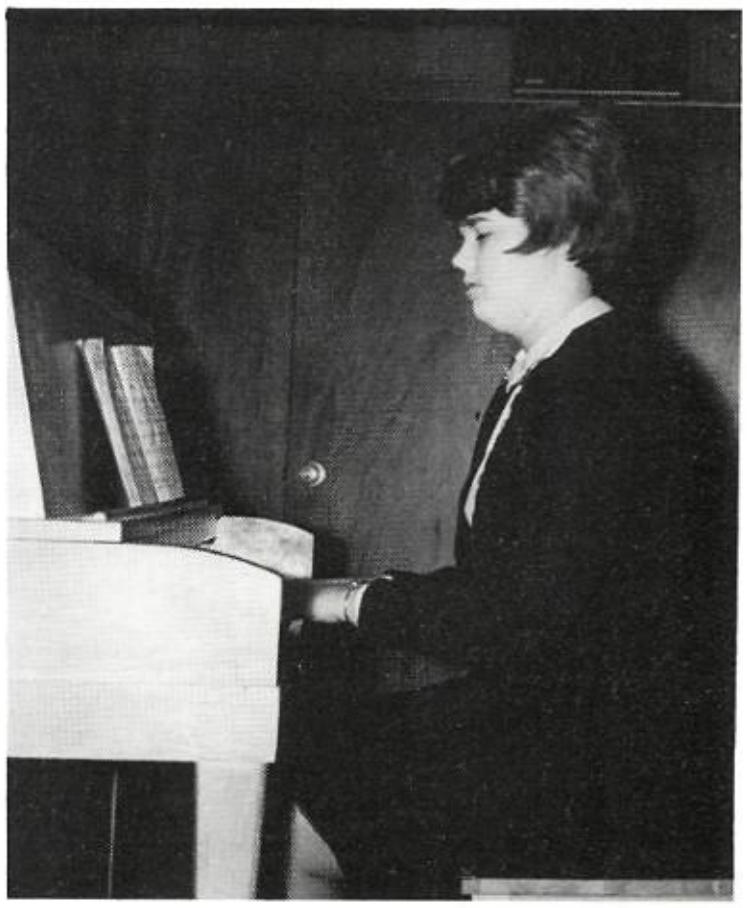
A non-denominal organization, chapel creates an atmosphere of inspiration through scripture reading, hymns, and prayer.

Seniors Barbara Grubbs, Danny Duke, and Barbara Turner direct Chapel each Monday morning.



Reading from the scriptures is Butch Hammack.

Barbara Grubbs presents a devotion.



The singing is accompanied by Barbara Turner.

FTA Provides Future Pedagogs

"To create and nurture a love for teaching, to develop leadership and to participate in worthy undertakings for the improvement of teaching profession", are the purposes of the R. B. Brawner Chapter of the Future Teachers of America.

Five members of FTA and their sponsor, Mrs. Lynn Tarkington, attended the SAEA Summer Workshop in Petit Jean to make plans for the coming year. Guest speakers, a tea for the faculty, scholarships programs, and the SAEA Convention at State College of Arkansas in Conway were chosen to create interest in education for the FTA members this year.

Nancy Graddy, President, serves at a Future Teacher's tea honoring the faculty.

Mrs. Hazel Ragland, senior faculty member is honored during National Education week.

Faculty members enjoy tea.

Future Teachers Officers include Rosemary Bird, Pat Smith, Cindy Evans, Nancy Graddy, Doris Ann Reddick, Edward Jones, and Millie Pearl (not shown).

Future Homemakers Ready for Coming Role

Serving the community is the main function of the NLRHS Future Homemakers of America Club. Any girl taking home economics is eligible to join FHA.

Meetings consist of demonstrations in cooking, sewing, home decoration, flower arranging and other things needed by the future homemaker.

FHA officers include Becky Lyons, Kay Adams, Bobbye Smith, Jill Fishback, Betty Andrews, and Lee Halliburton.

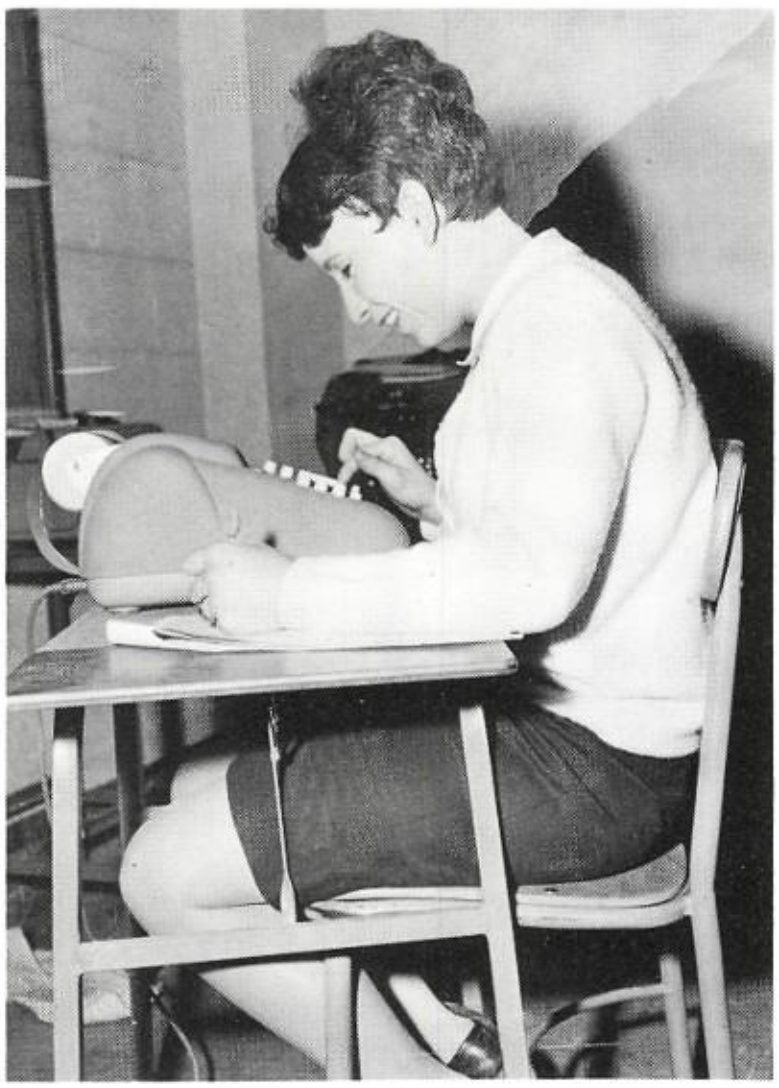
Sara Green, Deoris Swinney, and Doris Thirion inspect the new furniture in the home economics department.

Janet Griebel, Linda Emerson, and Susan Scroggs admire a vase in the living room. Angie Lewis and Sharon Ross turn on a lamp in the new home economics department.

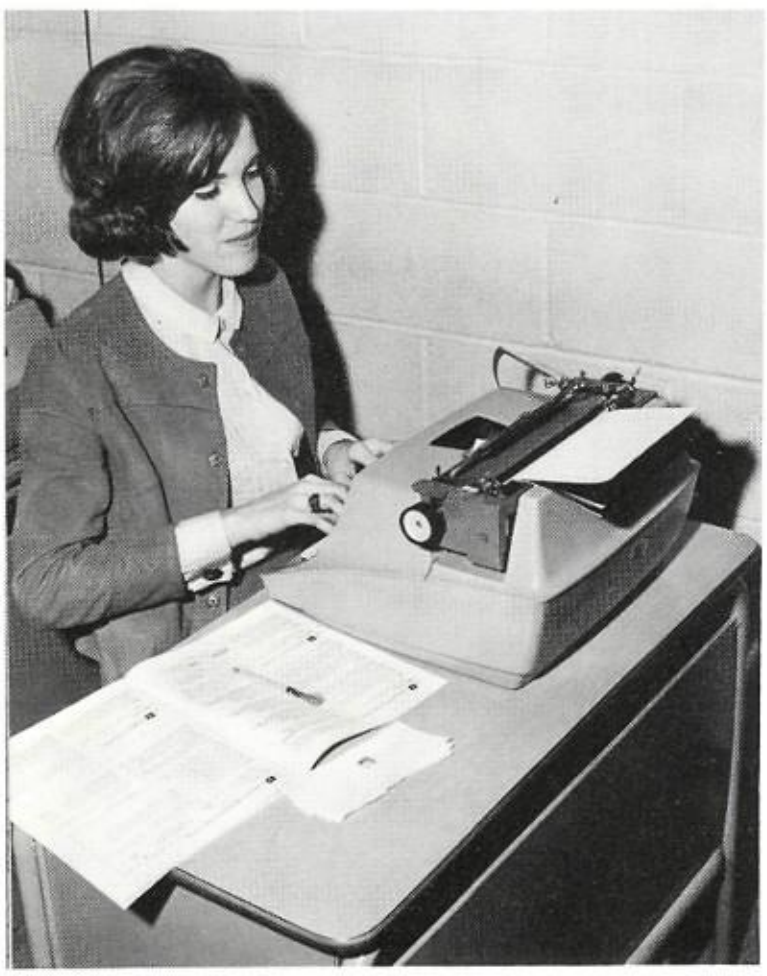
FBLA Exercises Business Skills

Future Business Leaders of America is a national organization for students in business education, open to all students taking courses in business. Speakers representing various professions and the Chamber of Commerce deliver talks at the monthly meetings and the special dinner meetings. Each March members attend the Future Business Leaders State Convention to compete in categories of different business skills. The basic purposes of FBLA are to develop business leadership and create understanding in intelligent choice of business occupations.

FBLA officers are: (seated) Becky Lyons, President; Georgia Bowen, Treasurer; Jean Thirion, Corresponding Secretary; Penny Bolich, Vice-President; and Judy Mathews, Recording Secretary.



Janet Meredith demonstrates business skills on an adding machine.



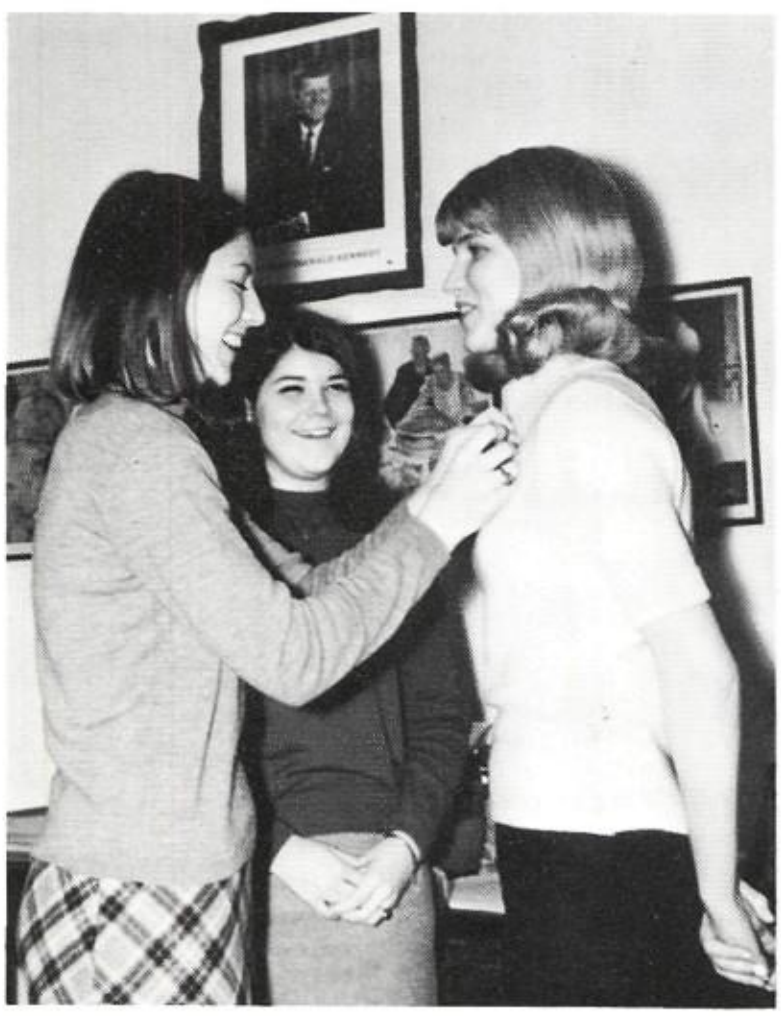
FBLA members prefect typing and bookkeeping skills while practicing for the contests at the State Convention.

Quill and Scroll Honors Outstanding Individual Achievement

Formed in 1926 by high school publication advisors, the Quill and Scroll was organized to reward individual achievements and to encourage individual initiative in high school journalism. The motto of the more than 75,000 world chapters of Quill and Scroll is "Ye shall know the truth and the truth shall make you free."

In 1936 North Little Rock High School obtained its charter and since then it has striven to promote the high ideals of the free press.

Quill and Scroll officers are: David Edwards, Vice President; Debbie Cook, Pledge Mistress; Vicky Taylor, Secretary; Toni Carter, Treasurer; and Billy Gray, President.



Pledge mistress Debbie Cook presents new member Ann Wilson with her pin.

President Billy Gray lights the Candle of Truth during the induction of the new Quill and Scroll members. . . . . .Beverly Byrd lights her new membership candle from the flames of the Candles of Journalistic Endeavor.

Wildcat Hill Js Stephanoi

The best of our endeavors is revealed
In all the best of our achievements;
When honor is bestowed upon a man
His name is linked in admiration,
His deeds begin to draw respect;
As here these honored few are shown,
We crown their glory with timeless
Tribute: the finest wreath of laurel.

Marching Catettes Support School Spirit

Sporting bright blue and white uniforms, fifty junior and senior Catettes perform marching routines at each game in Wildcat Stadium. These girls give up many hours before and after school to practice and to help promote school spirit. Each spring, during try-outs, nearly two hundred girls learn the skills of marching and perfect queen-anns and dance routines in hope of gaining points from the judges to become a Catette.

Wildcat Hill Is Ethnoi

Relationships, when once created,

Are strengthened by how much one gives;

Our friends and friendships aren't to die,

For they can last much longer than

The few short years of study here;

We'll soon look back in memory

And see familiar faces reunited

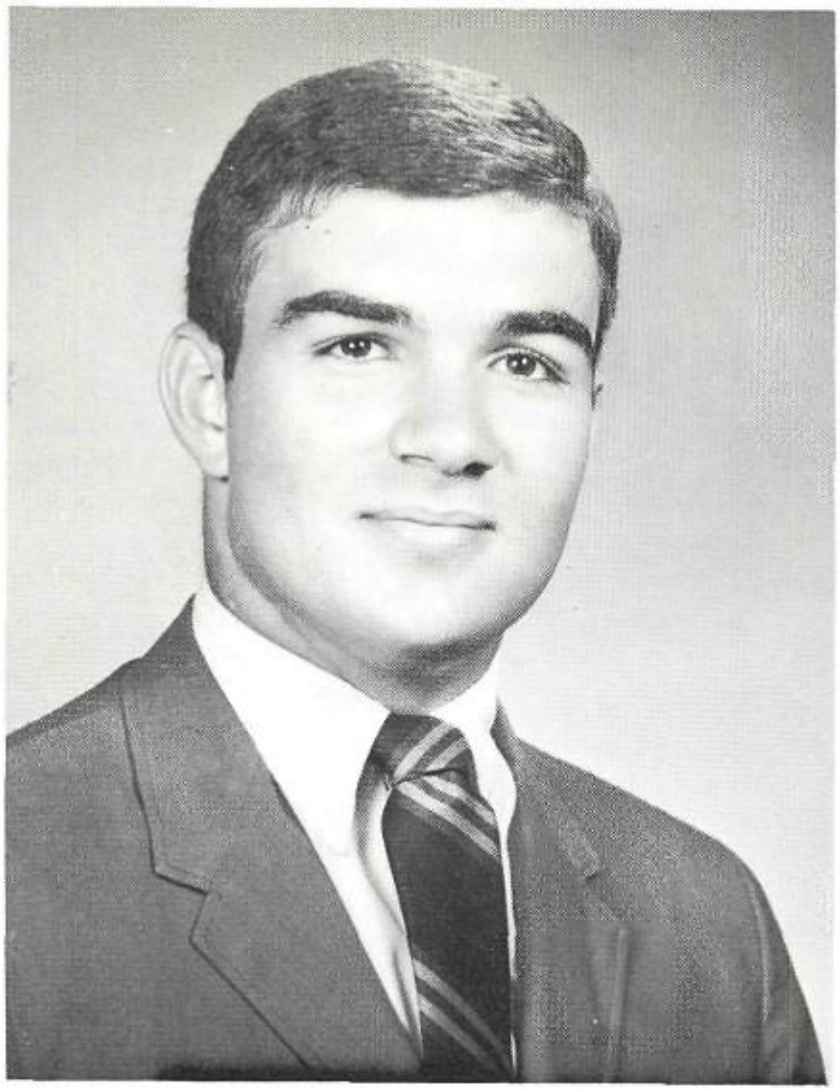
By our presence in a moment yet to come.

Seniors 162

Juniors 216

Sophomores 234

Senior Class Provides Many Leaders



President Danny Duke

"We're the only Cats that rate, We're the class of '68!" has echoed through the halls of North Little Rock during the past three years. As new, uncertain sophomores, this class marveled at the vastness of Wildcat Hill. Soon learning to become part of the traditional Wildcat Spirit, they slowly continued as juniors toward the crest of their life's experience: graduation. Time quickly passed and the senior year became a treasured memory in the minds of each. Not to be forgotten were the priceless times of the Senior Breakfast, the Wildcat Follies, the spirited athletics, the Senior Prom, and the final thrill of a diploma.

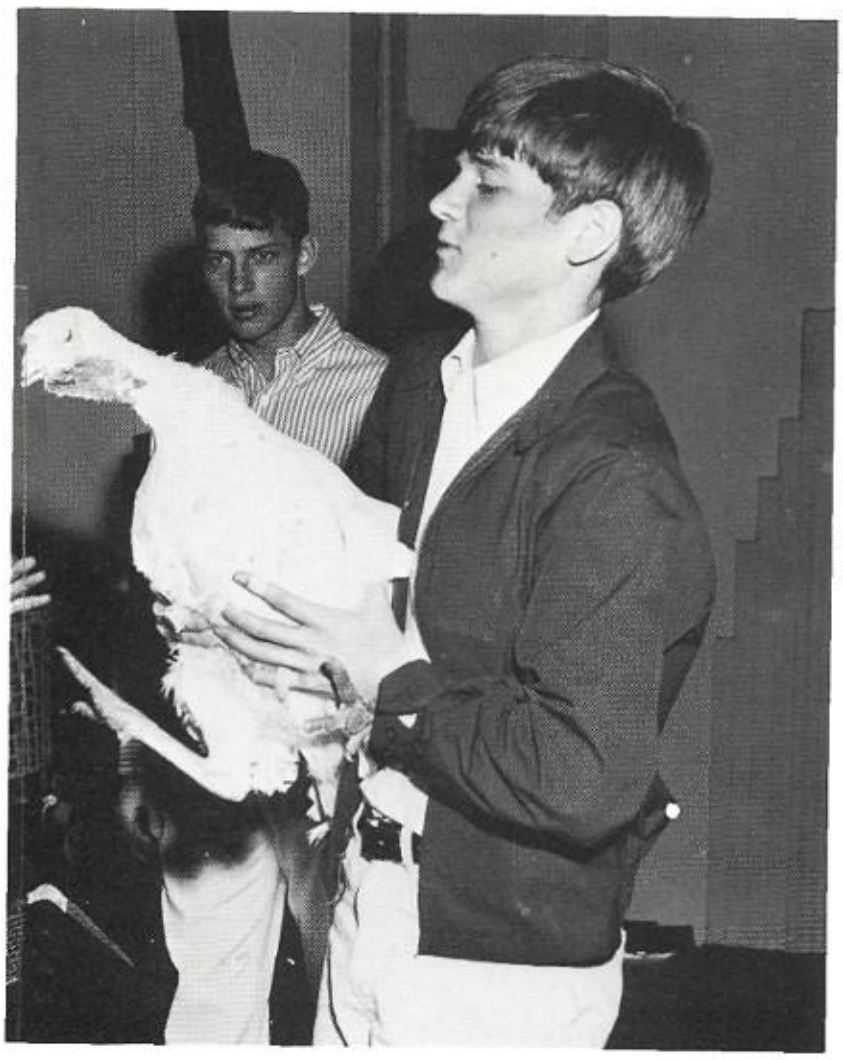
With Love We Remember

Sherry Odom

All, bar nothing,
Have a scheduled rendezvous
With pain, relief, God, redemption,
With Death.
Painful, very much so,
It comes quick as agony.
Relief comes as death,
Quick, sudden as a storm,
Everlasting,
As the love of God, Creator,
Is to be met with love, humble feelings.
Want of redemption.
If so, Heaven . . . .
Pray, pray, humble one,
For beautiful Death.

--- Bobby Martin



Class of '69 Awaits Top Cat Status

The middle child of the "Wildcat Family", the Juniors dream of the day when they will reign--the day they become the Top Cats.

As they strive for recognition, their cry echoes down the halls, "Of all the Cats we're so fine, we're the class of '69!"

Helen Zinn.

The modern day "Three Bears" Cliff McBryde, Micki Allen, and Steve Burkett come home to find an intruder in their home, Goldilocks.

Class of '70 Inducted in Wildcat Way

Barely Wildcats, the sophomores find themselves snatched away from the Junior High life and emerged into the deep tradition of Wildcat Hill.

The sophomore doesn't let himself drown, however, as he surfaces with the spirit and loyalty that prevails at North Little Rock High School. . ."We're the wildest Cats you know, we're the class of '70!"

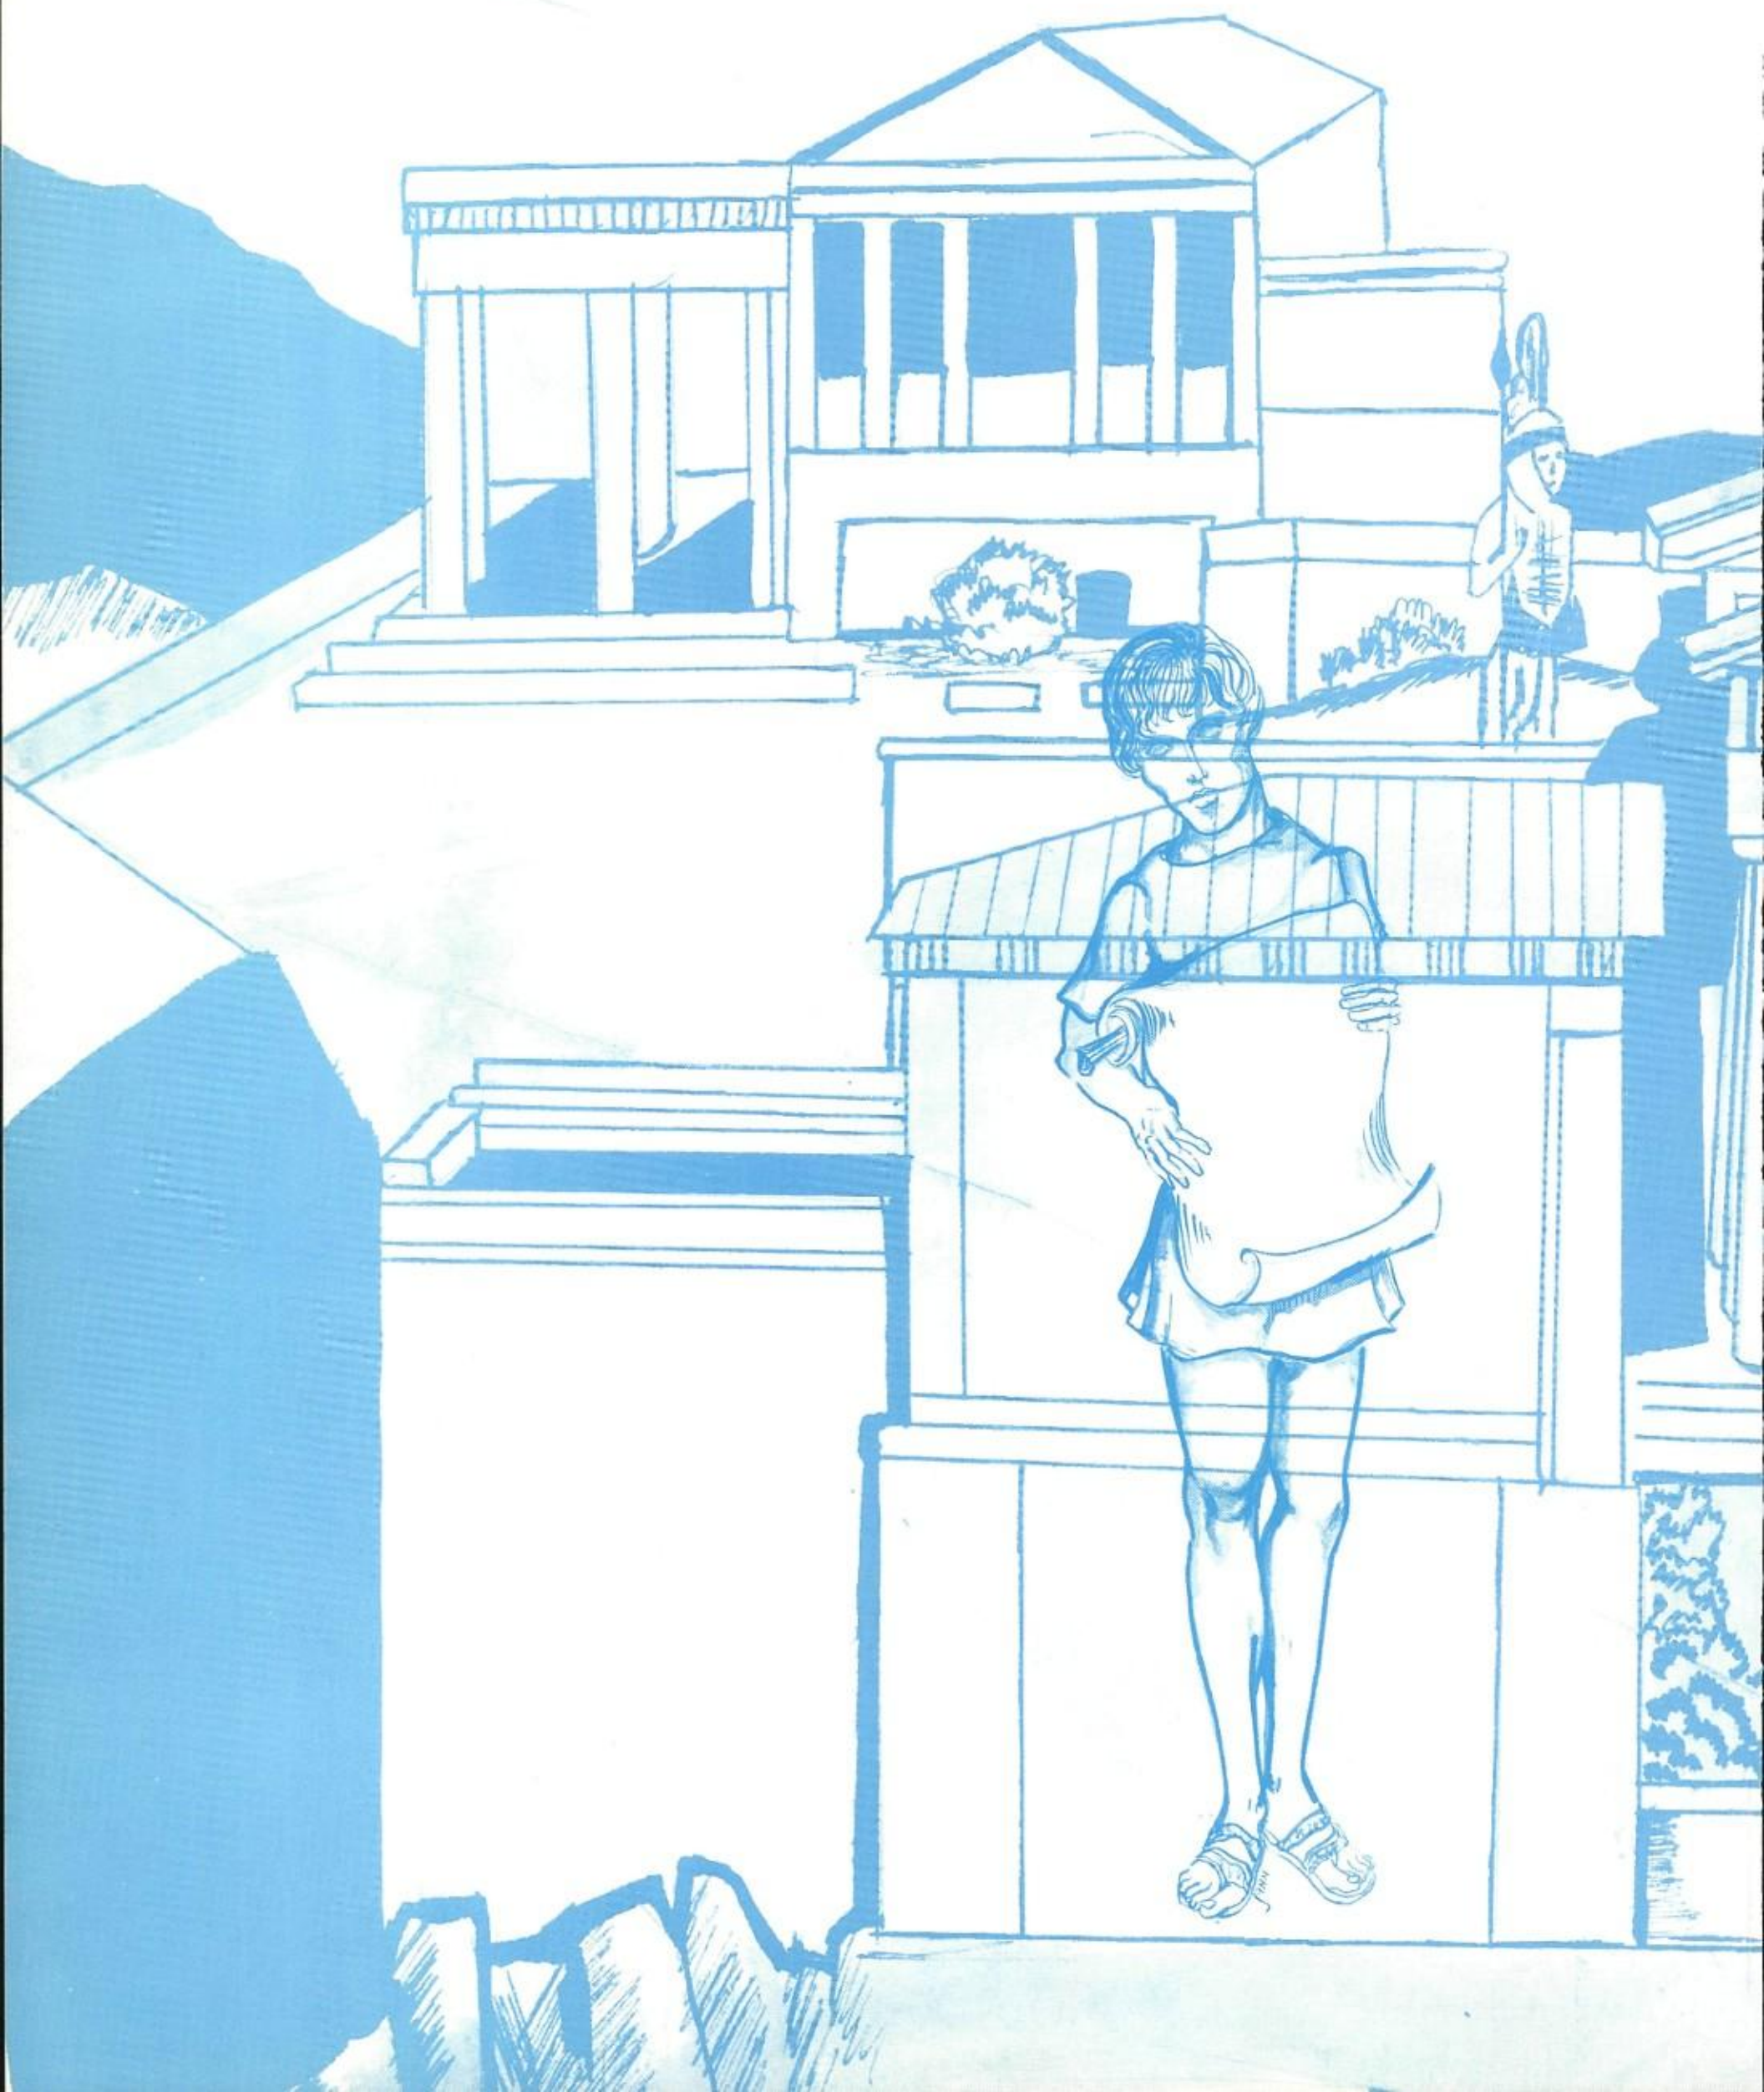
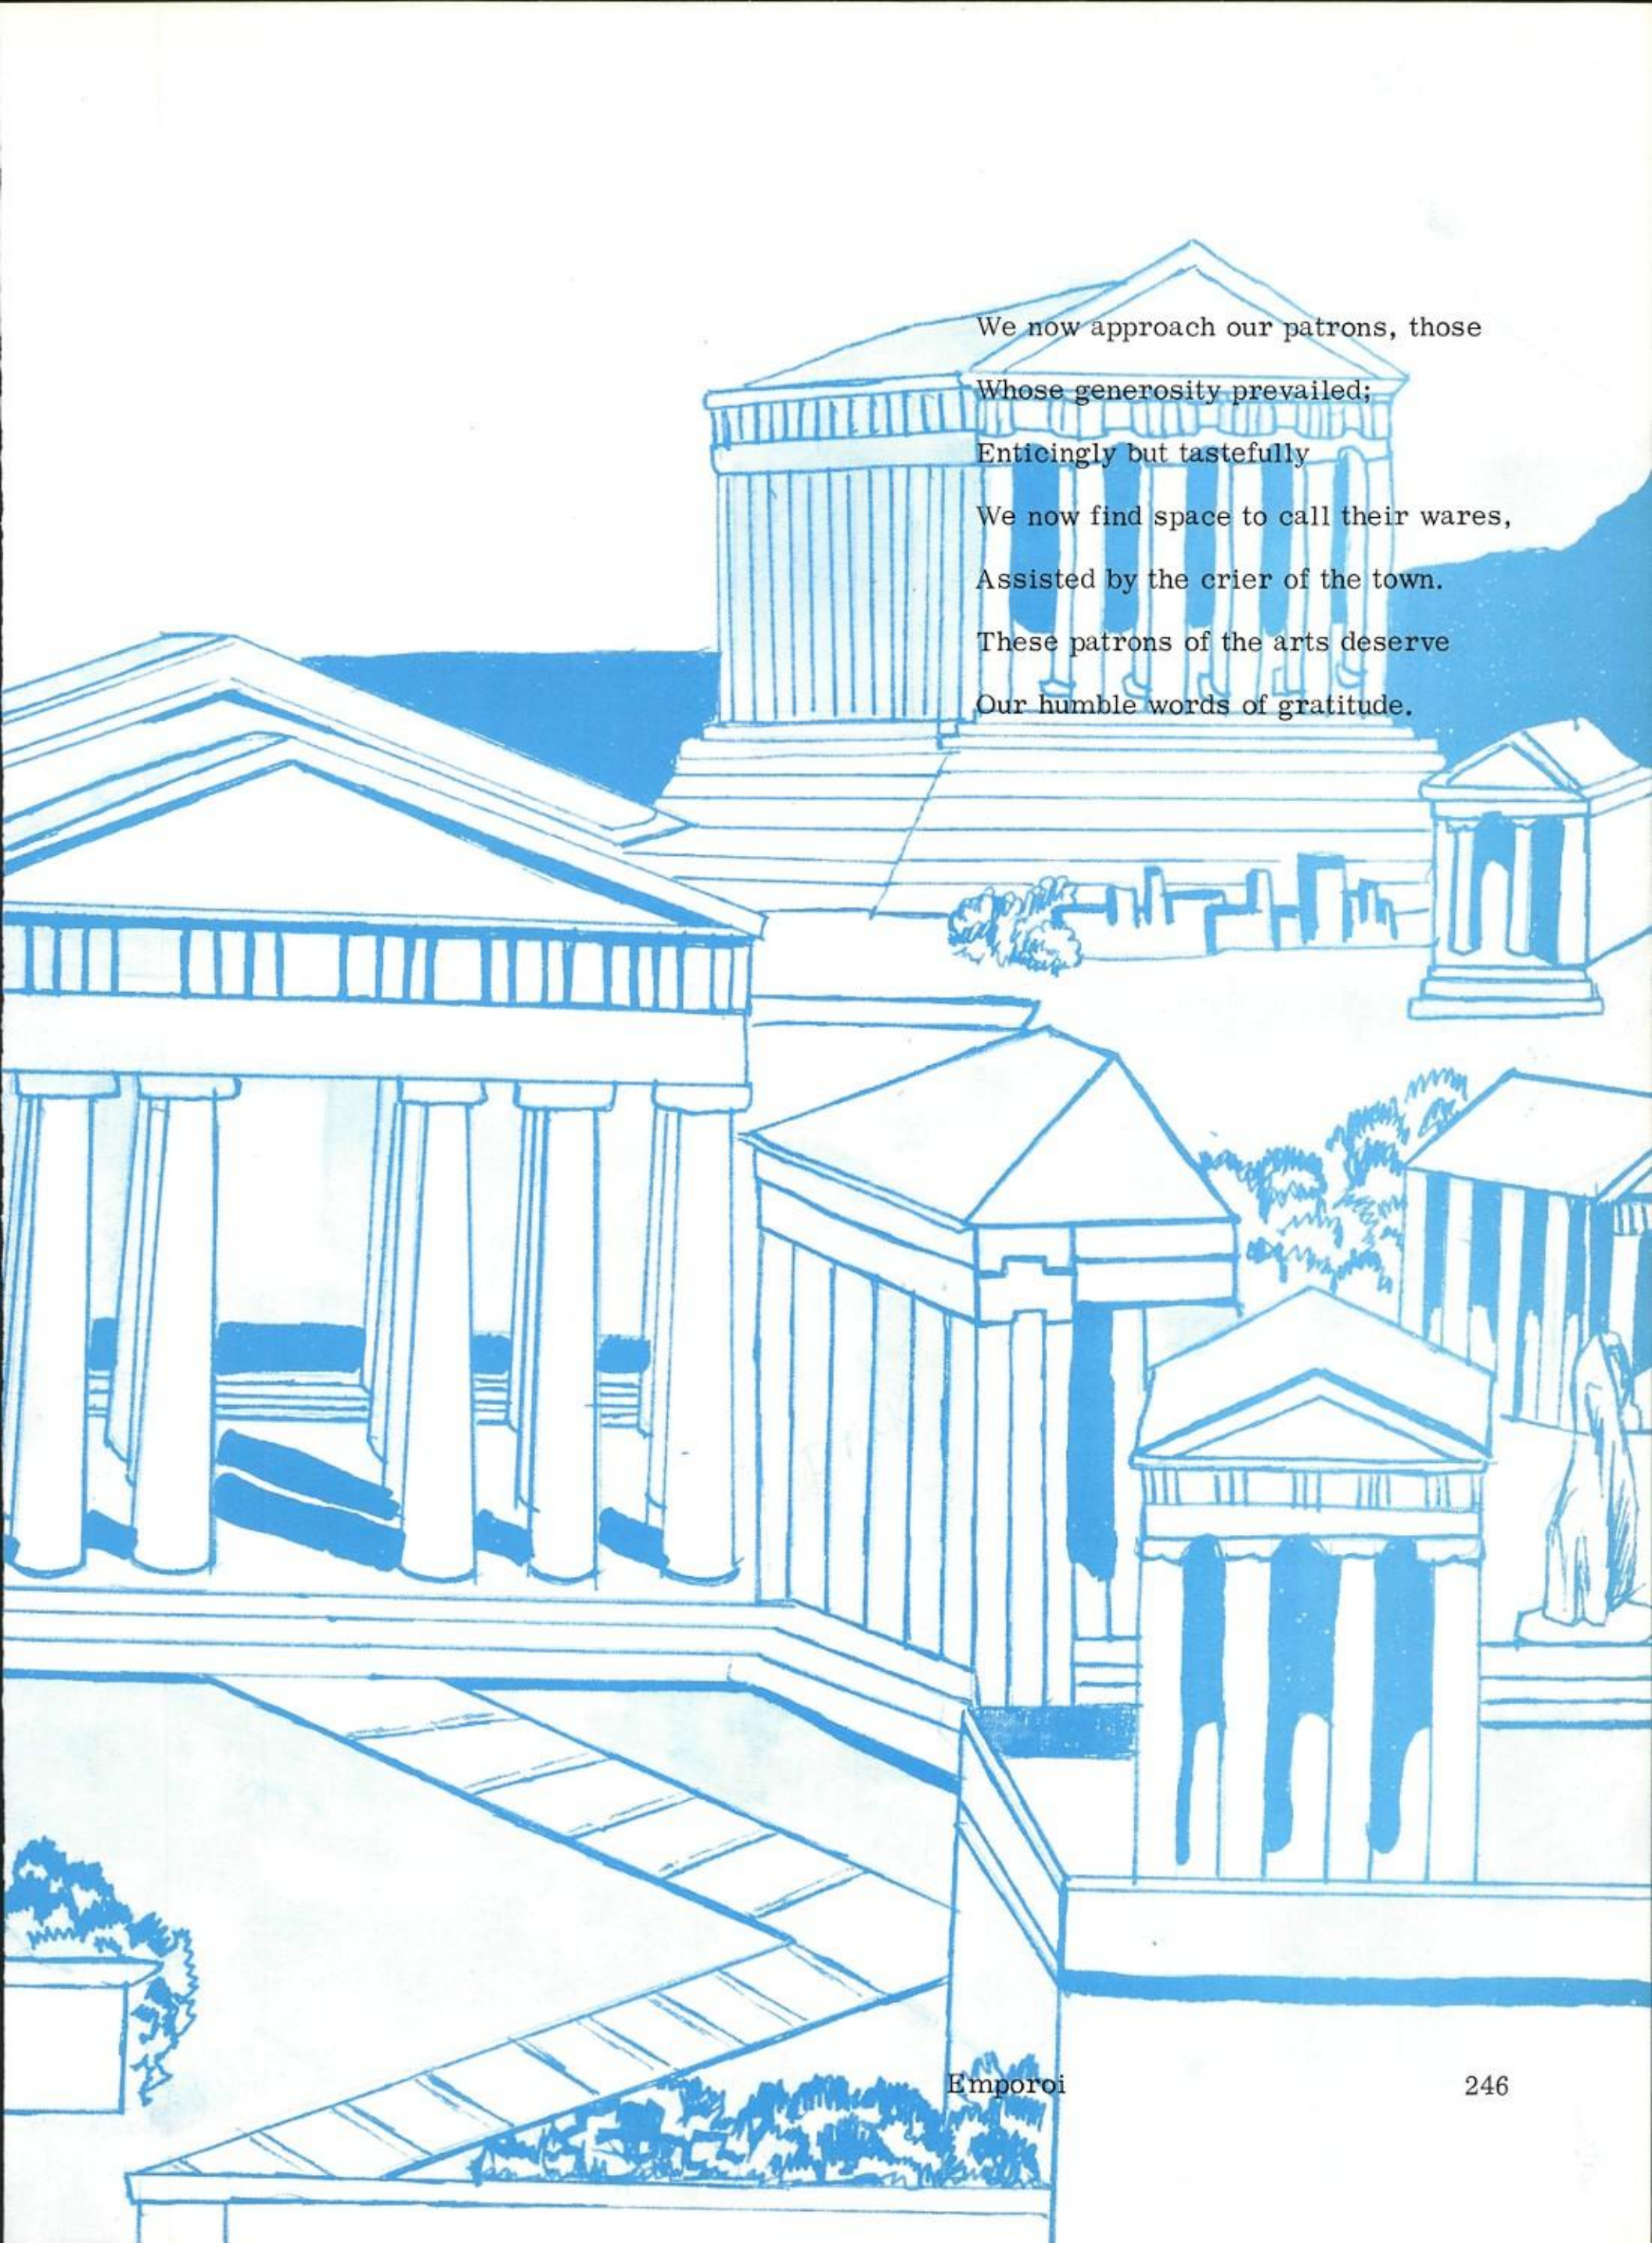
Wildcat Hill Is Emporoi





We now approach our patrons, those

Whose generosity prevailed;

Enticingly but tastefully

We now find space to call their wares,

Assisted by the crier of the town.

These patrons of the arts deserve

Our humble words of gratitude.

CITY OF NORTH LITTLE ROCK, ARKANSAS

"Pledged to Progress"

We take tremendous pride in the Teen-agers at Senior High because of their intelligence, their leadership, their character and their integrity.

As your elected officials we salute the youth of North Little Rock.

HI, NEIGHBOR!

The neighborhood pharmacy has
always been a focal point in the community.

It's a grand old American institution.

Here, friends meet informally.
They talk about the weather,
how things are going in the sports world,
discuss politics, grumble a bit about taxes.

When we fill a prescription for you,
it is not just a business transaction.
It's an opportunity to be of helpful service
to a neighbor and his family.

You Pay for a Business Education Whether You Get It or Not

(Comparative Life Earnings: — — Institute of Life Insurance)

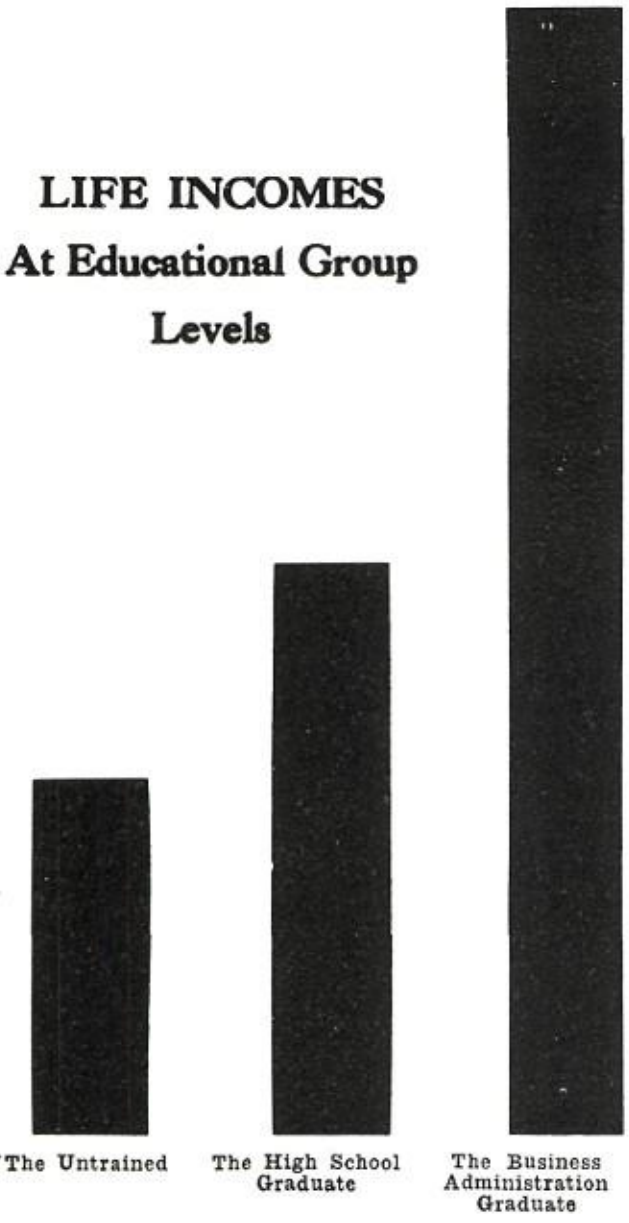
It is estimated that the untrained man goes to work at 14 and reaches his maximum at 40, with a life earning of $178,000. It is thought that more than 50 per cent of the untrained workers are dependent upon others after the age of 60.

The high school graduate rises steadily to his own maximum at 50, with a life earning of $243,000.

The business school graduate, since his income depends upon his mental ability and training, is constantly improved by practice; his income increases rather than diminishes. The graduate in business administration reaches his maximum at 60, and has a life earning of $347,000.

These estimates and figures are conservative, but the equivalent between each bracket would be in proportion to the dollar value in difference mentioned above.

LIFE INCOMES
At Educational Group Levels



ACCREDITATION OF SCHOOLS

The accreditation of a school is universally accepted as a guarantee of educational respectability. It means that some recognized agency has investigated the institution and found that it has at least the minimum physical facilities, financial stability, and faculty personnel necessary to offer in a satisfactory manner the educational program or programs it claims to offer.

MEASURE YOUR ABILITY

1. What does unemployment mean to you?
2. Does your present effort represent the best that you can do for yourself?
3. Would an extra skill, or additional knowledge, give you a better chance to get ahead?
4. Are you contented to keep on, year after year, doing the work you are now qualified to do?
5. Have you any assurance of advancing to a larger income and greater opportunities without additional specialized training?
6. Will you ever have a better chance to prepare for a business career than you have right now?
7. Don't you believe proper training will give you confidence and enlarge you to an outstanding job when competition is greatest?
8. Don't you think what you do in the months immediately ahead will largely determine the kind of life you are going to lead during the next 40 years?
9. Don't you think an office position provides a steady income, pleasant surroundings, paid vacations, regular hours, and unequalled opportunities for advancement?
10. Don't you think business training at Draughon School of Business would increase your ability to select your position instead of taking a job?

OPTIMIST INTERNATIONAL

The Optimist Creed

Promise Yourself –

To be so strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something in them.

To look at the sunny side of everything and make your optimism come true.

To think only of the best, to work only for the best and expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To give so much time to the improvement of yourself that you have no time to criticize others.

To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.

Optimist International
